1911, balance in favor of town	1,777 03	14 80

ALBERT S. MOORE,
Treasurer.

YEAR	1910	1909	1908	1907	1906	TOTALS
Cash Collected	$19,196.89	$2,081.57	$1,521.16	$21.42	$3.81	$22,824.85
Abatements	397.57	(Abatement revoked) 8.10	..	..	..	389.47
Uncollected, Feb. 1, 1910 .	..	3,926.45	1,536.09	39.31	264.95	5,766.80
Warrant, 1910	25,664.67	..	..	..	..	..
Interest Collected . . .	36.24	101.10	124.36	12.74	.38	274.82
Uncollected, Feb. 1, 1911 .	6,106.45	1,954.08	139.29	30.63	261.52	8,491.97

Estimate of outstanding taxes that can be collected, $7,800. Apparently an error of about $225 was made in computation of the 1906 warrant; if such an error was made, the amount of uncollected 1906 taxes is about $26.52 instead of $261.52 as given above.

MELVIN ROGERS,
Collector of Taxes.

		$3,819 77
Expense per Auditor's Report	3,640 28	
Total expenses		3,640 28
Balance on hand		179 49

There are three inmates at present at the farm.

The Board of Overseers of Poor desire to call the citizens' attention to the permanent improvements at the town farm, viz:

Painting and papering the interior, new kitchen range, new linoleum for kitchen and pantry, new sulky plow, new wheel barrow and new hay rake.

We have paid the balance on the Silo, of $158.50, and your board feels that the Town House is in first-class condition, and the farm well equipped with tools.

Outside Relief

Appropriation	400 00	
Expenses	310 73	
Balance unexpended		89 27

There have been four families assisted.

HARRY L. SHEDD,
JOSEPH G. DUFFY,
BUZZELL KING,
Overseers of Poor.

Appraisers' Report

The Board of Appraisers met at the Town Farm, February 1st, and took an inventory of the Personal Property. Found everything in good condition under the careful management of Mr. and Mrs. Darby.

Feb. 1, 1910	170 00
Net gain	$79 35

GEO E. MARSHALL,
J. LEWIS BURTT,
ALBION L. FELKER,
Appraisers.

Report of the Highway Commissioners

We beg respectfully to submit herewith the report of the Highway Commissioners for the year ending January 28, 1911. The town teams have been occupied on regular work as follows: 1404 loads of gravel have been placed on the following roads:

Brown Street	120 loads
North Street	250 "
Andover Street	155 "
Andover Macadam	123 "
Shawsheen Street	221 "
Salem Street	215 "
Lake Street	116 "
Billerica Street	100 "

and about 100 loads on other streets, 160 loads of cinders on Lawrence Street. Forty days were occupied in scraping roads, and seventy-seven days cutting brush. A catch basin and drain were built in South Lowell. Twelve days were spent in repairing culverts on Billerica, Rogers and Whipple Streets, and two days in repairing bridge on Bridge Street. In addition, guard rails were put up as follows: 258 feet on Billerica Street, 50 feet on Clark Street, and 384 feet on East Street.

After expending the special appropriation for macadamizing East Street, there remained about 600 feet to connect the new part with the road which had been recently repaired by the State in front of the Infirmary and your Commissioners decided to take a portion of the regular appropriation to finish the uncompleted part, the cost amounting to $429.69. Likewise on Andover Street the excess cost was $165.83 which was taken from

the regular appropriation. In addition to the amount paid to the contractor, the Town teams were occupied for a considerable time on the work of macadamizing, and it is estimated that the value of this labor was about $400, one-quarter of this being spent on Andover Street. This total makes the cost of macadamizing at the North village $1.26 a foot, and at the Centre, $1.06 a foot; the latter being less on account of a shorter haul.

We estimate that an appropriation of $800 will be needed for the ensuing year.

Respectfully submitted,

C. BROOKS STEVENS,
GEORGE E. MARSHALL,
C. W. PARSONS,
Commissioners.

Report of Agent of Health Board

To the Board of Health, Tewksbury, Mass:

GENTLEMEN:

My report the past year has brought its usual number of contagious diseases, measles in the early part of the year and chicken pox the past fall. A number of complaints have come to the Board this past year on account of the careless way in which swine are kept. The laws of our Board read that they must be kept in such a place and in such manner that they will not be objectionable to neighbors or the public. This law is to be rigidly enforced the coming year.

Contagious diseases:

	Cases	Deaths
Typhoid fever	2	1
Diphtheria	4	0
Measles	22	0
Chicken Pox	35	0

H. M. LARRABEE, M. D.,

Agent.

Report of Inspector of Animals

To the Board of Health:

GENTLEMEN:

The following is the report of the Inspector of Animals for the year ending January 31, 1911:

Number of stables inspected	104
Number of neat cattle inspected	752
Number of neat cattle condemned	17
Number of swine inspected	251
Number of goats inspected	2
Number of sheep inspected	2

The regular inspection of animals was made in November, 1910, and another inspection of animals and stables has been ordered to be completed by March 15, 1911. No cases of glanders have been reported the past year. One case of rabies was reported and the dog was killed before any persons or animals were bitten.

Respectfully submitted,

H. W. PILLSBURY,

Inspector of Animals.

Report of Inspector of Meats and Provisions

To the Board of Health.

GENTLEMEN:

The following is the report of the Inspector of Meats and Provisions for the year ending January 31, 1911.

Number of sides of beef inspected	16
Number of veals inspected	43
Number of dressed hogs inspected	252

Respectfully submitted,

H. W. PILLSBURY,

Inspector of Meats and Provisions.

Tree Warden's Report

I herewith submit the following:

The trees are in fair condition but there are quite a few elms which need pruning badly. Owing to the small amount appropriated for this work I have been unable to attend to them.

All trees which I considered dangerous have been removed or pruned.

Yours,

HARRIS M. BRIGGS.

Report of Local Agent for Suppression of Brown Tail and Gypsy Moth

As Local Agent, I herewith submit the following:

The town is thoroughly infested with Gypsy and Brown-tail Moths, and should say there is about a fifty per cent. increase. The wilt disease has killed a great many in the caterpillar form in badly infested districts.

We have removed Brown-tail Moth webs from most of street trees and treated about 25,000 Gypsy Moth egg clusters with creosote at this date.

During the caterpillar and pupæ season about 2,000 trees were burlaped, 481 tanglefoot bands put on and tended twice a week.

Stone walks badly infested with Gypsy Moth were burnt out on the following streets: Maine, Lee, East, Carter, Lowe, Yale, North, Whipple, Pine, Pike and River, Cooney Roads.

The roadsides in the worst infested sections, brush and defective trees have been cut to the extent of about 4¾ miles on following streets: 2 miles, North; ½ mile, Pine; ½ mile, Chandler; ¼ mile, Rogers, and 1¼ miles on Cooney Road.

About 1,500 fruit trees were sprayed with excellent results.

The following streets were sprayed 100 feet on each side with a Power Sprayer, furnished by the State: ½ mile, Whipple Street; 1 mile, Pine; ¼ mile, Chandler; 200 yards, Foster; 2¼ miles, Shawsheen; ½ mile, Marston; ¼ mile, Pike; ½ mile, Astle; ¼ mile, Cooney Road; 300 yards, River Road; ½ mile Andover; ¼ mile Vale; ⅓ mile, East; and 3 miles on Main Street.

The United States Department of Agriculture have men cutting brush and defective trees on worst infested streets. These streets will be tanglefooted and sprayed by them the coming summer which will be a great help in suppressing the moths.

Yours respectfully,

HARRIS M. BRIGGS.

Forest Warden's Report

Report of Forest Warden for the year ending January 31, 1911.

To the Board of Selectmen;

GENTLEMEN:

The following is the report of the Forest Warden:

During the spring of 1910 the Town was very fortunate as there were fewer brush fires than usual. One on Clark Road, April 20, burned over several acres, but the damage was small. There were several small fires where the damage was slight.

On October 11, a fire was started in great swamp which burned over a large tract of land; it was very hard to handle and did a large amount of damage. This fire cost the town about $554.00, and lasted about three weeks.

On October 19, another fire was started in great swamp by the Boston and Maine R. R., and burned over another large tract of woodland; but for the very prompt response of citizens to the alarm, this fire might have been very disastrous. The bills for this fire amounting to about $103.77, were paid by the Boston & Maine R. R.

The Forest Warden wishes to thank those who assisted in this difficult work, and would like to especially mention and thank the State Infirmary and the Daniel Gage Co. for volunteer service.

Respectfully submitted,

H. W. PILLSBURY,

Forest Warden.

Forest Fire Fighting Apparatus

The Board of Selectmen, acting under the vote of the town at the last annual Town meeting, had an appropriation of $250, Fifty dollars of which was to be expended in South Tewksbury, or that part known as Oakland Park and McLarenville. Under a law passed in 1910, towns making an appropriation for fighting forest fires are reimbursed one-half of the expenditure made by the Town. We availed ourselves of the new law and received $174, and have provided a wagon with the following equipment: 12 hand fire extinguishers, 15 water cans, two dozen shovels and two ladders, one of which is an extension ladder.

The $50 appropriation for South Tewksbury was expended for six extinguishers and six shovels, located in the following places: Thos. H. Painteir, Brown Street; Richard Wright, Brown Street; E. Carter, School Street; J. Carroll, Carroll Road; A. Cameron, South Street; F. Buyens, Brown Street.

There have been six extinguishers added to the original list which is as follows:

Howard W. Foster
E. W. Bailey
Joel Baldwin
Elliott H. French
W. H. Lee
A. Felker
Frank A. Haines
C. K. French
Henry C. Scarlett
George W. Trull
H. Walter Pillsbury (2)
John H. Chandler

Hugh Cameron
W. W. J. McLeran
Enoch W. Foster
George E. Marshall
Lewis E. Small
Hannah J. Chandler
D. J. Cronan
George H. Brown
R. Jameson
George E. Crosby
A. C. Dixon, at Town Barn
Geo. D. Forristall, at the P. O.
Trull Brothers
F. I. Carter
Jas. E. Chambers
B. W. Burtt
Geo. W. Foster
H. L. Shedd (2)

We recommend that some provision be made for housing and caring for the fire apparatus.

BUZZELL KING,
JOSEPH G. DUFFY,
HARRY L. SHEDD,
Selectmen.

Boundary Lines

TEWKSBURY, MASS., December 28, 1910.

The undersigned hereby certify that we have this day perambulated the line between Andover and Tewksbury and find a hammered stone bound at Merrimac River, a stone bound on River Road near its junction with Bailey Road, a stone bound on Bailey Road near River Road, a wooden bound and a stone bound showing only about eighteen inches out of ground near "Bennett Place" on Lowell Street, a wooden bound near George A. Dane's on Bellevue Road, in bad condition. No bound was found on Blanchard Road near August Palm's, a stone bound on Dascomb Road about one half mile south of Mrs. Elizabeth Curtis'; a hammered stone bound on bank of Shawsheen River, the line running through this stone a straight line to the middle of said river.

Found a stone bound in open meadow about 1000 feet north of the house of Wallace Burtt, the line running up the middle of the river about 10,000 feet (as the river runs) to a point opposite last mentioned stone; a stone bound at the corner of Andover, Tewksbury and Wilmington, about 550 feet southwesterly from the house of William A. Frost.

These lines were laid out by the Harbor and Land Commissioners and accepted by the Town of Tewksbury at its Annual Town Meeting, March 2, 1903.

WALTER S. DONALD,
HARRY M. EAMES,
SAMUEL H. BAILEY,
Selectmen of Andover.

HARRY L. SHEDD,
BUZZELL KING,
JOSEPH G. DUFFY,
Selectmen of Tewksbury.

Table of Estimates

Schools	$7,800 00

Insane and Poor	350 00

BUZZELL KING,
JOSEPH G. DUFFY,
HARRY L. SHEDD,

Selectmen of Tewksbury.

Annual Report of the Trustees of Public Library

The Trustees of the Public Library submit the following report of the Library for the year ending Feb. 1, 1911.

The Library has become more useful to its patrons during the past year than during any preceding year. The new books have been eagerly sought by the patrons and a waiting list of readers evinced to the Trustees, that our citizens loved and appreciated its advantages.

The mutual aid which the patrons gave to the Librarian and her assistants has been very pleasing to notice. The orderly and quiet manner in which the public sessions of the Library has been observed, affords all patrons the complete pleasure that arises from the use of good books from a good Library.

The method of inspection adopted before admitting a book into the Library for general use is as follows:

The Trustees select one member of the Board to purchase the books, then each book is carefully read and if approved, it is admitted by the Trustees at the regular meeting.

Books asked for by patrons receive the same inspection. A considerable part of the income of the Library is used to supply the patrons with magazines.

The use of books from our library is growing, they are sent to the schools and thus aid in the work of the schools, and they are sent to the Districts and thus bring their beneficent pleasure to those who cannot come to the Library in person. The individual expense for maintaining a first class Public Library is very small, but the good it will do from all standpoints cannot be over estimated. Year by year the Trustees watch its growth in size, quality and popularity, and are thus well pleased at the results.

During the past year there has been but one change in the working force in the Library. Miss Grace Farmer having removed from town was succeeded by Miss Blanche King as Assistant. The Trustees take this opportunity to commend the Librarian and her Assistants for their faithful and painstaking efforts; under their guidance the Library is doing a good work. The only change in the Board of Trustees is caused by the resignation of Solon W. Stevens, Esq.

Removal from town is once more the cause, a ripe scholar, and a lover of libraries, he freely gave of his time and advice to the cause of the Public Library. We regret to lose him.

In closing we refer to the Auditor's report for the financial condition of the Library, and to the Librarians' report for the more complete details of the Library and its work.

Thanking all who have in any way assisted us in carrying on the work, and asking the town to provide a suitable amount as an appropriation for the coming year we respectfully submit this report.

ALBERT C. BLAISDELL,
WM. H. LEE,
JOHN H. CHANDLER,
GEO. E. MARSHALL,
H. H. BISHOP,

Trustees.

Report of Librarian

To the Board of Trustees of the Tewksbury Public Library.

The following report is respectfully submitted:

During the past year conditions at the library have remained about the same. The circulation of both books and magazines has increased. In the districts a marked increase is noticed in the South and in the Northwest sections.

Donations have been large and varied, among them being a number of books by Mr. George Stevens besides a year's subscription to each of the following: Our Dumb Animals, The Practical Engineer, Machinery, The National Grange, The Christian Science Journal and The Christian Science Sentinel.

Several donations of books have been received from authors and publishers.

We are very grateful for donations during the year and gladly receive and acknowledge the same.

As in previous years we are considerably hampered in our work by not having a complete catalogue of books to be found in the library.

Warrant for Town Meeting

MIDDLESEX SS.

To either of the Constables of the Town of Tewksbury in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at the Town Hall in said Tewksbury, on Monday, the sixth day of March, 1911, at nine o'clock A. M., to act on the following articles:

ART. 1. To choose a moderator to preside at said meeting.

ART. 2. To choose all necessary Town Officers, to choose by ballot a Town Clerk, three Selectmen, three Overseers of Poor, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden, and Constables—all to serve one year, one Assessor, one Highway Commissioner, one School Committee, two Trustees of the Public Library and one Park Commissioner, all for three years. One Park Commissioner for one year to fill a vacancy. The polls for the election of Town Officers to be opened at ten o'clock A. M. and close at three o'clock P. M.

ART. 3. To hear reports of Town Officers and Committees act thereon.

ART. 4. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.

ART. 5. To see what action the Town will take on the following question: Shall licenses be granted for the sale of intoxicating liquors in the Town? The vote to be yes, or no, as provided by Revised Laws, Chapter 100, Section 10.

ART. 6. To see if the Town will vote the money arising from licensing dogs for the ensuing year, to the use of the Public Library.

ART. 7. To see if the Town will raise and appropriate the sum of three hundred dollars to aid in the support of the Public Library.

ART. 8. To see if the Town will vote to sell the School-house in District No. 4, and appoint a committee to act thereon.

ART. 9. To see if the Town will vote to authorize the Selectmen to defend any suits that are or may be brought against the Town.

ART. 10. To see if the Town will vote to raise the sum of eleven hundred and seventy-five dollars to pay the ninth payment on the second Andover Street construction loan.

ART. 11. That the town treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of taxes of the present municipal year to an amount not exceeding in the aggregate twelve thousand dollars, and to issue a note or notes therefor payable within one year, any debt of debts incurred under this vote to be paid from the taxes of the present municipal year.

ART. 12. To see if the Town will raise and appropriate the sum of one hundred dollars, for the proper observance of Memorial Day, and appoint a committee to expend the money.

ART. 13 To see what sum of money the Town will vote to raise and appropriate for the care and lighting of the Street Lamps the current year. Such sum to be expended by the Selectmen as they in their judgment shall deem best.

ART. 14. To see if the Town will vote to borrow if necessary, a sum not exceeding one twenty-fifth of one percent of the current year's valuation, such sum to be used in the suppression of the Gypsy and Brown tail moth, and not to be expended before December first next, and to be raised in the tax levy of 1912.

ART. 15. To see if the Town will vote to raise and appropriate a sum not exceeding seven hundred and fifty dollars, such sum to be used in buying land for a new site for the North School building and locating the building thereon, or to take any other action relative thereto.

ART. 16. To see if the Town will vote to raise, or otherwise provide for a sum not exceeding fifteen hundred dollars, to repair and enlarge the North School House and act thereon.

ART. 17. To see if the Town will raise and appropriate a sum not exceeding six hundred dollars to be expended under the Highway Commissioners in the following manner: Five hundred for repairs on Shawsheen Street, from the residence of George E. Winter to the Andover Town line, one hundred for the erection of suitable guard rails on each side of the road at Strong-Water Brook on Shawsheen Street.

ART. 18. To see if the town will vote to raise the salary of the town treasurer and town Auditor from $100.00 to $150.00 per year.

ART. 19. To see if the Town will vote to raise and appropriate or borrow, a sum not exceeding two thousand one hundred dollars, such sum to be used in paying damages awarded by the county commissioners in the laying out and relocating of Andover Street at the north village; and act thereon.

ART. 20. To see if the Town will vote to accept the following street or streets: Summer Street so called, from Main, to Pleasant Street; also Dewey Street so called, from Main to Pleasant Street, and act thereon.

ART. 21. To see if the Town will vote to raise by taxation the current year, or borrow the money necessary to carry out the decree of the County Commissioners, dated June 22, 1910, for widening and straightening of Andover Street from the junction of North Street and Andover Street, about 800 feet westward, and act thereon.

ART. 22. To see what compensation the Town will vote for the collection of taxes, and what rate of interest, if any, shall be charged on taxes of 1911, unpaid after a certain date, or to take any other action relative thereto.

ART. 23. To see if the Town will raise and appropriate a sum not exceeding five hundred dollars to pay interest on loans not otherwise provided for.

ART. 24. To see what sum of money, if any, the Town will vote to raise for the care of the Common at the centre.

ART. 25. To see if the Town will vote to instruct the Selectmen to look into the matter of better fire protection in the centre of the Town.

ART. 26. To see if the Town will vote to appropriate the sum of fifteen thousand dollars ($15,000) to establish a water system in Town.

ART. 27. To see if the Town will vote to appropriate the sum of five hundred dollars for use of hydrants and to purchase hose for the centre of the Town.

ART. 28. To see if the Town will vote to dispose of the Town's Hearse and act thereon.

ART. 29. To see if the Town will vote to appoint a committee of water supply, who shall be authorized to submit at a special Town Meeting, the best proposals for supplying the Town with a pure water supply, and efficient fire protection that will cover the North, Wamesit and Centre sections, and make use of the Heath Brook supply.

ART. 30. To see if the Town will authorize the committee of water supply, to obtain such permissive legislation as will secure to the Town the control of any and all water rights, and privileges within the Town until further action is necessary and act thereon.

ART. 31. To see if the Town will vote to raise the sum of thirty-six dollars and ninety-four cents to meet the deficit in the Gypsy and Brown tail moth appropriation.

ART. 32. To see if the town will vote to purchase or otherwise acquire land, for School building to be located at the south part of the Town and appoint a committee with full power to make contracts, employ architects or other help, and to have general supervision over the work, or take such other action as may seem advisable.

ART. 33. To see if the Town will authorize the treasurer to borrow such sums of money not exceeding six thousand dollars, as may be necessary to provide for the payment of the expense of building a two-room school building in the south part of the town, said loan to be known as the South Tewksbury School Loan, to be exempt from taxation, and to be paid in six annual installments, the first installment to be provided for in the tax levy of 1911, or take such other action as the Town may seem advisable.

ART. 34. To see if the Town will vote to raise or borrow a sum not exceeding two thousand dollars, such sum to be used in extending the macadam on Andover Street to the junction of North and Andover Streets or to take any action relative thereto.

ART. 35. To see if the Town will vote to elect at its annual March meeting one Road Surveyor for the term of one year, in accordance with the provisions of the Acts of 1907, Chapter 560, Section 364. And to revoke the acceptance of the Acts of 1907, Chapter 560, Section 369, whereby Road Commissioners were elected.

ART. 36. To see if the Town will vote to sell the Stone Crusher, and act thereon.

ART. 37. To see if the Town will appropriate the sum of $525 to extend the gas main 2,346 feet on Andover Street.

And you are directed to serve this Warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices, and leave one hundred copies for the use of the citizens at the Post Offices in said Town, eight days at least, and over two Sundays before the time for holding said meeting.

Hereof fail not and make due return of this Warrant, with your doings thereon, to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands this eighteenth day of February, in the year of our Lord one thousand nine hundred and eleven.

BUZZELL KING,
JOSEPH G. DUFFY,
HARRY L. SHEDD,
Selectmen of Tewksbury.

Tel. Lowell, 1194–3

TRUANT OFFICER

GEORGE H. BROWN

Report of School Committee

Your Committee submits the following report:

The schools have been kept open the entire forty weeks with the exception of a few intermittent days of exceptionally bad weather.

The boiler at the Foster School has been retubed as recommended in the report of last year and has been inspected and certificate received. The walls of the basement have been painted and the floors of all the rooms oiled. In view of the fact that 135 scholars remain at the Foster School during the noon hour, the Committee deemed it wise to pay $1.00 per week for oversight of the pupils at play during this hour. This oversight is exercised by teachers in rotation.

At the West School House a coal stove has been installed to replace the unsatisfactory wood stove; storm windows have been placed on the North side of the building and other repairs have been made.

At the North needed repairs have not been made because of the uncertainty of the future of the building. It is the recommendation of the Committee that when the School House is moved it be placed in thorough repair and that an addition be built to care for the immediate and growing needs of the school. There are at present forty pupils on the School Roll and there are but forty desks in the room and these are already too close together. Two students from the Lowell Normal School come daily to this

school and could be used to the great advantage of the school if one or more recitation rooms were provided for their use.

Last year your attention was called to the crowded condition at the Foster School. This crowded condition has increased—24 new seats have been added making the number of seats in one room as high as 79. Quoting from the report of last year: "It will be a serious problem to provide for the natural increase next September," only emphasizes the fact that another year will mean conditions even harder to provide for. The committee are facing a problem at the present time to which considerable thought has been given. At the Centre we have more pupils—204 at the opening of the fall term—than ever attended the Foster School before and the prospects of a large increase yearly. This year the increase is 37 over last. In our different grades it is becoming a question where to find room for the seats.

We have in the 1st and 2nd grades 68 pupils.

3nd	"	4th	"	47	"
5th	"	6th	"	40	"
7th	"	8th	"	39	"

If all are promoted another fall the different grades will be approximately as follows:

1st	and	2nd	grades	80	pupils.
3rd	"	4th	"	60	"
5th	"	6th	"	33	"
7th	"	8th	"	46	"

The law allows 50 pupils per teacher.

In the first and second grades we now have an assistant, and next fall with 60 in the third and fourth grades we shall need an assistant there.

Six teachers in all at the Foster School.

After giving the matter due consideration your committee think a new building located in the vicinity of Foster's Corner will relieve this overcrowding at the Centre and be a saving to the

town in transportation charges. This section of the town is rapidly growing. There are 39 pupils coming from here on the cars who live east of Mr. Frank Carter's. It will cost the town $390 this year of 40 weeks to bring these children to the Foster School.

It is the idea of the committee to have a two-room building in the south, costing in the neighborhood of $7000 or $8000. We have enough pupils to make a graded school—taking one extra teacher from the Foster School. In grades 1 and 2 where an estimated number for next year is 80, about 20 would go to the south, and in grades 3 and 4 with 60, about 13 out would leave 47. Therefore we can have the grades approximately as follows in the new school with one teacher: grades 1 and 2, about 20; grades 3 and 4, about 13; total 33. This number does not include 45 who come by barge to the Foster School, several of whom would be nearer the proposed school.

With 74 pupils in the first primary room at the present time, it is doubtful if the state inspector would allow us to continue in this crowded condition, while another year two rooms will be practically as crowded.

It is not considered advisable to open an ungraded school. It is a step backward, and with this section growing as rapidly in the future as in the past, it would be only a question of time before a change to a graded school would be necessary.

A little figuring will convince one of the saving to the town by erecting a building in this section.

The teachers will not be an extra item, because if we do not have them in the south, they will be necessary at the Centre.

Transportation for these pupils costs $390 yearly. Should the town erect a building costing $8000 and borrow the entire sum at 4%, the interest would be $320 a year, a saving over transportation of $70 each year.

We get no lasting benefit from the money paid the Boston and Northern, but would have a school building.

Without a new building it now looks as if Pickering Hall will have to be opened and one room (two grades) put there, which is not suitable for school purposes.

Your committee believe the following sums of money should be appropriated to meet school expenses for the coming year:

Teachers	$3,100 00
Tuition	1,300 00
Transportation	1,100 00
Books and Supplies	350 00
School Houses	500 00
Medical Inspection	50 00
Supervision	400 00
Fuel and Janitor	900 00
Miscellaneous	100 00
	$7,800 00

Respectfully submitted,

WILBUR A. PATTEN,

CHARLES E. CLARK,

H. H. BISHOP.

FINANCIAL STATEMENT

Following is the financial statement of the Committee:

The expenditures in detail may be found in the Auditor's report.

RESOURCES

Appropriation	$7,200 00
State Treasurer—	
On account of tuition, Lowell High School	1,030 00
On account of tuition of State wards	203 30
On account of Massachusetts School Fund	1,201 21
On account of supervision	375 00
E. H. King, use of hall	5 00
C. E. Clark, sale of material	2 90
H. H. Bishop, sale of material	6 80

School Superintendent's Report

To the School Committee of Tewksbury,

GENTLEMEN:

I have the honor to present herewith my fifth annual report, which is the twentieth in the series of superintendents' reports.

ATTENDANCE

Attendance in the schools during the year which ended last June was about normal and showed an improvement of better than one and one-half per cent. over that of the preceding year.

There has been a steady growth in the number of children attending the Forster School. A glance at the table of statistics in this report shows an increase of 36 in the average membership in two years, and shows also that there were at least 50 more pupils enrolled this last September, than were in school two years ago. Last fall we had over 70 pupils enrolled in Grades I and II. Fortunately, the men who planned the Foster School provided rooms of generous size, so we have been able to accommodate this large number of pupils in the first Primary rooms.

Since the School Committee report deals with the problem of a new school building, it will suffice for me to say that the large number of school children who remain in the building during the noon hour at the Foster School, furnishes a very serious problem. The importance of reducing the number of such children, or of lessening the evils of the noon hour, cannot be overestimated. The care of so many pupils is a severe drain upon the vitality of the teachers—much greater than the care of a larger number during school hours.

The table of statistics also shows that we had more days of schooling last year than ever before.

THE GARDEN CLUBS

Last year, pupils in Grades II to VI were given an opportunity to join a Bean Club, similar to that of the preceding year. The boys in Grades VII and VIII, had opportunity to join a Corn Club, and the girls in those grades, an Aster Club. Sixty-four Tewksbury children joined the Bean Club, four the Corn Club, and seven the Aster Club. The products of the gardens were exhibited at the Billerica Grange Agricultural Fair in September. Prizes to the extent of twenty-five dollars were offered, by the Middlesex North Agricultural Society, and twelve fifty-mile automobile rides were offered by the Superintendent of Schools. The prizes won by Tewksbury pupils were as follows:

In the Bean Club: William Carter, 1731 beans, second prize; Fred Carter, 1687, auto ride; Franklin Trull, 980; Jean Cameron, 753; Harvey Bishop, 700, and Luella Osterman, 684, won third prizes.

In the Corn Club, Duncan Cameron won second prize and John Carter an auto ride.

The largest number of beans raised by one pupil from the 25 seeds given out was 2800. Last year the largest number was 1637 —a product that was exceeded by nine pupils this year.

SCHOOL SAVINGS

Since January 1st, a system of saving has been introduced in the schools by which pupils may deposit their pennies in a savings bank each week. The Central Savings Bank of Lowell sends a collector to receive deposits from the pupils in those schools of two or more rooms that are located on or near a car line.

When a pupil makes a deposit he is given a folder upon which is entered his name and the dates and amounts of his deposits. Any amount of one cent or more will be accepted. When the pupil has one dollar or more on deposit, he is given a regular bank book. This bank book is retained by the collector until the close of the school year in order to facilitate posting, entry of dividends, etc. The folders which are kept by the pupils serve as a receipt for money deposited. At the close of the school year the bank books are returned to the owners.

Interest is paid on all deposits of one dollar or more.

In case a pupil wishes to withdraw money from the bank he fills out an order blank, which must be signed by one of his parents. Upon presentation of this order, properly signed, at the banking rooms, the money will be paid. The collector is not authorized to make payments.

The plan furnishes a most efficient method of teaching thrift.

SCHOOL WORK

This year we have made a beginning toward teaching our pupils in Grades III to VI, the forearm movement in penmanship. I do not anticipate that very satisfactory results will be attained by many pupils this year. In some instances the penmanship is in worse condition than before. It will be a long, and by no means, easy task for pupils to acquire this method of penmanship to such a degree that it is their habitual method of writing, but the general sentiment seems to be that the method is worth the effort required to attain it. As in the case of most other school subjects, the results attained are in direct proportion to the ability and enthusiasm of the teacher. In some schools in the district, remarkably good results have been attained. Nearly all teachers are working hard and faithfully upon the problem, so ultimately good results are assured.

Our work in Reading is on a better basis than formerly. The system now in use enables a new teacher to take up the work with less loss of progress. All of our material for reading is not the best that may be obtained. Too large a proportion of it has the character of "information" reading.

In Arithmetic we are trying to devise work of a more practical nature than much usually found in text-books. In real life some of the most difficult problems involve the getting of data upon which to work. For example, the skill of the physician depends largely upon his ability to diagnose the case. Laboratory methods of studying the sciences in high schools and colleges has largely replaced much of the book work of former times, while in the elementary schools, for example, work with living plants and animals has taken the place of a study of nature from books.

The activities of the several industries, and the gathering of data from the immediate environment of the pupil, furnish ample material for the practical work. Some of these opportunities have been assigned for study to each teacher in Grades III to VIII. When problems have been worked out by the teacher of the school, they will be hektographed and distributed to the other teachers in the district. In this way a considerable amount of material will be supplied with a minimum of effort. Problems involving the measurement of the school room, its furnishings and the paper and other school materials used; some based upon the cost of groceries and other merchandise as advertised in the daily papers; the expenditures of the several town departments; the cost of school supplies and other expenses of running the schools; problems based on the current quotations of stocks and bonds, etc., etc., are being prepared. In every case it is necessary for the pupil to get for himself the data needed for the solution of the problem. This is the essential difference between this work and that which the text-books supply. We believe that this work, while more difficult in administration, will be worth while for supplementing the previous work.

Your Superintendent has begun the plan of submitting examples to test the speed and accuracy of our pupils in addition, multiplication, etc. Only drill work in the essential parts of number will be tested in this way.

The work in Physiology has also been strengthened somewhat this year. A course of study, prepared by a committee of the Massachusetts Superintendents' Association has been furnished each teacher, and desk books for supplementary use have been supplied. In Tewksbury, books for individual pupils in Grades V to VIII, have been purchased. Though possessing the possibilities of being one of the most valuable subjects taught in the public schools, Physiology has been generally neglected by teachers and proportionally disliked by pupils. It requires some knowledge, skill and tact to so teach the subject that it becomes a vital one, yet it is probably true that no subject will better repay the effort expended. Physiology should be so taught as to make is an essentially practical subject.

The School Garden last year attained about the same degree of success as those of former seasons. The unusually dry season was a serious handicap.

I believe that we must devote the School Garden exclusively to the purposes of a laboratory for teaching some of the laws of plant growth. A conference of teachers in Grades V to VIII will be called this term to consider the matter.

The work in gardening, like that in manual training, presents difficulties because: First, many teachers still cling to the idea that the purpose of the school is to drill children upon facts. Second, few teachers really know very much either in theory or practice, about the laws of plant growth. In gardening, as in penmanship, drawing and manual training, the results appear in tangible form, so that the success or failure of the teaching may be measured more nearly accurately than in subjects like literature or history. Doubtless because of this fact supervisors are very often employed in these subjects, though they are no more difficult to teach than other subjects, provided the teacher is equipped with the requisite knowledge and experience. We must have patience with teachers until they have had a reasonable time in which to adjust themselves to the new demands that are constantly being put upon them.

Last spring the North School held a lawn party and sale of articles made by the pupils of the school. The exhibition of hand work reflected great credit upon the skill and industry of the pupils. About forty dollars for the use of the school was realized.

Teachers' meetings have been held as usual throughout the year.

TRAINING FOR CITIZENSHIP

Occasionally some citizen makes complaint somewhat as follows—"I don't send my child to school to mend books," or "The teacher has no right to whip my child," or "The boys at school are 'picking on' John, and I want it stopped at once," etc. In nearly every such complaint it is found that the parent believes that the school exists merely to teach his child the three R's and the acquisition of such other facts as are usually taught in school.

The State maintains the schools for the general purpose of training for citizenship. Such training includes not only the acquisition of knowledge and the training of the intellect, but more especially the instilling of those moral and social qualities that one must possess in order to live as a citizen in intimate relations with his fellowmen.

Chapter 42, Sec. 1 of the Revised Laws states that the subjects that must be taught in the public schools are as follows, "orthography, reading, writing, the English language and grammar, geography, arithmetic, drawing, the history of the United States, physiology and hygiene and GOOD BEHAVIOR." Chapter 5, Sec. 2 of the State Constitution says, ". . . . It shall be the duty of . . . . all instructors of youth to impress on the minds of children and youth committed to their care and instruction the principles of piety and justice and a sacred regard to truth; love of their country, humanity and universal benevolence; sobriety, industry and frugality; chastity, moderation and temperance, and those other virtues which are the ornament of human society and the basis upon which a republican constitution is founded." . . . . .

These virtues cannot be effectively taught by having the teacher lecture about them. Some form of activity must be found in which these virtues will be employed. During school hours there are excellent opportunities for children to practice some of the virtues necessary for good citizenship. Pupils must be taught to obey, not only when they wish to do so, but when their own desires are opposed to the best interests of the remainder of the school. They must be considerate of the rights and welfare of others by being quiet, that they may not disturb the study of their schoolfellows. They must do their work carefully and thoroughly, not to please the teacher, but because the world desires and needs men and women who do their best work, whatever it may be. There are opportunities for pupils to contribute to the welfare, progress or comfort of their fellow pupils hy distributing papers, dusting desks, repairing books, cleaning blackboards, carrying water, cleaning the school yard, etc. The claim that the janitor or teacher is hired to do such work is wide of the mark and fails to take into consideration the function of the school. Such work has a proper place in the school curriculum because it is a

valuable contribution to the training for good citizenship. The world needs citizens who are willing and desirous of serving their fellows, not for what material gain they get out of it, but because they realize their obligations to society and appreciate the opportunity for service that is there. Now that the home is teaching less of responsibility in the family it is the more necessary that the school teach civic responsibility.

It is of incalculable value for a pupil to have had the opportunity to attend a school where he must mingle with a considerable number of other children. He must adjust himself to the standards of the group, and though he may have some unpleasant experiences during the process, the fact that he had difficulties proves that he needed adjustment. As a matter of fact the playground furnishes one of the best opportunities for teaching the social virtues. The boy who cheats at his play soon finds out that such a course is not profitable in the long run. The boy who always thinks of himself first soon finds that he has few friends among the children of the neighborhood. No child should be encouraged by his parents to think that all other children must adjust themselves to his ideas. Those anti-social desires of the child to have his own way, to be idle when he does not feel like work; to wish to secure results by the least effort, sometimes to the extent of copying or cheating, cannot always be corrected by the teacher without resort to some form of punishment. In a few cases corporal punishment is necessary. It is little short of miraculous that teachers so seldom find it necessary to resort to severe measures. When, however, they do find it necessary to inflict corporal punishment, they have full authority under the law to do so.

CONCLUSION

There are three factors of great importance to the success of a public school system: 1. An intelligent public desirous of having good schools and willing to support them. 2. An efficient School Committee whose purpose is to administer the school system in a businesslike manner. 3. An intelligent, well-trained, sympathetic corps of teachers who are anxious to grow profes-

sionally in order that they may serve their pupils more efficiently. It is a pleasure to state that the towns in this district are fortunate in each of these particulars. At no time during the five years that I have served you has the public shown such wholesome interest in the schools or freely granted so much money for their support. The schools as a whole have been cared for in a more businesslike manner than usual, and our teachers were never more earnest in their work than at present. A continuance of these conditions will mean much to the progress of the schools. The cordial co-operation of the public and the unfailing assistance and support of your Committees has been of incalculable benefit to your Superintendent in his endeavors to advance the interests of the schools.

S. HOWARD CHACE.

January 23, 1911.

REPORT OF SUPERVISOR OF MUSIC

Mr. S. Howard Chace, Superintendent of Schools.

DEAR SIR:

I take pleasure in submitting to you my sixth annual report as Supervisor of Music in the Tewksbury District. This year we have thought best to divide the first and second grade children, except for the rote songs, into two classes. In this way the children in the first grade obtain more individual attention and those in the second are able to take more advanced work.

The third and fourth grades are working with individual slips, music primers and rote songs in much the same manner as that of last year. In these four lower grades this year, however, we are introducing oral and written dictation. The chief aim of this dictation work is to train the ear. In oral dictation, the teacher sings different intervals with loo and then the children repeat the same intervals, singing them with their proper syllable names. The written dictation is done in the same manner except that the child writes on the staff in notes what the teacher has sung.

The fifth and sixth grades are paying special attention to chromatic drills given by dictation and work in the different keys. Besides this they are taking the usual individual slips, two part work in the Music Readers and a few supplementary songs.

The seventh and eighth grades are having songs and exercises from Music Reader V, sight-singing, supplementary songs and dictation work in chromatics and rhythm studies. The mixed schools devote most of their music time to the individual slips and note songs.

Respectfully submitted,

JESSIE MAY HAGAR.

REPORT OF SUPERVISOR OF DRAWING

Mr. S. Howard Chace, Superintendent of Schools.

DEAR SIR:

I take pleasure in presenting to you my seventh annual report of the work in Drawing in the schools of the Tewksbury District.

The general outline which I submit is much the same as last year, but is modified where the larger interests of the classes or the school seem to demand a change.

In the fall we began our work in color and nature drawing. Later, the material thus obtained we used in composition and applied design. At Thanksgiving, place and menu cards, book covers, etc., were made. Lettering was introduced in connection with this work. Still later came the problems in structural design and mechanical drawing, followed by the making of the objects planned. At this time came the work for Christmas. Objects were made in paper, cardboard, wood, metal, leather, fabrics and raffia. Weaving, tooling of leather, embroidery, sewing and stencilling were taught.

Pictures by the masters and good present-day illustrations relative to the Christmas festival were studied.

Object drawing, grouping, the study of foreshortening and convergence demands considerable time in the winter months.

March, April, May and June are given to color and design.

I wish to acknowledge the valuable assistance of the teachers of the District.

Very respectfully submitted,

LILLA E. ROCHE,

Supervisor of Drawing.

Report of the Board of Appraisers of Property of Town of Tewksbury

Your Board met at the Town Farm, February 1, 1912, and made an inventory of the personal property at the Farm. Found everything in good condition under the present management. Also took an inventory of Highway and the Moth Departments.

We respectfully submit the following.

Appraisal of Personal Property at Town Farm

Feb. 1, 1911	$4,468 10
Feb. 1, 1912	4,355 10
Net Loss	$ 113 00

Highway Property

Feb. 1, 1911	$1,937 50
Feb. 1, 1912	1,841 45
Loss	$ 96 05

Moth Department

Feb. 1, 1911	$ 249 35
Feb. 1, 1912	335 28
	$ 85 93

GEO. E. MARSHALL,
J. LEWIS BURTT,
ALBION L. FELKER,
Board of Appraisers.

Report of the Highway Commissioners

The undersigned, Highway Commissioners of the Town of Tewksbury, beg to append herewith their report for the year ending January 31, 1912.

The Town teams have been engaged as usual, under the charge of Mr. H. S. Darby, in their regular work of repairing the roads and, in this connection, have hauled and spread the following amounts of gravel:

Andover Street	275	loads
North Street	183	"
Livingston Street	81	"
Chandler Street	90	"
Shawsheen Street	299	"
Summer Street	135	"
Whipple Street	182	"
Rogers Street	45	"
Billerica Street	83	"
Pleasant Street	87	"

besides 80 loads on other streets. In addition, 40 loads of cinders were put on Lawrence Street, and 35 loads were used for sidewalks. In scraping roads, 29 days were spent; 35 days in cutting brush, and 20 days in putting in a drain on North Street between the Tewksbury Centre Railroad Station and East Street in front of the residence of Mr. Benj. Spaulding.

In accordance with the vote of the Town, Shawsheen Street was gravelled, as stated above, and 520 ft. of railing were erected, all at a cost of $554.77, and this amount was taken from the regular appropriation.

The Town having appropriated $1,000 for widening Andover Street, your Commissioners consulted with Mr. H. W. Tarbell

and found that the work could not be done for the anount available. They, therefore, decided to take from the regular appropriation a sufficient sum to do the work properly, and contracted with Mr. Tarbell to do the work at a cost of $1,383.80, this amount including the building of a road with stone base, approximately 900 ft. long and 21 ft. wide, with gravelled surface; grading and filling up a green plot 375 ft. long and 10 ft. wide, between the old and new roads, and placing a cement curb around the well.

As a considerable amount of work will be necessary for keeping in repair the macadamized portion of Andover Street on account of the excessive wear caused by automobiles, your Commissioners recommend that a special appropriation be made for this purpose.

For the regular appropriation the sum of $1,000 is recommended.

C. BROOKS STEVENS,
GEO. E. MARSHALL,
C. W. PARSONS,
Highway Commissioners.

Tewksbury Board of Health

The following is my report for the year ending, February 1, 1912.

List of Contagious Diseases

	Cases	Deaths
Whooping Cough	40	0
Tuberculosis	5	4
Diphtheria	2	0
Anterior Poliomyelitis	2	0

The past year has shown several rabid dogs in town. These have been killed and their brains examined. Two patients exposed to infection from these dogs have been sent to the State Infirmary for the Pasteur Treatment. We have also had two cases of Infantile Paralysis. These are the first cases of this disease in our town. Both cases have recovered with little or no damage. Contagious diseases have been very few in number the past year.

HERBERT M. LARRABEE, M. D.,
Agent.

Report of Inspector of Animals

The following is the report of the Inspector of Animals for the year ending January 31, 1912.

Number of neat cattle inspected	557
Number of swine inspected	315
Number of sheep inspected	2
Number of goats inspected	2
Number of stables inspected	109
Number of cattle quarantined	24

Respectfully submitted,

HERBERT W. PILLSBURY.

Report of Inspectors of Meats and Provisions

The following is the report of the Inspectors of Meats and Provisions for the year ending January 31, 1912.

Number of sides of beef inspected	204
Number of hogs inspected	268
Number of veals inspected	72
Number of sides beef condemned	12

Respectfully submitted,

HERBERT W. PILLSBURY,
PAUL B. SMITH.

Report of Park Commissioners

TEWKSBURY, February 1, 1912.

To Board of Selectmen:

GENTLEMEN:

Herewith is submitted a report of the Park Commissioners, for the year ending January 31, 1912.

DISBURSEMENTS

Labor, mowing, raking common, etc.	$25 33
Labor, repairs on seats and band stand	8 00
Lumber and other materials	14 96
Spraying and pruning trees	11 75
Care of flag	12 50
Total	$72 54
Appropriation	$75 00
Unexpended	2 46

It was the intention of the Commissioners to paint the flag pole during the year, but an examination of the pole indicated such a decayed condition that it was not deemed advisable to expend anything for this purpose. A new flag pole is needed, as we do not consider the present pole safe. A new pole will cost about $150. The band stand needs painting. This will cost about $25. We recommend, therefore, an appropriation of $225 for these purposes and for the care of common, trees, and flag.

Respectfully submitted,

H. M. BILLINGS,
M. A. PATTEN,
H. M. BRIGGS,
Park Commissioners.

Tree Warden's Report

As Tree Warden, I submit the following:

Total number of dead and dangerous trees removed, 5. Number of trees pruned, 16. Trees potted, 2. As there are a number of trees needing pruning, a larger sum should be appropriated.

Yours respectfully,

HARRIS M. BRIGGS.

Report of Moth Department

As Local Agent, I herewith submit the following:

There is about a 40% decrease of Gypsy Moths and 50% decrease of Brown Tail Moths in the residential districts. In the outlying districts there is about a 30% decrease of Gypsy Moths and 25% decrease of Brown Tail Moths. During the month of May "Wilt" disease was planted in about all the badly infested woodlands. The material was furnished by the State Foresters' Department, also directions for planting. The working of this disease was largely responsible for Gypsy Moth decrease.

Following is a list of land where disease was planted, giving owner's name, location, and acreage of infestation, etc.:
Kendell Land, Kendell St., 3 plantings in 15 acre infestation.
Whipple St., Geo. Crosby Land, 1 planting in 10 acre infestation.
North St., B. King Land, 1 planting in 5 acre infestation.
Whipple St., D. Rogers Land, 1 planting in 5 acre infestation.
Pike St., A. Gulliland Land, 1 planting in 7 acre infestation.
Astle St., W. W. Clarke Land, 1 planting in 10 acre infestation.
Fiske St., M. H. Harhan Land, 1 planting in 5 acre infestation.

During the caterpillar season, about every orchard was sprayed either by town employees or owners, which greatly reduced the number of Gypsy Moths in orchards, and greatly improved the fruit in both size, quantity, and quality.

Woodlots defoliated the past summer, giving acreage, location, and name of owner: H. S. Chandler, land on Pleasant St., 10 acres, Geo. Crosby, land off Pleasant St., 5 acres; L. Lynch, land off Maine St., 10 acres; A. Anderson, land on Chapman St., 5 acres; J. Richardson, land on Cor. Pine & Pond Sts., 5 acres; J. Richardson, land on north side of Mill-meadow, 5 acres; L. E. Small, land on Cor. Pine & Chandler Sts., 15 acres; J. S. Chandler, land on Chandler St., 15 acres; A. Gulliland, land on Pike & Rogers Sts., 5 acres.

About 400 trees were tanglefooted, and 613 burlapped. The tanglefoot was tended three times a week during the caterpillar season only. Burlap was tended three times a week during caterpillar season, and five times a week in pupæ season.

About 6 miles of roadside, brush and defective trees were cut.

The following streets were sprayed with a power sprayer loaned by the State Foresters' Department; mileage, etc.: South St., 3½ miles; Mulberry Lane, ½ mile; Hill St., ½ mile; Lake St., ½ mile; Foster St., 1½ miles; Pike St., 1 mile; Maine St., 6½ miles; Clarke Rd., ½ mile; Cooney Rd., 1 mile; Astle St., 1 mile; French St., ½ mile; Brown St., 2 miles; Livingston St., ½ mile; and 1 mile on Pond St., making total of 19½ miles.

Yours respectfully,

HARRIS M. BRIGGS.

Report of Forest Warden.

The following is the report of Forest Warden for the year ending January 31, 1912.

During the past year the Town has had four bad forest fires and eight smaller ones where the damage was not very much; most of the fires were caused by carelessness of people burning brush; at least five fires were started by people throwing cigar or cigarette butts from electric cars or automobiles by the side of the State road, the increase in the number of forest fires demands better fire protection and better response to alarms for forest fires. I wish to thank those who have responded so willingly during the past year.

Respectfully submitted,

H. W. PILLSBURY.

Selectmen.

Perambulating Boundary Line.

We, the undersigned, do hereby certify that we have this day perambulated the line between the City of Lowell and Tewksbury, and found a suitable stone bound at the following places, via:— one at the banks of the Concord River, a bound on Woburn Street, Felker Street, Billerica Road, Whipple Road, Astle Street, Main Street, Clark Road, one about seven hundered feet south of J. L. Fleming's Carriage Shop, one on the south, also one on the north side of Andover Street and one on the banks of the Merrimack River.

BUZZELL KING,
HARRY L. SHEDD,
JEREMIAH K. CHANDLER.
Selectmen of Tewksbury.

STEPHEN KEARNEY,
City Engineer, Lowell, Mass.

Report of the Committee on Enlarging the North Schoolhouse

Your Committee submits the following report.

The Committee on Enlarging the North School House had several meetings, adopted plans presented by Mr. F. W. Stickney, architect of Lowell, and awarded the contract to Mr. G. F. Cochrane, builder of Lowell. The building was completed and gives satisfaction. For financial statement see Auditor's report.

Respectfully submitted,

WILBUR A. PATTEN,
CLARENCE E. CLARK,
H. H. BISHOP,
D. W. BUGBEE,
GEO. E. BENNETT.

Report of Committee on Enlarging Grounds and Relocating North Schoolhouse

Your Committee met and voted to enlarge school ground by the purchase of land from Mrs. Eliza Miller and Mr. George Trull. Voted to locate building with its front fifty feet south of the Southern boundary of Andover Street. For financial statement see Auditor's report.

Respectfully submitted,

WILBUR A. PATTEN,
CLARENCE E. CLARK,
HARVEY H. BISHOP,
D. W. BUGBEE,
GEO. E. BENNETT,
BUZZELL KING,
HARRY L. SHEDD,
JEREMIAH K. CHANDLER.

Public Library

The Trustees of the Public Library submit the following report.

During the past year the Public Library has steadily progressed in effective work.

The total circulation as shown by the complete details in the report of the Librarian will compare favorably with other public libraries.

The usefulness of the Library as a co-worker with the schools is well-known to all.

The loss by death of our late associate and friend, John H. Chandler, a member of the Board of Trustees for many years, was a severe blow to the Library. Beginning as an official in the Librarian's work and finally serving on the Board of Trustees. He brought to the work an intimate knowledge of the Library from its beginning until it had reached almost 8000 volumes. His advice and assistance was ever at the service of the Library. While we mourn the loss of our associate, we honor him today for the great service he rendered our town.

In conclusion we call the patrons' attention to the report of the Librarian for complete analysis of the Library work.

Thanking all who have in any way aided in promoting the welfare of the Library, we again ask for the usual appropriation and also the money arising from taxation of the dogs.

Respectfully submitted,

ALBERT C. BLAISDELL,
WILLIAM H. LEE,
GEO. E. MARSHALL,
SARAH A. DIXON,
HARVEY H. BISHOP,
Trustees of Public Library.

Librarian's Report.

To the Board of Trustees of the Tewksbury Public Library:

The following report is respectfully submitted:

During the past year a thorough examination has been made of all books in the Library, sixty-eight were rebound, twelve to be replaced and thirty-two were discarded. The total number of bound volumes then was seven thousand, three hundred twenty-five.

The card system was installed during the summer, the cabinet containing the cards being placed in the reading room where it is accessible to all patrons of the Library.

Several donations of boys' books have been made to the Library by Mrs. Henderson and Mrs. Carley, which have been well circulated and appreciated.

We are also grateful to Mrs. Brooks Stevens for gifts of books and magazines.

The circulation of books both general and in the districts has increased during the past year.

Warrant for Town Meeting.

MIDDLESEX, ss.

To either of the Constables of the Town of Tewksbury in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at the Town Hall in said Tewksbury, on Monday the fourth day of March, 1912, at nine o'clock A. M., to act on the following articles:

ART. 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose all necessary Town Officers, to choose by ballot a Town Clerk, three Selectmen, three Overseers of Poor, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden, and Constables—all to serve one year; one Assessor, one Highway Commissioner, one School Committee, two Trustees of the Public Library and one Park Commissioner, all to serve three years. The polls for the election of Town Officers to be opened at ten o'clock A. M., and close at three o'clock P. M.

ART. 3. To hear reports of Town Officers and Committees and act thereon.

ART. 4. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.

ART. 5. To see what action the Town will take on the following question: Shall licenses be granted for the sale of intoxicating liquors in the Town? The vote be yes or no, as provided by Revised Laws, Chapter 100, Section 10.

ART. 6. To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

ART. 7. To see if the Town will vote to raise and appropriate a sum not exceeding three hundred dollars, said money to be used for the support of the Public Library.

ART. 8. To see if the Town will vote to sell the Schoolhouse and Lot in District No. 4, and appoint a Committee to act thereon.

ART. 9. To see if the Town will vote to authorize the Selectmen to institute or defend, any suits that are, or may be brought against the Town.

ART. 10. To see if the Town will vote to raise the sum of eleven hundred and forty-five dollars, to pay the tenth and last payment on the second Andover Street construction loan.

ART. 11. To see if the Town will vote to raise and appropriate the sum of one hundred dollars, for the proper observance of Memorial Day, and appoint a Committee to expend the money.

ART. 12. Voted: That the Town Treasurer, with the approval of the Selectmen, be and is hereby authorized to borrow money from time to time in anticipation of the taxes of the municipal year beginning February 1, 1912, to an amount, not exceeding in the aggregate fourteen thousand dollars ($14,000), and to issue a note or notes therefore payable within one year, any debt or debts incurred under this note to be paid from the taxes of said municipal year.

ART. 13. To see if the Town will vote to borrow, if necessary, a sum not exceeding one twenty-fifth of one per cent. of the current year's valuation, such sum of money to be used in the suppression of the Gipsy and Brown Tail moths, and not to be expended before December 1st next, and to be raised in the tax levy of the year 1913.

ART. 14. To see what compensation the Town will vote for the collection of taxes, and what rate of interest, if any, shall be charged on taxes of 1912 unpaid after a certain date, or to take any other action relative thereto.

ART. 15. To see if the Town will raise and appropriate a sum of money not exceeding five hundred dollars, to pay interest on loans not otherwise provided for.

ART. 16. To see if the Town will vote to raise a sum not exceeding two hundred and twenty-five dollars, such sum to be used for the care of the Parks and Commons.

ART. 17. To see what sums of money, if any, the Town will appropriate to pay outstanding notes against the Town.

ART. 18. To see what sum of money the Town will appropriate for the application of tar, oil or other binder to its macadam roads already built.

ART. 19. To see if the Town will vote to raise, and appropriate a sum of money not exceeding five hundred dollars to widen, straighten and grade Astle Street, or take any other action relative thereto.

ART. 20. To see if the Town will vote to provide transportation for the children attending school at the North School, during the months of December, January, February and March.

ART. 21. To see if the Town will vote to petition the Railroad Commissioners for a hearing relative to the extension of the transfer limit on Andover Street.

ART. 22. To see if the Town will vote to adjust and fix the salaries of the Town Officials, and raise and appropriate the money necessary to carry out the vote of the meeting.

ART. 23. To see if the Town will vote to revoke the acceptance of the Acts of 1907, Chapter 560, Section 369, whereby Road Commissioners were elected.

ART. 24. To see if the Town will vote to raise and appropriate a sum of money not exceeding eight hundred dollars, said money to be used in purchasing a Power Sprayer, and the necessary expenses of operating the same for the current year.

ART. 25. To see what action if any, the Town will take relative to building a sidewalk along the state highway, and act thereon.

ART. 26. To see if the Town will vote to authorize the Selectmen to make a contract with the Lowell Electric Light Corporation for the lighting of the streets; said contract to expire at the end of five, or ten years as the meeting may decide, or take any other action relative thereto.

ART. 27. To see if the Town will vote to raise and appropriate a sum of money not exceeding two thousand dollars for the lighting of the streets by electricity or otherwise, such money to be expended by the Selectmen, or a Committee, as the meeting may decide and act thereon.

ART. 28. To see if the Town will vote to raise and appropriate a sum of money, not exceeding five hundred and thirty dollars ($530), for the extension of the gas main on Andover Street to the point of the intersection of the Hood Road with Andover Street.

ART. 29. To see what action the Town will take relative to the grade of Andover Street from the intersection of Hood Road with Andover Street to J. L. Flemings' Carriage Shop.

ART. 30. To see if the Town will appoint a Committee to investigate the conditions and report on the necessity for a new school building in South Tewksbury near Foster's Corner. Said Committee to be composed of one member of the School Committee, one resident of the District and one citizen of the Town. The said report to be given at a future meeting.

ART. 31. To see if the Town will adopt the following as an addition to its by-laws to be designated as Article 7 of said by-laws, or take any action relative thereto.

Section 1. Hawkers and pedlers of fruit and vegetables in the Town of Tewksbury, who are not engaged in the pursuit of agriculture, are required to be licensed by the Board of Selectmen. But the license fee for said hawkers and pedlers shall be fixed by said Board of Selectmen at a sum not exceeding that prescribed by Section 19, of Chapter 65, of the Revised Laws and Acts amendatory thereto for a license embracing the same territorial limits.

Section 2. A license under the preceding section shall be granted only to a person who is or has declared his intention to become a citizen of the United States.

Section 3. Any person who is a hawker or pedler under the provisions of Chapter 345, of the Acts of 1906, shall conduct his business in such a manner and at such a time as not unreasonably to disturb the comfort and peace of any person within the Town.

Section 4. No person who is a hawker and pedler under the provisions of Chapter 345, of Acts of 1906, shall deposit any rubbish, garbage or waste material of any kind within the limits of any town or public way or in or upon any common land or other land belonging to the Town, except at such points within the same as the Selectmen may designate.

Section 5. Every violation of any by-law in this article shall be punished by a fine of not less than two dollars nor more than twenty dollars.

ART. 32. To see if the Town will vote to adopt the following by-laws:

Section 1. The Selectmen may license such persons as they deem suitable to be dealers in and keepers of shops for the purchase, sale or barter of junk, old metals or secondhand articles, within the Town; and as junk collectors, to collect, by purchase or otherwise, junk, old metals and secondhand articles from place to place within the Town, subject to the provisions of Section 186, of Chapter 102, of the Revised Laws, as amended by Section 1, of Chapter 187, of the Acts of 1902, and to Sections 187 to 189 inclusive, of Chapter 102, of the Revised Laws, provided, nevertheless, that all licenses thus granted shall contain a clause that the person thus licensed agrees to abide by and be subject to all the provisions of the by-laws, or any by-laws which may be adopted by the Town, relating to dealers in and keepers of shops licensed for the purpose, and to junk collectors licensed as aforesaid.

Section 2. All persons licensed as aforesaid, shall keep a book, in which shall be written at the time of every purchase of any such article, a description of the article or articles purchased, the name, age and residence of the person from whom, and the day and hour when such purchase was made; such book shall at all times be open to the inspection of the Selectmen or any other person by them authorized to make such inspection; every keeper of such shops shall put in a suitable and conspicuous place on his shop a sign having his name and occupation legibly inscribed thereon in large letters; such shop, and all articles of merchandise therein, may be at all times examined by the Selectmen, or by any person by them authorized to make such examination; no keeper of such shop and no junk collector shall directly or indirectly, either purchase or receive by way of barter or exchange any of the articles aforesaid of a minor or apprentice, knowing or having reason to believe him to be such; and no article purchased or received by such shopkeeper shall be sold until at least thirty days from the date of its purchase or receipt has elapsed; such shops shall be closed from six o'clock in the evening to six o'clock in the morning, and no keeper thereof and no junk collector shall purchase any of the articles aforesaid between six o'clock in the evening and six o'clock in the morning.

ART. 33. To see what sum of money, if any, the Town will raise and appropriate to settle a claim made by William W. Clark against the Town for the death of his cow, caused by failure of the Moth Department to post notices of spraying poison on Astle Street, as petitioned for by Joel Mace and ten others.

And you are directed to serve this Warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices, and leave one hundred copies for the use of the citizens at the Post Offices

in said Town, eight days at least, and over two Sundays before the time of holding said meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands this nineteenth day of February in the year of our Lord one thousand nine hundred and twelve.

BUZZELL KING,
HARRY L. SHEDD,
JEREMIAH K. CHANDLER,
Selectmen of Tewksbury.

Report of School Committee

Your Committe submits the following report:

The work of the schools has been successfully maintained throughout the year.

Made possible by a vote at the last Town Meeting, extensive repairs have been made on the North Schoolhouse. The building has been remodeled to make two recitation rooms in addition to the main room. Also the sanitary conditions have been greatly improved. It was found necessary to purchase a new boiler to heat the additional space. The building is now in excellent condition and has been so remodeled that at slight expense, in the future, could be made into a two room schoolhouse. The lawn needs more grading, estimate for which has been included in the table of estimates.

The room above the Public Library has been made into a school room to relieve the overcrowded condition of the Foster School. This has made a fairly good schoolroom for two grades but this is considered by the School Committee only a temporary arrangement until conditions at South Tewksbury warrant the erection of a building there.

Repairs at considerable expense were made in the basement of the Foster Schoohouse. These were absolutely necessary in view of the unsanitary conditions existing. Three thousand dollars extra insurance has been placed on the building, the Committee believing that twelve thousand dollars, the present amount, is none too much to safeguard the Foster School Building. It will be necessary to shingle the roof during the year and estimate for that is included in the table of estimates.

Because the Town of Wilmington was without a Superintendent of Schools, their School Committee made a request through

the State Board of Education to be admitted to our district. A meeting of the District Committee was held the latter part of June at which it was voted to admit Wilmington. This district now comprises five towns, 45 schools, 49 teachers, 4 supervisors and 24 committee members. Mr. S. H. Chace was elected Superintendent of Schools for three years, at a salary of $2,400. The division of his time and salary was agreed upon as follows: Dracut 6–15; Wilmington 4–15; Tewksbury 3–15; North Reading 1–15; Tyngsboro 1–15. Tewksbury's share of the Superintendent's time is one day per week and of his salary $40 per month, of which about half is refunded by the state.

During the year Miss Jessie May Hagar and Miss Lilla E. Roche, who had served the schools most successfully as Supervisors of Music and Drawing, resigned, and a joint committee from the School Committees of the different towns served, elected Miss Mildred C. Malton as Supervisor of Music and Miss Margaret J. Carney as Supervisor of Drawing. The new Supervisors have begun their work with every promise of success.

Owing to the large amount of work performed by the Medical Inspector, the Committee believes his remuneration in the future should be one hundred dollars a year instead of fifty, and have so estimated in their table of estimates.

The Committee wishes to express its thanks to Mr. Frank Putnam and Mr. Henry Hilton for valuable pictures given for the North School, and to Mrs. E. R. Wiggin for one given for the Library School Room.

The Committee commend the excellent supervision and business-like co-operation with the Committee of the Superintendent, Mr. S. Howard Chace.

We believe the following sums of money should be appropriated to meet school expenses for the coming year.

Teachers	$3,100 00
Tuition	1,250 00
Transportation	1,200 00
Books and Supplies	400 00
School Houses	600 00
Medical Inspection	100 00
Supervision	300 00
Fuel and Janitor	1,150 00

HARVEY H. BISHOP.

School Superintendent's Report.

To the School Committee of Tewksbury;

GENTLEMEN:

I have the honor to present herewith my sixth annual report. This is the twenty-first in the series of Superintendents' reports.

ATTENDANCE

As was predicted in last year's report, it was found necessary to form another school from the overcrowded rooms in the Foster School. The grammar room remains as before. Grades five and six were moved to the room over the Public Library, which was formerly used as a schoolroom. Twenty-six children in grade four and twenty of those in grade three were assigned to Miss Cameron's room. A new school was formed with fourteen other children in grade three and twenty-four children who were in grade two. Miss Adams was placed in charge of this room. Fourteen children in grade two and all the children in grade one (thirty), were assigned to Miss Eagles.

The entering class this year was smaller than usual. The indications are, therefore, that next year we shall have all the pupils who can be accommodated in the five rooms now in use at the Center.

The steady growth of the school population during the past four years is shown by the following table.

Year	Total Membership	Average Membership	School Census Children between 5 and 15
1907–8	224	182.95	222
1908–9	237	198.22	245
1909–10	257	218.43	271
1910-11	284	248.9	306
Fall of 1911	293	258.48	301

This growth, if continued, would indicate the need of establishing a new school at least as often as once in three years.

SCHOOLS' SAVINGS

On January 1, 1911, a system of penny savings was introduced. Every week The Central Savings Bank of Lowell sends a representative to the Foster School to receive deposits. Any amount, one cent or more, will be accepted. Sixty-six bank books have been issued at the Foster School during the past year. The total amount deposited on these books was $336.79. One depositor has withdrawn $15.05, leaving $321.74 credited on sixty-five bank books on January 1st. There were 23 depositors whose accounts amounted to less than one dollar each. These deposits totaled $11.63. Therefore on January 1, 1912, there were 78 depositors whose total savings amounted to $333.37. This is a remarkably fine beginning.

The largest deposits during the year by any one pupil amounted to $37.17. The smallest amount credited to any one pupil was $.01. The average deposit for the year amounted to $4.41.

CHANGING IDEALS IN EDUCATION

It is worth while for us to note the large degree to which the

functions of the public schools have been enlarged during the comparitively recent past. This is a natural and an inevitable result in a democracy. Society finds the period of childhood one of the most promising fields for promoting social well-being. These obligations of the public schools are becoming more widely recognized and are being defined in more and more definite terms.

For example, the laws of the State require that all children acquire a reasonably definite amount of learning, that they shall attend school every day the schools are in session (within certain limitation), that they must attend school between the ages of seven and fourteen, that certain specified subjects shall be taught in the public schools, as reading, orthography, arithmetic, good behavior, etc.

These increases in the functions of the public schools have made necessary a division of labor. Schools have been centralized, each teacher having only one or two grades, instead of eight or nine as in the old district school. Special teachers are very generally employed in music and drawing as well as in penmanship, sewing, cooking, wood-working, physical exercises, etc. Departmental teaching, where one person teaches one or two subjects to several rooms, has assisted in making the work of some school systems more efficient, while in others special classes for the deficient and the defective have been established.

The increasing complexity, not only in the work of the schoolroom, but also in the administration of school systems has resulted in differentiation. Originally local authorities controlled all of the activities of the school. There is now evident a tendency toward centralization of authority in other than local officials. For example, Massachusetts has passed laws conferring authority upon the State Board of Education, State Boards of Health, Superintendents of Schools, etc. The State specifies what must be taught in the schools, the number of weeks the schools must be kept, the condition under which the children may leave school and be employed. It requires that truant officers shall be appointed, school physicians employed, free text-books supplied and careful accounts of expenditures kept. The towns of Massachusetts have practically little control over pupils who wish to attend the

Industrial Schools and, only through the Superintendent, of those attending regular high schools from towns that maintain no high schools of their own.

This tendency is also evidenced by the increasingly large share of public school expenditure that is being assumed by the State. Tewksbury, for example, received from the State in 1909—1910, $12.00 for every pupil in the average membership of the public schools. The Town of Gosnold, with a tax rate of 13 cents per $1,000 for school purposes raised by local taxation $6.81 per pupil and expended $55.68 per pupil from State and other contributions. Twelve hundred fifty dollars of the salary of the District Superintendent is received from the State. All or a part of the tuition of pupils sent from small towns to outside high schools is paid by the State, while in some other towns, the State pays $500 towards high school support, provided the work of the school is approved by the State Board of Education.

This division of authority between local and State officials is not only inevitable, but it is desirable. Children are educated for the welfare of the State, not for merely local purposes. Hence the State should assume a considerable share of the responsibility and cost of education.

Insofar as the school system is directly dependent for its success upon the willingness of the local taxpayer to contribute to the support of the schools and upon the interest and co-operation of parents, so far should school administration be local. It is impossible, however, for local communities or officials to decide wisely upon certain broad and fundamental matters of educational policy. Hence the State has restricted the action of local units; as in matters affecting the health of school children, their employment in factories, and in those other matters previously mentioned. In towns aided by the State, local authorities may hereafter select as superintendents and teachers in high schools only persons approved by the State Board of Education. There is little doubt that this policy will be extended to include teachers in the elementary schools in the near future. That high schools must maintain a certain standard set by the State Board of Education in order to secure aid from the State and that all or a portion of the town's

share of the State School Fund may be withheld if it fails to comply with the educational laws of the State are other manifestations of this tendency.

Changes in the purposes and work of the schools have been equally important. In the early days when society was more widely scattered there were many occupations carried on in the household and on the farm that furnished useful employment for the boys and girls. Through this work the children came into close contact with material things and became aware of the existence of inexorable laws of nature. They learned how to attain desired ends with the means at hand and knew well the benefits resulting from intelligent and sustained endeavor. Amid these pressing needs of the home, which necessitated so many varied activities by members of the household there was little that need be done by the school. If the child learned to read, write and cipher, he was well-equipped to perform the ordinary economic, social and religious functions of good citizenship.

Following the increase in population, the rapid growth of cities, the development of easy and speedy means of communication and of transportation, former conditions have changed greatly. The new social order demands a different type of training in the public schools. The child no longer has to do chores and perform definitely assigned tasks as he once did. His contribution to the sustenance, comfort and welfare of the family is usually very small. Those forms of training once supplied by the home must now be supplied by the school, insofar as they are needed by present conditions of society. Hence the demand for gardening, cooking, sewing, handwork, moral, social and health teaching, etc., etc., in the public schools.

Our own schools have made some progress along these lines. The children in the Foster School have caned a number of chairs, made quantities of bead chains, worked in leather, made a few baskets, grown plants from slips, planted bulbs, etc.

The children at the North School have cleaned the school grounds; scraped, sandpapered and shellaced several chairs and two book-cases; caned chairs and made curtains for the rest room. They have sold many baskets, mats and other articles that they have made and used some of the money for beautifying and

furnishing the schoolrooms. About $44 has been used in this way. They now have about $50 in the treasury.

These social evolutions with the resulting changes in family life, have put serious responsibilities upon the school in the matter of moral training. Co-incident with the reputed lessening or relaxing of parental authority it has become necessary for the school to change its methods of controlling children. The old platform has gone from the schoolroom. The teacher is on a level with the children. Some school children must know the reason for, and the reasonableness of a command before feeling under obligation to obey. The task of school management is becoming increasingly difficult.

The absence of home tasks seems to be making it increasingly difficult for teachers to get pupils to perform their school work creditably. "All play and no work makes Jack an idle shirk," is the corollary of a more well-known saying. While we all recognize that school work should be adapted to the needs and capacities of the pupil; that it should be of such a nature as to arouse his interest; that the tasks assigned should be reasonably within the ability of the child to perform within the assigned time, etc., yet even when these requirements have been reasonably satisfied, there is some labor, possibly some drudgery, that the pupil must perform. Will the necessary tasks of everyday life be performed cheerfully and well, if the school fails to teach the satisfaction of duty well done—the joy in unwelcome tasks creditably performed? As Dean Briggs has said in "School, College and Character:" "The first lesson of education is the lesson of getting down to hard work, and doing the work thoroughly. It may be learned by a boy or girl who never goes to school, learned in a mill or on a farm; but the highest work in this part of the world must commonly be done by people who for a greater or less number of years have spent the best part of at least five days our of seven for some forty weeks a year in what we call education. The first business of a school is to teach concentration, application, power of tackling intellectual work—qualities which sooner or later a man must have if he is to succeed in life, and which he got in his boyhood, if he had the right kind of parents, was the right kind of a boy, and went to the right kind of a school."

There has been marked improvement in the amount of attention given to hygienic conditions of school buildings. No schoolhouse can now be erected until the plans for the heating and ventilating have been approved by State officials. The proper lighting of buildings is given careful consideration. Out-buildings are constructed with a view to making them comfortable, cleanly and sanitary. Janitors are employed to keep the building clean and orderly at all times. The common drinking cup has been abolished and the common towel will soon be forbidden.

Ample playground is now considered an essential qualification for a schoolhouse site. State inspectors visit the school buildings occasionally to make certain that the laws of the State, concerning health and safety, are properly observed. All towns are required to employ school physicians whose duty it is to safeguard the health of children entrusted to the keeping of the schools and to detect physical defects in children which prevent them from receiving full benefit from the opportunities afforded by the school. School children are taught the principles of hygiene and are encouraged to practice them.

Not only have these new demands been made upon the schools, but our attitude toward the old subjects of instruction have changed. Arithmetic, for instance, must not be taught merely as number manipulation and training in thinking abstract relations, but it must be applied to concrete things in the child's environment—be made real as the pupil was forced to make it real under former conditions.

More than this, we are differentiating the subject matter of school subjects by making a distinction between (1) those subjects and parts of subjects whose function is to bestow POWER TO DO and (2) those whose function is to develop APPRECIATION.

We feel further that the school does not perform its whole duty when it offers the children merely work in specific subjects. These subjects must be closely related to the real life of the children. In no other way can school work have its full value for pupils. Unless this relation is made, the school may actually unfit the child for success in life, if the education (?) is

continued for a sufficient time. In short, Education must not be merely preparation for life in the distant future, IT MUST BE LIFE here and now.

The marked growth in the number of vacation schools maintained during the summer months is but a prophesy of the time when schools will be maintained nearly all the year—not the bookish schools of the past, but the newer kind of school where there is a proper adjustment between the interests of the child and the needs of the adult.

CONCLUSION

In conclusion, may I commend to committees, parents and teachers this "School Teacher's Creed" written by Edwin Osgood Grover.

"I believe in boys and girls, the men and women of a great tomorrow; that whatsoever the boy soweth the man shall reap. I believe in the cruse of ignorance; in the efficacy of schools; in the dignity of teaching; and in the joy of serving others. I believe in wisdom as revealed in human lives as well as in the pages of the printed book; in lessons taught, not so much by precept as by example; in ability to work with the hands as well as to think with the head; in everything that makes life large and lovely. I believe in beauty in the schoolroom, in the home, in daily life and out of doors. I believe in laughter; in love; in faith; in all ideals and distant hopes that lure us on. I believe that every hour of every day we receive a just reward for all we are and all we do. I believe in the present and its opportunities in the future and its promises; and in the divine joy of living. Amen."

Respectfully submitted,

S. HOWARD CHACE.

January 30, 1912.

Report of Supervisor of Music

Mr. S. Howard Chace, Superintendent of Schools.

DEAR SIR:

I take pleasure in submitting to you my first report as Supervisor of Music in the Tewksbury District.

Grades one and two are doing scale work, dictation, tone work and exercises from the blackboard, together with rote songs. We are now introducing rhythm and meter. The first of the year much time was given to curing the monotones.

Grades two and three are doing scale work, including Diatonic Modulation, that is, they sing down and up to Do, they sing Re and call it Do, and so on. Changing the next tone to Do gives them the tonic of the new scale. This is the first step in Modulating.

Tonal dictation, chart work, rote songs, and exercises from "Introductory Singing Exercises" comprise our work thus far.

Grades three and four are working with rote songs, Music Primers, oral and written dictation, and individual work from "Individual Singing Exercises," by Arthur J. Abbott. I endorse and put into practice the following, by Mr. Abbott.

"By the use of these exercises, each pupil sees and hears what the individual is attempting, as each pupil is supplied with a book. As one pupil sings, other members of the class, mentally and orally, pass judgment on the effort; thus no time is lost and no educational principle is violated. Individual singing is more

desirable as an aid in training the pupil to depend upon himself, and help him become an independent thinker and doer, than as a test of his ability to sing at sight."

We have touched on the Minor Mode in these grades; that is, the pupils have learned to distinguish between Major and Minor Exercises.

Grades five and six are using Music Readers, with some supplementary songs. We are paying special attention to the Minor Mode, also to the recognition of the different forms. We are working with the chromatic drills. Our individual work is taken from the Music Reader, by which is incorporated the same principle applied in grades three and four.

Grades seven and eight are using Book Five for exercises. I copy songs selected from standard school material, in hektograph ink, and the teacher, in turn, makes copies on the hektograph for the class. We do this so the class may have new material, as most of the songs in the reader are familiar to the class. Much time has been devoted to the Major keys. We are now taking up the Minor keys and the different forms of the Minor scale.

The West School we have divided into two classes, except for rote songs. The first class is doing scale work, dictation, and some simple reading. The upper class is doing chart, key, scale work, individual singing, and exercises from the book.

The North School we have divided into three classes. The first class is doing scale work and blackboard exercises. The second class is working in the "Introductory Singing Exercises," with scale and dictation work. The upper class has two part exercises, and songs from the reader, and individual singing from "Individual Singing Exercises." Much time has been spent on Major keys, and we are now taking up the Minor.

I wish to acknowledge the kind co-operation of the teachers of the District.

Respectfully submitted,

MILDRED COLVILLE MALTON.

January 10, 1912.

Supervisor of Drawing Report

Mr. S. Howard Chace, Superintendent of Schools.

DEAR SIR:

I herewith submit the report of Drawing for the year 1911-1912.

The beginning of the school year in the fall, the season of color, seemed a most fitting time for the introduction of color work. In the lower grades colors were taught and used to fill in outlines of fruits, borders and simple landscapes. The smaller children were thus given the opportunity to express in color the impressions that nature had been making upon their receptive minds. Each specimen carried with it a story of varying keenness of observation. The means and methods adapted to secure good results, consisting of a proper knowledge and application of different strokes, were, after simple directions had been given, unconsciously employed by the children in their earnest desire to place the pictures their minds held. Color circles and scales of light and dark values were taught in the upper grades to better acquaint children with the placing of colors, the terms—tints and shades, and the mixing of paints to produce the desired colors. Here, too, color was applied to nature work and landscapes. The latter were used in January for mounting lessons, and calendars were made. The aim always tending towards practical application.

Paper cutting and construction resulted in boxes, cornucopias, and fruit baskets for Christmas in the lower grades. Since

Christmas, objects relative to the season have been drawn and cut. Shape and proportion are taught to the little people through their knowledge of common objects found in the home.

Raffia work is progressing in the third and fourth grades. We began with the simple winding over cardboard, continued with braiding and sewing, and aim to cordmaking and weaving.

In the upper grades work in leather produced pen wipers, pocketbooks, card cases, bill folds, and bookmarks from patterns and designs made by the pupils.

Simple rules governing object drawing were taken up and applied to objects in blackboard practise and drawing with pencil. This branch of drawing demands thought which develops the observation most keenly and adds to the pupil's power of execution.

Good spacing, nature work, reviewing of colors, design and its application, and as much construction work as time and material allow, are the plans for the remainder of the year.

I wish to thank the Superintendent and the teachers for the interest they have extended to me and to my work.

Respectfully submitted,

MARGARET J. CARNEY,

Supervisor of Drawing.

Report of the Board of Appraisers of Property of Town of Tewksbury

Your Board met at the Town Farm, February 3, 1913, and made an appraisal of the personal property at the Farm. We found everything in excellent condition under the management of Mr. and Mrs. Darby.

We also made an appraisal of the property belonging to the Highway and Moth Departments.

We respectfully submit our report as follows:

Appraisal of Personal Property at Town Farm

Feb. 1st, 1912	$ 4,355 10
Feb. 1st, 1913	4,648 05
Net gain	$ 292 95

Highway Property

Feb. 1st, 1912	$ 1,841 45
Feb. 1st, 1913	1,835 60
Net loss	$ 5 85

Moth Department

Feb. 1st, 1912	$ 335 28
Feb. 1st, 1913	1,894 85
Net gain	$ 1,559 57

GEO. E. MARSHALL,
J. LEWIS BURTT,
ALBION S. FELKER,
Board of Appraisers.

Report of the Highway Commissioners

To the Selectmen of the Town of Tewksbury:

The Highway Commissioners beg leave to present herewith their report for the year ending February 1, 1913. The regular routine work connected with the upkeep and care of the roads has been carried on as usual under the efficient management of Mr. H. S. Darby, and the time spent and work done has been as follows:

Hauling gravel and spreading on

Lawrence Street	206 loads
Andover Street	414 "
North Street	343 "
Livingston Street	227 "
Kendall Street	210 "
East Street	92 "
South Street	85 "
Pleasant Street	64 "
Whipple Street	160 "
Astle Street	144 "
Trull Street	119 "
Other Streets in small quantities	56 "

Twenty-six days were spent in scraping the roads, ten in cutting brush, and ten in hauling and setting boundary stones directed by the County Commissioners. In addition, 460 ft. of guard rail was put up and eight culverts repaired.

An extraordinary expense was caused by the breaking

down of the bridge over the Shawsheen River near Burtt's Mill. This bridge, on account of its age and poor condition, had to be entirely replaced at a cost of over $500, which was paid for out of the regular appropriation. Another bridge of similar construction over the Shawsheen River will have to be replaced during the coming year.

Your Commissioners estimate that the sum of $1000 should be appropriated for the regular work of the Highway Department for the ensuing year.

Respectfully submitted,

C. BROOKS STEVENS,
GEO. E. MARSHALL,
C. W. PARSONS,

Commissioners.

Tewksbury Board of Health Report

The following is my report for the year ending February 1st, 1913.

List of Contagious Deseases for the Year

	Cases	Deaths
Measles	12	0
Whooping Cough	0	0
Scarlet Fever	3	0
Tuberculosis	1	0
Diphtheria	4	0

The epidemic of scarlet fever in our nearby city has caused us more or less alarm, but we have had but three scattered cases all in different parts of the town.

As agent of the board I would like to make it know that a new statute went into effect Jan. 1st, 1913, which requires the presence of our inspector Mr. Paul B. Smith at the slaughtering of any domestic animal, which is to be used for food. This differs from the old statute in that it makes no difference whether the meat is to be used by the owner, or sold.

I have had a few calls to make in the past year upon inmates of our Town Farm and can speak very favorably of the care given the patients and the good sanitary condition of the place.

HERBERT M. LARRABEE, M. D.,
Agent.

Report of Inspector of Animals

Gentlemen:

The following is the report of the Inspector of Animals for the year ending January 31, 1913.

Number of cattle inspected	676
Number of swine inspected	552
Number of goats inspected	6
Number of stables inspected	103
Number of cattle quarantined	27

Respectfully submitted,

PAUL B. SMITH.

Report of Inspector of Meats and Provisions

Gentlemen:

The following is the report of the Inspector of Meats and Provisions for the year ending January 31, 1913.

Number of sides of beef inspected	1,778
Number of veals inspected	358
Number of hogs inspected	370
Number of lambs inspected	9
Number of sides of beef condemned	18
Number of veals condemned	9
Number of hogs condemned	4

Respectfully submitted,

PAUL B. SMITH.

Report of Park Commissioners

TEWKSBURY, MASS., February 7, 1913

To the Board of Selectmen:

GENTLEMEN:

The following is a report of the Park Commissioners for the fiscal year ending January 31, 1913. The expenditures for the year are as follows:

Care and custody of flag	$ 12 50	
Labor on the Common	23 98	
Repairs on lawn mower	2 00	
Total	$ 38 48	
Leaving an unexpended balance of our appropriation of		$ 186 52

It was the intention of the Board to erect a new flag pole on the Common. The lowest bid given us for furnishing and erecting a suitable pole was so much in excess of our appropriation that the bid was rejected.

We recommend for the coming year an appropriation of $450 for the care of the Common and the erection of a new flag pole.

Respectfully submitted,

HENRY M. BILLINGS,
HARRIS M. BRIGGS,
Park Commissioners.

Tree Warden's Report

As Tree Warden I herewith submit the following:

Total number of dead and dangerous trees removed, 28. Numerous trees were pruned and partially pruned. Seven trees with large and small cavities were filled with cement.

Eleven hundred and sixty-one elm trees were sprayed twice to suppress the Elm Leaf Beetle, and the foliage I think showed results obtained.

Yours respectfully,

HARRIS M. BRIGGS.

Report of Moth Department

As Local Agent I herewith submit the following:

There is about a 20 per cent. decrease of Brown Tail and Gypsy Moths in the residential district. In the outlying districts should say they hold about the same as 1911.

"Wilt" disease furnished by the State was planted in woodlots with a total acreage of 380 acres. After getting well established in the original plantings, diseased material was gathered and transplanted to other badly infested woodlots.

"Fungus" disease, to work against the Brown Tail moths, was also planted. Very good results were obtained from the diseases mentioned above, especially the "Wilt."

In the early Spring about 1,000 yards of wall infested with egg clusters of Gypsy moths were burned out with crude oil on the following streets: North, Lake, South, Chandler, Fiske, Rogers, Pike and Astle. Ffteen hundred and fourteen Tanglefoot bands were put on trees in April and tended three times per week during caterpillar season.

Six hundred and thirteen trees were also burlaped and tended as Tanglefoot. All street trees were sprayed with power sprayer and practically all fruit trees, either by town employees or owners. On the following streets bushes and defective trees were removed: Astle, one-fourth mile; Pike, one-fouth mile; French, one-half mile; Trull, one-half mile; Andover, one-fourth mile; South, one-half mile; Brown, one-half mile, and Rogers, one-half mile.

During the Fall when not being used for spraying, the

power sprayer was let out for watering gardens, etc., and below is list giving total receipts and expenditures:

Received from J. K. Chandler	$ 22 00	
Lewis Smith	40 00	
Geo. F. Garland	4 50	
H. S. Chandler	3 00	
Total received		$ 69 50
Paid out for labor	$ 27 15	
Gasolene	6 00	
Cyl. oil	2 00	
Total expended		35 15
Net remitted to Treasurer		$ 34 35

Yours respectfully,

HARRIS M. BRIGGS.

Forest Warden's Report

As Forest Warden I herewith submit the following:

During the past year we attended 16 fires. Our attention was called to several from the State Observatory located at Robbin's Hill, Chelmsford, Mass.

To total acreage of above fires was approximately 200 acres.

Yours respectfully,

HARRIS M. BRIGGS.

Sealer of Weights and Measures' Report

TEWKSBURY, MASS., Dec. 31, 1912

TO THE HONORABLE BOARD OF SELECTMEN:

I herewith submit my annual report as sealer of weights and measures for the town of Tewksbury.

Fees collected for 1911	$ 59	
Fees collected for 1912	22 55	
		$ 23 14

Sealed scales	37	weights 167
Condemned scales	6	two have since been repaired
Sealed liquid measures	22	
Condemned liquid measures	5	
Sealed dry measures	3	

Sealing outfit consists of following:

Dry measures, ½ bu. to 1 qt.
2 sets liquid measures, 1 gal. to ½ pt.
1 test balance.
1 set weights, 5 lbs. to $\frac{1}{16}$ oz.
1 set weights, 25 lbs. to 5 lbs.
20 weights, 50 lbs. each.
1 seal press.
2 dies 1912-1913.
2 dies Tks.
1 machine hammer.

1 Stillson wrench.
1 drill stock and drills.
2 glass graduates.
Lead seals and wires.
Bottle of sealing acid.
Adjusting lead.
1 rubber stamp for sealing glass.
Pliers.
Level.
Screw driver.

The State Inspector has made two visits here the past season and accompanied me around. We found some scales in bad condition and it was necessary to condemn some.

Yours truly,

W. H. ALEXANDER,

Sealer of Weights and Measures,

Town of Tewksbury.

Report of the Committee to Investigate Conditions and Report on the Necessity for new school building in South Tewksbury

Your committee had four meetings during the year. Mr. Coombs being unable to attend the first, has since moved from town.

On May 7th, 1912, we made a canvass of the south of the town, taking the names of children between 5 and 14 years of age.

In December this list was verified with the school cencus, taken in September, and with a list from a petition circulated in the south part of the town. This list was later compared with a list from the Foster School of the scholars who were actually attending school at that time.

We found 52 children between 5 and 14 years of age; a few of the younger not yet attending. For convenience we have graded the 52 as follows:

Grade 1	14
" 2	4
" 3	7
" 4	5
" 5	4
" 6	1
" 7	3
" 8	1
	39

Left school	4
Lowell High	2
Moved away	3
Lowell school	1
Not yet attending	3
	13

Indications point to a slightly larger list, including the three not yet attending, and several others who were just under 5 years last summer. There is a large school population here and should show a large increase each year.

It is the opinion of the committee in view of the number of children here, and the conditions at the Foster School, transportation expenses considered, that all interests would best be served by erecting a school building in this vicinity.

Respectfully submitted,

WILBUR A. PATTEN,
B. SPAULDING,

Committee.

Public Library

The Trustees of the Public Library submit the following report for the year 1912:

We have held meetings the first Saturday in each month for nine months. The funds which maintain the Library in all its varied work, are the yearly appropriation of $300.00 and the dog tax, which approximates $250.00. This amount is divided for incidental expenses, librarians' salaries, transportation and purchase of books. The treasurer's report will show what proportion of the total was used for new books.

We are proud to report that the total increase of circulation in the whole time is 21 per cent. over that of last year. Nevertheless the fact that 91 per cent. of the books read are fiction, calls for careful thought and consideration on the part of those who are most responsible.

Special effort will be made during the coming year to make the library more efficient, rather than to increase the number of volumes. To be more efficient, to serve more effectively the community, the Library should be open at least twice a week and oftener if possible. The room itself should be made more attractive.

There could be a re-arrangement of the books which would place them more within reach of the readers and entice them to read. A brightening of the walls and ceiling, with a few other slight repairs, would add greatly to the comfort of the reading public.

We shall endeavor to improve the quality of reading by making new rules governing the retention of books, that those

of the more solid character may be kept long enough to allow ample time for reading.

We realize that for the Library to minister to the community to the greatest extent possible, it must be easily accessible, attractive and well managed.

In view of the important work which the Library can do during the coming year, we suggest that in addition to the moneys ordinarily appropriated, the town grant $300.00 to be used for repairs and improvements.

Respectfully submitted,

SARAH A. DIXON,
ALBERT C. BLAISDELL,
WILLIAM H. LEE,
HARVEY H. BISHOP,
EDITH AMES STEVENS,
GEORGE E. MARSHALL,

Trustees of Public Library.

Feb. 2, 1913.

Librarian's Report

To the Board of Trustees of the Tewksbury Public Library:

The following report is respectfully submitted:

The circulation, both at the library and in the districts, has increased during the past year. At the library there is a gain of 1,513 and in the districts a gain of 644, making a total gain of 2,157 volumes during the past year.

Since July boxes have been sent to the Oaklands, a district which promises to be one of our largest.

As in past years several donations of books and magazines have been received.

Warrant for Town Meeting

MIDDLESEX, ss.

To either of the Constables of the Town of Tewksbury in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at the Town Hall in said Tewksbury, on Monday the third day of March, 1913, at nine o'clock A. M., to act on the following articles:

ART. 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose all necessary Town Officers, to choose by ballot a Town Clerk, three Selectmen, three Overseers of Poor, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden, and Constables—all to serve one year; one Assessor, one Highway Commissioner, one School Committee, two Trustees of the Public Library and one Park Commissioner, all to serve three years. The polls for the election of Town Officers to be opened at ten o'clock A. M., and close at three o'clock P. M.

ART. 3. To hear reports of Town Officers and Committees and act thereon.

ART. 4. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.

ART. 5. To see what action the Town will take on the following question: Shall licenses be granted for the sale of intoxicating liquors in the Town? The vote be yes or no, as provided by Revised Laws, Chapter 100, Section 10.

ART. 6. To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

ART. 7. To see if the Town will vote to raise and appropriate a sum not exceeding three hundred dollars, said money to be used for the support of the Public Library.

ART. 8. To see if the Town will vote to raise and appropriate the sum of three hundred dollars, said money to be used in refurnishing and rearranging the Public Library.

ART. 9. To see if the Town will vote to raise the salary of the School Committee from $25.00 to $50.00 per year and act thereon, as petitioned for by the undersigned: Wilbur A Patten, H. H. Bishop, Clarence E. Clark, Henry M. Billings, Benjamin Spaulding, H. Cameron, J. L. Fleming, Geo. E. Bennett, P. W. Cameron and Buzzell King.

ART. 10. To see what action the Town will take in regard to the payment of tuition for pupils who attend Industrial Schools.

ART 11. To see if the Town will vote to transfer the care and maintenance of the Library building to the School Department.

ART. 12. To see if the Town will vote or take such other action as may seem advisable to provide for the erection

and furnishing of a new school building in the South part of the Town at or in the vicinity of what is now known as Foster's corner, appoint a committee with full power to purchase or otherwise acquire land, employ architects, or other help, make contracts for or in behalf of the Town and perform such acts as they in the exercise of their best judgment may deem necessary or expedient.

ART. 13. To see if the Town will vote to authorize the Treasurer on approval of the Selectmen, to borrow a sum or sums of money not exceeding in the aggregate $9000 to be known as to South Tewksbury School Loan, to be paid in nine equal annual installments, such installments or payments to be provided for in the tax levy of the year in which they shall become due. Said loan to be used in acquiring land and erecting and furnishing a new school building in the South part of the Town.

ART. 14. To hear report of committee appointed to sell North-west School house, and see what further action the Town will take in regard to same.

ART. 15. To see if the Town will vote to raise and appropriate the sum of $125 00, for the proper observance of Memorial Day, and appoint a Committee to expend the money.

ART. 16. To see if the Town will vote to authorize the Selectmen to institute or defend, any suits that are, or may be brought against the Town.

ART. 17. Voted: That the Town Treasurer, with the approval of the Selectmen, be and is hereby authorized to borrow money from time to time in anticipation of the taxes of the municipal year beginning February 1, 1913, to an amount, not exceeding in the aggregate $20,000, and to issue a note or notes therefore payable within one year, any debt or debts incurred under this note to be paid from the taxes of said municipal year.

ART. 18. To see if the Town will vote to borrow, if necessary, a sum not exceeding one twenty-fifth of one per cent. of the current year's valuation, such sum of money to be used in the suppression of the Gipsy and Brown Tail moths, and not to be expended before December 1st next, and to be raised in the tax levy of the year 1914.

ART. 19. To see what compensation the Town will vote for the collection of taxes, and what rate of interest, if any, shall be charged on taxes of 1913 unpaid after a certain date, or to take any other action relative thereto.

ART. 20. To see if the Town will vote to raise a sum not exceeding four hundred and fifty dollars, such sum to be used for the care of the Parks and Commons.

ART. 21. To see if the Town will appropriate the sum of $500 to be expended under the direction of the Highway Commissioners on Pond Street, from the State Road (Main Street) to the Billerica Town line, to carry out the decree of the County Commissioners.

ART. 22. To see if the Town will appropriate the sum of $550 to build a bridge over the Shawsheen River at Bridge Street.

ART. 23. To see what action the Town will take, if any, in regard to repairing Dock Street.

ART. 24. To see what action the voters of the Town will take in regard to creating a light permanent job for Thomas Meer in the Highway Department.

ART 25. To see if the Town will vote to pay the chairman of the Road Commissioners, a salary, and set the amount to to be paid.

ART. 26. To see if the Town will vote to raise the sum of seventy-five dollars to make repairs on the Town Hall.

ART. 27. To see if the Town will vote to establish and maintain four gas lights; three on Chandler Street, and one on Lee Street.

ART. 28. To see what action the Town will take in regard to printing the valuation of the real and personal estate of the Town of Tewksbury for the year 1913.

ART. 29. To see what sum of money the Town will raise and appropriate for the application of tar, oil or other binder to its macadam roads already built.

ART. 30. To see if the Town will amend its by-laws, by adding thereto either or both of the following sections:

SECTION 1. . The collector of taxes, with the approval of the chairman of the Board of Selectmen, may for a sum not less than the sum necessary to be paid by any party entitled to redeem, within two years from the date of the tax sale assign to any person paying such sum any tax title held by the town, provided, however, that the deed of assignment so given by the collector and approved by the chairman of the Board of Selectmen shall not contain any provisions inconsistent with the right of redemption.

SECTION 2. The collector of taxes, with the approval of the chairman of the Board of Selectmen, may for such sum as the collector of taxes deems reasonable, after two years from the date of the tax sale assign to any person paying such sum any tax title held by the town, provided, however, that the deed of assignment so given by the collector and approved by the chairman of the Board of Selectmen shall not contain any provisions inconsistent with the right of redemption.

ART. 31. To see if the Town will vote to raise the sum of five hundred dollars, to make repairs on the Town Farm buildings.

ART. 32. To see if the Town will raise and appropriate a sum not exceeding three hundred dollars to be expended by the Tree Warden Department, in suppressing the elm leaf beetle, removing, repairing and pruning Street trees.

ART. 33. To see if the town will vote to fix the salary of the Selectmen as follows: Chairman, two hundred dollars; the other two members, one hundred and fifty dollars each.

And you are directed to serve this Warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices, and leave one hundred copies for the use of the citizens at the Post Offices in said Town, eight days at least, and over two Sundays, before the time of holding said meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of meeting as afore said.

Given under our hands this fifteenth day of February, in the year of our Lord, one thousand nine hundred and thirteen.

HARRY L. SHEDD,
JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
Selectmen of Tewksbury.

Methodist Mission, South Tewksbury	200.00
St. Peter and St. Paul Society, South Tewksbury	60.00
Total	$ 61,660.00

During the past year the certifying copy of the Valuation Book for the Tax Commissioner's Office was prepared and filed with the State officials.

A new law passed by the Legislature placing upon the Assessors the work of furnishing the Collector with a complete description of the property assessed to delinquent taxpayers went into effect, and the Assessors attened to its proper observance.

For the information of the taxpayers we submit the list of plans of house lots, showing the great growth of small parcels of land, in

the Assessors' Office, which must be taxed, instead of the large parcels of former years:

Lake Side Park (South Street).
Lake View Park.
Silver Lake Park.
Silver Lake Terrace.
Forest Terrace, 2 plans.
Oakland Park, plans A. B. C. D.
Plans 1, 2 and 3 E. W. Foster Land.
Flynn and Wahlde Plan.
Pine Plains.
Shawsheen River Park.
Oak Ridge Park.
F. H. Farmer Land.
Enoch Foster Land at Centre.
Lake Side Park, near Long Pond.
Mechanics Park, near Long Pond.
McLaren plans.
Peter Bonugli plans 2.
Wamesit Park.
Wamesit Terrace, No. 1.
Wamesit Terrace, No. 2.
South Lowell Lots.
Fair Lawn.

Containing an aggregate of 11,900 small lots. Formerly assessed to 20 owners.

BUZZELL KING,
ALBERT C. BLAISDELL,
JEREMIAH K. CHANDLER,
Assessors of Tewksbury.

REPORT OF BOARD OF APPRAISERS OF PROPERTY OF TOWN OF TEWKSBURY

Your Board met at the Town Farm, February 3d, 1914, and made an appraisal of the personal property at the Farm. We found everything in first-class condition under the management of Mr. and Mrs. Darby.

We also made an appraisal of the Highway and Moth Departments.

We respectfully submit our report as follows:

Appraisal of Personal Property at Town Farm

Feb. 3d, 1913	$ 4,648.05
Feb. 3d, 1914	4,749.55
Net gain	$ 101.50

Highway Property

Feb. 3d, 1913	$ 1,835.60
Feb. 3d, 1914	1,974.55
Net gain	$ 138.95

Moth Department

Feb. 3d, 1913	$ 1,894.85
Feb. 3, 1914	1,944.25
Net gain	$ 49.40

GEORGE E. MARSHALL,
J. LEWIS BURTT,
ALBION S. FELKER,
Board of Appraisers.

JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
Selectmen of Tewksbury.

REPORT OF THE SELECTMEN OF REPAIRING THE TOWN FARM BUILDINGS

We have spent the appropriation, together with a small amount from the receipts of the Farm, and we feel that it was economy for the Town to do it at that time, and the Selectmen would be pleased to have the citizens inspect the same.

JEREMIAH K. CHANDLER,
HARRY L. SHEDD,
IRVING F. FRENCH,
Selectmen of Tewksbury.

REPORT OF THE SELECTMEN IN REGARD TO REPAIRING THE TOWN HALL

We spent the appropriation of $75.00, and as the floor timbers were in a very bad condition we were obliged to use about $25.00 of the incidental account. The floor now is in good, sound condition.

HARRY L. SHEDD,
JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
Selectmen of Tewksbury.

REPORT OF HIGHWAY COMMISSIONERS

The Board of Selectmen, Tewksbury, Mass.
Gentlemen:—

We beg to submit herewith our annual report for the year ending Jan. 31, 1914. The following work had been done by the Town Teams under the supervision of Mr. Darby:

Gravel Hauled and Spread

Andover Street	252 loads
North Street	163 "
Pleasant Street	138 "
Lee Street	67 "
South Street	35 "
Pond Street	640 "
East Street	56 "
Salem Street	45 "
Rogers Street	265 "
Trull Street	96 "
Woburn Street	85 "
Hood Street	74 "
Other Streets	87 "

Cinders Hauled

Trull Street	50 loads
Woburn Street	146 "

Twelve days were spent in setting boundary stones, twenty-four in scraping roads, and a considerable amount of time in putting in a drain on Trull Street, and replacing drains on Andover Street and Pleasant Street. The special appropriation voted by the town was spent in laying out Pond Street.

Notifications have been given by the County Commissioners of their decree in regard to the re-location of Clark Street. It is estimated that the expense thereby incurred will be five or six thousand dollars, of which the County pays but 25 per cent., the town being compelled to pay the remaining 75 per cent. Some action should be taken by the town in regard to this matter.

Partly on account of an unexpected increase in the Street Rail-

way Tax, your Commissioners find that they have a considerable unexpended balance, so that no appropriation is recommended for the coming year.

Respectfully submitted,

C. W. PARSONS,
GEO. E. MARSHALL,
C. BROOKS STEVENS,
Highway Commissioners.

TEWKSBURY BOARD OF HEALTH REPORT

The following is my report for the year ending Feb. 1st, 1914:

List of Contagious Diseases

	Cases	Deaths
Whooping Cough	10	0
Measles	35	0
Scarlet Fever	12	0
Mumps	5	0
Chicken Pox	2	0
Diphtheria	4	0
Typhoid Fever	1	0
Tuberculosis	1	0

We have had a great many contagious cases in Town the past year, but with no fatal results.

The agent of the Board suggests that the sanitary arrangements in the Town Hall be either discontinued or put into proper condition.

H. M. LARRABEE, M. D.,
Agent.

REPORT OF INSPECTOR OF ANIMALS

Gentlemen:

The following is the report of the Inspector of Animals for the year ending January 31, 1914:

Number of cattle inspected	746
Number of swine inspected	409
Number of stables inspected	96
Number of cattle quarantined	13

Had one case of Glanders. The horse was killed and sent to the Rendering Works.

Respectfully submitted,

PAUL B. SMITH.

REPORT OF COMMITTEE TO SELL NORTH-WEST SCHOOL HOUSE AND LAND

Your Committee submit the following report:

Received from John Farrell, Auctioneer, for School Building	$ 30.20
Received from Chas. Farrington for Land	75.00
Received from Albert Trull for Land	15.00
Total received	$120.20

HARRY L. SHEDD,
JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
Committee.

REPORT OF INSPECTOR OF MEATS AND PROVISIONS

Gentlemen:

The following is the report of the Inspector of Meats and Provisions for the year ending January 31, 1914:

Number of sides of beef inspected	1,180
Number of veals inspected	495
Number of hogs inspected	289
Number of lambs inspected	3
Number of sides of beef condemned	30
Number of veals condemned	17
Number of hogs condemned	1

One dog having Rabies was killed. The head was sent to Boston.

Respectfully submitted,
PAUL B. SMITH.

TREE WARDEN'S REPORT

As Tree Warden I submit the following report:

Number of trees dead or dangerous removed, 32. Many dangerous limbs were removed and a great many more should be. Eleven trees with cavities were filled with cement. About 1,500 elm trees were sprayed to suppress the Elm Leaf Beetle with good results.

I would recommend an appropriation of $50 for tree planting.

Yours respectfully,
HARRIS M. BRIGGS.

REPORT OF PARK COMMISSIONERS

Tewksbury, Feb. 7, 1914.

To the Board of Selectmen:

Gentlemen:

The following is a report of the Park Commissioners for the fiscal year ending Jan. 31, 1914. The expenditures for the year are as follows:

New flag pole	$400.00	
Labor erecting pole	9.00	
Taking down old pole	18.50	
Lettering new pole	1.50	
Grading around new pole	7.50	
Care of Common	18.25	
Expenses of Commissioner	2.00	
		$456.75
Appropriation	$450.00	
Received from sale of old pole	10.50	
		$460.50
Unexpended		3.75

Outstanding bills:

Care of flag	$ 12.50

The Board recomends an appropriation of $100.00 for the coming year. The estimated expenditures for 1914 are as follows:

Care of Common	$ 25.00
Care and custody of flag	12.50
Painting and repairing band stand	25.00
Lawn mower and other tools and dressing for lawn	25.00
Outstanding bills previous year	12.50
	$100.00

Respectfully submitted,

HENRY M. BILLINGS,
MARCELLUS A. PATTEN,
HARRIS M. BRIGGS,
Park Commissioners.

REPORT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

As Local Superintendent for the Suppression of the Gypsy and Brown Tail Moths I submit the following:

There is a marked decrease of Brown Tail and Gypsy Moths in the residential districts and a slight increase in the outlying districts.

An European beetle called Calosoma sycophauta, imported to assist in destroying the Gypsy Moths, seems well established, and we hope for a decrease this coming year in the woodlands through their work.

In the early spring about 5,000 yards of stone walls infested with Gypsy Moth egg clusters were burned with crude oil.

About 1,000 trees were tanglefooted and 300 burlapped and tended twice a week during the caterpillar season. All street trees and practically all orchards were sprayed as usual and very good results obtained. Brush and defective trees were cut on most of the badly-infested streets.

The following is a list of money received from property owners for moth work and remitted to the Town Treasurer:

Paul B. Smith	$4.38	John Keating	1.14
Elliott H. French	5.26	H. M. Hogdon	1.14
Kirk L. Sprague	7.16	V. E. Moody	1.92
Aaron Osterman	5.50	John L. Moore	3.42
Albert J. Trull	2.68	Mantor E. Garland	3.69
Cyrus W. Parsons	4.62	Daniel W. Mace	7.46
Robt. F. Carson	6.31	Stephen J. Cronin	5.00
Geo. E. Bennett	2.16	Thos. Poole	1.52
Howard W. Foster	2.55	Edgar Smith	.50
Geo. W. Foster	4.77	Nathan W. Scott	1.92
Mrs. N. Littlefield	1.02	John J. Young	7.70
Chas. H. Battles	3.42	Elias Eleades	1.92
Daniel T. Sullivan	2.10	Benj. W. Burtt	2.28
Enoch W. Foster	6.38	John W. Fleming	2.28
John McCoy	4.20	Wm. H. Van Deuson	1.09
Arthur E. Fowler	1.65		
Dennis J. O'Connell	1.47	Total received	$108.61

Yours respectfully,

HARRIS M. BRIGGS.

FOREST WARDEN'S REPORT

To the Honorable Board of Selectmen:

Gentlemen:

I submit the following report as Forest Warden for the year ending Dec. 31, 1913. Number of fires attended, 64. Approximate acreage, 5.25. Owing to the severe drought during the months of July and August and the carelessness of berry pickers and others in throwing away matches, cigarettes, burning bush, etc., we were called out nearly every day. When in the woodland be very careful with matches, pipe ashes, etc., and when you see a fire report it at once, as the sooner it is attended to the more easily handled.

I would recommend the purchasing of some better apparatus and the forming of a volunteer fire company. In submitting the above I take this opportunity to thank your Board and the citizens of the Town who have aided me in the performance of my duties.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Tewksbury, Mass., Dec. 31, 1913.

To the Honorable Board of Selectmen:

I herewith submit my annual report as Sealer of Weights and Measures for the Town of Tewksbury:

Fees collected for 1913		$21.72
Sealed scales	43 weights 118	
Condemned scales	2	
Sealed liquid measures	22	
Condemned liquid measures	3	
Sealed dry measures	2	
Sealed oil pump	1	
Sealed linear measures	2	

Sealing outfit consists of following:

Dry measures, ½ bu. to 1 qt.
2 sets liquid measures, 1 gal. to ½ pt.
1 test balance
1 set weights, 5 lbs. to 1-16 oz.
1 set weights, 25 lbs. to 5 lbs.
20 weights, 50 lbs. each.

1 seal press.
2 dies Tks.
1 machine hammer.
1 Stillson wrench.
1 drill stock and drills.
2 glass graduates.
Lead seals and wires.
Bottle of sealing acid.
Adjusting lead.
Pliers.
Level.
Screw driver.
1 set punches.
1 rubber stamp for sealing glass.
Paper seals.

W. H. ALEXANDER,
Sealer of Weights and Measures.

PUBLIC LIBRARY

The Trustees of the Public Library submit the following report for the year ending Feb. 1, 1913:

The Auditor's and Librarian's reports, found on another page, give in detail the expenditures, and the number, character and circulation of books during the year. In addition we report that the Library has been opened twice a week this year instead of once as formerly. The number patronizing the Library on Wednesday evenings, the additional night, fully justifies the change. Considerable alteration has been made in the arrangement of the books and in the general appearance of the room, made possible by the appropriation for that purpose. The Trustees believe that they have succeeded in making the Library room more convenient and pleasing to all who use it.

There is a steady increase in the circulation of books and in the number of readers. This increase is noticeable even this year, when the Library was closed for two months for the repairs spoken of. The percentage of fiction read is still larger than we wish, but we try to reduce it by continually purchasing better books, and we also strive to place in the Library only the best fiction.

The Librarian and her Assistant have cheerfully performed the additional tasks which the new changes entailed, and appreciating the amount of time and thought now required to make the Library a success, the Trustees have raised their salaries.

Asking the Town for the usual appropriation, we respectfully submit this report.

SARAH A. DIXON,
WILLIAM H. LEE,
EDITH AMES STEVENS,
GEORGE E. MARSHALL,
ALBERT C. BLAISDELL,
EDGAR SMITH,
Trustees of Public Library.

LIBRARIAN'S REPORT

To the Board of Trustees of the Tewksbury Public Library:

The following report is rsepectfully submitted:

The circulation at the Library and in the districts is increasing. Several donations of books and magazines have been received. During the year seventy books have been rebound and several have been replaced.

WARRANT FOR TOWN MEETING

MIDDLESEX SS.

To either of the Constables of the Town of Tewksbury in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at the Town Hall in said Tewksbury, on Monday, the 2nd day of March, 1914, at nine o'clock A. M., to act on the following articles:

ART. 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose all necessary Town Officers, to choose by ballot a Town Clerk, three Selectmen, three Overseers of Poor, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden, and Constables—all to serve one year; one Assessor, one Highway Commissioner, one School Committee, two Trustees of the Public Library and one Park Commissioner, all to serve three years. The polls for the election of Town Officers to be opened at ten o'clock A. M., and close at three o'clock P. M.

ART. 3. To hear reports of Town Officers and Committees and act thereon.

ART. 4. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.

ART. 5. To see what action the Town will take on the following question: Shall licenses be granted for the sale of intoxicating liquors in the Town? The vote be yes or no, as provided by Revised Laws, Chapter 100, Section 10.

ART. 6. To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

ART. 7. To see if the Town will vote to raise and appropriate a sum not exceeding three hundred dollars, said money to be used for the support of the Public Library.

ART. 8. To see what action the Town will take on the following question: "Shall Chapter 807 of the Acts of 1913, being an Act to provide for compensating laborers, workmen and mechanics for injuries sustained in public employment, and to exempt from legal liability counties and municipal corporations which pay such compensation, be accepted by the inhabitants of this Town?" The vote to be taken on the ballot used for the election of Town Officers as provided by said Chapter.

ART. 9. To see what action the Town will take on the following question: "Shall this Town accept the provisions of Section 42 of Chapter 514 of the Acts of the year 1909, as affected by Chapter 494 of the Acts of 1911, which provides that eight hours shall constitute a day's work for city or town employees?" As provided by Chapter 822 of the Acts of 1913, the

vote to be taken on the ballot used for the election of the Town Officers.

ART. 10. To see if the Town will vote not to receive the series of Public Documents and request the Secretary of the Commonwealth to discontinue sending them to the Town, as provided in Acts of 1908, Chapter 422.

ART. 11. To see if the Town will vote to hold its annual Town Meeting on the first Monday in February instead of the first Monday in March.

ART. 12. To see if the Town will vote to raise and appropriate two hundred and fifty dollars to be expended in widening the road opposite the premises of Albert J. Trull, as petitioned for to the County Commissioners by H. W. Foster and others.

ART. 13. To see if the Town will adopt the following regulations, to remain in force until rescinded at a Town Meeting:

SECTION 1. The collector of taxes, with the approval of the Chairman of the Board of Selectmen, may for a sum not less than the sum necessary to be paid by any party entitled to redeem, within two years from the date of the tax sale, assign to any person paying such sum any tax title held by the town, provided, however, that the deed of assignment so given by the collector and approved by the chairman of the Board of Selectmen shall not contain any provisions inconsistent with the right of redemption.

SECTION 2. The collector of taxes, with the approval of the chairman of the Board of Selectmen, may for such sum as the collector of taxes deems reasonable, after two years from the date of the tax

sale, assign to any person paying such sum any tax title held by the town, provided, however, that the deed of assignment so given by the collector and approved by the chairman of the Board of Selectmen shall not contain any provisions inconsistent with the right of redemption.

ART. 14. To see if the Town will petition the directors of the Bureau of Statistics for an audit of its accounts in accordance with provisions of Chapter 598 of the Acts of the year 1910 and amendments thereof.

ART. 15. To see if the Town will instruct the Selectmen to take action to obtain a change of the name of the "Tewksbury Railroad" Station to the "State Infirmary" Station, or to change the name of the "Tewksbury Centre" Railroad Station to the "Tewksbury" Railroad Station, or to obtain any other change in the names of such stations.

ART. 16. To see what action the Town will take in regard to obtaining an amendment of the decree of the County Commissioners apportioning three-fourths of the cost of altering Clark Road upon the Town, and see if the Town will take any action to obtain the consent of the County Commissioners to have the County assume a larger proportion of the expense of said alteration.

ART. 17. To see what action the Town will take, if any, toward enforcing liability of the Bay State Street Railway, successor to Boston and Northern Street Railway, on two (2) bonds given by the Boston and Northern Street Railway to the Town of Tewksbury conditioned to construct and operate street railway lines. One line along Andover Street to the Baptist Church in North Tewksbury, another line along

Hood Road and other roads to dividing line between Town of Tewksbury and Town of Andover, Mass., and to see if the Town will take any other action relative to such bonds or to such extensions.

ART. 18. To see what sum of money the Town will raise and appropriate for the application of tar, oil or other binder to its highways.

ART. 19. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning Jan. 1, 1914, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of said financial year.

ART. 20. To see what compensation the Town will vote for the collection of taxes, and what rate of interest, if any, shall be charged on taxes of 1913 unpaid after a certain date, or to take any other action relative thereto.

ART. 21. To see if the Town will vote to raise a sum not exceeding one hundred dollars, such sum to be used for the care of the Parks and Commons.

ART. 22. To see if the Town will vote to borrow, if necessary, a sum not exceeding one twenty-fifth of one per cent. of the current year's valuation, such sum of money to be used in the suppression of the Gipsy and Brown Tail moths, and not to be expended before December 1st next, and to be raised in the tax levy of the year 1915.

ART. 23. To see if the Town will raise and appropriate a sum not to exceed three hundred and fifty dollars to be expended by the Tree Warden Department in suppressing the Elm Leaf Beetle, removing, repairing, pruning and planting of street trees.

ART. 24. To see if the Town will appropriate the sum of one hundred and fifty dollars to purchase gas lights to finish lighting Lee and Chandler Street to its junction with East Street.

ART. 25. To see if the Town will vote to place a gas light at the corner of Pond and Main Street, now known as Bakers Corner, as petitioned for by W. Bancroft and others.

ART. 26. To see what action the Town will take relative to the placing of a gas light on Main Street, front of Mr. Wm. H. Landers' residence.

ART. 27. To see if the Town will vote to establish on Main Street, between Pike and Roger Street, four gas lights, and appropriate the necessary amount for the erection and maintenance of same, as petitioned for by S. P. Pike, Avery Chemical Co., and 21 citizens.

ART. 28. To see what action the Town will take in regard to building and repairing the Clark Road, according to the decree of the County Commissioners, and appropriate the necessary money for the same.

ART. 29. To see if Town will vote to furnish a telephone for the use of Town Treasurer.

ART. 30. To see what action the Town will take relative to providing a telephone for Fire Warden.

ART. 31. To see what action the Town will take to reimburse Lawrence E. Lynch for the loss of a horse,

caused by the negligence of employees of Moth Department in spraying.

ART. 32. To see if the Town will consider the question of fire protection. This meeting to appropriate a sum not exceeding twenty-five hundred dollars ($2,500) for organization, equipment, and maintenance, and instruct the Selectmen to organize a Town Fire Department, as provided by the statutes of this Commonwealth.

ART. 33. To see if the Town will appoint a committee to consider a water supply for the Town of Tewksbury, and report at a special Town meeting to be held not later than June 1st, 1914.

ART. 34. To see if the Town will vote to raise the sum of $381.06 to pay the outstanding bills against the Shawsheen School at South Tewksbury.

ART. 35. To see if the Town will vote to pay John H. Cocker the sum of one hundred seventeen and 35-100 ($117.35) for labor performed in making plumbing repairs and furnishing materials in the Foster School during the years 1909, 1910 and 1911.

ART. 36. To see if the Town will confer with the Bay State Street Railway, and cause to be constructed a catch basin over the different culverts in Andover Street, between Flemings' blacksmith shop and the end of the car line, to carry away the drainage in the ditch left by the Bay State in completing that portion of their road.

ART. 37. To see if the Town will appoint a committee to confer with the Lowell Gas Light Company to extend its mains from their present terminus on Andover Street to the home of Mr. Hugh Cameron in the North Village.

ART. 38. To see if the Board of Selectmen will instruct the Town Attorney to communicate with the present Governor and ascertain, if possible, why the Town has not received a decision of the hearing that was held before the then so-called Railroad Commissioners, which has since been changed to Public Service Commission, regarding the issuing of transfers in Tewksbury on the present Andover Street line.

ART. 39. To see if the Town will vote to authorize the Selectmen to institute or defend any suits that are, or may be brought against the Town.

ART. 40. To see if the Board of Selectmen will instruct the Town Attorney to bring suit against the Bay State Railroad to recover on $15,000 bond issued at the time the franchise was granted to construct and operate an electric street railway from the terminus of the then constructed road facing the residence of John Flemings on Andover Street, for which one bond of $5,000 and another bond of $10,000 was issued by the then Boston and Northern Street Railway, which has been succeeded by the Bay State Street Railway, who have assumed all liabilities.

ART. 41. To see what action the Town will take on the following: That no trees that border grass land along the highways shall be sprayed between June 1st and Aug. 1st, 1914.

ART. 42. To see if the Town will vote to appropriate a sum not exceeding five hundred dollars to repair Chandler Street from Main Street to East Street.

ART. 43. To see if the Town will vote to raise and appropriate the sum of six hundred dollars ($600) for rebuilding wall of culvert on River Road, so-called, at the Old Mill Pond.

ART. 44. To see if the Town will appropriate $500.00 to gravel Vale Street and put up guard rails.

ART. 45. To see if the Town will appropriate the sum of four hundred dollars ($400) to repair Astle Street.

ART. 46. To see if the Town will vote to place four more street lights on Astle Street.

ART. 47. To see if the Town will vote to accept Forrest Avenue from Woburn Street to Lowell Street.

ART. 48. To see if the Board of Selectmen will have the Town Attorney draw up a petition relative to transfer limits in a town and then have it signed by the entire Board of Selectmen, the same to be a petition of the Town.

The above petition to be presented to the Committee on Rules at the State House in Boston, along with an Act relative to transfer privileges in a town or city. The sense of the Act to be as follows: That all transfer limits shall not be less than two and three-quarter miles from any centrally-located transfer station, and that transfers shall be issued on all cars running on such lines.

ART. 49. To see if the Town will vote to raise and appropriate the sum of $125.00, for the proper observance of Memorial Day, and appoint a committee to expend the money.

ART. 50. To see if the Town will vote to instruct the Selectmen to hire a safety deposit box in some bank in Lowell, Mass., for the safe keeping of the Town's important papers.

And you are directed to serve this Warrant by posting up attested copies thereof, one at each of the Public

Meeting Houses, one at the Town Hall, one at each of the Post Offices, and leave one hundred copies for the use of the citizens at the Post Offices in said Town, eight days at least, and over two Sundays, before the time of holding said meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands this fourteenth day of February, in the year of our Lord, one thousand nine hundred and fourteen.

HARRY L. SHEDD,
JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
Selectmen of Tewksbury.

WARREN L. LINCOLN

REPORT OF THE SCHOOL COMMITTEE

The Committee respectfully calls your attention to the following report:

This Town has been paying more in proportion towards the Superintendent's salary than the other towns in the district. The schedule has been changed as follows, making our proportion $46 less than before:

Town	Teachers 1913-14	Rate	Pay per Month	Pay per Year	Rebate from State	Actual New Cost	Present Actual Cost	Change in Cost
Dracut	18	9-25	$72	$ 864	$ 450	$ 414	$ 460.00	−$46.00
N. Reading ...	4	2-25	16	192	100	92	76.67	+15.33
Tewksbury ...	8	4-25	32	384	200	184	230.00	− 46.00
Tyngsboro ...	4	2-25	16	192	100	92	76.67	+15.33
Wilmington ..	16	8-25	64	768	400	368	306.66	+61.34
Totals ..	50	25-25	$200	$2400	$1250	$1150	$1150.00	$ 0.00

At a joint meeting of the District Committee, held in July at the Y. M. C. A. rooms in Lowell, former Supt. Mr. S. Howard Chace tendered his resignation. We received this with the deepest regret, for Mr. Chace has been one of our ablest and most progressive superintendents. Mr. Chas. L. Randall was elected to take his place. Mr. Randall was formerly superintendent of the Holden District for five years, and comes to us highly recommended.

It seemed advisable to your Committee to make an advance in teachers' salaries to the following extent: An inexperienced teacher is to receive $10 per week, an experienced teacher $11 per week, then an increase of 50c. per week for three years, making a maximum of $12.50 per week. We feel that we have many excellent teachers in our schools and should make the best efforts possible to hold them.

The Committee have purchased two heaters for the school barge, in order to make it more comfortable for the children during the winter.

Electric lights have been put into the North Schoolhouse. This was done by gifts of money from the parents and friends interested in the School. The Committee wish to express their appreciation to these loyal and interested patrons. Miss Tirzah Morse resigned from the North School in June to accept a much better position in Chicago. The Committee realized that it would be difficult to find as excellent a teacher again, but we feel that we have been particularly fortunate in securing Miss Kathleen Marsh, who was elected in October.

During the summer the West Schoolhouse was painted outside. Painting and repairing was also done at this time in the Foster and Library Schoolhouses.

The grounds around the Library Schoolhouse have been laid out and graded, adding very much to the neatness and general appearance of the building. This work was accomplished by the scholars, who gave a very pleasing entertainment under the direction of their teacher, Miss Wiggin. The Committee appreciates the untiring interest of our teachers, and the many extra things done by them for the benefit of our schools.

A good sewing machine has been purchased for the use of the girls at the Foster and Library Schools, and Miss Cora Strong employed as supervisor of sewing.

The Shawsheen School was opened in October with 38 scholars, and Miss A. Phoebe Walker was elected teacher at that time. It was voted to make it a training school for the Lowell Normal School under the supervision of the State. The State has given a great deal of help in the line of equipment both at the Shawsheen and North Schools.

Notwithstanding the relief the Shawsheen School gave us at the Foster and Library Schools, the Committee still find some grades at the Foster School overcrowded. At the beginning of the Fall term there were 73 children in Grades I. and II., and after some had been changed to the Shawsheen School we still have 60. This necessitated our hiring an assistant teacher, Miss Flyn.

The enactment of a recent law passed in March, 1913, compels our town to reimburse the parents or guardians of High School scholars for transportation, the said reimbursement being returned to the Town by the State, according to Chap. 396 of the Acts and Resolves of 1913.

It is apparent from the financial statement that the expenses of the schools are increasing each year. The addition of the Shawsheen School enlarges on our financial depletion, but the rapidly increasing number of scholars, both in the Elementary and High Schools, makes necessary a larger increase in expenses. Because of this augmentation of scholars in the Elementary Schools we have been obliged to hire two more teachers, thus making an increase of $800 over last year in teachers' salaries. A similar increase of scholars in the High and Industrial Schools adds $545 to our tuition and $200 to our transportation bills. Your Committee wishes to call your attention to the fact that $1,545 has been added to our expenses by the increasing number of scholars in our schools.

The Committee believes the following sums of money should be appropriated to meet school expenses for the coming year:

Outstanding bills	$ 599.79
Teachers	3,900.00
Tuition	2,020.00
Transportation	1,400.00
Books and Supplies	425.00
School Houses	500.00
Medical Inspection	100.00
Supervision	300.00
Fuel and Janitors	1,500.00
Miscellaneous	100.00
Insurance	325.00
	$11,169.79

FINANCIAL REPORT

Following is the financial statement of the Committee. The expenditures in detail may be found in the Auditor's report:

Receipts

Appropriation	$ 9,500.00	
Reimbursements from State:		
Acct. Industrial tuition	127.50	
Acct. State children tuition	75.50	
Acct. High School tuition	1,365.00	
Acct. Supervision	250.00	
Acct. Income Mass. School Fund	1,022.51	
W. A. Patten, acct. Gillis tuition	10.00	
W. A. Patten acct., Dodge tuition	40.00	
W. A. Patten, sale of junk and material	6.32	
W. A. Patten, use of Pickering Hall	5.00	
Mrs. May L. Larrabee, use of Pickering Hall	5.00	
Public Library, coal and wood	11.10	
Total receipts		$12,417.93

Expenditures

Teachers	$ 3,396.49	
Mass. School Fund	1,022.51	
Fuel and Janitor	1,428.14	
Transportation	1,382.66	
Supervision	404.00	
School Books and Supplies	500.18	
School Houses	497.45	
Tuition	3,535.51	
Medical Inspection	124.47	
School Miscellany	126.52	
Total bills paid		$12,417.93
Outstanding bills due:		
City of Lowell for tuition		$ 587.85

Respectfully submitted,

WILBUR A. PATTEN,
CLARENCE E. CLARK,
MAY L. LARRABEE.

SCHOOL SUPERINTENDENT'S REPORT

Lowell, Mass., Jan. 19, 1914.

To the School Committee of Tewksbury:

Mrs. Larrabee and Gentlemen:

I hereby submit my first annual report, which is the twenty-third in the series of Superintendents' reports.

It seems to me fitting at this time to express appreciation of the uniformly good work of my predecessor, Mr. S. Howard Chace. I found your schools in as good condition as it is possible to find in overcrowded rooms. Your buildings are in good repair; your new building, the Shawsheen, probably the best rural school in the State. You have an efficient corps of teachers, who are already giving me loyal support and co-operation.

In this report I shall endeavor to show you some features of present school work which is new or is being strengthened, and also to point out our aims for the future. It is likely that some strong work by schools or teachers may pass unnoticed, but it will not be due to a lack of appreciation on the part of the Superintendent.

A Creed

I wish at this time of making this, my first report, to state my educational creed.

I am old-fashioned enough to believe in making the essential studies very important and thoroughly fixing them in mind.

I believe in the "3 R's," Reading, Writing, and Arithmetic as the foundation of all education; "he that climbeth up some other way the same is a pilferer." I believe that they should be taught more efficiently and fixed more lastingly than in the "good old days."

I believe in spelling both oral and written, even in the "spelling match."

I believe in grammar as a tool, a measure, to be to the mind of pupil and teacher what the twenty-four inch guage is to the hand of the workman.

I believe in good scholarship for those who are able to attain it, both in the grades and in the High School.

I believe in some systematic home study in the upper grades and in the High School: pupils are not overworked in our schools to-day.

I believe that the new studies, so called, have no place in any school system till such time as teachers and pupils have this old-time and long-enduring platform, embraced in the above creed, to stand upon.

But having secured this platform then I believe in the modern subjects.

I believe in industrial studies in the schools: Gardening, manual training, sewing, basketry, lunch-serving, etc.

I believe in the cultural subjects: Music, drawing, nature, study, etc.

I believe in community activities: In the district, village, or town becoming a part of its own schools, and working in common with the teacher for its uplift and success.

I believe in the importance of oversight of pupils during the recess and intermission, whether this oversight is exercised under the name of play-supervision or some less formidable name.

I believe in conserving the health of our pupils: that the time will come when school officers will more than at present seek to forestall sickness among school children.

Lastly, I believe in the public schools, both the pupils thereof and the teachers thereof, and that the prosperity of America depends upon them.

Text Books

Several changes have been made in text books. The Champion Spellers have been placed in all the schools, the Bowen Music Slips for "Individual Singing" are being used, and new music readers are being ordered as needed.

Several other changes should be made as the books now in service wear out, especially in arithmetics, geographies and language books, all of which are old editions which were revised several years ago. While the strength of the school is in the teacher, yet a good teacher, like a good workman, should have the best tools obtainable.

The Foster Building

The Foster School is inadequate for the number of pupils now attending. You will see from the table of statistics that the primary room is overcrowded at present, while the other rooms of the building have as many pupils as should be given to one teacher.

The new Shawsheen School, which was built to relieve the congested conditions at the Centre, helped to do so by taking care of thirty-eight pupils, but even then over sixty pupils were left in the primary room.

It has been necessary to engage a fifth teacher, Miss Elizabeth Flynn, for the Foster Building throughout the year. Miss Flynn has her regular classes in the small room known as the "Committee Room," but this arrangement is a poor one: five teachers and four rooms is a poor business proposition. It is impossible for the teachers to do as satisfactory work as where each teacher has her own room, in other words, the town does not get a proper return for the money expended.

It seems that the large number of children in the schools is not simply a temporary matter but one that will prove permanent and constantly increasing. The Town should therefore make preparation to accommodate its pupils. It ought also to be a cause of satisfaction that the school population is increasing, nothing speaks better for the future welfare of a town.

I recommend, therefore, that you consider the advisability of making such additions in the near future to the Foster Building that two additional schools may be opened, one to accommodate the children already there, the other that the school now in the Library building may be placed in the Foster Building.

Training Schools

The new Shawsheen School was opened in October under the supervision of the State as a training school for the Lowell Normal School, thereby giving you two such schools.

While the arrangements with the Normal School are such that I visit these schools but seldom, yet I have seen enough to be convinced that splendid work is being done in each of them, and that the Town gains in being able to secure higher salaried teachers and a far greater and better equipment through the agency of the State than it could possibly do alone.

I am especially pleased with the industrial and community work which is being done at the North.

Banking

During the summer of 1913 the Central Bank of Lowell, which for several years had done business with the schools of Dracut, Tewksbury and Tyngsborough, voted to discontinue banking with the

schools of these towns. We were, therefore, left at the beginning of the present school year with no banking system for our schools.

The Acts of 1911 authorize any savings bank in the State to do a legitimate business with the schools upon the request of the School Committee. The necessary legal steps have been taken, and the Lowell Institution for Savings has complied with the law, made the necessary preparation, and is now doing a banking business with the towns above named.

The system is such that the pupil does just as real a business one day per week with the teacher as temporary bank clerk as he could do if he actually went to the city. Any sum is received from one cent up. When this sum reaches one dollar it is placed on interest and a real bank book is issued to the pupil. A very good idea of banking will be taught to the pupil as well as "thrift," which the law compels the schools to teach.

Mr. E. B. Carney, treasurer of the bank, has shown his interest in the enterprise by personally visiting each school in the three towns.

Penmanship

I found business writing in use in nearly all the schools of the district. In some schools the manuals were in use, in others no manual was found. I have attempted to give new vigor to the work of writing in the public schools, which I believe to be one of the important "Three R's." In this I have been greatly assisted by Mr. W. E. Riley, of the Lowell Normal School, who has visited with me all the schools of the district and has given lessons which have been an inspiration to teachers and pupils.

An exchange has been arranged between the different grammar schools, and specimens of writing will be shown at the local exhibits to be held in the spring term. Several teachers are working to improve themselves as teachers of penmanship, and several pupils are working for "diplomas" in writing.

Home Gardens

Wherever a school has grounds suitable for school gardens, and when suitable arrangements can be made for caring for the gardens during the summer, I heartily approve of them, but in many cases these advantages do not exist. Except under favorable circumstances I wish to encourage home gardens in place of school gardens. I hope to form corn and potato clubs with the assistance of the State College at Amherst and in connection with the local grange.

I take this opportunity to ask the co-operation of every patron of husbandry. There is no better way to unite the interests of home and school. I look forward to a local fair next fall under the auspices of the grange, where each pupil may show the results of home activities. Encouragement of this kind is legitimate work for the grange to do, and will help both school and grange, for the child of today may be the patron of tomorrow.

Stores in the Fourth Grade

Store playing has been taken up in connection with the arithmetic of the fourth grade in an attempt to make a practical use of the multiplication tables, the addition, subtraction and other processes which have been learned. The child who can go to the store, make a half-dozen purchases correctly, and be sure that no mistake has been made in change, has acquired something of value to himself and to his parents.

Mr. E. B. Carney, treasurer of the Lowell Institution for Savings, voluntarily sent the following, which he permits me to quote: "I was favorably impressed in our recent visits to the various schools under your charge to find that in some of the schools practical examples in finance and business were being taught by means of the various articles offered for sale in the school stores. I believe that it is a step in the right direction and will materially help the scholars, the teachers, and the deposits in the savings bank."

Industrial

New impetus has been given to the industrial work this year by requesting Miss Carney to give her work in drawing a trend along the line of construction work. The teachers of the upper grades have done some commendable work both with the boys and the girls, all of which will be seen at the spring exhibit. Miss Wiggin's pupils have done fine work on the grounds of the Library School, while Miss Flemings' pupils have done a considerable business in cane-seating. In addition to this work so briefly indicated, a sewing machine has been purchased and the teachers of the upper grades are giving instruction in sewing one hour per week. Miss Cora Strong, of Wilmington, meets teachers and pupils to plan the work and give sewing lessons one half-day in two weeks.

Playgrounds

The care of fifty children who bring their dinners during the noon intermission is considerable. During the pleasant weather the teachers for the Foster School organize games and actually take part with enjoyment in the sports of both boys and girls. It is a necessary part of a teacher's duties to take charge of the pupils during the recesses, that teacher who can do it to the enjoyment of both pupil and herself has a rare gift of management.

I hope to have a few pieces of simple and safe play apparatus, such as see-saws and swings for the little children, in place another spring. It lightens outside discipline as well as that of the school rooms to be able to tell the pupils what to do as well as what not to do.

I know of no teachers who are doing more for their children in this respect than those of Tewksbury.

Lunch Clubs

At the time of this writing a lunch club is being formed among the pupils who bring their dinners at the Foster School. The room formerly called the laboratory has been fitted up so that twenty or more pupils may be seated at the long table. The table will be properly "set," each pupil will eat his own lunch, but will eat it from a plate at the table. Hot cocoa will be served to each pupil. As one of the teachers will preside at the table each day, it is expected that the half-hour spent at the lunch period will be one of profit in many ways. The teachers also look forward to occasional lessons in cooking.

Eighth Grade Graduation

In the Foster Building last June the following program was presented by the grduating class:

PIANO DUET ..... Matilda Kleinberg, Alice Abel

GREETING ..... Annie Cameron

Class Exercise ..... South America

PIANO SOLO ..... Irene Miller

SONG ..... "The Daws are Flashing Lightly"

PIANO SOLO ..... Eva Cole

SONG ..... "Stories"

SONG .....“Miss Algebra.”
ABRAHAM LINCOLN .....Anthony Anderson
“O CAPTAIN, MY CAPTAIN” .....Harriet Stevens
FAREWELL ..... ———
PRESENTATION OF GIFT.....Robert Lacy
ACCEPTANCE OF GIFT.....Mr. Wilbur Patten
ADDRESS .....Rev. Sarah A. Dixon, Ph.D.
PRESENTATION OF DIPLOMAS.....Mr. Clarence Clark
CLASS SONG .....Words by Irene Aldrich

Graduates

Adelbert Anderson, home	Herbert Harnden, H. S.
Anthony Anderson, H. S.	Matilda Kleinberg, H. S.
Irene Aldrich, H. S.	Robert Lacy, H. S.
Alice Abel, H. S.	Elsie Lovejoy, I. S.
Eva Coin, I. S.	Annie McCoy, H. S.
Walter Coombs, I. S.	Thomas McHugh, H. S.
Annie Cameron, H. S.	Irene Miller, H. S.
Onestus Felker, H. S.	Margery Sawyer, I. S.
Louisa Garside, left	Ralph Simpson, left
Fred Goodwin, left	Harriet Stevens, R. H.

Of these graduates Anthony Anderson, Irene Aldrich, Annie Cameron, Onestus Felker, Herbert Harnden, Matilda Kleinberg, Robert Lacy, Annie McCoy, Thomas McHugh, Lena Miller, Alice Abel entered the Lowell High School; Eva Cole, Walter Coombs, Elsie Lovejoy, Margery Sawyer entered the Industrial School, Harriet Stevens entered Rogers Hall, while Adelbert Anderson, Laura Garside, Fred Goodwin and Ralph Simpson have left school.

High School Students

There are nineteen pupils in the eighth grade this year. Of this number fifteen expect to enter the Lowell High School, one expects to enter the Industrial School, and three plan to leave school at the completion of the eighth grade.

It is gratifying to have so many pupils ambitious to enter the High School. I have no doubt that the new free transportation law will encourage a still larger number to obtain a High School education. I notice that the report of last year, page 4, gives 46 as the

largest number to attend the High School, there are 50 at the present time, making a bill of $1,000 per term for High School tuition.

There are at present 14 pupils in the Industrial School, which I think is an increase over the number in attendance last year.

The financial problem of keeping a correct account of the amount of tuition and transportation money justly due from the Town is an important one. We are hindered in keeping these accounts by pupils failing to notify us when they cease to be members of either school. If all pupils and parents of pupils in attendance at the Lowell High or Industrial School will take the trouble to notify the Superintendent immediately in case of a cessation of membership it will greatly facilitate the task of those who are responsible for the correctness of the bills.

Table of Statistics

I call your attention to the table of statistics. Please notice the number of pupils at present enrolled in the Foster Building.

The total enrollment of pupils is somewhat confusing on account of most of the pupils of the Shawsheen School having also been enrolled in the Foster Schools, but it is plain from the column entitled "Present Enrollment" that there are 282 pupils in your schools today, against 276 one year ago. It is right to count the 50 pupils whom Tewksbury sends to Lowell High School, which makes 326 pupils in the public schools. Please notice the per cent. of attendance, 95 per cent. for the average is very high.

Co-operation of Parents

I invite the co-operation of parents and guardians. They are urged to visit the schools and consult with the teachers for the best interest of the child, not alone when there is trouble, but rather that trouble may not possibly arise.

Parents are requested in the upper grades to encourage their children to a certain amount of systematic home study, not enough to be injurious to the pupil, but enough to fix in his mind the importance of forming studious habits.

And, finally, parents are urged to keep the child in the best possible physical and mental condition for his school work. I am convinced that all social functions and entertainments which seek the patronage of pupils of the public schools should come on Friday or Saturday nights.

Conclusion

In conclusion I wish to call your attention to the reports of the supervisors, of the school physician, and of the attendance officer, which follow this report and form a part of it.

I wish to express my appreciation of the cordial and unfailing support given me by the Committee, and of the loyal co-operation of every teacher.

Respectfully submitted,

CHARLES L. RANDALL.

REPORT OF SUPERVISOR OF MANUAL ARTS

Mr. Charles L. Randall, Superintendent of Schools.

Dear Sir:—

I take pleasure in presenting my third annual report of the work in Drawing and Manual Arts in the Tewksbury schools.

In some communities the feeling exists that drawing is not one of the fundamentals, and therefore should be relegated to an inferior position in the school curriculum. The fact is that disciplinary drawing is of the greatest educational value. Aside from its æsthetic value, drawing in the public schools serves a great purpose, for it develops the power of expression. Every means of self-expression by which the mind can be unfolded should be developed to the utmost.

The regular course in drawing, divided into its different branches and each one taken in turn, has been followed this year with additional steps or more advanced work. This course includes color work in the fall, the most helpful season for this branch, studied with color scales and applied in washes, nature specimens, vegetable groups and landscapes;—design in its simplest form is introduced early for decoration at Christmas time, when it is combined with measuring and construction in the making of gift cards, boxes and picture frames;—object drawing and simple rules governing it find their place in the winter months; printing, a most beneficial branch, is taken up and applied several times during the year; good spacing and more advanced design, combined with color and relative to nature, complete the course.

The manual work consists of paper cutting, furniture construction and raffia work in the lower grades basketry, weaving and elementary sloyd in the upper grades.

An exhibit of the year's work in all grades will be held in May, and it is hoped will arouse the interest of parents and friends to encourage the pupils and teachers to a still greater advancement.

In all the phases of the work the cordial and painstaking cooperation of the teachers has been a most pleasant and helpful feature, and I desire hereby to express my thanks to the Superintendent and teachers for their manifest interest.

Respectfully submitted,

MARGARET J. CARNEY,

Supervisor of Manual Arts.

January 27, 1914.

REPORT OF SUPERVISOR OF MUSIC

Mr. Charles L. Randall, Superintendent of Schools.

Dear Sir:—

I have the pleasure to present herewith my third annual report of music in Tewksbury.

This year we are mastering time problems by teaching time motions. Time in music is motion reduced to law, and we have taught these motions through the seven fundamental time motions.

Considerable skill in the production of good tone has been acquired through breathing exercises and vocal drills.

Individual singing is playing a very important part in our work this year. In all other branches of school work it is required as an aid in the assimilation of facts and as a test of the knowledge the child has gained. Why not in music? The sight translation of a slip of music requires a thorough knowledge of the fundamental principles as expressed in staff notation, quick thinking, intense concentration to enable the child to think time and tune at the same time, independence and self-control. Written work is given with all individual singing lessons.

Graded melodies and Weaver slips are used for this branch of the work.

Much credit is due the teachers for the splendid results most have obtained in sight singing owing to the blackboard work which they are so faithfully carrying out.

One new rote song is taught each week in the lower grades to inspire the love of good music and for musical conception and interpretation. This is developed through songs from the music readers in the upper grades.

In conclusion, I wish to thank the Superintendent and teachers for their valuable assistance and co-operation.

Respectfully submitted,

MILDRED COLVILLE MALTON.

January 27, 1914.

REPORT OF ATTENDANCE OFFICER

Tewksbury, Jan. 14, 1914.

Charles L. Randall, Superintendent of Schools.

Dear Sir:

My work as Attendance Officer during the past year has been very light, as I have not been called to look up but eleven cases, and most of these I found were out on account of sickness, and not as truants, and all returned to school as soon as able to attend.

Yours respectfully,

FRANK H. FARMER,

Attendance Officer.

Nov. 17,	T. H. Painter	Material bought	.90
Dec. 15,	Bennett Bros. Co.	Driving point for water	21.55
Dec. 15,	Bennett Bros. Co.	Pressure tanks, etc.	171.00
Dec. 15,	Allen, Totman Co.	Slate	117.92
Dec. 20,	Antonio Pallatto	Foundation, cementing	81.65
1914			
Jan. 8,	Bennett Bros. Co.	Pressure tanks, etc.	2.29
Jan. 8,	Carroll Bros. Co.	Heating and ventilating	368.00
Jan. 8,	W. L. Floyd	Act. expenses	25.35
			$8,000.00

The Committee had several meetings, visited several schools in Dracut and one in Reading, looked over several pieces of land in the vicinity of Foster's Corner, and bought two acres on the Salem Road just off the Boston Road, well located and near the electric cars.

Plans were adopted as submitted by the architect, Mr. W. L. Floyd, of Lowell, and contracts awarded for the lowest bids as follows:—Carpenter, James Blackstock; foundation, Antonio Pallatto; brickwork and plaster, F. E. Riley; plumbing, Scott & O'Day; heating and ventilating, Carroll Bros.; painting, G. E. Buckland; pressure tanks, etc., Bennett Bros. Co.; driven well, Prescott & Gould.

The last contract, for driven well, was awarded after work was well under way on the building.

The Committee have anticipated a possible growth of the school by providing for two additional rooms. This can be done by raising the roof the height of the windows, the timbers being such that this can easily be done. Also the hot air flues are in place for the second floor, it being necessary only to install the furnace (for which space is provided) and connect.

After a very thorough and exhaustive inspection and tests by experts from the State Inspection Department in Boston, the building was heartily approved for its ample space for the allotted number of scholars, good light, sanitation, heating, ventilation, even temperature and safety.

The building was completed and ready for school in October, and gives satisfaction.

On account of the favorable reports received concerning the building, the Committee wish that the residents of Tewksbury would visit the school and see the result of the money they so generously appropriated.

A letter written by Mr. Cyrus A. Durgin, principal of the State Normal School in Lowell, gives his opinion of the school as follows:

" . . . . . You may not be aware that the Town Committee of Tewksbury have done something quite revolutionary in the way of schoolhouse construction. In the first place you have provided a lot of land for gardening, playground work and general activities, the extent and practical value of which I do not remember having seen equalled in any community which I have visited. . . . . This matter has received the attention of practically no rural school communities anywhere except possibly in the Western States. . . .
I feel that I ought to tell you that, in my judgment, the School Committee of Tewksbury have taken a step in advance of all other com-

mittees that I know of in giving to the children of the South Tewksbury district plenty of yard room for their work and play. This situation is certainly unique in Massachusetts school history.

The building itself is a model of its kind. I doubt if you will find anywhere in our State a two-room rural school which surpasses it, and few so well planned and adapted to the needs of the children.

The State School will attempt, in conjunction with the Superintendent and School Committee of Tewksbury, a model school of such character as to attract the attention of educators all over Massachusetts.

. . . . . Suffice it to say that it is not only my judgment but that of all the State school instructors who have visited the school that the people of Tewksbury have at the disposal of their children one of the finest buildings to be found anywhere in the Commonwealth. . . . . ."

The Committee estimated that water could be obtained for $25 to $35. Bennett Bros. Co. spent two days driving a pipe, but were unable to get down more than about 9 feet. Therefore it seemed best to ask for bids for drilling a well.

The lowest figure submitted was $3 per foot through gravel, and $4 per foot through ledge. The well is 109 feet deep, 100 feet being through solid ledge, making a total cost of $427. The Committee feel justified, however, that the pure water obtained and a never-failing supply at hand, compensated the extra expense.

For the same reason, striking ledge, the dry well cost about $100 more than was estimated.

As will be seen by the above figures, the cost exceeded the appropriation by $381.06. This was due to striking ledge.

The Committee ask that the sum of $381.06 be appropriated to pay the outstanding bills, as follows:

James Blackstock, carpenter	$318.43
W. L. Floyd, architect	62.63
Total	$381.06

Respectfully submitted,

WILBUR A. PATTEN,
HARRY L. SHEDD.

REPORT OF BOARD OF APPRAISERS OF PROPERTY OF TOWN OF TEWKSBURY

Your Board met at the Town Farm, January 1st, 1915, and made an appraisal of the personal property at the Farm. We found everything in excellent condition under the management of Mr. and Mrs. Darby.

We also made an appraisal of the property of the Highway and Moth Departments.

We submit our report as follows:

Appraisal of Personal Property at Town Farm

Total appraisal for 1915	$ 5,221.80
Total appraisal for 1914	4,749.55
Net gain	$ 472.25

Highways

Total appraisal for 1914	$ 1,974.55
Total appraisal for 1915	1,890.45
Net loss	$ 84.10

Moth Department

Total appraisal for 1915	$ 1,993.75
Total appraisal for 1914	1,944.25
Net gain	$ 49.50

Insane and Poor	1,000.00

HARRY L. SHEDD,
JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
Selectmen of Tewksbury.

SELECTMEN'S REPORT IN REGARD TO TOWN FIRE EXTINGUISHERS.

The following is a list of Fire Extinguishers in the hands of citizens:

Hannah J. Chandler	C. K. French
H. W. Pillsbury	C. M. Painter
Geo. D. Forristall	Geo. W. Marshall
E. W. Foster	E. P. Carter
Geo. W. Trull	Alec Cameron
E. H. French	H. W. Foster
Albion Felker	Jas. H. Chambers
F. A. Haines	Louis Small
F. I. Carter	R. S. McCausland
H. L. Shedd (2)	G. W. Foster
H. E. Lee	E. M. Bailey
John H. Chandler	Town Barn

The above extinguishers were found in A No. 1 condition and returned, cleaned and recharged.

An extinguisher at M. F. Carroll's was found in good condition, is now on the Fire Wagon.

James Long, burned at Delno fire	B. W. Burtt, frozen
H. Cameron, burned at own fire	F. P. Buyens, frozen
W. J. McLaren, frozen	R. Wright, never had one
G. E. Crosby, frozen	

HARRY L. SHEDD,
JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
Selectmen of Tewksbury.

REPORT OF SELECTMEN IN REGARD TO ORGANIZING AND EQUIPPING TOWN FIRE DEPARTMENT

Your committee purchased six Badger fire extinguishers, with 100 feet of hose and 12 feet of rope for each extinguisher.

The extinguishers are located at the following places:

Geo. E. Bennett, North Tewksbury. Tel. 2749-M.
Hugh Cameron, North Tewksbury. Tel. 164-W.
Wilbur A. Patten, Tewksbury. Tel. 4245-M or 610.
Geo. W. Chandler, Tewksbury. Tel. 4249-J.
Aaron Osterman, West Tewksbury. Tel. 4277-W.
Shawsheen School, South Tewksbury. Peter Bonugli, S1935.

The above-named were appointed engineers to serve for the ensuing year.

HARRY L. SHEDD,
JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
Selectmen of Tewksbury.

REPORT OF SELECTMEN IN REGARD TO BONDS OF THE BAY STATE STREET R. R. HELD BY THE TOWN

Your committee executed to the best of their ability the instructions as voted by the Town. The following is a report to the Selectmen by the Town Attorney, who was employed by your Selectmen to bring suit on said bonds.

500 Hildreth Building, Lowell, Mass.,
December 4, 1914.

Board of Selectmen of Tewksbury,
Tewksbury, Mass.

Gentlemen:

As the By-Laws of the Town require you to make detailed reports of your action as Selectmen to the Town in the Annual Town Report, I have thought it proper to render you a brief statement relative to the suit of the Town against the Bay State Street Railway, and the reasons for the settlement made with the defendant.

The suit was brought on June 8, 1914, in accordance with your orders, and was assigned by the Court for a hearing on Wednesday, November 25, 1914, at the jury waived session in Lowell, and the Town counsel was prepared to try the case on that day, although later, by agreement, the trial was postponed until Monday, November 30th, in order to allow more time in which to negotiate a settlement.

Several citizens of the Town have, since the Town meeting, criticized the Selectmen for failure to settle the case on their own responsibility, and for calling a special Town meeting. The two members of the Board with whom I talked before the call for this meeting were advised by me that, since the vote of the Town merely authorized them to bring the suit, that they had no right or power to compromise the same without the consent of the Town. I endeavored to explain this clearly at the Town meeting, but evidently some of the voters failed to understand my statement. I repeat that such blame as is due for the call of the special Town meeting should be placed upon me rather than upon the Selectmen, who acted upon my advice.

The Town counsel advised, at the annual meeting in 1914, that there was, on the facts then known to him, a good chance of recovery upon both bonds. At that time the fact that President Sullivan, of the Bay State, was not authorized to sign the North Tewksbury Village bond, so called, for the Boston & Northern Street Railway Company, was not known to the Town counsel, and this fact was an important factor in my determination to accept a settlement offered by the company. After consultation with other members of my firm, I was convinced that the defence of lack of authority of President Sullivan was, in all probability, a valid defence to the action upon this bond, and therefore believed that the Town did not have one chance in ten of recovery upon that bond. My opinion in regard to the true construction of the bond was the same at the special Town meeting as it had been at the annual Town meeting. This explanation will make clear that there was no unwarranted change of opinion on my part between the two meetings. The defences raised upon the second bond were, in the opinion of the Town counsel, not valid, but were very plausible, and might have defeated recovery.

The questions of law arising upon the two bonds were absolutely different, and recovery upon one would have absolutely no tendency to prove that there could be a recovery upon the other.

While a logical argument could be made that interest should be allowed from the date of the breach of the bond, if there was liability, yet there is no case in Massachusetts that actually allows recovery except from the date of bringing the suit.

The sole purpose of the Town counsel in handling this case has been to obtain for the Town the largest amount of money possible. The Town counsel has not considered it material whether testimony was given by officers of the company or not in court, and has not believed that the giving of such testimony would in any way benefit the Town. The amount of fifty-four hundred dollars accepted in full settlement of the suit is, in the opinion of the Town counsel, two hundred dollars more than would have been recovered if the case had been tried, and is, in his opinion, the largest amount which could be obtained by compromise without actual trial.

Respectfully yours,
MELVIN G. ROGERS.

HARRY L. SHEDD,
JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
Selectmen of Tewksbury.

REPORT OF HIGHWAY COMMISSIONERS

The Board of Selectmen, Tewksbury, Mass.

Gentlemen:—

We beg to submit herewith our annual report for the year ending December 31, 1914. The following work had been done by the Town Teams:

Gravel Hauled and Spread

Chandler Street	265	loads
North Street	293	"
Hood Road	253	"
Pleasant Street	56	"
East Street	73	"
Shawsheen Street	199	"
Pond Street	221	"
Marshall Street	119	"
Lawrence Street	140	"
Brown Street	124	"
State Street	40	"
Foster Avenue	34	"
Salem Street	48	"
Other Streets	87	"

Cinders Hauled

Billerica Street	152	loads

Eight culverts and one bridge were rebuilt, nine days were spent blasting and widening French Street, twenty-six days scraping streets and twelve days breaking out road on account of snow. The expenditures of the Highway Department have been materially increased during the past year, because two unusual payments, amounting to nearly $1,000, were made from the regular income of the Department. The sum of $400 was paid for a gravel bank situated on Kendall Road, which was estimated to contain at least 10,000 loads, making the average cost to the Town 4c. per load instead of 10c., as

customarily charged. The other payment, amounting to $553.07, was required to make up the deficiency in the appropriation for rebuilding Clark Road, in accordance with the decree of the County Commissioners. The total cost of this unsolicited improvement was over $6,000, and although largely for the benefit of our neighbors, the Town was assessed 75 per cent. of the cost by the Commissioners, so that the appropriation of $4,000 was insufficient.

The heavy snow of last winter caused a considerable expenditure for breaking roads, a charge which was entirely absent from our account of the preceding year.

While it is expected that the cost of carrying on the Highway Department will be decreased to the normal amount during the coming year, still, in view of the fact that the unexpended balance has been materially reduced, it is recommended that the sum of $800 be appropriated.

The oiling of the roads has, in the judgment of the Commissioners, been productive of good results, and it is advised that the work be continued, if it seems best to the Town.

Respectfully submitted,

C. W. PARSONS,
GEORGE E. MARSHALL,
C. BROOKS STEVENS,
Highway Commissioners.

TEWKSBURY BOARD OF HEALTH REPORT

To the Tewksbury Board of Health.

The following is my report for the year ending Dec. 31st, 1914:

List of Contagious Diseases for the Year

	Cases	Deaths
Measles	2	0
Chicken Pox	10	0
Scarlet Fever	2	0
Whooping Cough	6	0
Diphtheria	2	1
Tuberculosis	2	1
Total	24	2

We have had quite a few of these cases, but they have been of the milder types.

Your attention is called to the fact that in accordance with the provisions of chap. 670 of the Acts of 1913, notice of cases of any disease declared by the State Department of Health, a list of the more common ones being given below, to be dangerous to the public, must be sent to the Board of Health of the city or town by the physician in attendance, and if none is employed, by the householder, within twenty-four hours of its discovery in said family.

List

Infantile Paralysis	Measles
Meningitis (any form)	Mumps
Chicken Pox	Hydrophobia
Diphtheria	Scarlet Fever
Dog Bite (requiring serum treatment)	Severe or Septic Sore Throat
Dysentery (amebic, bacillary)	Small Pox
German Measles	Lockjaw
Glanders	Tuberculosis (all forms)
Inflamed Eyes in the New-born	Typhoid Fever
Malaria	Whooping Cough

I would like the aid of the townspeople in carrying out this regulation.

Another regulation, which affects the milk dealer and producer, is that found under chap. 744 of the Acts of 1914. The substance of

this regulation is, that such producer or dealer must have his premises inspected by the Board of Health, and if found satisfactory he will receive a permit, said permit to be posted upon the premises.

This regulation, although approved, has not as yet been enforced by the State Department of Health. As soon as our Board receives notice of its enforcement we will in turn notify our milk producers.

HERBERT M. LARRABEE, M. D.,
Agent of Board.

REPORT OF INSPECTOR OF ANIMALS

Gentlemen:

The following is the report of the Inspector of Animals for the year ending December 31, 1914:

Number of Cattle inspected	800
Number of Swine inspected	129
Number of Stables inspected	90
Number of Cattle quarantined	14
Number of Swine quarantined	1

Had one case of Glanders.

Respectfuly submitted,

PAUL B. SMITH.

REPORT OF INSPECTOR OF MEATS AND PROVISIONS

Tewksbury, Jan. 11, 1915.

Gentlemen:—

The following is the report of the Inspector of Meats and Provisions for the year ending December 31, 1914:

Number of Sides of Beef inspected	690
Number of Veals inspected	417
Number of Hogs inspected	172
Number of Lambs inspected	5
Number of Sides of Beef condemned	4
Number of Veals condemned	12
Number of Hogs condemned	3

Three cases of Rabies reported during the year.

Respectfuly submitted,

PAUL B. SMITH.

TREE WARDEN'S REPORT

To the Honorable Board of Selectmen.

Gentlemen:—

As Tree Warden I submit the following:

On Lee, Chandler, Livingstone, Maple, Lowe and Cross Streets dead and dangerous limbs and trees were removed. Brush was cut on Pleasant Street at dangerous bends in road. One hundred North Carolina poplar and 50 Catalpa trees were planted on the highways.

My reasons for planting wholly catalpa and poplar are their quick growing qualities and their being less susceptible to injury from moth pests than most other kinds. About 1,500 trees were sprayed twice during the season to suppress the Elm Leaf Beetle.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF PARK COMMISSIONERS

Herewith is submitted a report of the Park Commissioners for the year 1914:

Amount of appropriation	$ 100.00	
Amount expended as shown by Auditor's report	64.65	
Balance unexpended		$ 35.35
Outstanding bills		$ 12.00
Estimated appropriation for 1915 and unexpended balance of 1914		$ 75.00

Respectfully submitted,

H. M. BILLINGS,
Chairman Board of Park Commissioners.

REPORT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen.

Gentlemen:—

As Local Superintendent for the Suppression of Gypsy and Brown Tail Moths I submit the following:

There is a 50 per cent. decrease of Brown Tail Moths, and Gypsy Moth conditions remain about the same as last year on street trees, with 25 per cent. decrease in the woodlands. In the early spring walls infested with Gypsy Moth egg clusters were burned out with crude oil, and trees nearby were tanglefooted and tended twice a week during caterpillar season. Brush and defective trees were cut on badly-infested streets. All street trees sprayed twice.

Received from property owners and remitted to Treasurer:

G. W. Foster	$4.72	D. W. Mace	5.18
F. A. Haines	5.00	Total	$14.90

Yours respectfully,

HARRIS M. BRIGGS.

FOREST WARDEN'S REPORT

To the Honorable Board of Selectmen:

As Forest Warden I submit the following report:

Total number fires attended, 21. False alarms, 12. Acreage, 147 acres total. I would recommend changing the Fire Wagon from a one-horse to a two-horse hitch.

In submitting the above I take this opportunity of thanking your Board, citizens, and State Infirmary employees for aid they have given me in this work.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Tewksbury, Mass., December 31, 1914.

To the Board of Selectmen:

I herewith submit my annual report as Sealer of Weights and Measures for the Town of Tewksbury ending Dec. 31, 1914:

Fees collected for the year	$	35.63
Uncollected fees		.78
	$	36.41
Paid Treasurer		35.63
Platform scales over 5,000 lbs. sealed		4
Reinspected over 5,000 lbs. and sealed		1
Number other scales sealed		59
Number scales condemned		8
Seized		1
Weights Sealed		204
Weights adjusted		55
Milk Bottles Sealed		45
Milk Cans Sealed		3
Yard Measures		2
Liquid Measures		19
Liquid Adjusters		4

The Legislature of 1914 passed a law requiring the Local Sealers to seal all apothecary scales and glass graduates, and that made it necessary to purchase a set of troy weights of 2 drams to 1-100 grain, and they are now in possession of the Sealer.

Very truly yours,

W. H. ALEXANDER,
Sealer of Weights and Measures.

REPORT OF THE COMMITTEE ON FOSTER SCHOOL.

The committee on enlarging the Foster School, if necessary, went into the matter of an addition to this building carefully, and submit the following.

The probable cost of a two-story two-room annex to the Foster School, in the absence of plans to estimate from, including furnishings and new sanitories for the boys, would be about $5,500.00, as submitted by the architect of this building. New sanitories for the boys were included, as the ones now in use are not considered suitable for the extra number of scholars which two rooms would furnish.

It is very doubtful if the boiler now in use would heat any more rooms than at present.

The only place for an annex would be at the rear of the building, which would bring that portion so near the railroad tracks that the noise from passing trains would be objectionable. Also, that much room would be taken from the already too small yard, at the same time giving more pupils to use the smaller area.

It did not seem advisable under the above conditions to make any additions as contemplated.

Opening another room at the Shawsheen School last fall relieved the crowded conditions at the Foster School, so that each room is comfortably filled but not crowded, the number in each room at the Foster School being as follows: Grade 1, 43 pupils; Grade 2 and 3, 44 pupils; Grade 4 and 5, 35 pupils; Grade 7 and 8, 43 pupils.

Conditions being changed from a year ago, the committee therefore do not deem it necessary at the present time to suggest any changes, though probably within a few years, if the schools grow as they have recently, more room must be provided.

Under these circumstances the committee would recommend a new building and not an addition to the Foster School.

Respectfully submitted,

WILBUR A. PATTEN,
CHAS. H. KITTREDGE,
JEREMIAH K. CHANDLER.

REPORT OF THE COMMITTEE AS TO EXTENDING GAS MAIN INTO NORTH TEWKSBURY

At the Annual Town Meeting in March, 1914, a committee, consisting of George E. Bennett, Hugh Cameron and John R. Martin, was appointed to confer with the Lowell Gas Light Company to ascertain what arrangements might be made to have the gas main extended from the city down in Andover Street to a point in North Tewksbury. This committee conferred with Mr. Frank E. Dunbar, President of the Gas Company, June 6th, 1914, and as a result of this conference Mr. Dunbar submitted the following memorandum covering the probable course which would be followed should the Town decide to make an arrangement for the extension of the gas main into North Tewksbury.

Re-extension of Gas Main, North Tewksbury, from present terminus at Flemings' Blacksmith Shop, Andover Street, to house of Mr. Cameron, just beyond North Street; total distance, 7,836 feet.

If Town of Tewksbury, under proper form of agreement, would guarantee to pay the Company the sum of approximately $500 per year, the Company would agree to repay to Town all sums received by it from sales of gas supplied from main in question in excess of $1,600 per annum, such repayment not to exceed $500 in any one year.

NOTE. Under another contract between Town of Tewksbury and Gas Company, made in 1904, Town has really been obliged to make no payment in any year.

THE FOREGOING SUBJECT TO APPROVAL OF DIRECTORS, LOWELL GAS LIGHT CO.

GEO. E. BENNETT,
JOHN R. MARTIN,
HUGH CAMERON.

PUBLIC LIBRARY

The Trustees of the Public Library submit the following report for the year ending Jan. 31, 1914:

The Auditor's and Librarian's reports, found on another page, present in detail the expenditures, and the number, character and circulation of books during the year. The Library is open for readers and distribution of books on Wednesday and Saturday evenings and Saturday afternoons. There is an increasingly large number who enjoy the privilege of the Library as a reading room, and the Trustees wish to call the attention of the public to laws relating to behavior, which are posted in conspicuous places in the room.

Owing to the shortening of the official year by one month, the number of books in circulation, as listed in the Librarian's report, is not as large as in former recent years, but in proportion to the time covered, there is a slight gain. The Trustees recommend that the Librarian's report be carefully read, as it shows in detail the splendid work which is being done. Perhaps it will be well to mention the fact that the Trustees give much time and attention to the selection of good books and to making the Library of the greatest possible benefit to the community.

The Librarian and her assistant have the appreciation of the Trustees in the work which they have done the past year.

Asking the Town for the usual appropriation, we respectfully submit this report.

SARAH A. DIXON,
WILLIAM H. LEE,
EDITH AMES STEVENS,
GEORGE E. MARSHALL,
ALBERT C. BLAISDELL,
EDGAR SMITH,
Trustees of Public Library.

LIBRARIAN'S REPORT

To the Board of Trustees of the Tewksbury Public Library:

The following report is respectfully submitted:

The circulation of books at the Library on Saturdays remains about the same. On Wednesdays there is an increase of 348.

In the Oaklands and Northwest Districts the circulation is increasing.

Many of the books have been rebound, and a large number of books and magazines has been received.

WARRANT FOR TOWN MEETING.

MIDDLESEX ss.

To either of the Constables of the Town of Tewksbury in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at the Town Hall in said Tewksbury, on Monday, the 1st day of Feb., 1915, at nine o'clock A. M., to act on the following articles:

ART. 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose all necessary Town Officers, to choose by ballot a Town Clerk, three Selectmen, three Overseers of Poor, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden, and Constables—all to serve one year; one Assessor, one Highway Commissioner, one School Committee, two Trustees of the Public Library and one Park Commissioner, all to serve three years. The polls for the election of Town Officers to be opened at ten o'clock A. M., and close at three o'clock P. M.

ART. 3. To hear reports of Town Officers and Committees and act thereon.

ART. 4. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.

ART. 5. To see what action the Town will take on the following question: Shall licenses be granted for the sale of intoxicating liquors in the Town? The vote be yes or no, as provided by Revised Laws, Chapter 100, Section 10.

ART. 6. To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

ART. 7. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning Jan. 1, 1915, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of said financial year.

ART. 8. To see what compensation the Town will vote for the collection of taxes, and what rate of interest, if any, shall be charged on taxes of 1915 unpaid after

a certain date, or to take any other action relative thereto.

ART. 9. To see if the Town will vote to borrow, if necessary, a sum not exceeding one twenty-fifth of one per cent. of the current year's valuation, such sum of money to be used in the suppression of the Gipsy and Brown Tail moths, and not to be expended before December 1st next, and to be raised in the tax levy of the year 1916.

ART. 10. To see if the Town will vote to raise and appropriate the sum of $125.00, for the proper observance of Memorial Day, and appoint a committee to expend the money.

ART. 11.—To see what action the Town will take, if any, in regard to furnishing the Town Auditor with a safe.

ART. 12. To see what action the Town will take relative to appropriating money for fire protection.

ART. 13. To see if the Town will appropriate the sum of three hundred and fifty dollars ($350.00) to build a sidewalk on Main Street from Pleasant to Chandler Street.

ART. 14. To see if the Town will vote to reimburse Axel Anderson for taxes for two years, paid on eleven acres of land.

ART. 15. To see if the Town will vote to raise and appropriate the sum of six hundred dollars ($600.00) for rebuilding wall of culvert on River Road, so-called, at the Old Mill Pond.

ART. 16. To see if the Town will appropriate the sum of $500.00 for widening, repairing and grading Astle Street.

ART. 17. To see if the Town will vote to reimburse John H. Cocker for work performed at Foster School.

ART. 18. To see what action the Town will take toward revoking the franchises of the Bay State Street Railway, now held by them, except such part of franchise where road is completed and cars operated.

ART. 19. To see if the Town will vote to authorize the Selectmen to institute suits on behalf of the Town or defend any suits that are, or may be brought against the Town.

ART. 20. To see if the Town will instruct the Board of Selectmen and the Auditor to meet weekly at the Town Hall office.

A. S. BRIGGS,
THOS. CARLEY,
GEO. A. EATON,
M. A. PATTEN,
A. B. MOORE,
G. A. NORRIS,
W. SPEKE,
GEO. W. CHANDLER,
H. T. CHANDLER.

ART. 21. To see if the Town will raise and appropriate a sum not exceeding two thousand dollars for the application of tar, oil or other binder to its highways, five hundred dollars to be expended on Hood Road,

five hundred dollars on North Street, five hundred dollars on Shawsheen Street, and five hundred dollars on Whipple Road from Rogers Street to the Lowell-Tewksbury line, or take any other action relative to an appropriation for such purpose or make any other apportionment of the sum so appropriated on the same or other highways.

ART. 22. To hear the report of the committee on a new town hall, chosen at a special meeting of the Town in 1914, to see what sum, if any, the Town will raise by loan or otherwise for the acquisition of a site for a new town hall and the erection of a new town hall, and to see what disposition the town will make of the sum of forty-two hundred dollars in the town treasury, which is the proceeds of the suit of the Town against the Bay State Street Railway Company, or take any other action relative thereto.

ART. 23. To see if the Town will vote to place two kerosene lights on Astle Street, and appropriate money for same.

ART. 24. To see if the Town will vote to place two kerosene lights on French Street, near Mr. Olson's residence, and appropriate money for same.

ART. 25. To see if the Town will vote to place a gas light on Main Street, in front of the residence of Mr. Wm. Roberts.

ART. 26. To see if the Town will authorize the Selectmen to instal two electric lights between the waiting room at the end of the car line on Andover Street

and the residence of W. H. Van Dusen, also three electric lights on Trull Street towards Wamesit.

ART. 27. To see if the Town will vote to place four electric lights on Hood Road, also two electric lights between Flemings' shop and Hood Road.

ART. 28. To see what action the Town will take, if any, in regard to adoption of automatic lighting machines in the Town of Tewksbury.

ART. 29. To see if the Town will vote to accept Robinson Avenue as at Town highway, as petitioned for by W. R. Means and twelve others.

And you are directed to serve this Warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices, and leave one hundred copies for the use of the citizens at the Post Offices in said Town, eight days at least, and over two Sundays, before the time of holding said meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands this eighteenth day of January, in the year of our Lord, one thousand nine hundred and fifteen.

HARRY L. SHEDD,
JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
Selectmen of Tewksbury.

REPORT OF THE SCHOOL COMMITTEE

Your Committee submits the following report:

The work of the schools has been maintained as usual, and many improvements have been added.

The Foster School received an unusual cleaning during the summer, also numerous small repairs which have been needed for some time received attention. Sufficient chairs were purchased to complete the number required for Pickering Hall, and all were made to fasten securely to the floor, in accordance with the recent law. The boys' basement having been condemned by your School Physician, the Committee found it necessary to have cemented a part of the floor, and also wish to call to your attention the fact that the drainage should be changed.

The work in the cooking classes, carried on by the teachers, has been most commendable and successful, and the girls in the higher grades have taken a great interest in it. The old laboratory of the Foster School has been fitted up with a long table, which seats about 27 children. We have furnished them with sufficient dishes for all purposes, and a small amount of supplies to start with. Further than that, the teachers and children have carried on the work at their own expense. We have in this way been able to have for all children staying at the noon hour one and sometimes two hot things for their lunch. The same work has been carried on at the other schools in as far as they had room, and material to do with.

Through the efforts of Miss Flemings two see-saws have been purchased for the playgrounds. It is the wish of your Committee that more playground apparatus might be furnished for our school yards.

Much intellectual and moral good can be attained by keeping children occupied in play as well as in work.

An excellent Victrola has been purchased for the Foster School. Again we are indebted to our teachers for the interest with which they worked to raise the money for this Victrola, which will be not only a continuous source of entertainment, but a great musical educator.

At the District Meeting in August, Miss Evelyn Waite was elected supervisor of music, to fill the vacancy made by the resignation of Miss Mildred Malton.

Repairs and painting were done at the North and West School houses during the summer vacation.

Owing to the crowded condition of the Foster School, your Committee found it urgent to open and furnish the other room at the Shawsheen School. This necessitated an extension in the district for this school, and for this reason we were obliged to start another barge route, to run from Burtt's Crossing to school and return. There are now about eighty scholars at the Shawsheen School. A great deal has been done around the grounds, and gifts of trees have been gratefully received from the Arnold Arboretum, through the kindness of Mr. Jackson Dawson.

A new hot air pump has been installed in the basement of the Shawsheen School. After it was completed we found that we had a shallow well to contend with, and in order to get sufficient water we were obliged to lower the cylinder in the well 30 feet, and by so doing we have been able to get sufficient water.

On Aug. 29, 1914, at the request of some of the people in the Shawsheen School District, the school house was let for a social gathering, for the purpose of raising money to help finish the new Methodist Church.

An interesting and instructive exhibition was given last June under the direction of Miss Carney, showing work in drawing, painting and sewing done during the year by the scholars. A similar exhibition will be given next June, and prizes which have been donated by interested patrons of the schools will be offered for the best work. We feel that this will be a great incentive to every scholar to do their best, and hope that all the parents will make an effort to attend this exhibition.

A Retirement Fund for the teachers has been established by the State. This places all teachers beginning last year on a pension, also gives the privilege to all others who wish to join.

The Committee believes the following sums of money should be appropriated to meet school expenses for the coming year:

Teachers	$ 4,647.50
Tuition	3,832.00
Transportation	1,648.00
Books and Supplies	600.00
School Houses	1,090.00
Medical Inspection	100.00
Supervision	318.00
Fuel and Janitors	1,820.00
Miscellaneous	245.55
Teachers' Retirement Fund	45.50
	$14,346.55
Expected from the State	2,661.55
	$11,685.00

FINANCIAL REPORT

Following is the financial statement of the Committee. The expenditures in detail may be found in the Auditor's report:

Receipts

Appropriation	$11,169.79	
Reimbursements from State:		
Acct. Industrial tuition	315.00	
Acct. State children tuition	62.50	
Acct. High School tuition	1,502.75	
Acct. Supervision	200.00	
Acct. High School transportation	541.30	
City of Lowell refund on tuition	12.50	
W. A. Patten, use of Pickering Hall	10.00	
W. A. Patten, use of telephone	1.65	
Mrs. May L. Larrabee, for material	.42	
A. G. Pollard Co., refund	.47	
H. A. Page, tuition	40.00	
Mr. James Dodge, tuition	40.00	
Total receipts		$13,896.38

Expenditures

Teachers	$ 4,194.50	
Mass. Retirement Fund	45.50	
Supervision	318.64	
Tuition	3,840.79	
Janitors and Fuel	1,728.96	
Books and Supplies	604.37	
Transportation	1,614.15	
School Houses	1,099.19	
Medical Inspection	100.00	
Miscellaneous	350.28	
Total bills paid		$13,896.38
Outstanding bills		$ 78.66

Respectfully submitted,

WILBUR A. PATTEN,
HERBERT L. TRULL,
MAY L. LARRABEE.

SCHOOL SUPERINTENDENT'S REPORT

Lowell, Mass., Jan. 2, 1915.

To the School Committee of Tewksbury:

Mrs. Larrabee and Gentlemen:

I hereby submit my second annual report, which is the twenty-fourth in the series of Superintendents' reports.

The past year has been a successful one in the School Department.

There have been but few changes in the teaching force. All who are with us are doing commendable work. There has been an increase in the number of pupils enrolled in the grades, in the High School, and in the Vocational School.

Your pupils, both in the town schools and in the city schools, are doing creditable work.

In this report I shall call your attention to whatever in school work is either new or has been strengthened within the past school year, making recommendations for what seems to me future improvement.

Shawsheen. The new Shawsheen School, opening last year with a membership of forty-five, at once justified its existence, and closed the year in June with fifty pupils in the first four grades. During the summer vacation arrangemnts were made to open the second room for the upper grades. Furniture was purchased and a barge route established. Application was made to Mr. Cyrus A. Durgin, principal of the Lowell Normal School, to have the new school taken over as a State training school on the same terms that obtain with the North School and with the Shawsheen Primary.

Both Mr. Durgin and the local authorities were much disappointed when in August the State decided that there were insufficient funds for establishing another training school. However, a compromise was made by an arrangement with Mr. Durgin whereby the

Town supoprts the new school without assistance from the State, while the State supervisors visit the school, do as much for it, and take the same interest in it that they would were it actually a State training school.

The new room is, therefore, virtually under the supervision of the State, while technically it is an ordinary Town school.

It is to be hoped that at the beginning of the next school year the new school may be regularly taken over by the State, thereby making both rooms under the same system.

Miss Mildred Murray, a graduate of Lowell Normal School, was elected teacher of this school in September, but resigned in November to accept a position in Cambridge. She was succeeded by Miss Marion Caldwell, of Lowell, a graduate of Wellesley College.

This school is fortunate in having plenty of land surrounding the building. There is an attractive pine grove with ample room for swings, seats and tables on one side of the building. On the other side is ample room for gardening. Mr. Clarence Weed, of the Normal School, is engaged in extensive plans in nature study, especially in study and growing of trees. In this work he has been ably assisted by Mr. Wilbur Patten.

Teachers. We have been fortunate in having had but few changes in teachers this year.

Miss Rebecca Cameron, who has done such successful work in our schools for the last six years, accepted a more advantageous offer from Beverly. She deserves success, and takes with her the kindest wishes of all her assistants. Miss Gladys Arnold was promoted to the grades formerly taught by Miss Cameron, while Miss Elizabeth Flynn, the assistant of last year, has taken Miss Arnold's room. Both teachers are doing very satisfactory work in their present grades.

Miss Mildred Malton, for three years supervisor of music in this district, resigned in July to accept a similar position in Barre. Miss Malton had done creditable work here.

Miss Evelyn B. Waite, the new music supervisor, comes to the district with strong recommendations as a student of music. While at present she has had little experience in teaching, she gives promise of becoming a strong supervisor.

Manual Work. Miss Cora E. Strong, of Wilmington, was engaged in the spring term to give lessons in sewing to the girls of the upper grades. During the first term she visited the schools but once in two weeks. In September it was thought that Miss Strong's work was proving a success, and she was engaged to conduct her classes each week. This additional time has already brought good results,

and added much to the interest of the girls. In further detail of this work I refer you to Miss Strong's report.

We are now doing well by the girls, but not enough for the boys. In spite of attempts by the Supervisor of Drawing, the teachers, and the Superintendent, in sloyd work, cane seating, and repairing of school furniture, the fact remains that we ought to do for the boys of the upper grades as much as we are doing for the girls. The boys should be given definite instruction each week in woodwork. The instructor in manual training in your neighboring town of Wilmington might be secured to give similar instruction in your schools. This feature is now in its second year in Wilmington, and has proved worth while. I am firmly convinced that whatever is good for an eighth grade boy of Wilmington is equally good for a boy of Tewksbury. I recommend that steps be taken to offer systematic training in handwork to the boys.

Exhibit. In June an exhibit of handwork was held in Pickering Hall, under the direction of Miss Margaret J. Carney, Supervisor of Drawing. Some form of work was shown from every pupil in town and was much enjoyed and appreciated by the large gathering of patrons present. This exhibit justly gained much commendation both for pupils and teachers, and reflects great credit upon Miss Carney. I hope to make these exhibitions annual events. There was at the exhibit also a good showing in penmanship. Many of your boys and girls have made noticeable progress in this useful accomplishment.

Playground Activities. Your teachers excel in caring for the pupils during the intermissions. In nearly all of your schools there are some form of organized games, and very frequently the teacher takes an active part in these games, thereby raising her supervision far above that of the police type. I thoroughly believe that both teachers and pupils may have excellent games without the aid of apparatus, but all teachers having the Primary grades in charge will be greatly aided by a few pieces of simple playground apparatus. At the North and at the Foster schools very serviceable see-saws and swings have been secured from the Vocational School at Lowell at a greatly reduced cost. This apparatus is well made and durable, and serves not alone for the purpose for which it was designed but is a good advertisement of the work of the Vocational School.

Banking. The School Savings Banks, under the present management with the Lowell Institution for Savings, have been organized just one year. During this first year the deposits amount to $410.66,

without counting the Shawsheen School, which I have in some way overlooked.

Lunch. The Lunch Club, which was formed one year ago, proved a great success. Miss Flemings, principal of the building, and Miss Cameron, of the fifth grade, served lunch to some thirty pupils per day through the winter term last year. The same work is being carried on this year with Miss Arnold taking Miss Cameron's place.

The old High School laboratory has been made over at small expense into a dining room, and with the running water, sink, and gas range already there, makes a capital kitchen and lunch room.

The table is neatly set, cocoa is made, and one hot dish, in addition to this, is served daily, such as tomato soup, cream potatoes, toast, etc. The children bring their regular lunches as the main part of the meal, but eat them from the table, over which one of the teachers presides.

Several of the girls take turns in preparing the lunch, under the direction of the teachers, and in keeping the table, dishes, and room neat. They are also given direction in serving the food in an acceptable manner. While no definite Domestic Science is taught as a part of the curriculum of our schools, yet the girls learn in the course of the winter several recipes and acquire some skill in the preparation of several dishes.

It is interesting to learn that various cases have come to our attention where the girls make themselves more useful at home because of this school training.

Miss Flemings reports that during the winter there were served: Escalloped potatoes, creamed codfish and baked potatoes, baked beans, corn bread, boiled rice, cereals, corn chowder, mock bisque soup, potato soup, milk toast, and eggs. All of the above were prepared by the children. At the present time the girls are putting down in note books the list of food prepared, with recipes for the same.

In addition to serving the members of the Lunch Club as described, every child in the building who wished it had a cup of hot cocoa. The average was between fifty and sixty cups daily.

Every child in the building could bring an egg, and it was cooked for him. It amused me to see the children write their names on their eggs that each might be sure to get the one he brought.

It is interesting to see how the lunches were financed. At the beginning of the season the School Committee provided dishes for the dining room and five dollars worth of material. Each child paid one cent a cup for cocoa, but no money was taken for the dinners.

The pupils made and sold cookies, doughnuts, and candy. Two

bushels of peanuts also were bought and sold. The boys caned fifteen chairs, using the money thus obtained for cooking.

Miss Flemings gives great credit to Mrs. Rufle, who, she says, "gave several cooking lessons to the girls, baked the beans whenever we had them for dinner, and loaned us anything that we needed."

The cooking season ended wth a dinner prepared and served by the girls, at which were present Deputy Commissioner Orr, members of the School Board, the Superintendent, the teachers of the building, and several invited guests. After dinner there were several short speeches, in which the young cooks and their teacher were justly praised, and all agreed that the enterprises of the Lunch Club were eminently worth while.

Property. You have school property valued at $28,400 for buildings and grounds. Of the various buildings, the Foster, the Shawsheen, and the North are well equipped with eating and ventilating systems, and also with water systems, and partially with artificial lighting. The Shawsheen alone is equipped with adjustable seats and desks, pieces of modern school furniture deemed necessary for the best health of the child. In the Foster School but one room is fitted with modern desks, while in the North, the Library and the West School the old stationary non-adjustable desks are in use.

The West School is the only one in town where no ventilating system is in use. I recommend for a one-room school like this, heated by a single stove, equipping the stove with a "jacket" of sheet iron, allowing direct air to enter by a trough and hole directly under the stove, thus turning at small expense the stove into a simple furnace. I have proved this method and know it to be successful. An appropriation should be made for equipping all schools with adjustable seats and desks. It would cost approximately $600.00, and is as necessary to the pupils in old buildings as in new.

Out-of-School Activities. There may be connected with every school where there are cordial relations between teachers and pupils, many out-of-school, or semi-school functions. Your schools have had a reasonable share of this commendable form of school life.

In the winter the pupils of grades 7 and 8 went for a sleigh ride, returning to Pickering Hall, where cake, candy, and hot cocoa were served.

In May some twenty pupils from the same grades went to Concord and Lexington, visiting the spots of national interest.

"During the winter months the girls of Grade VI. formed a club, which met weekly. With the coming of spring, rather than holding the meetings indoors, we took long tramps through the woods. The

observation of the earth and her children furnished ideal themes for composition, oral language work, and conversation lessons.''

Five girls from the same school, with their teacher, had an enjoyable and profitable week during past summer in camp at Wyoma Lake.

In October a Hallowe'en Party was given in Pickering Hall to the pupils of grades 7 and 8. A concert was given in November, the proceeds of which went toward purchasing a Victrola.

The Christmas entertainment given by all the schools and teachers of the Centre is fresh in the minds of the large audience in attendance, and needs no words of mine here except a hearty commendation.

Eighth Grade Graduation. Very pleasant graduating exercises were held in June both at the Foster building and at the North. At both places large audiences were present, and attractive programs rendered. The pupils whose names follow received diplomas:

Margaret Perley	Cyril Greene
Doris Senior	Gertrude Bradley
Evelyn Jones	Francis Taylor
Mary Busher	Olga Aldrich
Elsie Roper	John Clancy
Marian Lougee	Gladys Pollard

Alberta Fessenden.

It seems to me desirable that the graduations be held in one hall, both schools being represented on the program. I believe it well once a year for all the pupils of a town to meet as one common school, irrespective of neighborhoods or sections. I think it tends to strengethen town loyalty.

Statistics. You will notice that there is a gain in the number of pupils enrolled in your schools—357, as against 293 one year ago.

I call your attention to the per cent. of attendance. It is very important to keep the pupils in school. The child who is in attendance but 80 per cent. of the time actually loses one-fifth the usefulness of the school and one-fifth of the advantage of the money expended by Town and State for his benefit.

Conclusion. In conclusion, I call your attention to the reports which follow this report and form a part of it.

I ask the continuance of the hearty support of the parents and citizens for the schools of Tewksbury, and I take this opportunity to express my appreciation for the loyal co-operation of my associates in school work, both teachers and members of the School Board.

Respectfully submitted,

CHARLES L. RANDALL, Superintendent.

REPORT OF SUPERVISOR OF MANUAL ARTS

Mr. Charles L. Randall, Superintendent of Schools.

Dear Sir:—

It is with great pleasure that I present this, my fourth annual report of the work in Drawing and Manual Arts in the Tewksbury schools.

The usual steps in the Drawing course have been followed in all of the grades as in other years, but with additional results. It is only natural to expect advancement in the upper grades, but it is most encouraging to note the improved results in the lower grades as well.

The work of the lower grades includes color, drawing of familiar shapes in fruits, vegetables, landscapes, articles of dress and things pertaining to the home, action drawing and simple design. The work of the upper grades includes color, nature specimens, trees and landscapes, model drawing, printing, spacing and design. Printing, spacing and design are applied several times during the year in holiday work, in the making of cards, calendars, boxes and picture frames. Dress harmony and interior decoration are to be taken up this year for advanced work in color. These two branches of the subject are strongest in encouraging appreciation of the beautiful and good taste in selection.

The Manual Work in the lower grades consists of paper cutting, furniture construction and raffia work, in the upper grades of basketry, weaving and elementary sloyd.

In June an exhibition of Manual Arts was held in the Foster School Hall. In no better way may an idea of the work done in this department be given to the community. Plans are being made for an exhibition of this year's work, which we trust will be attended with as much interest and enthusiasm as was displayed by parents and friends last year.

The success in this department I credit in great measure to the cordial co-operation of the teachers, and wish to take this occasion to thank both Superintendent and teachers for their most generous assistance in my work.

Respectfully submitted,

MARGARET J. CARNEY,

Supervisor of Drawing.

January 11, 1915.

REPORT OF SUPERVISOR OF SEWING

Mr. C. L. Randall, Superintendent of Schools.

Dear Sir:—

I submit my first report as Supervisor of Sewing in the schools of Tewksbury as follows:

Last year the girls were taught the various stitches by making simple work-bags. Later they hemmed towels, and some in the higher grades made aprons and an article of underwear.

This year the higher grades have hem-stitched towels and are making cooking aprons. They will also learn to use the machine. The lower grades are practising the stitches on white cloth with colored thread, and when they have finished this work each girl will make one practical article.

The work done in these schools is similar to that of other schools where sewing is taught.

The majority of the girls take great interest in their sewing and do very good work. If each girl would provide herself with a needle-case, pin cushion, scissors and thimble, much time would be saved.

I wish to thank the Superintendent and the room teachers for their great help and encouragement.

Respectfully yours,

CORA E. STRONG.

REPORT OF SUPERVISOR OF MUSIC

Mr. Charles L. Randall, Superintendent of Schools.

Dear Sir:—

I am glad to present this, my first report as Supervisor of Music in the Tewksbury schools.

In my work I endeavor, first of all, to teach the children to love good music; I know of no worthier ambition. There are children who never hear music in their homes; were it not brought to them in the schoolroom they would never be able to enjoy the pleasures which music brings. Music is the one study in the curriculum through which a child can give expression to the things he feels.

It is not only small children who find music a recreation and a relaxation. There are few people, I think, to whom the hum-drum of every-day existence can not be brightened and cheered by music.

For this reason, and for others, which I shall mention later, I endeavor to teach those in the Primary grades all the rote songs possible, the words of these songs chosen to be within the comprehension of the children, and to be sung with proper expression and with good tone quality. These rote songs bring the child into vital contact with the art of music. Through them a child receives training, unconscious though it may be, in ear, voice, memory, melody, rhythm, emotion, and interpretation. Because of these values rote songs should have an important place in the work of the first three grades.

Inasmuch as these songs give us training in the reading of music, this part of the education is also begun in the Primary grades, and through the Intermediate grades the melodies and time problems are gradually made more difficult.

In all grades there is much instruction in individual singing, because it demands independent tone thinking. Constant concert work causes a product of 20 to 25 per cent. of good singers, whereas proper individual singing will result in a product of 90 to 95 per cent. good

singers. Individual singing not only helps a child to sing well, but it makes him think quickly; it demands of him intense concentration and self-control; and it establishes habits of accuracy and responsibility. With this technical work there are songs which are studied for the purpose of giving them proper interpretation,—following up, in this way, the work of music appreciation begun in the Primary grades.

I believe that in the upper grades music should hold a very important place in the curriculum, for the educational values of this subject are very great. No other subject except, perhaps, oral arithmetic, has to be accomplished within a specified amount of time; no other subject requires quicker reasoning,—a note may be one of twelve things in tune. For these and other reasons music is a subject demanding keen mental ability.

I hope to do a little work in music appreciation in the 7th and 8th grades, aside from the regular procedure of interpreting songs; that is, to teach the children to distinguish the different instruments of the orchestra by sight and by sound, to learn the difference between an opera and an oratorio, and to acquaint them with the different characteristics of folk songs of various nations. This course is a very enjoyable one, and I regret that I cannot make it a separate study in the school.

I wish to thank the teachers with whom I am working for their hearty and helpful co-operation. Whatever successful results are secured in the school will be due in a large degree to them, and to you, Mr. Randall, the Superintendent, to whom I am most grateful for the assistance you have rendered me.

Respectfully submitted,

EVELYN BUCKINGHAM WAITE.

REPORT OF SCHOOL PHYSICIAN

To School Committee of Town of Tewksbury:

As School Physician I can report that with your co-operation the sanitary departments of the four schools have been put into good condition, and the water supplies found to be of good quality. There has been less sickness among the school children the past year than usual, particularly of the contagious type. One of the most trying things that the School Physician has to deal with is the fact that parents carelessly send their children to school with the minor contagious diseases, forgetting the welfare of those exposed. It will perhaps be fitting in this report to name some of the contagious diseases, which we must report as soon as discovered to the teacher of the school where the pupil attends: Chicken Pox, Measles, Mumps, Whooping Cough, Scarlet Fever, and Diphtheria. Working with our Superintendent of Schools, we are intending to give our teachers, and through them the children, a short course in sanitation and physiology the coming year, which I believe will be of great help to them not only in keeping well, but also in preventing as well as caring for the common accidents of school life.

H. M. LARRABEE,
School Physician.

REPORT OF ATTENDANCE OFFICER.

C. L. Randall, Superintendent:

I hereby submit my second report as Attendance Officer. Only four calls have been made during the year, all of which were readily responded to, no truants having been reported at any time.

Respectfully submitted,
F. H. FARMER,
Attendance Officer.

Calves	45.00	
Teaming	79.25	
Miscellaneous	75.47	
	$3,625.82	
Appropriation	800.00	
Total receipts	$4,425.82	
Bills paid as per Auditor's report	$4,425.82	

Dr. Against Farm

Appropriation	$800.00	
Bills receivable from 1914	309.10	
Bills unpaid	169.00	
Loss on appraisal	357.20	
		$1,635.30

Cr. For Farm

Bills paid from 1914	$690.24	
Bills receivable	80.10	
Permanent improvements (driven well)	340.00	
		1,110.34
Balance against Farm		$ 524.96

During the year Mr. and Mrs. O. J. Darby resigned as Superintendent and Matron, and it became the duty of the Overseers to secure another man and wife for the position. We were fortunate in securing for the position Mr. and Mrs. C. W. White, and we feel confident that they will bring the balance on the right of the ledger.

There are two inmates at Farm.

Outside Relief

Balance Jan. 1st, 1915	$ 8.53
Appropriation	1,000.00
Reimbursements from Commonwealth	686.26
Reimbursements from City of Lowell	9.00
	$1,703.79
Paid for aid to poor	1,688.84
Unexpended balance	$ 14.95

JEREMIAH K. CHANDLER,
HARRY L. SHEDD,
IRVING F. FRENCH,
Overseers of Poor.

Number of neat cattle inspected	135
Number of swine inspected	31
Number of stables inspected	27
Number of cattle quuarantined	14

On account of hoof and mouth disease there was only a partial inspection.

Respectfully submitted,

PAUL B. SMITH.

REPORT OF INSPECTOR OF MEATS AND PROVISIONS

The following is the report of the Inspector of Meats and Provisions for the year ending December 31, 1915:

Number of sides of beef inspected	838
Number of swine inspected	274
Number of veals inspected	409
Number of sides of beef condemned	4
Number of veals condemned	16
Number of swine condemned	7

Respectfully submitted,

PAUL B. SMITH.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Tree Warden I submit the following:

Owing to numerous curves in our roads and increased auto travel, our work has been largely confined to cutting brush.

In past years it was a duty of the Highway Department to attend to brush cutting, but a new law places this on the Tree Warden.

Most of the curves have been cut so a driver of an auto or team has an unobstructed view of 100 yards.

Dead and dangerous limbs have been removed from trees on Chandler, Pine, Shawsheen, East, Maple, Lowe, South State, North, Whipple, Rogers streets and Cooney Road.

Fifteen hundred trees were sprayed twice during the larva season to suppress the Elm Leaf Beetle.

Owing to extra work of brush cutting added to this department, I would recommend an appropriation of $400.00.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

As Local Superintendent for Suppression of Brown Tail and Gypsy Moths I submit the following:

There is a marked decrease in Brown Tail Moths, while the Gypsy Moth conditions remain about the same.

Practically the same methods were used as the past year, except in spraying, which was more extensive. I think these same methods will effectively suppress them in the future.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF FOREST WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Forest Warden I submit the following:

The past year has been an unusually bad year for forest fires. We attended 63 and 9 false alarms. The total acreage burned is 605. The Town has received reimbursement to the extent of $117.29 from B. & M. R. R. for extinguishing fires caused by sparks from locomotives.

The past year we have had much trouble from people burning brush without a permit. It is not only against the law to burn brush between March 1 and Dec. 1 without a written permit, but is quite costly to the Town to answer calls to these fires.

In submitting this report I take this opportunity of again thanking your Board, citizens and State Infirmary employees for the valuable aid they have rendered this department.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Tewksbury, Mass., Dec. 2, 1915.

Board of Selectmen:

I submit to you my annual report as Sealer of Weights and Measures from Dec. 31, 1914, to Nov. 30, 1915. As I have to make my report to the State Commissioner ending Nov. 30, it saves some confusion to make my report to the Town for the same time.

Amount of work performed as follows:

Platform scales over 5,000 lb. sealed	3
Platform scales under 5,000 lb. sealed	29
Platform scales under 5,000 lbs. adjusted	3
Platform scales under 5,000 lb. condemned	2
Counter balance scales sealed	14
Counter balance scales tagged for repairs	1
Beam scales sealed	3
Spring scales sealed	5
Spring scales condemned	2
Weights sealed	127
Weights adjusted	16
Computing scales sealed	6
Automatic pumps sealed	3
Liquid measures sealed	15
Dry measures sealed	1
Linear measures sealed	2

There have been 25 tests made of different articles in the different stores and were all found correct. Of the 4 scales condemned 2 were replaced by new ones and 2 have not been heard from, and the 1 ordered repaired has been repaired and sealed.

The sum of $30.98 has been collected, and the same has been paid to the Town Treasurer, of this amount $0.60 was collected on last year's account.

Yours truly,

W. H. ALEXANDER,

Sealer of Weights and Measures.

REPORT OF THE BOARD OF APPRAISERS

We the undersigned Appraisers of the Town of Tewksbury beg leave to submit the following report for the year ending January 1, 1916:

Personal Property at Town Farm

Jan. 1, 1915	$5,221.80
Jan. 1, 1916	4,864.60
Net loss	$ 357.20

Highways

Jan. 1, 1916	$2,027.25
Jan. 1, 1915	1,890.45
Net gain	$ 136.80

Moths

Jan. 1, 1916	$2,040.15
Jan. 1, 1915	1,993.75
Net gain	$ 46.40

GEO. E. MARSHALL,
J. LEWIS BURTT,
ALBION S. FELKER,
Board of Appraisers.

REPORT OF HIGHWAY COMMISSIONERS

The Board of Selectmen, Tewksbury, Mass.
Gentlemen:—

We beg to submit herewith annual report for the year ending December 31, 1915. The following work has been done by the Town Teams:

Gravel Hauled and Spread

Pond Street	225 loads
North Street	240 "

Chandler Street	158	"
Whipple Street	385	"
Vale Street	175	"
Billerica Street	195	"
Shawsheen Street	205	"
Pike Street	64	"
Andover Street	52	"
Kendall Street	74	"
Livingston Street	145	"
Rogers Street	135	"
Salem Street	57	"
Other Streets	69	"

Cinders Hauled

Rogers and Other Streets	126	loads

Repairs on Roads

Widening Pine Street	7	days
Widening Pike Street	4	"
Widening Kendall Street	5	"
Widening Whipple Street	10	"
Hauling gravel for oiled roads	12	"
Hauling stones and gravel for Lawrence Street contract	10	"

Five culverts and one bridge were re-built. Twenty-four days were spent scraping streets, five days breaking out roads and sidewalks on account of snow.

The Highway Department, during the past year, purchased for $500 a large gravel bank on the Cole farm and also bought a new cart at an expense of $195.

We were obliged to ask for additional appropriation to carry us through the year on account of falling off in amount received from Street Railway tax which was $509.00 less in 1915 than in 1914. As the amount received from this tax does not seem likely to be materially increased next year, and as it will be necessary to replace one of the present teams, it is recommended than $1500.00 be appropriated for the coming year.

We recommend also that the Town continue the appropriation for oiling the roads which has been, in our opinion, productive of good results.

Respectfully submitted,

C. W. PARSONS,
GEORGE E. MARSHALL,
GEORGE STEVENS,
Highway Commissioners.

REPORT OF PARK COMMISSIONERS

Tewksbury, Mass., Jan. 7, 1916.

Board of Selectmen,
Tewksbury, Mass.

GENTLEMEN:—

Herewith is submitted the report of the Park Commissioners for the year 1915.

Total appropriation including last year's balance ..	$135.35
Expenditures	94.29
Balance January 1, 1916	$ 41.06

The details of the expenditures for the year will be found in the Auditor's report.

In addition to the common at the Centre, a small park or grass plot at the north between the two roads near the school house has been cared for in accordance with the expressed wish of the citizens at the last town meeting.

Appropriation recommended for the coming year is $75. plus the unexpended balance of 1915, making total appropriation of $116.06.

Respectfully submitted,

HENRY M. BILLINGS,
MARCELLUS PATTEN,
HARRIS M. BRIGGS,
Park Commissioners.

REPORT OF BOARD OF FIRE ENGINEERS

The Board of Selectmen, Tewksbury, Mass.

During the year there have been two changes in the engineers, Mr. Geo. E. Hooper taking the place of Mr. Peter Bonugli, resigned, and Mr. Robert E. Martin was appointed by the selectmen to take the place of Mr. Geo. E. Bennett, who was forced to resign on account of ill health.

Total number of fires in scope of Dept.	25
Responded to	20
Buildings threatened by grass or brush fires	4
Chimney fires	3
Value of buildings and contents	$122,110.
Insurance on buildings and contents	4,400.
Loss on buildings and contents	10,270.
LOSS OVER INSURANCE	6,200.
(Above figures include State Infirmary.)	
Frame buildings	5
Brick, stone or cement	4
Other than buildings	16
Fatal burning	1

Considering the above figures it seems necessary to add to the present equipment to enable us to cope with fires in the incipient stage, when the most good would be accomplished. The present two-wheeled pieces have been made over to fasten to a team or auto and have done good service, travelling 35 miles an hour in at least ten instances, but they are not made for such work. Valuable time has been lost in several cases when an auto or team was not available in hunting up one.

A letter from the N. E. Insurance Exchange, which determines the insurance rates, gives the following:

Tewksbury is rated at present in class F, which rates are for dwellings, $4.50 per $1000. for 1 year; $11.20 per $1000. for 3 years.

With a double chemical tank, either horse or motor drawn, the E rates would apply as follows: $3.20 per $1000. for 1 year; $8.00 per $1000. for 3 years—within a half mile of the fire station.

During the year I have accompanied an inspector from the Detective and Fire Inspection Dept. of the District Police inspecting 24 garages, and have issued the following permits:

Garages and storage of gasoline	9
Selling fireworks	3
Blasting	3

There are many garages at the present time which should be licensed. If applications for such are not received I shall be obliged to report to the District Police.

Following is a condensed financial statement, for detailed report see Auditor's Report:

Paid men at fires	$51.71	Freight	.50
Soda and acid	37.49	Telephone tolls	2.40
Extinguishers	90.25		$300.63
Fixing mchns.	76.50	Appropriation	$261.12
Printing, paper	18.70	Sale of extinguishers	43.76
Supplies	3.83		
Badges	6.50	Balance on hand	4.25
Axes, etc.	10.50	5 extinguishers on hand, value	$ 40.00
Repairs	2.25		

Respectfully submitted,

WILBUR A. PATTEN, Chief
GEORGE E. HOOPER,
H. CAMERON,
AARON OSTERMAN,
GEORGE CHANDLER,
ROBERT E. MARTIN,

Board of Fire Engineers.

TEWKSBURY BOARD OF HEALTH REPORT

To the Tewksbury Board of Health:

The following is my report for the year ending Dec. 31st, 1915:

List of Contagious Diseases

	Cases	Deaths
Measles	4	0
Scarlet Fever	2	0
Whooping Cough	6	0
Diphtheria	3	0
Tuberculosis	5	1
Total	20	1

The attention of the townspeople is called to the "business of keeping hogs." Any person or persons wishing to keep hogs for profit, or as a business strictly speaking, said business requiring the importation of swill or garbage from outside the town, must first obtain a permit from the Board of Health to carry on such business and import swill or garbage. This permit will be granted after the inspection of the premises and ways and means of transporting said garbage are proven satisfactory to the Board of Health.

Another suggestion, which seems pertinent just now, is in relation to allowing the bodies of dead animals and decaying refuse to remain uncovered upon the ground and become a source of complaint because of the odor. This in itself becomes a nuisance, whether upon a person's own property or not, and can be prosecuted as such by the Board of Health. In all these matters of health protection I ask for the co-operation of the taxpayers.

HERBERT M. LARRABEE, M. D.,

Agent of Board of Health.

PUBLIC LIBRARY

The Trustees of the Public Library submit the following report for the year ending January 31, 1915:

The Auditor's and Librarian's report found on another page present in detail the expenditures and the number, character, and circulation of books during the year. It remains for the Trustees to draw the attention of the public to other matters concerning the Library which naturally are of interest. The Library is open for readers and for the distribution of books on Wednesday and Saturday afternoons. There is an increasingly large number enjoying the Library as a Reading Room, and the Trustees are glad to report that since the posting of the laws relating to good behavior there has been a marked improvement in the conduct of the young patrons of the Library.

There is a steady increase in the circulation of books from year to year. The Trustees urge the people to pass in the titles of books they wish placed in the Library, as the wishes of the patrons are of prime importance in making new selections. In addition to the reading opportunities, plans are on foot for making the Library room a centre for instruction in other lines. We expect this year a loan of art exhibits, which will be open to the public on specified dates.

We wish to acknowledge the gift of the late John S. Chandler's private library and rare collection of arrow heads.

Because of the growing work of the Library and the greater demands made upon it, and, further, because the dog license is not received until after the close of the Town's financial year, the Trustees feel justified in asking for an increase in appropriation. We ask for the sum of five hundred dollars in addition to the Dog Tax, for the Library's work the coming year.

The Librarian and Assistant have been faithful to their duties, which have been greater than for many years, and their work is appreciated by the Trustees. The Trustees also acknowledge the time generously given by those in the outskirts of the Town who take charge every week of the distribution of books for their section.

Respectfully submitted,

SARAH A. DIXON,
WILLIAM H. LEE,
EDITH AMES STEVENS,
GEORGE E. MARSHALL,
ALBERT C. BLAISDELL,
EDGAR SMITH,
Trustees of Public Library.

LIBRARIAN'S REPORT

To the Board of Trustees of the Tewksbury Public Library:

The following report is respectfully submitted:

The circulation of books has increased in the districts 498 volumes, at the Library on Saturdays 947 volumes and on Wednesdays 44 volumes, making a total increase of 1489 volumes.

The increase for the magazines is 305 copies.

During the past year donations of books have been received from Mr. Carley, Mr. Henderson, Mrs. Stevens and Mr. John S. Chandler, the last including more than 300 volumes.

All have been numbered and catalogued.

ABBIE M. BLAISDELL.

WARRANT FOR TOWN MEETING.

MIDDLESEX SS:

To either of the Constables of the Town of Tewksbury in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at the Town Hall in said Tewksbury, on Monday, the 7th day of Feb., 1916, at nine o'clock A. M., to act on the following articles:

ART. 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose all necessary Town Officers, to choose by ballot a Town Clerk, three Selectmen, three Overseers of Poor, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden, and Constables—all to serve one year; one Assessor, one Highway Commissioner, one School Committee, two Trustees of the Public Library and one Park Commissioner, all to serve three years. The polls for the election of Town Officers to be opened at ten o'clock A. M., and close at three o'clock P. M.

ART. 3. To hear reports of Town Officers and Committees and act thereon.

ART. 4. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.

ART. 5. To see what action the Town will take on the following question: Shall licenses be granted for the sale of intoxicating liquors in the Town? The vote be yes or no, as provided by Revised Laws, Chapter 100, Section 10.

ART. 6. To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

ART. 7. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning Jan. 1, 1916, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of said financial year.

ART. 8. To see what compensation the Town will vote for the collection of taxes, and at what rate and from what date interest shall be charged on taxes of 1916 unpaid after November 1, 1916, or to take any other action relative thereto.

ART. 9. To see if the Town will vote to borrow, if necessary, a sum not exceeding one twenty-fifth of

one per cent. of the current year's valuation, such sum of money to be used in the suppression of the Gipsy and Brown Tail moths, and not to be expended before December 1st next, and to be raised in the tax levy of the year 1917.

ART. 10. To see if the Town will vote to raise and appropriate the sum of $125.00, for the proper observance of Memorial Day, and appoint a committee to expend the money.

ART. 11. To see if the Town will vote to authorize the Selectmen to institute suits on behalf of the Town or defend any suits that are, or may be brought against the Town.

ART. 12. To see what action the Town will take in regard to having valuation list printed.

ART. 13. To see if the Town will authorize the Selectmen, with the approval of the Auditor, to transfer money from one department to another over which they have direct jurisdiction.

ART. 14. To see what sum the Town will raise and appropriate for the application of tar, oil or other binder to its highways.

ART. 15. To see what action the Town will take in regard to the purchase of a steam road roller.

ART. 16. To see what action the Town will take in regard to revising the Town ordinance.

ART. 17. To see if the Town will vote to raise and appropriate a sum not exceeding one hundred dollars for grading soldiers' graves as allowed in Chapter 122, Acts of 1914.

ART. 18. To see if the Town will vote to raise and appropriate a sum not exceeding seventy-five dollars

for grading the lot known as the Soldiers' Lot in the Tewksbury Cemetery.

ART. 19. To see if the Town will vote to increase the following salaries: Town Clerk from $100.00 to $150.00; Treasurer from $150.00 to $200.00; Auditor from $150.00 to $200.00.

ART. 20. To hear report of Selectmen in regard to street electric lighting, and to see what action, if any, the Town will take relative to the matter.

ART. 21. To see if the Town will vote to instal one gas light on Summer Street.

ART. 22. To see what action the Town will take in regard to installing three gas lamps on Main Street.

ART. 23. To see if the Town will vote to place two gas lights on Forest Avenue.

ART. 24. To see what action the Town will take in regard to extending the Lowell gas main from Fleming's shop on Andover Street to Hugh Cameron's residence.

ART. 25. To see if the Town will appropriate the sum of two hundred dollars ($200.00) to repair the sidewalk on Chandler Street from Main Street to Mr. Smith's barn on Chandler Street.

ART. 26. To see if the Town will appropriate the sum of seventy-five dollars ($75.00) to finish the sidewalk on Main Street from Town Pump to Brook at Mr. Lee's land.

ART. 27. To see if the Town will vote to sell its Town Farm, or take any action relative thereto.

ART. 28. To see what action the Town will take for the care of the inmates at the Farm.

ART. 29. To see if the Town will provide bondsmen for the Town Clerk and Tax Collector.

ART. 30. To see if the Town will vote to make the salary of the Road Commissioners to read as follows: Chairman, seventy-five dollars ($75.00), the other two members fifty dollars ($50.00) each.

ART. 31. To see if the Town will vote to raise and appropriate a sum not exceeding $1,500.00 for repairs or re-construction to West Schoolhouse.

ART. 32. To see if the Town will vote the sum of $3,500.00 to be used in the purchase, care and maintenance of motor fire apparatus: $1,500.00 to be appropriated this year, the balance to be paid in equal annual instalments, beginning with 1917.

ART. 33. To see if the Town will vote to authorize the Selectmen to purchase motor fire apparatus, and make suitable arrangements for housing the same.

ART. 34. To see if the Town will vote to raise and appropriate the sum of $500.00 for fire escapes on the Foster School building.

ART. 35. To see if the Town will appropriate $200.00 for widening and improving State Street, to its full width, from corner of Main and State Streets to corner of State and South Streets. Also to place an electric light corner of Main and State Streets.

ART. 36. To see if the Town will appropriate the sum of $150.00 for widening and improving Brown Street from Michigan Road to Bridge at junction of Brown, Whipple and Nichols Streets.

ART. 37. To see if the Town will vote to limit the number of constables to four (4).

ART. 38. To see what action the Town will take, if any, in regard to removing ledge on North Street, near Town Farm.

And you are directed to serve this Warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices, and leave one hundred copies for the use of the citizens at the Post Offices in said Town, 14 days at least, and over two Sundays, before the time of holding said meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands this fifteenth day of January, in the year of our Lord, one thousand nine hundred and sixteen.

HARRY L. SHEDD,
JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
Selectmen of Tewksbury.

TABLE OF ESTIMATES FOR 1916

Schools	$11,685.00
Highways (Excise and Franchise Tax)	1,500.00
Incidentals (Corporation and Bank Tax and on State Land) Unexpended Balance	1,500.00

REPORT OF THE SCHOOL COMMITTEE

Your committee presents the following report:

The past year there has been but little change in the school system. The work in the schools has progressed in a very satisfactory manner. We consider that we have been very fortunate in having with us a very able teaching force, thus being able to keep our schools up to the standard required. A new law has just gone into effect whereby after a teacher has taught in our schools three (3) consecutive years, and is elected the fourth, she is a permanent teacher, and cannot be discharged unless for good and sufficient cause. Your committee has elected the following permanent teachers: Misses Flemings, Eagles, Arnold, Wiggin and Wiley.

Our scholars, after leaving the Tewksbury Schools, give a good account of themselves, and show careful training after entering Lowell schools. At the present time there are fifty-seven going to the Lowell High School and fourteen to the Vocational School. Miss Carney is again back after an illness which kept her from her work last summer, and Miss Waitte was re-elected as Supervisor of Music.

We find the girls at the Centre Schools very much interested in sewing and the boys in manual training, so that we decided to have Mr. Dexter, the Manual Training Instructor, spend one day with the boys instead of part of a day as before, and the work they are doing is very gratifying, as was evidenced by the interest taken at the exhibition held at the Foster School last June. It is the intention of your committee to have another exhibition at the end of this school year, when suitable prizes will be given. At the Shawsheen School the State has taken over the other room as a part of their training school.

At the present time both rooms at the Shawsheen School and the North School are under State supervision. More new seats have been added to Pickering Hall, thus increasing the seating capacity.

Your school buildings are all in good condition, with the exception of the West. The North School has just had a coat of paint in main room, both walls and woodwork, also the halls. The ceiling in the main room has been calcimined, which brightens the appearance of the room. At the Foster School your committee anticipate painting the same in the spring. In the basement several partitions have

been removed to comply with the State regulation, and the ceilings will have to be protected to guard against fire. This work is under way. We wish to call your attention to the lack of fire escapes on this building, and while the building meets with all the State requirements, yet we feel that we should do all that is necessary to guard the lives of children. Other changes at the Library building in the basement have been attended to. At the West School we favor extensive improvement so as to place the building there in a more up-to-date condition.

Grading has been done around the Shawsheen School and more will be done in the spring.

The water supply is engaging the attention of your committee at the present time, both at the Centre and West, and something will have to be done sooner or later to remedy conditions. Your committee has decided, owing to the crowded condition of our schools, to limit the school age at six years, no child being allowed to attend until six years of age, or in case a child becomes six years of age on or before November 1st, such child will be allowed to attend. This may not meet with the approval of all, but if a child begins at six years of age and advances naturally, they will be able at the age of fourteen to enter the High School.

This change was recommended by your Superintendent and adopted by your School Board.

The committee recommends that the following sums of money should be appropriated to meet school expenses the coming year:

Teachers	$ 5,000.00
Fuel and janitors	1,820.00
Transportation	1,800.00
Supervision	375.00
Books and supplies	895.00
School houses	1,000.00
Tuition	3,970.00
Mass. Retirement Fund	150.00
Medical Inspection	100.00
School miscellaneous	275.00
	$15,385.00
Expected from the State	3,700.00
	$11,685.00

FINANCIAL REPORT

Following is the financial statement of the committee. The expenditures in detail may be found in the Auditor's report:

Receipts

Appropriation	$11,865.00	
Reimbursement from the State:		
Acct. Mass. School Fund	921.61	
Acct. Industrial tuition	560.00	
Acct. Tuition of children	54.00	
Acct. High School tuition	1,544.87	
Acct. transportation of pupils		515.60
Acct. supervision	200.00	
Public Library, 1-6 coal and wood	7.67	
Melvin Ellis for tuition	30.00	
James Crosby for tuition	30.00	
Mrs. Larrabee for supplies and repairs	7.80	
Mrs. Larrabee, for rent	10.00	
C. L. Randall, reimbursement on telephone	24.43	
W. A. Patten, reimbursemenut on telephone	.50	
Fire Department, reimbursement on telephone	2.40	
R. D. Dexter, refund	.55	
		$15,774.43

Expenditures

Teachers	$5,116.35	
Fuel and janitors	1,684.22	
Transportation	1,790.30	
Supervision	373.28	
Books and supplies	872.28	
School houses	654.47	
Tuition	3,829.90	
Mass. Retirement Fund	148.75	
Medical inspection	100.00	
School misc.	257.42	
		14,826.97
		$ 947.46
Outstanding bills and work under way		892.64
Balance		$ 54.82

Respectfully submitted,

WILBUR A. PATTEN,
HERBERT L. TRULL,
MAY L. LARRABEE.

SUPERINTENDENT'S REPORT

Lowell, Mass., Jan. 1, 1916.

To the School Committee of Tewksbury,

Mrs. Larrabee and Gentlemen:—

I hereby submit my third report, which is the twenty-fifth in the series of superintendents' reports.

The past year has been a successful one in your schools. Your teachers and pupils are doing good work. There have been but few changes which I shall mention under special topics.

Teachers. I consider it a piece of good fortune that nearly all your teachers have remained this year, the only change among either supervisors or teachers being that caused by the resignation of Miss Phoebe Walker at the Shawsheen school. Miss Mary Reardon of Lowell was selected by the acting principal of the normal school to succeed Miss Walker. Miss Caldwell who was at the Shawsheen grammar school last year was transferred at the close of the school year to the Foster Building.

Shawsheen. It was the aim of the Tewksbury committee and of the late Cyrus Durgin, principal of the State Normal School, to have the state take the intermediate room of the Shawsheen school as a training school. It was impossible to bring this about last year and the upper grade room was managed as a town school, the primary being a training school. This arrangement was satisfactory to neither the town nor the state. Through the efforts of Mr. Clarence Weed, acting principal of the Normal school, in September the upper grades were placed under the direction of the state. Miss Ellen L. Daley of Lowell was selected as teacher of this room. The entire building is at the present time, therefore, managed as a training school in connection with the normal school at Lowell.

The agreement between the town and the state as regards the two training schools, the North and the Shawsheen, is as follows: The town agrees to pay as much toward the teachers' salaries, to furnish as many supplies and books, and to maintain the buildings as well as would be necessary if the schools were town schools. The state agrees to supplement the salaries in order to obtain more competent teachers than could be secured by the town alone. The state also agrees to send its supervisors to the schools, and furnish such extra equipment as shall be needed to make the training schools "model schools." The selection of the teachers by law rests with the principal of the normal school.

The course of studies and the supervision of the teachers rests with the state. It is the duty of the town superintendent to visit the schools and interview the normal school principal whenever it seems that the state is failing to keep its part of the agreement.

Grammar Grades. Certain classes are larger than customary; the present year brings two exceptionally large classes to the grammar grades at the Foster school. There were fifty-five pupils in this room at the beginning of the year. It was necessary to purchase more desks, and engage a regular assistant for the year. Miss Marion Caldwell was transferred from the Shawsheen school and given especial charge of the seventh grade, Miss Flemings retaining the eighth. The room is a large one, capable of seating all the pupils; however, it seemed best to fit the committee room as a class room. This has been done and the recitations of the seventh grade are conducted in this room.

While we are getting along very well this year with this "emergency" arrangement, I wish to call to your attention the fact that the number of pupils in the various grades of this building are increasing. It was necessary to place grade one in a room by itself last year; it was found this year that grade two also must be in a room by itself. It seems probable that but a few years will pass before the town will find it necessary to provide more ample accommodations at the Centre.

West. The ventilation, heating and lighting at the West school are as poor as it is possible to have, windows on opposite sides of the rooms and a coal stove in one corner.

This is the only school in town and with three exceptions the only one in the district not provided with suitable heating and ventilating equipment. In a one-room school, when the town does not wish to provide a furnace in the basement, a jacketed stove, described in my report of last year, has been proved to work successfully. The light should of course come from one side of the room, or at least from the left and rear.

I again recommend that some improvement for preserving the health of the pupils be secured at this school.

Woodwork. At the beginning of the spring term Mr. Robert Dexter of North Reading was hired to instruct the boys of the three upper grades in woodwork. There was no favorable room for manual training, but a portion of the boys' basement has been fenced off, saw horses and benches have been made, tools have been purchased, lumber has been secured, and the classes are doing very creditable work.

The boys under the direction of the instructor have fitted up their own room, and done many helpful little jobs around the building, such as light repairs both outside and in, and making useful equipment, like cabinets and cases for the teachers. They have also finished several desks, doing a good job and adding materially to the value of the property. They will later do all the work of changing the old stationary castings to adjustable ones, thus saving the expense of hiring workman.

Besides the work for the use of the school described above each boy has some project fitted to his ability, which will be for his own use when finished.

Knife boxes, toy houses, book cases, moulding boards, feed boxes, cabinets, and various articles of like nature have been made. The pupil pays in these cases for the cost of the lumber.

I believe that work of this nature for the boys together with sewing for the girls will supplement the "book" education of our pupils by giving them a small degree of hand skill which will be useful to them in later life.

This form of training is comparatively new in this town, but I hope that our citizens will think that it is worth while.

Exhibit. A valuable exhibition of all lines of hand work, including penmanship, was held in June. Great interest was

added to this exhibit from the pupil's viewpoint, at least by a series of prizes and ribbons awarded for especial merit.

The money for these prizes was contributed by the citizens at the inspiration of Mr. Wilbur A. Patten.

Lunch. The Lunch Club described at length in last year's report proved a success throughout the winter and has been started at the time of this writing.

Over fifty pupils get the benefit of the lunches served in the lunch room under the direction of Miss Flemings and Miss Caldwell, while the number who receive cocoa each day approximates seventy.

Several teachers from other towns in my district have visited Miss Flemings at the lunch period and have later, due to her example, started similar work.

To me this seems a very important undertaking. 6/15

Graduations. Pleasing and appropriate graduation exercises for the eighth grade pupils were held at the Foster school and at the North in June.

The pupils whose names follow took part in the programs and received diplomas: Roger Billings, Patrick Clancy, Frank McHugh, Alexander McKillop, Harry Nash, Algot Osterman, Brooks Stevens, Daniel Sullivan, Gerald Tonks, Harry Treadwell, Elsa Anderson, Gertrude Anderson, Muriel Edgecomb, Alice Gulliland, Alice Higgins, Luella Johnson, Catherine Matthews, Mary Quinn, Mildred Wells, Gladys Dowler, Chas. Fessenden, George Lynch, and Gertrude Twiss.

Twenty-three of these pupils entered Lowell high school last September and are in nearly all cases doing creditably.

Desks and Seats. But few of the desks and seats of the schools in the town are adjustable. It has for the last twenty years been considered essential for the physical welfare of the pupils that adjustable seats and desks be used and that they should be fitted to the height of the pupil at least twice per year

The pupils of the grammar room started last year the task of refinishing the woodwork of their desks with the understanding that adjustable standards be purchased as soon as opportunity offered. Enough standards have just been ordered for half the room, the change will be made by the pupils themselves. It

is desirable that the old type of desk be changed as soon as possible throughout all the schools where the non-adjustable remains.

Statistics. You will notice from the table of statistics that the enrolment in the schools is about what it was last year, a loss of six by the total but a gain of four by the "present" enrolment. You will notice that the Center has gained seven. The North and West have gained slightly, while Shawsheen has lost ten.

The percentage of attendance except in case of one school is good.

While I do not have the exact figures for the bank deposits of each school the savings bank has reported to me that the total deposits for one year were $360.41.

Conclusion. In conclusion I wish to ask your careful consideration of the reports which sub-tended to this report form a part of it.

I also again wish to thank the school board, the supervisors and teachers for the cheerful, enthusiastic co-operation which makes our work successful.

Respectfully submitted,

CHAS. L. RANDALL,

Supt. of Schools.

REPORT OF SUPERVISOR OF MANUAL ARTS

Mr. Charles L. Randall, Superintendent of Schools.

Dear Sir:—

I take great pleasure in presenting to you my fifth annual report of the work in Drawing and Manual Arts in the Tewksbury schools.

The general outline which I submit is much the same as last year, but is changed where the growing interests of the classes or the school seem to demand a change.

The work in drawing is divided into five branches: color, nature, object drawing, printing and design—each branch carried out in all grades, the amount varying with the grade.

In the fall color was studied, scales made and applied to nature specimens, trees and landscapes; the latter were used in January for calendars, the aim always tending towards practical application. Holidays were observed by making and designing post cards for Hallowe'en, place and menu cards for Thanksgiving, boxes, cornucopias and gift cards for Christmas, Valentines and Easter cards, all of which lead to the designing of the graduation programs in the upper grades. Object drawing, the study of foreshortening, convergence and grouping is taken up during the winter months. Printing and design combined with interior decoration and dress harmony complete the course.

The manual work of the lower grades includes paper cutting, furniture construction and raffia work—of the upper grades cardboard construction passepartout and reed work.

In June an exhibition of manual arts was held in the School Hall. Such a display stimulates better work in the children and a keener interest for this department in the community.

I wish to take this occasion to express my sincere thanks to both superintendent and teachers for their generous assistance extended to me and my work.

Respectfully submitted,

MARGARET J. CARNEY,

Supervisor of Drawing.

Jan. 5, 1915.

REPORT OF SUPERVISOR OF SEWING

Mr. C. L. Randall, Superintendent of Schools,
Tewksbury, Mass.

Dear Sir:—

I herewith submit my report as Supervisor of Sewing.

During the year 1915 I have tried to make the course in sewing very practical. The children have applied their knowledge of the various stitches in making useful articles and wearing apparel viz.: towels, pillow cases, table linen, dresses and underwear. They have also hemstitched curtains for the school and have mended the school flags.

I plan to devote a part of the remainder of this school year to the dressing of children from infancy up, using patterns, thereby giving them a working knowledge which will enable them to help their parents in the dressing of the younger children and themselves. One day of each month will be set aside for mending, at which time I should be glad to have articles brought from home for this purpose.

I wish to thank the teachers and the committee for their kindness and co-operation.

Respectfully submitted,

CORA E. STRONG,

Supervisor of Sewing.

REPORT OF THE SUPERVISOR OF MUSIC

Mr. Charles L. Randall, Superintendent of Schools.

Dear Sir:—

I herewith submit my second annual report as Supervisor of Music in the schools of Tewksbury.

The Weaver system, which was introduced by my predecessor, Miss Malton, and which was still somewhat undeveloped last year as it was entirely new to the children, is now well established, and especially in the lower grades is beginning to show such results as this method merits.

The two chief phases of this work are Sight Reading and Theory. Great stress is also being laid on good tone quality; there has been much improvement in this last respect, and I hope for greater improvement before the end of the year.

In the primary grades there can be, of course, very little theory presented. But the foundation of sight reading and of proper tone production is established in these grades and much special work is done with those whose sense of pitch is not good. By the end of the first year there are rarely any "monotones" left. All songs in the first and second grades are learned by rote, and artistic production of these songs is striven for. It is interesting to note how quickly children perceive the mood of a song and how aptly they interpret it.

In the third and fourth grades sight reading is continued with some theory, and the classes learn songs from their books. Two-part work is introduced in the fifth and sixth grades with more difficult time and time problems. In the seventh and eighth grades three-part songs are used, and such work in theory as is practical is continued. In all grades individual work is very important; in no other way can independent tone-thinking be obtained, and in no other way can genuine class work be secured.

A concert will be given at the Foster school shortly before the Easter vacation. All the grades will take part, contributing songs representative of their work during the school year.

In conclusion, I wish to thank the teachers for their efficient co-operation in this work; it has made my efforts for success a pleasure. Also I wish to thank you, Mr. Randall, for your generous assistance throughout the year.

Respectfully submitted,

EVELYN BUCKINGHAM WAITE,

Supervisor of Music.

REPORT OF SCHOOL PHYSICIAN

To the School Committee of Town of Tewksbury,

The schools in our town have been inspected and found to be in very good condition, with reference to sanitation and ventilation, with the exception of the West school. This school with its present construction cannot be made to properly comply with modern principles of hygiene and sanitation. I would suggest to the committee that every non-adjustable seat and desk be removed from our school houses; it is quite impossible to fit children properly into this type of school furniture.

The general health of the children has been very good the past year and we have been very free from contagious diseases.

Respectfully submitted,

HERBERT M. LARRABEE, M. D.,

School Physician.

REPORT OF OVERSEERS OF POOR

Town Farm Account

Appraisal of Personal Property Jan. 1, 1916		$ 4,864.60
Appraisal of Personal Property Jan. 1, 1917		5,407.20
Gain on Appraisal		$ 543.20
Receipts from Sale of Milk	$3,519.18	
Cows	682.50	
Calves	54.50	
Teaming	92.00	
Miscellaneous	106.98	
		4,455.11
Receipts from Farm	4,455.11	
Appropriation for Farm	200.00	
Total receipts		4,655.11
Expenses per Auditor's Report		4,586.54
Balance to Credit of Farm		68.97
Gain on Appraisal		543.20
Due to Farm for Milk for Dec.		221.04
Permanent Improvements		93.95
		$ 727.16
Less Appropriation		200.00
Balance in favor of Farm		$ 527.16

We beg to call your attention to the excellent condition of our Town Farm. The Superintendent and Matron have the interest of the Town and Farm at heart, as everything is in a thoroughly neat condition, and the close of the first year shows gratifying results. We commend the faithful work of Mr. and Mrs. Chas. W. White, and

believe that another year will be still more successful for them. The same officials have been chosen for another year, and the inmates and Farm will be carefully looked after. During the year drinking basins have been installed in barn. The silo was painted, its first coat since being built some eight years ago. A shed shingled, storm windows, window screens and doors without any expense to Town, only for material, some $93.95.

This Farm, under such management and strict attention to business, can be made self-supporting.

Outside Relief

Balance Jan. 1, 1916	$ 14.95
Appropriation	$1,200.00
Reimbursement from Commonwealth	593.88
Reimbursement from Ora C. Gardner	24.25

JOHN J. YOUNG,
JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
Overseers of Poor.

REPORT OF INSPECTOR OF ANIMALS

Gentlemen:

The following is the report of the Inspector of Animals for the year ending December 31, 1916:

Number of cattle inspected	757
Number of swine inspected	410
Number of goats inspected	4
Number of stables inspected	60
Number of cattle quarantined	11

Respectfully submitted,

PAUL B. SMITH.

REPORT OF INSPECTOR OF MEATS AND PROVISIONS

Gentlemen:

The following is the report of the Inspector of Meats and Provisions for the year ending December 31, 1916:

Number of sides of beef inspected	612
Number of veals inspected	307
Number of hogs inspected	677
Number of lambs inspected	7
Number of sides of beef condemned	8
Number of hogs condemned	4
Number of veals condemned	5

Respectfully submitted,

PAUL B. SMITH.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Tree Warden I submit the following:

Most of the work in the past year has been confined to cutting of brush on dangerous curves on the following streets: Lowe, Maple, East, Vale, Shawsheen, Foster, Whipple, Pine, Billerica, Astle, Pike, Trull, North and Kendell. Fifteen hundred trees were sprayed twice during the larvæ season to suppress the Elm Leaf Beetle.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

As Local Superintendent for the Suppression of the Gypsy and Brown Tail Moths I submit the following:

There is a marked decrease in Brown Tail Moths, while Gypsy Moth conditions remain about the same. Practically the same methods were employed as last year, under State supervision. I think the same methods will effectively suppress them in the future.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF FOREST WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Forest Warden I submit the following:

Total number of fires attended, 21. Acreage burned, approximately 118. In the past year autos have been used in preference to horses, which enables us to get to fires in the incipient stage, requiring less effort to extinguish and cutting the expense at least 25%. I again take this opportunity of thanking citizens and State Infirmary employees for the valuable aid they have rendered this department.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Tewksbury, Mass., December 1, 1916.

To the Board of Selectmen:

Gentlemen:

Herewith find my annual report as Sealer of Weights and Measures from November 30, 1915, to November 30, 1916:

Platform scales over 5,000 lbs. sealed	4
Platform scales under 5,000 lbs. sealed	14
Computing scales sealed	6
Counter balance scales sealed	9
Beam scales sealed	2
Spring scales sealed	4
Slot machine sealed	1
Weights sealed	106
Liquid measures sealed	20
Automatic pumps sealed	5
Yard sticks sealed	2

One platform scale over 5,000 lbs. was condemned, and it was repaired and sealed. One platform under 5,000 lbs. was condemned and not heard from. Three spring scales were condemned—one was replaced by a new one, one was repaired, and one was removed from the store. 398 milk bottles were sealed and seven were condemned.

There has been collected for fees and adjusting $20.82 (twenty dollars eighty-two cents), and the same has been paid to the Treasurer.

In March I received a letter from the State Commissioner requesting me to test and seal the milk bottles of the dealers in the Town and not to make any charge to them for it. I tested 405 and found 398 correct, and seven were condemned. It made a great deal of extra work and time, as I had to go to the places of business of some of them and some of them were brought to my house.

Respectfully submitted,

W. H. ALEXANDER.

REPORT OF THE BOARD OF APPRAISERS

Tewksbury, Mass., Jan. 1, 1917.

We, the undersigned Appraisers of the Town of Tewksbury, met at the Town Farm and made an appraisal of the personal property belonging to the Town. We found everything in excellent condition under the efficient management of Mr. and Mrs. White. We submit the following report:

Town Farm

Jan. 1, 1917	$5,407.80
Nov. 13, 1916	4,864.60
Net gain	$ 543.20

Highways

Jan. 1, 1917	$2,206.10
Jan. 1, 1916	2,027.25
Net gain	$ 178.85

Moth Department

Jan. 1, 1916	$2,040.15
Jan. 1, 1917	1,694.10
Net loss	$ 346.05

GEO. E. MARSHALL,
JACOB L. BURTT,
ALBION FELKER,
Board of Appraisers.

REPORT OF HIGHWAY COMMISSIONERS

The Board of Selectmen, Tewksbury, Mass.:

Gentlemen:

We beg to submit herewith annual report for the year ending December 31, 1916. The following work has been done by the Town teams:

Gravel Hauled and Spread

State Street	76 loads
Lake Street	82 "
Brown Street	52 "
Pringle Street	62 "
Fiske Street	56 "
Chandler Street	624 "
Lawrence Street	123 "
Rogers Street	79 "
Kendall Street	84 "
West Street	96 "
Pleasant Street	80 "
Woburn Street	80 "
Small Lots	358 "

Cinders Hauled

Main and Chandler Streets	68 "

Five culverts were rebuilt. 124 loads of sand were hauled for oiling roads. Thirty-two days were spent scraping streets and thirty-four days breaking out roads on account of snow. Four days were spent repairing fences.

During the summer we repaired and painted the Town Barn, also bought a new team of horses.

On July 1 our Superintendent, Mr. H. L. Darby, resigned after almost eight years of faithful and efficient service, and we secured in his place Mr. John Brown.

The Street Railway Tax, from yhich we received $2,240.00 in 1914 and $1,768.00 in 1915, only amounted to $1,264.00 this year, and, as it is improbable that the earnings of the Street Railways will in-

crease in the near future, we recommend that $2,000.00 be appropriated for the coming year.

We used only $1,020.79 of the $1,500.00 appropriated for oiling the roads, as we found that by spreading the sand with the Town teams a material saving could be effected. We recommend that $600.00 be appropriated for next year, together with the unexpended balance of this year's appropriation amounting to $479.21.

Respectfully submitted,

GEORGE STEVENS,
GEORGE E. MARSHALL,
A. S. BRIGGS,
Highway Commissioners.

REPORT OF PARK COMMISSIONERS

To the Board of Selectmen:

Gentlemen:

Herewith is submitted a report of the Park Commissioners for the year 1916.

Total appropriation, including balance of previous year	$116.06
Expenditures	60.55
Balance January 1, 1917	$ 55.51

The details of the expenditures will be found in the Auditor's report.

In addition to the Common at the Centre, the small park at the North has been under the care of the Commissioners. There is a triangular grass plot at Messers Corner, so-called, which should be improved and cared for. The flag pole on the Common should be painted.

An appropriation of $75.00 in addition to the unexpended balance of last year is recommended, making a total appropriation of $135.51.

Respectfully submitted,

HENRY M. BILLINGS,
Chairman Park Commissioners.

REPORT OF BOARD OF FIRE ENGINEERS

The Board of Selectmen, Tewksbury, Mass.:

During the year there has been one change in the Engineers, Mr. Alden S. Haines taking the place of Mr. Wilbur A. Patten, who resigned.

Total number of fires in scope of Dept.	16
Responded to	14
Chimney fires	5
Value of buildings and contents	$10,900
Insurance on buildings and contents	2,875
Loss on buildings and contents	1,262
Loss over insurance	1,613

(Above figures include State Infirmary.)

Frame building	6
Brick, stone or cement	7
Other than buildings	2
Fatal burning	1

Permits

Garages and storage of gasoline	10
Selling fireworks	0
Blasting	4

Following is a condensed financial statement, for detailed report see Auditor's report:

Amount paid out	$224.24

Respectfully submitted,

ALDEN S. HAINES,
Chief.

REPORT OF COMMITTEE ON FIRE APPARATUS

To the Board of Selectmen of the Town of Tewksbury:

Gentlemen:

Herewith is submitted a report of the committee appointed at the last Annual Town Meeting to purchase a suitable fire apparatus and provide for the care and maintenance of the same.

The committee, after investigating many different makes of fire trucks and equipment, and after mature deliberation, unanimously decided that the fire truck of the Kissel Kar Co. was in their judgment the best apparatus for this Town that could be secured for the amount of funds available. The particular feature of the apparatus which in the opinion of your committee was best adapted to the needs of this Town was the **three** chemical tanks with which the truck is equipped. The usual combination is two. These tanks are of forty-gallon capacity each, and are mounted on a chassis which has demonstrated a speed of over fifty miles an hour, showing that the six-cylinder motor furnishes ample power to drive the machine under any conditions practicable for any motor-driven apparatus. Five hundred feet of hose was furnished with the machine, as well as other accessories usually found with fire trucks. The sum of $2,500.00 was paid for this fully-equipped fire truck.

Several plans for the housing of the fire truck were considered. The committee finally decided to purchase the Foster Barn, near the church, its location being deemed the best that could possibly be secured. The land extending to the street, and about thirty feet to the rear of the barn, with the building on it, was purchased for the sum of $500.00. A fireproof room was constructed on the west side of this building, and a steam-heating plant installed in the cellar. A few necessary repairs were made on the building, making it fairly serviceable. Owing to the lack of funds the committee could not put the building in proper condition. A water tank and pump should be installed.

The cellar floor should be cemented, a coal bin constructed, and a room on the east side of the building similar to the one on the west side. The roof should be shingled with some kind of fireproof shingles. The building was painted by order of your Board with other Town buildings, and was a much-needed improvement.

The committee recommends that $850.00 be appropriated for the completion of repairs on the building and the care and maintenance of the Fire Department for 1917.

Respectfully submitted,

H. M. BILLINGS,
Chairman Fire Committee.

TEWKSBURY BOARD OF HEALTH REPORT

Tewksbury Board of Health:

The following is my report for the year ending Jan. 15, 1917:

List of Contagious Diseases

	Cases	Deaths
Measles	12	0
Scarlet Fever	5	0
Tuberculosis	2	0
Diphtheria	1	0

Each year the camping sections of this Town are becoming more crowded, and it will be only a short time before it will become necessary to make regulations limiting these builders, for sanitary reasons. As a warning to the campers at this time, let me urge more caution in the building and care of the outhouses and disposition of the refuse. Should a serious outbreak of contagious disease appear in any of these sections, this warning would then become a reality, and incur apparently unnecessary expense both to the owners and town.

We have had quite a number of contagious cases this year, but no deaths. I would like to urge a little more caution in reporting these cases to the Board of Health.

HERBERT M. LARRABEE, M. D.,

Agent.

SOLDIERS' CEMETERY APPROPRIATION

We do hereby submit the following report on the Soldiers' Lots:

We engaged Mr. Edward M. Bailey, who is himself a veteran, to look after the management of the work, which he has done in a very careful and conscientious manner. The lot known as the Soldiers' Lot has been put to grade, and four stones, one on each corner, marking the lot.

There has also been ten (10) other lots where soldiers are buried put to grade—six (6) in Cemetery at Centre, four (4) in Cemetery at south part of Town. The lots have been seeded down to grass, and another year exepct to have lot marked with tombstone for that purpose furnished by the government.

JEREMIAH K. CHANDLER.
IRVING F. FRENCH.
JOHN J. YOUNG.

PUBLIC LIBRARY

The Trustees of the Public Library submit the following report for the year ending January 1, 1916:

The reports of the Auditor and Librarian found on another page give in detail the expenditures and also the number, character and circulation of books during the year. Besides supplying the Centre, the Library furnishes weekly a box of books for those sections of the Town which desire them. In this way as large a proportion of the reading public as possible is reached.

The Art Exhibit which was introduced last year is proving of much profit to those who frequent the Library. The Trustees feel that more of this sort of work could be done in many directions if there were more room. Because of the increasing number of books made possible by our larger yearly appropriation; because more and more the Library room is being used for reading purposes; and because we see a great opportunity for various exhibits of art for the general culture of our people, the Trustees feel that at this time the attention of the Town should be called to the need either of a new and larger building or of the use of the entire present one.

The Trustees wish this report to draw the attention of parents to the fact that the children should be taught to respect the rights of those who use the Library as a reading room, and should refrain from causing any annoyance.

Each succeeding year brings added duties and responsibilities to the Librarian and her assistant. The Trustees wish to take this opportunity to express their appreciation for their courteous and faithful service.

We request the Town to grant us the appropriation of five hundred dollars, the amount given last year.

Respectfully yours,

SARAH A. DIXON,
WILLIAM H. LEE,
EDITH AMES STEVENS,
GEORGE E. MARSHALL,
ALBERT C. BLAISDELL,
EDGAR SMITH.

LIBRARIAN'S REPORT

To the Board of Trustees of the Tewksbury Public Library:

The following report is respectfully submitted:

The circulation of books in the South and Northwest districts has shown a marked increase.

The decrease in circulation of the magazines is due to the fact that all magazines now remain on the reading table until the next month's copy is received.

The following magazines are subscribed for by the Library: Century, Cosmopolitan, Country Life, Current Opinion, Garden, Harper's, Illustrated World, Ladies' Home Journal, McClure's, Munsey's, National Geographic, Scribner's, St. Nicholas, Woman's Home Companion and World's Work.

WARRANT FOR TOWN MEETING.

MIDDLESEX SS:

To either of the Constables of the Town of Tewksbury in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at the Town Hall in said Tewksbury, on Monday, the 5th day of Feb., 1917, at nine o'clock A. M., to act on the following articles:

ART. 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose all necessary Town Officers, to choose by ballot a Town Clerk, three Selectmen, three Overseers of Poor, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden, and Constables—all to serve one year; one Assessor, one Highway Commissioner, one School Committee, two Trustees of the Public Library and one Park Commissioner, all to serve three years; one Assessor to serve one year; one School Committee to serve one year. The polls

for the election of Town Officers to be opened at ten o'clock A. M., and close at three o'clock P. M.

ART. 3. To hear reports of Town Officers and Committees and act thereon.

ART. 4. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.

ART. 5. To see what action the Town will take on the following question: Shall licenses be granted for the sale of intoxicating liquors in the Town? The vote to be yes or no, as provided by Revised Laws, Chapter 100, Section 10.

ART. 6. To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

ART. 7. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year

Voted: That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning Jan. 1, 1917, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of said financial year.

ART. 8. To see what compensation the Town will vote for the collection of taxes, and at what rate and from what date interest shall be charged on taxes of 1917

unpaid after November 1, 1917, or to take any other action relative thereto.

ART. 9. To see if the Town will vote to borrow, if necessary, a sum not exceeding one twenty-fifth of one percent. of the current year's valuation, such sum of money to be used in the suppression of the Gipsy and Brown Tail moths, and not to be expended before December 1st next, and to be raised in the tax levy of the year 1918.

ART. 10. To see if the Town will vote to raise and appropriate the sum of $125.00, for the proper observance of Memorial Day, and appoint a committee to expend the money.

ART. 11. To see if the Town will vote to authorize the Selectmen to institute suits on behalf of the Town or defend any suits that are, or may be brought against the Town.

ART. 12. To see what action the Town will take in regard to having valuation list printed.

ART. 13. To see if the Town will authorize the Selectmen, with the approval of the Auditor, to transfer money from one department to another over which they have direct jurisdiction.

ART. 14. To see what sum the Town will raise and appropriate for the application of tar, oil or other binder to its highways.

ART. 15. To see what action the Town will take in regard to the purchase of a steam road roller.

ART. 16. To hear report of the committee appointed to investigate the advisability of selling the Town Farm

and act thereon, and to see what action the Town will take, if any, relative to selling this Town Farm.

ART. 17. To hear report of the committee appointed in regard to the amendment of the by-laws and act thereon.

ART. 18. To see if the Town will vote to appropriate and raise $500 to repair Chandler Street leading from the junction of Lee and Chandler Streets and thence easterly to the junction of East and Chandler Streets.

ART. 19. To see if the Town will vote to place two gas lights on Chandler Street.

ART. 20. To see if the Town will vote to place twelve electric lights on Billerica and Whipple Streets.

ART. 21. To see what action the Town will take toward placing three gas lights on River Road.

ART. 22. To see if the Town will vote to raise and appropriate the sum of three thousand dollars for reconstructing and widening Andover Street, commencing at the point where the allotment of last year terminates, and that the Treasurer, with the approval of the Selectmen, be authorized to borrow $2,000, one thousand dollars payable in 1918 and one thousand dollars in 1919, and one thousand dollars to be raised in the current year's levy, providing the Commonwealth and the County each appropriate a like sum, this appropriation to be in addition to the sum voted at a Special Meeting of the Town in 1916, and the awarding of contracts for the work to be given to the Selectmen, or, with their consent, to the State Highway Commission.

ART. 23. To see what action the Town will take in regard to extending the gas mains from Fleming's shop on Andover Street to the residence of Hugh Cameron, or to take any other action relative thereto.

ART. 24. To see if the Town will appropriate the sum of $1,000, said sum to be used to instal up-to-date sanitation at the North School.

ART. 25. To see if the Town will vote to instruct the Road Commissioners to cement all culverts in the future.

ART. 26. To see if the Town will vote to have the Road Commissioners plough all sidewalks while it is snowing and sand all sidewalks while raining and freezing in said Town.

ART. 27. To see what action the Town will take to abolish the Road Commissioners.

ART. 28. To see if the Town will vote a sum not exceeding $500 for the purchase of one concrete mixer.

ART. 29. To see if the Town will vote the sum of $1,000 to widen and gravel the road beginning at Tewksbury Depot to North Tewksbury to the cross road three hundred feet more or less beyond Charles Battles, said work to be let out by contract, citizens of Tewksbury to have the preference.

ART. 30. To see what action the Town will take in regard to selling the Town teams, and having the work done by contract.

ART. 31. To see what action the Town will take in regard to installing larger lights.

ART. 32. To see if the Town will vote the sum of $1,600 to maintain for one year two police officers, one for day duty and one for night duty in any part of the Town, said police officers to wear uniforms, said officers to come under the jurisdiction of the Selectmen.

ART. 33. To see if the Town will vote to increase the Town Hall janitor's salary from $50 to $100.

ART. 34. To see if the Town will appropriate the sum of $150 to repair the sidewalk on North Street from the residence of W. A. Patten to Almont Station.

ART. 35. To see what sums of money the Town will raise by loan or otherwise for furnishing additional school accommodations at Tewksbury Centre, or to see if the Town will take any other action relative to such additional accommodations.

ART. 36. To see if the Town will vote to raise and appropriate the sum of $150 to finish removing the ledge on North Street.

ART. 37. To see if the Town will vote to appoint a committee to meet the officers of the Lowell Electric Light Corporation, who shall be authorized to submit at the next Annual Town Meeting the best proposals for supplying the Town with electric lighting, or to take any other action relative thereto.

And you are directed to serve this Warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices, and leave one hundred copies for the use of the citizens at the Post Offices in said Town, 14 days at least, and over two Sundays, before the time of holding said meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands this fifteenth day of January, in the year of our Lord, one thousand nine hundred and seventeen.

JEREMIAH K. CHANDLER,
IRVING F. FRENCH,
JOHN J. YOUNG,
Selectmen of Tewksbury.

TABLE OF ESTIMATES FOR 1917

REPORT OF THE SCHOOL COMMITTEE

Your Committee submits the following report:

The work in the schools has been most satisfactorily carried on during the past year. Several changes have been made in the teaching force—Miss Wiggin has been transferred from the Library to the Shawsheen School; Miss Wray has also been elected teacher at the Shawsheen School, and Miss Churchill at the Foster School. Changes also have been made in the Manual Training and Sewing teachers. It has been our pleasure to employ Miss Frances Cameron as teacher of Sewing. We also have been very fortunate in getting as Manual Training teacher Edmund B. Alger, who is a senior student at the Fitchburg Normal School.

The Foster School has been improved in many ways during the past year. The wooden partitions in the basement have been torn down and heavy screening put in their place, which gives better air and light throughout the basement. The ceilings also have been covered with metal lathing and hard plaster, making them absolutely fireproof. The outside of the building has been painted, which greatly improves the looks of the building. The new fire escape, which has been erected in the rear of the building, adds to the safety of our children, and also makes another exit from Pickering Hall.

Again your Committee wishes to call to your attention the crowded condition of the Foster School. We are not running our Centre Schools advantageously to our children, our teachers, or ourselves. We are maintaining one grade at the Library at a greater cost to the Town than it could be maintained at the Foster School, the estimated cost being about a hundred dollars a year extra. We are crowding 59 children in one room, giving an assistant teacher, but two grades carried on by two teachers at the same time cannot be done successfully. We are heating a large amount of waste room, which could easily be remodelled and made into useful and attractive school rooms.

It has seemed for the past year that our District was increasing to such an extent that it has been impossible for our Superintendent to give sufficient time to any one school. Therefore, at the District Meeting it seemed advisable to drop one of the five towns in the District. By taking out Wilmington we reduced the District to about

the same number of children as it had when it was formed. It now includes Tyngsboro, Dracut, North Reading and Tewksbury.

The Library School has had the usual repairs. The ceiling in the basement has been furnished with fireproof lathing, the same as the Foster School. The outside of the building has also been thoroughly painted.

Further grading has been done around the Shawsheen School, and arrangements have been made for more shrubs around the grounds.

At the North School, Miss Hopkins has been elected as teacher, to fill the vacancy made by the resignation of Miss Marsh in June. The school house is in very fair condition, but we wish to call your attention to the sanitary conditions. These have been condemned by your Board of Health. It is the wish of your Committee that the sanitary arrangements of the school be in keeping with the modern conditions of your other schools, for sanitation is the prime element of hygiene.

It is with a great deal of regret that we received at this time the resignation of Mr. Patten, chairman of your Committee. On account of increasing business interests, he felt that he could no longer give his time to school affairs. By his resignation the Town loses one of its most capable and efficient officers. Mr. Franklin Spaulding has been appointed to finish out the year in Mr. Patten's place.

The West School has been remodelled, as given in the report of the Building Committee.

The Committee recommends that the following sums of money should be appropriated to meet school expenses the coming year:

Teachers	$ 5,917.75
Fuel and janitors	2,179.80
Transportation	2,064.61
Supervision	1,192.00
Books and supplies	800.00
School houses	1,000.00
Tuition	3,900.00
Medical inspection	100.00
School miscellaneous	250.00
Insurance	300.00
Total	$17,704.16
Expected from the State	4,687.96
	$13,016.20

FINANCIAL REPORT

Following is the financial statement of the Committee. The expenditures in detail may be found in the Auditor's report:

Receipts

Balance Jan. 1, 1916	$ 767.46	
Appropriation	11,685.00	
Reimbursement from the State:		
Acct. Mass. School Fund	1,154.37	
Acct. Industrial tuition	525.00	
Acct. Tuition of children	116.50	
Acct. Transportation of pupils	548.30	
Acct. Supervision	200.00	
Public Library, 1-6 coal and wood	25.51	
James Dodge, for tuition	40.00	
James Crosby, for tuition	10.00	
C. L. Randall, reimbursement on telephone	21.03	
R. D. Dexter, for material sold	2.14	
W. A. Patten, for material sold	12.90	
W. A. Patten, rent of Pickering Hall	10.00	
W. A. Patten, for police at Pickering Hall	2.00	
Mrs. Larrabee, rent of Pickering Hall	5.00	
Fire Department, use of telephone	1.76	
		$15,126.97

Expenditures

Teachers	$5,630.00	
Fuel and janitors	2,027.80	
Mass. Retirement Fund	154.00	
Supervision	496.00	
Medical inspection	100.00	
Tuition	2,692.40	
Transportation	1,839.61	
Books and supplies	695.14	
School houses	1,230.46	
Miscellaneous	261.56	
		$15,126.97

Amount of bills on hand unpaid.....	$1,694.84
Acct. of High School tuition which has not been received from the State.....	$1,693.16

Respectfully submitted,

HERBERT L. TRULL,
MAY L. LARRABEE,
FRANKLIN F. SPAULDING.

Report of the Committee for Remodelling the West School.

Appropriation	$2,100.00

Expenses

Clarence E. Foster, plans.....	$ 20.50	
Cyrus Barton, foundation and cementing.....	703.85	
James Blackstock, carpenter.....	1,375.65	
		$2,100.00

The work of the committee for remodelling the West School has been carried out, and the school completed. A foundation has been dug and a cement basement put under the building. This basement contains play room for the children, a new hot air furnace, and modern sanitary plumbing throughout. The building has been refinished inside with a new hardwood floor and new windows on one side. Space has been taken from the other side of the room for the modern wardrobe.

New desks and chairs have been furnished, which can be removed at any time and the school room can be used for social purposes of the community. The building has been wired throughout for electricity, and the committee hope soon to make arrangements for lights. By extending our water pipes to those of Aaron Osterman we have been able to solve the problem of good water, which before had been condemned by the State Board of Health.

Respectfully submitted,

HARRY L. SHEDD,
MAY L. LARRABEE,
HERBERT L. TRULL.

SUPERINTENDENT'S REPORT

Lowell, Mass., Jan. 2, 1917.

To the School Committee of Tewksbury:

Mrs. Larrabee and Gentlemen:—

I hereby submit my fourth report, which is the twenty-sixth in the series of superintendents' reports.

Again your schools have had a successful year. The few changes which have taken place will be mentioned under separate topics.

Teachers. All the teachers at the training schools connected with Lowell Normal School resigned at the completion of the school year in June—Miss Marsh from the North and Miss Daley and Miss Reardon from the Shawsheen. Principal Mahoney, of the Normal School, has engaged Miss Lydia Hopkins at the North School. Miss Hopkins comes to us with thorough experience and with the best of recommendations. I believe that she will be successful in her work. One of the Town teachers was selected by Mr. Mahoney and transferred from the Library School to the Shawsheen, Miss Miriam Wiggin. I am pleased to retain Miss Wiggin in Tewksbury. Miss Alice Wray was the third teacher selected for the position in the primary school at Shawsheen, she came with excellent recommendations.

Miss Gladys Arnold, who had taught grades three and four for several years at the Foster School, was transferred to the Library School, where she has had pleasing success. Miss Anna Churchill, who formerly taught in Concord, was engaged to take the room containing the third and fourth grades at the Foster School, where she is giving satisfaction. Miss Marion Caldwell, who had served one year as assistant in the grammar room, resigned last June. Her place was filled by the appointment of Miss Estelle Horton, a recent graduate of Salem Normal School.

The work of the teachers who have been with us for several years continues to be very commendable. It is a marked good fortune to a town to be able to retain good teachers for several years. It is, on the other hand, impossible to get satisfactory results in those schools where there is a constant change in the teaching force.

Salaries. The desirability of retaining successful teachers should lead us to consider the salary situation. The schedule of salaries paid in this Town was fixed several years before the present era of high prices, and was probably adequate, but not only has no increase proportionate to the advanced cost of living been made in teachers' sala-

ries, but it is a fact that no increase has been made in the salary of any teacher since the outbreak of the European war, which has had an effect similar to a constant decrease in the net salary of the teacher. It is only justice that this condition be considered and that a salary be paid to our teachers commensurate with their worth.

Age Limit. A change was made in September of the age limit, that is, the age at which pupils who have never attended school may enter school. During the present year and until further notice, this age will be five and one-half years. That is, a pupil who is five years and six months old when school opens in September, or who will reach the required age during the first week of school may enter school, others will have to wait one year. Even after this change was made you will notice an enrollment of thirty pupils in grade one.

Eighth Grade. All pupils of grade eight attend school at the Foster building. This has been deemed wise both for the advantage of the pupils who must fit for Lowell High School and for the advantage of the schools from which these pupils came, which still have more grades than one teacher should manage. It seems to me that it will be necessary in a short time to transport the pupils of grade seven to the Center, as the school population in the Shawsheen district is constantly increasing.

Foster School. The accommodations at the Foster School, including the Library School, are very inadequate. If you will consult the Table of Statistics you will notice that the enrollment of these schools is large, namely, Miss Fleming's room fifty-nine, Miss Arnold's room (at the Library) forty-six, Miss Churchill's room thirty-six, Miss Flynn's room forty-six, and Miss Eagles' room thirty. Miss Churchill's room and Miss Eagles' rooms are the only ones not overfilled. I do not mean overcrowded as would be the case in ordinary sized rooms, but I refer to the number of pupils which should be taught by a single teacher. The law sets an arbitrary limit and requires that no teacher should have more than fifty pupils under her charge. One of your schools has reached this limit, and an assistant has been given to the teacher in charge; two others are very close to the danger line. But the point that I wish to make is, not the arbitrary "fifty" limit of the law, but rather that the time for giving a teacher more than forty pupils has long passed; true we are obliged to do it, but school officers no longer wish to do it. The State Board of Education strongly advises against placing more than thirty-five pupils under one teacher. Some educators place the limit as low as thirty, while none willingly go over forty. School architects no longer plan rooms to seat over forty-two pupils, that is, they call that num-

ber the maximum that should be in one room, while many of the plans call for thirty-five seats. Since I have been in your district seven buildings have been built or re-modelled, and the average size of these new rooms is thirty-three by twenty-two feet. I speak of this simply because some may advocate placing more seats in the four rooms that are in use at the Foster building. This can be done, but would be wholly at variance with present educational policy, in fact, would be a backward step which I think your Town would not like to take. At the present time and for several years an assistant is employed in the building, this covers the law, but is a very poor policy from a financial standpoint, as it is impossible to obtain the worth of the Town's money when two teachers are placed in the same room, for both cannot work to advantage, any more than two persons in any other vocation would work advantageously where but one was intended.

If I have made in this report my point plain, that accommodations at the Foster School are inadequate, let me turn briefly to the remedy.

Two ways at once present themselves, to build anew or to remodel the old. Of course a new building for any of the grades, primary let us say, could be built which would be satisfactory from a schoolman's view-point, but I would like you to consider the advisability of remodelling the present Foster building.

Mr. William Allen, of Lawrence, who successfully remodelled the school buildings at Tyngsboro and Collinsville, visited the building last summer with me, and has recently submitted plans for the necessary change of the building, with the understanding that the Town be under no obligation to him. These plans call for almost no change in the exterior of the building or in the roof, but so utilize the space already there that four rooms capable of seating forty-two pupils and four capable of seating thirty-five could be obtained. All these rooms would be well lighted, ventilated and heated, and equipped with the most modern kind of wardrobes. The toilets and playrooms in the basement would be ample, the building would have lunch room and kitchen, teachers' rooms, emergency room, and an ample supply room, while the hall on the third floor would remain as at present. This I feel sure proves the contention sometimes made that the present four-room building is actually large enough for eight rooms if the space could be utilized.

The advantages for the latter plan would be—Economy, in using to the limit the plant already owned by the Town, and by eliminating the necessity of securing another building site. Another feature that seems to me important would be the enabling us to keep all the pupils

and teachers under the direction of one principal, forming a part of one school. I think this works for efficiency.

I trust that an investigating committee may be appointed at the coming Town Meeting to consider the needs of the school and the best manner of meeting them.

West. During the summer the West primary school has been remodelled into a modern building—sanitary, well lighted and heated, equipped with wardrobes, and the Moulthrop desks. I know of no better type of rural school building at present than the West School.

Adjustable Desks. During the past year some thirty additional adjustable seats and desks have been secured for the Foster building. This seems to be a necessary change. I recommend that all desks of the old type be changed for adjustable as soon as possible. There are at present about fifty of the old stationary desks at the Foster building, forty-six at the Library, and about thirty at the North.

Lunch. The lunch serving as carried on at the Foster School continues to be a success.

A cooking class composed of the girls of the seventh and eighth grades was conducted during the winter term, with lunches served at the table in the dining room every day. In addition to this, hot cocoa was served to some seventy children daily.

The principal, with assistance of the teachers, financed these operations for the most part. The actual cost to the Town last year was seven dollars and a half.

I have had lunch serving in my schools where the entire financial burden was removed from the teachers, and in some instances where teachers were paid for this express work, but I have never known this important feature of school life better managed than at the Foster building.

Transportation. During the past winter, and continuing the present term, arrangements have been made to carry the children who live in the Shawsheen Park locality. The Committee felt that the distance was too great, combined with poor travelling, to require the pupils to walk in severe weather. There is no law covering the exact distance at which parents can demand transportation, neither is it a matter that comes under the jurisdiction of the State Board of Education, as is generally believed, but is left to the discretion of the local school board to determine what in their judgment is "reasonable."

Institute. On Nov. 16, 1916, Mr. Francis G. Wadsworth, of the State Board of Education, held at the Foster building an Institute for the teachers of this locality, some one hundred and fifty in all. The subject chosen by Mr. Wadsworth was Physical Education. A large

number of teachers who had acquired some distinction in this line of work took part on the program. It fell to the lot of the Tewksbury teachers to give demonstrations of this phase of school work, which they did with great success both indoors and on the playground. Mr. Wadsworth especially commended the work shown by our teachers, and justly so, as they are exceptionally active in this important part of school life.

Manual Training. Mr. Robert Dexter, who had taught manual training for a year, resigned his position in August last. After careful deliberation and search, Mr. Edmund Alger, a student at Fitchburg Normal School, was engaged to take up this work. Fitchburg Normal makes a specialty of preparing young men to teach the manual arts, so it is felt that Mr. Alger is prepared to carry on this subject in a manner in accordance with the best training in the State. He shows promise of success, but has been with us too short a time to have his work at its best.

Sewing. A change was made in sewing teachers this fall, this work now being carried on by Miss Frances Cameron of this town. Miss Cameron shows great enthusiasm in the subject, and has won the goodwill of her classes. Her ideas are sensible and progressive. I anticipate success for her.

Graduation. Appropriate graduating exercises were held at Pickering Hall the evening of June 22, 1916, and the following-named pupils received diplomas:

William Carter, Donald Gerrish, Lester Holt, Bennie Kittredge, Roy Lanner, James MacDonald, Warren Mildrum, Paul O'Connell, Thomas Sullivan, Harry Sunbury, Marion Cameron, Lucy Clancy, Josephine Harnden, Irene Harnden, Marion Jackman, Maud O'Connell, Madeline Parsons, Olga Osterman, Ursula Sawyer, Mary Toothaker, Geraldine Banderburg, Gladys Haines, Vasilia Zariphes, Florence Seaver.

Of these graduates fifteen entered the Lowell High School in September, four entered Wilmington High School, and one entered the Vocational School.

Conclusion. In closing I wish to call your attention to the reports of the Supervisors and School Physician, which follow, also to the various statistics which form a part of this report.

I wish to again express my appreciation of the loyalty of my fellow-workers and the constant co-operation and support of the Committee.

Respectfully submitted,

CHAS. L. RANDALL.

REPORT OF SUPERVISOR OF MANUAL ARTS

Mr. Charles L. Randall, Superintendent of Schools.

Dear Sir:—

It is with great pleasure indeed that I present my sixth annual report of Drawing in the Tewksbury schools.

As in all other subjects, an outline, including the different branches of drawing, is made out and followed throughout the year, changes being made and additional problems put in as classes or conditions require. The branches of drawing taken up in each grade are color, nature in specimens and landscapes, object drawing, contsruction, printing and design. It is with regret that we think of the short allowance of time for each branch, with the unlimited number of problems possible, yet each part of the course seems equally important.

The work in the lower grades is an upward climb with the help of constant drill upon the part of the teachers, which is amply repaid in the results of the upper grades. An additional line, figure drawing, will be added this year in the grammar grades of the Foster School, where it is felt the class will be ready for this kind of work, after a keen sense of observation has been encouraged through object drawing.

The North and Shawsheen Schools, with their many grades and full programs, require a shorter course in the subject of drawing. The different branches are taken up with fewer problems in each one.

Last June an exhibition of the work done in the different branches of manual arts was held at Pickering Hall. This has become an annual affair which seems to be looked forward to with interest and enthusiasm by pupils, teachers, parents and friends. Teachers and pupils contribute their share in the efforts and time spent throughout the year for this particular event, and the parents and friends show a decided interest and appreciation by their attendance, all of which makes for the success of this annual exhibition. The three colored ribbon prizes awarded the best work in each department of manual arts was an added attraction last year.

I should like to take this occasion to thank the teachers for their most earnest co-operation in my work, and you, Mr. Randall, for your ever kind assistance.

Respectfully submitted,

MARGARET J. CARNEY.

January 4, 1917.

REPORT OF THE SUPERVISOR OF MUSIC

Mr. C. L. Randall, Superintendent of Schools.

Dear Sir:—

It is with pleasure that I submit this my third annual report as Supervisor of Music in the schools of Tewksbury.

The work in the schools is being continued along the same lines as heretofore, special stress being laid on proper interpretation of songs, pleasing tone quality, and sight reading.

A concert was given at the Foster School last March by the pupils of that school and of the Library building. In spite of the unpropitious weather conditions which prevailed that evening, an appreciative audience gathered to hear the program, for which the children had been so carefully prepared by their teachers.

Another concert will be given this spring, just before the Easter vacation. The program will be different from last year's, being composed of two operettas, one to be given by the fifth and sixth grades, the other by the seventh and eighth grades.

I am grateful for this opportunity to thank the teachers for their hearty and efficient co-operation in my work; also, I thank you, Mr. Randall, for your generous aid during the year.

Respectfully submitted,

EVELYN BUCKINGHAM WAITE.

REPORT OF SCHOOL PHYSICIAN

School Board of Town of Tewksbury:

As physician for your schools I would like to make the following brief report:

During the past year I have inspected the school buildings in our Town, and with the exception of the North School I can report very favorably. This school in the North, although newly constructed, has the old style of outhouse and vault. Being of wooden construction, it has been impossible to keep them from becoming a nuisance. I most strongly urge that an appropriation be made this year to install modern sanitary plumbing. This will become imperative very soon, and we will have no choice because of State condemnation.

Our contagious cases have been of a trying nature, and the lightness of the attacks has made them very hard to keep out of the schools, but by daily inspection of the children, when such cases have been discovered, we have had no serious results.

The general health of our school children is very good, and compares most favorably with that of any town of our type. I would like to urge that parents look a bit more carefully to the care of the children's teeth. Our profession has found that decayed teeth have been the original cause of headaches, anaemia and general malnutrition in our children, and their better care has shown distinctly better health.

Respectfully,

HERBERT M. LARRABEE,
School Physician.

REPORT OF ATTENDANCE OFFICERS

Mr. Farmer reports: "Only three calls were made, in each of these cases the children were detained at home on account of sickness and were back in school in a few days, no truants having been reported at any time."

Mr. Painter, from the Shawsheen district, reports twelve cases investigated, of these eleven cases were thought by the officer to be excusable, one was a case of truancy.

Cash Collected	22,603.13	10,690.94	1,736.96	196.67	77.34	24.88	29.66	35,359.58
Abatements and corrections	30.06	92.25	8.30	none	none	155.10	172.46	458.17
Uncollected Jan. 1, 1918	17,635.51	2,313.82	543.44	186.69	113.90	none	none	20,793.36

Owing to the appointment of a receiver for the Bay State Street Railway Co., the 1917 excise tax amounting to $1799 remains unpaid. Assuming that this tax can be collected, I estimate that the amount of taxes collectible is $20,200.

MELVIN G. ROGERS,

Collector of Taxes.

REPORT OF OVERSEERS OF POOR

Town Farm Account

Appraisal of Personal Property Jan. 1, 1917		$5,407.20
Appraisal of Personal Property Jan. 1918		6,034.50
Gain on appraisal		$ 627.30
Receipts from sale of milk	$4,414.81	
Receipts from sale of cows	734.00	
Receipts from sale of calves	55.00	
Receipts from teaming	59.00	
Receipts from miscellaneous	315.75	
Receipts from Farm	$5,578.56	
Balance from 1916	68.57	
Total receipts from Farm	$5,647.13	
Expenses per Auditor's Account	$5,647.13	
Unpaid Bills	461.65	
Gain on appraisal	$ 627.30	
Due to Farm for milk for December	415.32	
Permanent improvements	860.00	
		$1,902.62
Less balance of 1916	$ 68.53	
Unpaid bills	461.65	
		$ 530.18
Net gain in favor of Farm		$1,372.44

Report of Outside Partial Support

There has been an increase of outside relief granted during the past year particularly temporary aid. Six mothers and nineteen children were assisted during the past year; one adult boarding in family.

Mothers with Dependent Children

(Chapter 763, Acts 1913.)

Town charges: Two mothers, one with two children, one with four children, reimbursed by State one-third.

Temporary aid: Four mothers, two with four children each, one with three children, one with two children, for which State reimburses in full.

Balance on hand Jan. 1, 1917	$ 236.33
Appropriation	1,200.00
Reimbursement by Commonwealth	1,007.83
Total	$2,444.16
Paid out for aid to poor	1,894.07
Balance on hand	$ 550.09

Two necessary and unavoidable permanent improvements have been made during the past year. The boiler became so crippled that a new one was necessary at a cost of six hundred dollars ($600.00), and is giving entire satisfaction on account of the labor condition at present.

It was deemed necessary to install a milking machine at the barn, at a cost of two hundred and seventy-two dollars and fifty cents ($272.50).

We will state right here that the buildings at the Farm need to be painted and must be done at no distant date.

A comparison of figures taking the receipts for the year ending December 31, 1916 and figures for the year ending December 31, 1917 will show the past year has been a successful one. The increase in milk sold was $895.63 and in miscellaneous was $208.77.

We commend the superintendent, Mr. C. W. White, and the matron, Mrs. C. W. White, for their conscientious and satisfactory services and have unanimously contracted with them for another year.

IRVING F. FRENCH
JOHN J. YOUNG
HARRY L. SHEDD
Overseers of Poor.

RERORT OF INSPECTOR OF ANIMALS

Gentlemen:

The following is the report of the Inspector of Animals for the year ending December 31, 1917:
From Jan. 1, 1917 to April 16, 1917—

Mr. Paul B. Smith, Inspector.

Number of cattle inspected	706
Number of swine inspected	567
Number of stables inspected	80
Number of cattle condemned and killed	7

Respectfully submitted,

HUGH CAMERON.

REPORT OF INSPECTOR OF MEATS AND PROVISIONS

Gentlemen:

The following is the report of the Inspector of Meats and Provisions for the year ending December 31, 1917:
From January 1, 1917 to April 16, 1917—

Mr. Paul B. Smith, Inspector.

Number of sides of beef inspected	1150
Number of veals inspected	511
Number of hogs inspected	329
Number of lambs inspected	1
Number of sides of beef condemned	6
Number of veals condemned	6

Respectfully submitted,

HUGH CAMERON.

REPORT OF FOREST WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Forest Warden I submit the following:

Total number of fires attended, 36. Acreage burned approximately 63. We have had considerable trouble from a few people burning without a permit. It is against the law to burn between March 1st and December 1st without a written permit, and is costly to the town answering calls to these fires. In submitting this report I take this opportunity of thanking your board and citizens for the valuable aid rendered this department.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Tree Warden I submit the following:

Brush on all curves has been cut to enable teamsters and autoists to see ahead a distance of at least 200 feet.

Brush was cut from wall to wall on the following streets: East street 3 miles, North street 3 miles, Trull street ½ mile.

All elm trees were sprayed during the larvae season to suppress the elm leaf beetle.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF PARK COMMISSIONERS

To the Board of Selectmen:

Gentlemen:

As Park Commissioners we wish to submit the following:

Total appropriation including balance of preceding year	$135.51
Expenditures	91.81
Balance Jan. 1, 1918	$ 43.70

For details of expenditures see Auditor's report.

The common at the Centre and a grass plot near the North school have been cared for and the flag pole has been painted.

Through courtesy of Mr. Geo. Stevens we received bunting for a flag, the sewing was done by Mrs. G. A. Norris. This flag has seen continuous service for six months and is badly torn, beyond repair. $50.00 should be allowed for a new flag.

We would recommend an appropriation of $75.00 in addition to the unexpended balance of $43.70, which will make a total of $118.70.

Yours respectfully,

HENRY M. BILLINGS
H. J. PATTEN
HARRIS M. BRIGGS
Park Commissioners.

REPORT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

As Local Superintendent for the Suppression of the Gypsy and Brown Tail Moths I submit the following:

Am glad to report the Brown Tail Moth nearly extinct, also a decrease in Gypsy Moths. Practically the same methods were employed as last year, under State supervision.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Tewksbury, Mass., Jan. 2, 1918.

To the Board of Selectmen:

Gentlemen:

I herewith present to you my annual report as Sealer of Weights and Measures for the town of Tewksbury.

The amount of work performed from December 1, 1916 to November 30, 1917:

Number of platform scales sealed over 5000 lbs.	5
Number of platform scales sealed under 5000 lbs.	17
Number of platform scales adjusted over 5000 lbs.	2
Number of platform scales condemned over 5000 lbs.	1
Number platform scales condemned under 5000 lbs.	6
Number platform scales adjusted under 5000 lbs.	1
Number platform scales not sealed under 5000 lbs.	2
Number computing scales sealed	7
Number all other scales sealed	10
Number all other scales adjusted	1
Number weights sealed	103
Number of weights adjusted	7
Dry measures sealed	1
Oil pumps sealed	7
Oil pumps condemned	1
Oil pumps adjusted	1
Molasses pumps sealed	2
Steel tape	1
Yard measures	2

The fees amounting to $27.18 have been collected and paid to the Treasurer.

Respectfully submitted,

W. H. ALEXANDER.

REPORT OF THE BOARD OF APPRAISERS

Tewksbury, Mass., Jan. 1, 1918.

Your board met at the Town Farm January 1st and made an appraisal of the personal property at the Farm. We found everything in first class condition under the management of Mr. and Mrs. White.

We also made an appraisal of the Highway and Moth Departments.

We respectfully submit our report as follows:

Town Farm

Jan. 1, 1918	$6,034.50
Jan. 1, 1917	5,407.80
Net gain	$ 626.70

Highway

Jan. 1, 1918	$2,653.60
Jan. 1, 1917	2,206.10
Net gain	$ 447.50

Moth

Jan. 1, 1918	$1,777.38
Jan. 1, 1917	1,694.10
Net gain	$ 83.28

GEO. E. MARSHALL
JACOB L. BURTT
ALBION FELKER
Board of Appraisers.

REPORT OF HIGHWAY COMMISSIONERS

The Board of Selectmen, Tewksbury, Mass.:

Gentlemen:

We submit herewith annual report for year ending December 31, 1917.

Gravel Hauled and Spread

Chandler Street	287	loads
Shawsheen Street	223	"
Whipple Street	108	"
James Street	80	"
Lee Street	175	"
East Street	121	"
Pike Street	95	"
North Street	143	"
French Street	52	"
Vale Street	50	"
Lawrence Street	54	"
Carter Street	56	"
Billerica Street	63	"
Pinnacle Street	65	"
Woburn Street	70	"
Andover Street	50	"
Salem Street	50	"
Small lots	200	"
Culverts repaired	3	
Scraping roads	31	days
Breaking roads	25	days
Spreading sand	8	days

Under the direction of the Middlesex County Engineers twenty-seven stone boundaries were set on Astle Street.

The town road scraper is worn out and it will be necessary to purchase a new one next spring. The Street Railway Tax for 1917 was $430.00 less than in 1916 and there has been a marked increase in cost of all supplies, as well as of labor.

We recommend therefore that the town appropriate $4500. for the coming year.

We also recommend that $1200. be appropriated for oiling the roads.

Respectfully submitted,

GEO. STEVENS
A. S. BRIGGS
C. W. PARSONS
Highway Commissioners.

REPORT OF BOARD OF FIRE ENGINEERS

To Board of Selectmen:

Dear Sirs:

On June 25, 1917, Chief Hector Jackson resigned to go into the service of the country. Stanley McCausland was appointed to fill his place on October 22, 1917. The fire truck is in good running order and everything is in satisfactory condition.

The Fire Engineers recommend an appropriation be made for the purpose of having a permanent man for the position of Chief.

The Fire Engineers recommend an appropriation of $800. for the ensuing year.

Yours respectfully,

ROBERT G. MARTIN.

REPORT OF BOARD OF HEALTH

The following is my report for the year ending December 31, 1917:

List of Contagious Diseases

	Cases	Deaths
Whooping Cough	10	0
Measles	4	0
Scarlet Fever	2	0
Mumps	10	0
Chicken Pox	2	0
Diphtheria	4	0
Typhoid Fever	0	0
Tuberculosis	4	2
Infantile Paralysis	1	0
Pneumonia	6	2

The large number of cases of Typhoid Fever which occured at the infirmary this past fall caused our board quite a bit of uneasiness, but the expert handling of the situation by the hospital authorities and their evident endeavor to protect our townspeople by their co-operation with us, kept us with a clean slate. We have had more or less of the minor contagious diseases, but none of any great seriousness.

H. M. LARRABEE, M. D.,
Agent.

PUBLIC LIBRARY

The Trustees of the Public Library submit the following report for the year ending January 1, 1918:

During the past year the work of maintaining the library at its high standard of efficiency has been accomplished.

The trustees regret the loss of one of their members, Rev. Sarah A. Dixon, who resigned on account of removal from town. Miss Dixon was always interested in anything which pertained to the welfare of the library. Miss Kate Folsom has been chosen to fill the vacancy caused by Miss Dixon's removal.

The trustees take this means for commending the Librarian and her assistant for their faithful and efficient services.

We deeply regret the resignation of Miss Blanche King as Assistant Librarian, her loss will be keenly felt by those with whom she came in contact.

For further details of the affairs of the library we refer you to the reports of the Auditor and Librarian which may be found on other pages.

We respectfully ask for the support of the library the sum of five hundred dollars.

Respectfully yours,

ALBERT C. BLAISDELL
EDITH AMES STEVENS
WILLIAM H. LEE
GEORGE E. MARSHALL
EDGAR SMITH
KATE FOLSOM

LIBRARIAN'S REPORT

To the Board of Trustees of the Tewksbury Public Library:

The following report is respectfully submitted:

The circulation of books both Wednesdays and Saturdays has increased and also in the Wamesit district.

The following magazines are subscribed for by the library: Century, Cosmopoliton, Country Life, Current Opinion, Garden, Harper's, Illustrated World, Ladies' Home Journal, McClure's, Munsey's, National Geographic, Scribner's, St. Nicholas, Review of Reviews, Pictorial Review, Women's Home Companion and World's Work.

During the year many of the books have been re-bound.

The constant growth of our library emphasizes our need of larger quarters.

WARRANT FOR TOWN MEETING

MIDDLESEX SS:

To either of the Constables of the Town of Tewksbury in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at the Town Hall in said Tewksbury, on Monday, the 4th day of February, 1918, at nine o'clock a. m., to act on the following articles:

ARTICLE 1.

To choose a Moderator to preside at said meeting.

ARTICLE 2.

To choose all necessary Town Officers, to choose by ballot a Town Clerk, three Selectmen, three Overseers of Poor, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden, and Constables—all to serve one year; one Assessor, one Highway Commissioner, one School Committee, two Trustees of the Public Library and one Park Commissioner, all to serve three years; also one Trustee of Public Library to serve one year. The polls for the election of Town Officers to be opened at ten o'clock a. m., and close at three o'clock p. m.

ARTICLE 3.

To hear reports of Town Officers and Committees and act thereon.

ARTICLE 4.

To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.

Article 5.

To see what action the Town will take on the following question: Shall licenses be granted for the sale of intoxicating liquors in the Town? The vote to be yes or no, as provided by Revised Laws, Chapter 100, Section 10.

Article 6.

To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

Article 7.

To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

Voted: That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1918, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Article 8.

To see what compensation the Town will vote for the collection of taxes, and at what rate and from what date interest shall be charged on taxes of 1918 unpaid after November 1, 1918, or to take any other action relative thereto.

Article 9.

To see if the Town will vote to borrow, if necessary, a sum not exceeding one twenty-fifth of one per cent. of the current year's valuation, such sum of money to be used in the suppression of the Gipsy and Brown Tail moths, and not to be expended before December 1st next, and to be raised in the tax levy of the year 1919.

ARTICLE 10.

To see if the Town will vote to raise and appropriate the sum of $150.00, for the proper observance of Memorial Day, and appoint a committee to expend the money.

ARTICLE 11.

To see if the Town will vote to authorize the Selectmen to institute suits on behalf of the Town or defend any suits that are, or may be brought against the Town.

ARTICLE 12.

To see what sum the Town will raise and appropriate for the application of tar, oil or other binder to its highways.

ARTICLE 13.

To see if the Town will appropriate $150.00 to help pay for new lookout tower on Robin's hill in Chelmsford, Mass.

ARTICLE 14.

To see if the Town will accept Caledonia Road, so-called, in South Tewksbury District, and appropriate $100.00 for work on same.

ARTICLE 15.

To see if the Town will raise and appropriate the sum of $300.00 for sidewalk from Wilmington line to Foster's Corner, Tewksbury.

ARTICLE 16.

To see if the Town will vote to install ten electric lights on North Street, commencing near residence of Charles Battles, and extending toward Almont Station.

ARTICLE 17.

To see if the Town will vote to install ten electric lights on Whipple Road, commencing near the West schoolhouse and extending to the residence of Mrs. David Rogers.

ARTICLE 18.

To see if the Town will vote to lay a gas main through James Street during the year 1918.

ARTICLE 19.

To see if the Town will vote to install one gas light on Robinson Avenue, midway between Main Street and Helvetia Street.

ARTICLE 20.

To see what action the town will take, if any, in regard to installing two gas lights and extending main on Lee Street, from where they now terminate to the junction of Lee and Chandler Streets.

ARTICLE 21.

To see what action the Town will take, if any, in regard to appointing a permanent man to drive and care for the fire truck, and make appropriation for the same.

ARTICLE 22.

To see of the Town will vote to instruct the School Board to pay the teachers and janitors their salary weekly.

ARTICLE 23.

To see if the Town will vote to have the Selectmen grant licenses to the several stores in town to keep open Sundays, between the hours of 6 a. m. and 10 a. m. only, for the sale of such merchandise as their trade may desire.

ARTICLE 24.

To see if the Town will raise and appropriate the sum of $1000.00, said sum to be expended by the School Committee for interior improvements at the Foster School.

And you are directed to serve this Warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices, and leave one hundred copies for the use of the citizens at the Post Offices in said Town, 14 days at least, and over two Sundays, before the time of holding said meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands this fourteenth day of January, in the year of our Lord, one thousand nine hundred and eighteen.

IRVING F. FRENCH
JOHN J. YOUNG
HARRY L. SHEDD

Selectmen of Tewksbury.

REPORT OF SCHOOL COMMITTEE

Present unsettled conditions have been felt during the past year in the management of the Tewksbury public schools. Your committee has endeavored to keep all buildings in good condition and the machinery of school work, in general, in good running order. The high cost of living has not omitted to call on all members of the school working force. The obtaining of school supplies has been attended not only with greatly increased cost but also in some cases with great difficulty of delivery. However, your committee feels that the Tewksbury schools have fared well and only asks for a continuance of the town's generous financial support and for its serious consideration of larger accommodations which are a necessity in view of the number of children attending our schools today.

Several changes have occurred in the teaching force. They are as follows:—

Miss Ethel Hadley has taken the place of Miss Wray at the Shawsheen school

Miss Arnold has been transferred from the Library school to the Foster school where she is Assistant to the Principal for the 7th and 8th grades.

Miss Elizabeth Dowler has taken Miss Arnold's place at the Library school.

On the resignation of Miss Evelyn Waite, Miss Ruth Nourse was elected by the District to the position of singing teacher.

Miss Churchill resigned from her position at the Foster school at the end of the fall term. Miss Hazel Weinbeck of Lowell will fill this vacancy for the present.

Janitors. Home ties called Mr. Warren Lincoln from his work as janitor at the Foster and Library schools. He will be remembered as a most conscientious worker. Your committee were fortunate in securing the services of Mr. Geo. Garland to fill the vacancy left by Mr. Lincoln. Mr. Garland is giving great satisfaction in this position.

At the beginning of the fall term Mr. Thos. Sawyer assumed the work of janitor of the Shawsheen school, it being the belief of your committee that the jobs of janitor and bargeman could in this case be successfully combined; the contrary was proved, however, and Mr. T. H. Painter is now taking care of the school building as before.

Fuel. Your committee counts itself fortunate in having a good supply of coal on hand in all the school buildings for the winter term. Some other towns have endeavored to obtain coal with less success.

Repairs. The Library and West schools are in good condition. Electricity has been installed in the latter for lighting purposes.

At the Shawsheen school a concrete foundation has been laid under the pumping engine; new furnace pipes installed and two storm doors constructed on the northern exposed side of the building.

At the North school extensive sanitary improvements have been made, full details of which will be found in the report for this special appropriation.

Among other things it was found necessary to install a new chimney flue in the Foster school. The old flue has never given satisfactory draft for the boiler. Last winter, however, this fact became so noticeable as to necessitate definite and prompt improvement. On investigation, the old flue was found to have a draft area much too small considering the area of the boiler tubes and besides being full of soot, it was badly cracked in many places. A new flue has been installed which is of heavier material and of nearly twice the draft area. A marked improvement has been noticed in the running of the boiler fires and in the heating of the building. This will no doubt result also in saving of fuel.

Your committee calls your attention to the fact that this building is continually undergoing repairs and alterations leading to comfort and safety, and in accordance with instructions from the inspector of buildings. A new fire alarm has been installed and repairs and improvements made in the heating and sanitary

systems, and ceilings and masonry have been re-enforced and repaired, yet in the opinion of your committee, it will be necessary to ask for a considerable amount of money for further extensive repairs, if the town still expects this building to serve in anything approaching a satisfactory manner.

Some things which should be done are as follows:

All inside walls calcimined, ceilings repaired, building given a general overhauling inside.

These are a few things which should be done at once, but even these improvements will not lessen the need for more room, which is the most essential item of all today. There are about forty-five children in each of the three rooms in this building and sixty-five in the fourth remaining room. It will be a serious proposition how to dispose to best advantage the school children of this town at the opening of the fall term of 1918.

This fall the Committee on Public Safety, Board of Food Administration, encouraged the production of extra large crops of potatoes by the farmers of Massachusetts as a "Win the War" measure. In anticipation of the need of storage room to prevent waste of this extra supply, the committee made general inquiry of the School Board if this room was to be had in school basements in case of local emergency. Your committee responded, offering space for the storage of thirty or forty barrels, if necessary. However, this has turned out to be merely a precautionary measure. The potato crop was not large enough to require this method of preservation in any of the Massachusetts schools, according to the report of December 7th.

In June, it was planned to hold hearings at the Public Service Commission rooms in Boston on the matter of six cent trolley fares and the abolition of workingmen's and school children's half fares. A member from your committee attended the first of these hearings, at which there was a large number of representatives from surrounding towns gathered to protest the changes in fares proposed by the Bay State Railway. Apparently considering the outlook inauspicious, the representatives of the Bay State succeeded in having the hearing postponed and the next that was learned in regard to the matter was that a compromise agreement had been reached by the Railway Co. and counsel for cities and towns through which the system runs. This agreement

resulted in the present six cent fares, but prices for workmen's tickets and also those of school children remained the same.

Your committee asks for a substantial increase in appropriations to cover 1918 school expenses. It considers that many of the teachers' salaries must be advanced to allow them to meet the extra living expenses today. It is wise to make such a move for the benefit of teachers and janitors and in appreciation of their untiring efforts and good work for the schools; it would be more difficult to replace any of the school working force today. The supplies of text books, etc., have advanced in price from fifty to one hundred per cent. Fuel is costing today nearly one hundred per cent more than it did a year ago and the upkeep and repairs on school buildings carry a proportionate advance in cost, as the question of labor and material is a very serious one today.

The committee recommend that the following sums of money be appropriated to meet school expenses the coming year:

Teachers	$ 6,303.30
Fuel and janitors	3,134.49
Transportation	2,851.19
Supervision	750.00
School Houses	1,000.00
Books and Supplies	1,000.00
Tuition	3,137.13
Medical Inspection	100.00
Miscellaneous	500.00
Insurance	125.00
	$18,901.11
Expected from State	3,380.92
	$15,520.19

FINANCIAL REPORT

Following is the financial statement of the committee. Expenditures in detail may be found in the Auditor's report.

Receipts

Appropriation	$13,016.20	
Reimbursement from State:		
Account Mass. School Fund	893.92

REPORT OF COMMITTEE ON NEW SCHOOL BUILDING

To the Voters of the Town of Tewksbury,

Gentlemen:

Herewith is submitted a report of the committee appointed at the last Annual Town Meeting, to consider the need of further school accommodations at the Centre. The Foster School has been crowded for several years, and cannot today conveniently accommodate the scholars. Your committee have carefully considered all the details of building, have visited other schools, and unanimously agree that a new eight room school building is the best proposition. However, we feel at this time, with the uncertainty of war conditions it would not be wise to expend the large amount necessary for a new school building. Your committee therefore deem it advisable to defer action until some later date.

Respectfully submitted,

BENJAMIN SPAULDING
JOHN L. FLEMING
CLARENCE FOSTER
HERBERT L. TRULL
MAY L. LARRABEE

Report of Committee on Special Appropriation For Up-to-date Sanitation at the North School

Much needed sanitary improvements were made at the North school this summer. In spite of the rapid advance in cost of labor and material, the expenses were kept within the original appropriation of $1,000.00.

In place of the old unsanitary toilets, a new up-to-date system has been installed. Flush closets and urinal are supplied with water from a pressure tank which in turn is filled by an automatic electric pump.

A pipe has been run out connecting this system to the well in front of the school.

The toilet room is situated on the south side of the building, and is well ventilated, at the same time being supplied with warm air through a register connected to the furnace in main building.

Two tight dry wells take care of the drainage. It was feared that the ledge of rock running beneath the building would interfere with the installing of the drain, but this ledge was struck at a depth which just allowed for the correct "fall," and the whole system was in good working order by the beginning of the fall term.

Respectfully submitted,

H. L. TRULL
H. M. LARRABEE
MAY L. LARRABEE
F. F. SPAULDING

REPORT OF SUPERINTENDENT OF SCHOOLS

Lowell, Mass., January 4, 1918.

To the School Committee of Tewksbury,

Mrs. Larrabee and Gentlemen:—

I hereby submit my fifth report which is the twenty-seventh in the series of superintendents' reports. The work of your schools for the past year has been successful, you have a capable corp of teachers who are getting good results from their pupils.

Teachers. There have been but few changes among the teachers this year. Miss Grace Wray who was at the Shawsheen primary last year is now teaching in Fitchburg. Miss Ethel Hadley, a graduate of Plymouth Normal School with several years' experience, was selected by Principal Mahoney for the position at Shawsheen, she has made an excellent beginning in her work.

Miss Estelle Horton who served as assistant to Miss Flemings last year has a school of her own in North Reading. It was thought best to have an experienced teacher in this place and at the beginning of the year Miss Gladys Arnold was transferred from grades five and six at the Library School to Miss Flemings' room where she acts as assistant to the principal and as teacher of grade seven.

Miss Elizabeth Dowler, a graduate of Lowell Normal with one year's experience was placed in charge of the sixth grade at the Library. Miss Dowler gives promise of becoming a successful teacher.

At the Christmas vacation Miss Anna Churchill who was teaching her second year in town resigned on account of the ill health of her father. Miss Churchill was a capable, faithful teacher. The position left vacant by her resignation has as yet been filled but temporarily.

The work of those teachers who have been in Tewksbury several years and are working under the "tenure act" continues to be very commendable.

Miss Evelyn B. Waite, for three years supervisor of music, resigned in August to accept a position nearer her own home. Miss Ruth H. Nourse of Boston was secured for the position. Miss Nourse is a graduate of the New England Conservatory of Music, four year course. After several years' experience as teacher of instrumental music she returned to the Conservatory for a post graduate course in order to fit herself for a public school position. She has made an excellent beginning in securing the good-will and loyalty of both teachers and pupils.

Salaries. An increase of one dollar per week was granted in January to certain teachers who had reached the maximum salary. This increase would have been adequate under normal circumstances, but the increase in the cost of living being abnormal it seems no more than justice that the salaries of all teachers be so augmented that the increase in salary become somewhat proportionate to the increased cost of board, travelling expenses and other necessities, in short that the yearly salary should nearly equal in purchasing power what it was two years ago.

I feel sure that every member of the school committee, and I doubt not every citizen in town, wishes to pay the teachers such salaries that they may remain in the important service for which they have been fitted and not be forced to turn to some other vocation.

Foster School. In my report for last year I called attention at some length to the inadequacy of the accommodations at the Foster building. A committee was appointed at the annual town meeting to report on the need of and the feasability of securing better accommodations at Tewksbury Centre. This report will be given at the coming town meeting.

Let me say, however, that the need expressed one year ago is more marked at the present time. Of the four rooms at the Foster building the grammar room now contains 66, the intermediate 44, the second primary 46, and the primary 45. While two teachers are employed for the grammar grades they cannot work to the best advantage as there is no recitation room large enough to seat either the seventh or the eighth grades.

Should the high cost of both labor and material make it seem inadvisable to the town to build a new school house under the present circumstances, then a temporary re-adjustment should be made at a small cost in the recitation room at the present Foster building in such a manner that an entire grade can be accommodated in it.

Emergency Kits. Well equipped emergency kits have been placed in each of the schools. Some instruction has been given in first aid treatment, and in several instances the kits have already proved helpful.

Thrift Stamps. Arrangements have been made so that the pupils may purchase thrift stamps at the several schools. This seems to me an excellent method of teaching at the same time thrift and patriotism.

Athletics. Playground activities have for several years been encouraged in the various schools. Plans have been made recently in the upper grades for what is called the Athletic Badge Test for both boys and girls. This is following the standards set by the Playground Association of America and consists not in competition contests, but in certain minimum requirements that have been established for boys and girls of certain ages, as per example—for boys of twelve years: The pull up 4 times, Standing Broad Jump 5 ft. 9 in., 60 yds. dash 8 3/5 seconds.

Many children will exceed the minimum standards just as many will pass an arithmetic test with a rank higher than 70 per cent. All who pass these athletic tests next May will receive badges authorized by the Playground Association.

The children are enthusiastic and the teachers much interested. I heartily approve of it for I believe that, "Every boy ought to be fit." "In these days the boy who makes himself physically efficient is preparing himself for efficient citizenship later."

Civics. Last year the history course was so changed that the last term was spent in the study of civics, especially applied to the community. Much credit is due Miss Flemings for the

able way in which she gave the incentive for organizing her school into a "school city" under the name of Foster City. A mayor was duly elected after a lively campaign, commissioners were chosen and all the necessary machinery for a real government. Different departments had actual duties to perform, which for the most part were well cared for. Several matters of minor school discipline were actually settled by the Foster City Police Court.

On the whole this department has proved a decided success, worthy to become a custom.

Handwork. Sewing for the girls of grades six, seven and eight, and woodwork for the boys of the seventh and eighth has become a customary part of the school curriculum. Both classes have done well this year. The girls under the direction of the teacher, Miss Frances Cameron, have made some fifty aprons of various styles, twelve nightdresses, four slips, four combinations, five petticoats, fifty work bags, three dresses, four children's dresses, four clothespin bags, twelve iron holders, three pair bloomers, four dozen red cross handkerchiefs, and some embroidery.

The boys under the direction of Mr. Edmund Alger made a good showing at the annual exhibition last June. Many articles of practical use were shown including one ironing board, one step ladder, three taborets, two book-cases, six picture frames, one chicken coop, one fence gate, several towel racks and several blotter holders.

At the present time every boy is working on a project of his own, something that he or someone in his family can use.

Nearly twenty pictures were framed by the boys and given as presents this last Christmas season.

In addition to the individual projects light repairs about the building are continually being made.

Graduation. Graduation exercises of the eighth grade of the Foster school were held Friday evening, June 22, 1917.

6/22/17

The following program was much enjoyed by the friends of the class:

Piano Duet	Daisy Kleinberg, Hazel Willett
Welcome	Marion Greene
The Birth of a Nation's Flag	Members of the Class
Selection on the Victrola	
Essay: The Flag	Rogers Colby
Songs	School
"To Thee, O Country!"	
"Fiddle and I"	
Poem: The American Flag	William McGoogin
Class Prophecy	Kenneth Sunbury
Song: "Native Land"	School
Presentation of Class Gift	Phyllis Greene
Acceptance of Gift	Chas. Nash
Semi-Chorus: "Voices of the Woods"	
Farewell	Agnes Littlejohn
Class Song	

Mr. H. L. Trull, chairman of the School Committee, presented diplomas to the graduates: Hilda Battye, Martha Coolidge, Helen Flanders, Marion Greene, Phyllis Greene, Bertha Hersome, Daisy Kleinberg, Agnes Littlejohn, Edith Lovejoy, Helena Matthews, Dorothy Melvin, Helen Patten, Emma Perley, Gertrude Perrault, Doris Quinn, Alice Trull, Hazel Wilcox, Rogers Cobly, Samuel Dickson, Albert Garside, Frank Goodwin, Everett Haines, Clyde Hersome, Winthrop Jones, Keocir Johnson, Warren Lanner, Raymond McCoy, William McGoogin, George O'Connell, Esmond Senior, Kenneth Sunbury, Carroll Starbird, Alvan Waterman, Leslie Wener, Gordon Willard. Of these thirty-five pupils, twenty-two entered high school, two went to vocational school, ten went to work at once and one remained at home.

High School. The large number of men called to the army and the great demand for help in all kinds of industrial work, together with correspondingly high wages, has greatly affected the

high school attendance in our country. This is true of the enrollment of the Lowell High School and has to some extent decreased the number of Tewksbury pupils attending high school. For the past five years this town has had a constantly increasing eighth grade and a correspondingly large high school attendance. This year not only has the high school enrollment not gained, but it has actually decreased. Last year there were sixty-six pupils in high school, this fall fifty-eight. Only sixty-three per cent. of the class which graduated from Foster school in June entered high school, while one out of every three of them went to work.

There may be reasons for the boys of the upper classes leaving high school to take up the work of the enlisted men, but it seems to me a short-sighted policy so far as the future welfare of the country is concerned to have the younger boys, those under sixteen, neglect their school on account of the lure of the present high wages and the ease of getting a job.

The warning has been given by Hon. Payson Smith, Commissioner of Education in Massachusetts, and by Hon. Philander Claxton, United States Commissioner of Education, to impress upon the young people of the country that their patriotic duty is to get as good an education as possible in order that their value may be enhanced for some future need.

I pass this warning and advise along with hearty endorsements to the parents of pupils now in the Lowell High School and now in the eighth grade of Tewksbury.

Junior High School. For many years there has been a distinct gulf between grammar school methods and those of the high school. Many a pupil who has done commendable work in the grades finds himself unable, sometimes unwilling, to adapt himself to high school environment. Often times he is forced out of school when he needs a few more years of education. Not till within a very few years has an attempt been made to bridge this chasm of grammar and high school standards. The Junior High School is being instituted in many towns and cities throughout the United States, especially is this educational departure advanced in Massachusetts, with this very purpose, namely, to make the transition from the grammar grades to the high school more natural. The Junior High School plan, in short, is to differentiate the studies of the last two grammar grades in such a manner that

the individuality of each pupil, or group of pupils, may be brought out and developed. Certain choices in study are allowed in these grades, a certain elasticity in the curriculum aims directly at the solution of the question, "What is best for the child?" For example in the case of our last eighth grade, twenty-two pupils went to high school, it was necessary that these pupils be prepared for admission to high school; but in regard to the ten who went directly to work, would not a short course in business accounting have been of more benefit to them than twenty weeks in algebra?

Would a course in business letter writing have been of more benefit to these ten than the strict drill in technical grammar, which was demanded for those who entered high school?

Something along this line has already been accomplished in your grades by the course in sewing and woodwork introduced two years ago.

The nearby town of Reading has started a Junior High School course this past year. The superintendent has reported it as proving successful.

I should like to see such a departure started in Tewksbury. With all the sections of the town sending the eighth grade pupils, and with one exception the seventh, to the Centre, the Foster school becomes an excellent place for this modern educational movement which I recommend to your consideration.

Lunch Serving. The warm luncheons prepared so successfully in the "dining room" and described in some detail in former reports were again carried out last winter. Just what will be done this present term I cannot say as the scarcity of sugar has upset our plans, but I am sure that this important part of school life will be continued. I wish that it might be possible to give regular lessons in cooking in connection with the lunch serving.

Conclusion. In closing I again ask the co-operation of all parents with the teachers. The child is under the direction of the school but six hours per day for five days per week. What he is doing after school, how he spends his evenings and holidays, is a matter of vital importance in character building. I wish that there might be frequent consultations between parents and

teachers on this important subject, not only when the pupil is "in trouble" but when no trouble clouds are seen.

The supervisor and teachers have shown unmistakable loyalty in our mutual duties and the school board has given me hearty, continuing support, all of which I deeply appreciate.

I wish to call your attention to the various reports which form a part of this report.

Respectfully submitted,

CHAS. L. RANDALL,
Superintendent.

REPORT OF SUPERVISOR OF MANUAL ARTS

Mr. Charles L. Randall, Superintendent of Schools,

Dear Sir:

I have the pleasure of presenting herewith my seventh annual report of drawing in the schools of Tewksbury.

Drawing is always a means of recording or conveying ideas or impressions of form just as words are a means of recording or transmitting thoughts and experiences. The average workman must understand drawing because execution in nearly every branch of industry demands it.

The outline of work in our schools is planned to cultivate an appreciation of art in its application to production, to homemaking and to the personal life of the individuals. The different branches of the subject are closely related to one another and the exercises in these branches are made to arise from the child's interest in his immediate surroundings.

The primary instruction deals mostly with objects, incidents and scenes with which the children are familiar.

In the grammar grades the features of the work that receive most attention are pencil drawings, color work, printing and design applied to constructed articles. Design and its application to the December work of this year was most satisfactory. This is indeed encouraging because the knowledge of design has not only aesthetic value but also great commercial value. It not only provides occupation for great numbers but it also increases the market value of products.

The annual exhibition of manual arts held in June is our best means of showing to parents and friends the progress made in the different departments and such a display should be encouraged to stimulate keener interest in the child and thus lead him to an appreciation of the best in the highest cultural sense.

The cordial and loyal co-operation of the teachers in all phases of the work has been most pleasant and helpful and I desire to express my thanks to the Superintendent and teachers for their manifest interest.

Respectfully submitted,

MARGARET J. CARNEY.

January 8, 1918.

REPORT OF SUPERVISOR OF MUSIC

Mr. C. L. Randall, Superintendent of Schools,

Dear Sir:

I submit for your consideration my first report as Supervisor of Music in the schools of Tewksbury.

To my mind the purpose of teaching music in the public schools is threefold:

I. To develop a love for good music.

II. To enable the largest possible number of children to participate correctly and tunefully in the singing.

III. To teach as many of the principles and to furnish as much of the practice of sight singing as may be possible under the existing conditions.

As means by which to reach these ends, tone, rhythm, ear-training, eye-training and sight-singing are being taught. It is well said, "Music teaches most exquisitely the art of development."

It is an interesting fact that there are more people making money in music than in any other profession except in public school teaching.

The supervisor is absolutely dependent upon her grade teachers, and I take this opportunity of expressing my sincere appreciation of the hearty co-operation and good will of the teachers and superintendent of this town.

Very truly yours,

January 4, 1918. RUTH H. NOURSE.

REPORT OF ATTENDANCE OFFICER

Tewksbury, Mass., January 14, 1918.

Mr. Chas. L. Randall, Superintendent of Schools:

Dear Sir:

I herewith submit my report as Attendance Officer during the year 1917. Seven cases were called to my attention. The children in five of these families were quarantined at home on account of sickness. The other families, when notified, immediately had the children returned to school.

Respectfully submitted,

FRANK H. FARMER,

Attendance Officer.

TAX COLLECTOR'S REPORT

	1918	1917	1916	1915	1914	1913	Totals
Warrant and Excise Tax...	$51,004.34						$51,004.34
Uncollected Jan. 1, 1918...		$17,635.51	$2,313.82	$543.44	$186.69	$113.90	20,793.36
Interest Collected	26.33	357.90	155.27	16.03	1.99	.99	558.51
Cash Collected	27,114.72	9,640.69	1,828.60	104.55	10.55	4.29	38,703.40
Abatements and Corrections	135.53	83.03	103.20	83.72	.76	110.60	516.84
Uncollected Jan. 1, 1919...	23,780.42	8,269.69	537.29	391.20	117.37	none	33,135.97

Amount collected for demands, etc., and turned over to Town Treasurer was $188.15. Of the $33,135.97 uncollected, over $19,500 is due from four corporations, the Street Railway Excise Tax for both 1917 and 1918 remaining unpaid. Estimate of outstanding taxes that can be collected, $30,500.

Respectfully submitted,

MELVIN G. ROGERS,

Collector of Taxes.

REPORT OF PARK COMMISSIONERS

To the Hon. Board of Selectmen.

Gentlemen:

As Park Commissioners we wish to submit the following:

Total appropriation, including balance from preceding year	$101.20
Expenditures	14.39
Balance Jan. 1st, 1919	$ 86.81

For details of expenditure see Auditor's report.

During the year the Common was cared for and the Flag attended to by the Chief of the Fire Department, thereby cutting our expense down considerably.

The old Flag has seen continual service for a year, and is in very bad condition, so we will need a new one.

We would recommend an appropriation of $15, with the unexpended balance of $86.81, making a total of $101.81.

Yours respectfully,

HENRY M. BILLINGS,
HAROLD J. PATTEN,
HARRIS M. BRIGGS.

REPORT OF OVERSEERS OF POOR

Town Farm Account.

Appraisal of personal property Jan. 1, 1918	$6,034.50
Appraisal of personal property Jan. 1, 1919	5,743.60
Loss on appraisal	$ 290.90
Receipts from sale of milk	$3,890.78
Receipts from sale of cows	1,027.50
Receipts from sale of calves	79.34
Receipts from Board	52.00
Receipts from Miscellaneous	112.60
Receipts from Farm	$5,162.22
Appropriation	600.00
Total receipts	$5,762.22
Expenses per Auditor's Account	5,761.34
Balance	.88
Unpaid bills	$565.88
Loss on appraisal	290.90
Against the Farm	856.78
Due the Farm for milk, etc	157.88
Balance against Farm	$698.90

There is but one inmate at the Farm, and he is paying his board.

Report of Outside Partial Support

Balance on hand Jan. 1st, 1918	$ 550.09
Appropriation	1,200.00
Reimbursed by Commonwealth	753.00
Total	$2,503.09
Paid out for Aid to Poor	2,507.36
Overdrawn	$ 4.27

The following repairs have been made at the Farm this year: A new copper tank has been installed in the House for the water supply, taking the place of the old one, which was leaking badly. Also new cellar doors have been placed on the barn, a new window cut in the grain room, the shed has been shingled, and the barn roof patched. The buildings should be painted if the property is to be kept up.

Mothers with Dependent Children (Chap. 763, Acts 1913)

Town Charges: Two mothers, one with two children, one with four children, reimbursed by State one-third.

Temporary Aid: Four mothers, two with four children each, two with three children, reimbursed by State in full.

IRVING F. FRENCH,
HARRY L. SHEDD,
Overseers of Poor.

REPORT OF INSPECTOR OF ANIMALS

Gentlemen:

The following is the report of the Inspector of Animals for the year ending December 31, 1918:

Number of cattle inspected	790
Number of swine inspected	521
Number of stables inspected	94
Number of cattle condemned and killed	4

Respectfully submitted,

HUGH CAMERON.
Per J. C.

REPORT OF INSPECTOR OF MEATS AND PROVISIONS

Gentlemen:

The following is the report of the Inspector of Meats and Provisions for the year ending December 31, 1918:

Number of sides of beef inspected	1,286
Number of veals inspected	670
Number of hogs inspected	400
Number of sides of beef condemned	22
Number of veals condemned	6
Number of hogs condemned	2

Respectfully submitted,

HUGH CAMERON.
Per J. C.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Tree Warden I submit the following:

Brush was cut on most of the dangerous curves to give an unobstructed view of 200 feet. Brush was cut on the following streets from wall to wall: Trull Street 2 miles, Astle Street 1 mile, Whipple Street, ½ mile. Streets recut: Trull Street 1 mile, East, 1 mile. Fourteen dangerous trees were removed and 8 trees that had split with frost were bolted. 1,500 elm trees were sprayed during the larvæ season to suppress the Elm Leaf Beetle.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

As Local Superintendent for the Suppression of the Gypsy and Brown Tail Moths I submit the following:

Am glad to report I have been unable to find a Brown Tail Moth web during the past year. There is also a decrease of Gypsy Moths.

Practically the same methods were employed as in former years under State supervision.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Board of Selectmen:

Gentlemen:

I herewith present to you my annual report as Sealer of Weights and Measures for the Town of Tewksbury:

The amount of work performed from December 1, 1917, to November 30, 1918:

Number of platform scales sealed over 5000 lbs.	2
Number of platform scales sealed under 5000 lbs.	12
Number of platform scales condemned under 5000 lbs.	3
Number of platform scales not sealed under 5000 lbs.	1
Number of computing scales sealed	7
Number of all other scales sealed	23
Number of all other scales adjusted	4
Number of all other scales condemned	1
Number of weights sealed	96
Number of weights adjusted	10
Number of dry measures sealed	1
Number of liquid measures sealed	20
Number of oil pumps sealed	5
Number of molasses pumps sealed	2
Number of oil pumps adjusted	2
Number of yard measures sealed	2
Number of milk bottles tested	330

By order of State Commissioner milk bottles were tested without charge to owner.

The fees, amounting to $21.65, have been collected and paid to the Treasurer.

Respectfully submitted,

W. H. ALEXANDER.

E. A.

REPORT OF HIGHWAY COMMISSIONERS

The Board of Selectmen, Tewksbury, Mass.

Gentlemen:

We submit herewith annual report for year ending December 31, 1918:

Gravel and Cinders Hauled and Spread

Andover Street	161 loads

Trull Street	72 "
Billerica Street	50 "
Maple Street	94 "
South Street	50 "
Rogers Street	67 "
Lee Street	55 "
Pringle Street	85 "
Livingston Street	95 "
Woburn Street	65 "
East Street	68 "
Small lots	260 "

In addition the following work was done on the Town roads:

Scraping roads	21 days
Relaying sewer pipe	7 "
Cleaning gutters and catch basins	9 "
Breaking roads and shovelling snow	14 "
Cleaning culverts	2 "
Setting sign posts	2 "
Sanding walks	3 "

By the transfer of appropriation for Oiling Roads to the Highway Department, and owing to the fact that we occasionally rented the teams for outside work, we were able to get through the year on our appropriation, although no Street Railway Tax was received.

As the Bay State Street Railway is now in the hands of a receiver, it is evident that we cannot count on their tax for any part of our expenses in 1919. We recommend, therefore, that $6,500.00 be appropriated for the coming year.

We do not feel that it would be advisable to make any appropriation for oiling the roads, as the price of oil is more than double what we paid in previous years.

Respectfully submitted,

GEO. STEVENS,
A. S. BRIGGS,
C. W. PARSONS,
Highway Commissioners.

REPORT OF FIRE CHIEF

To the Honorable Board of Selectmen.

Gentlemen:

As Chief of the Fire Department I herewith submit the following:

Total number of fires attended, 40—house fires 15, forest fires 25; false alarms 6; total value of buildings and contents, $60,200; insurance on same, $44,785; damage, $36,498.50.

During the year I have cemented the cellar of the Station and taken care of the Common and Flag. Had also planned to shingle the roof, but owing to high cost of material I felt it advisable to wait until this year. The truck is in good condition. We are greatly handicapped from the lack of water, and would recommend purchasing pumping apparatus similar to the Billerica machine. We could use this in brooks and place catch basins where there is not any. I would also recommend an appropriation of $800.

Yours respectfully,

S. W. McCAUSLAND,

Chief.

REPORT OF FOREST WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Forest Warden I submit the following:

Total number of fires attended, 51; approximate acreage burned, 321; false alarms, 21.

In submitting this report I again take this opportunity of thanking your Board and citizens for valuable aid rendered this department.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF THE BOARD OF APPRAISERS

Tewksbury, Mass., Jan. 1, 1919.

Your Board met at the Town Hall October 2d, 1919, and made an appraisal of the personal property, also met Jan. 1st, 1919, and made an appraisal of the property belonging to the Highway and Moth departments.

We respectfully submit our report as follows:

Town Farm

Oct. 2, 1918	$5,743.60
Jan. 1, 1918	6,034.30
Loss	$ 290.90

Highways

Jan. 1, 1918	$2,653.60
Jan. 1, 1919	2,605.00
Loss	$ 48.60

Moth

Jan. 1, 1918	$1,777.38
Jan. 1, 1919	1,730.88
Loss	$ 46.50

GEO. E. MARSHALL,
JACOB L. BURTT,
ALBION FELKER,
Board of Appraisers.

PUBLIC LIBRARY

The Trustees of the Public Library submit the following report for the year ending January 1st, 1919:

During the past year the Public Library has steadily progressed in effective work, and the Trustees take this opportunity to commend the Librarian and assistants for their efficiency.

We regret the loss of one of our Trustees, Mrs. Stevens, on account of absence from town.

Miss Irene Miller, though at the Library a short time, proved a capable assistant. On account of accepting a position in Boston she was unable to continue her work at the Library, and resigned October 1st.

Miss Ruth Cameron is temporarily filling in the vacancy.

Thanking all who have in any way aided in promoting the welfare of the Library, and the public teachers for their aid in furnishing a list of books, we again ask for the usual appropriation for the Library for ensuing year.

Respectfully submitted,

ALBERT C. BLAISDELL,
EDGAR SMITH,
GEORGE E. MARSHALL,
KATE FOLSOM,
WILLIAM H. LEE,

Trustees.

LIBRARIAN'S REPORT

To the Board of Trustees of the Tewksbury Public Library:

The following report is respectfully submitted:

The circulation of books both Saturdays and Wednesdays is somewhat less than usual, on account of the Library being closed during the month of October because of the prevailing epidemic of influenza, otherwise the circulation would have shown an increase.

The following magazines are now subscribed for by the Library: Bookman, Century, Cosmopolitan, Country Life, Current Opinion, Harper's, Illustrated World, Ladies' Home Journal, Literary Digest, Munsey's, National Geographic, Scribner's, St. Nicholas, Review of Reviews, Pictorial Review, Woman's Home Companion, and World's Work.

McClure's and the Garden Magazine were discontinued, while the Bookman and the Literary Digest were added.

Several donations of magazines have been received and placed on the tables.

Our need of larger quarters is emphasized by our constant growth at the Library.

WARRANT FOR TOWN MEETING

MIDDLESEX SS:

To either of the Constables of the Town of Tewksbury in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at Pickering Hall in said Tewksbury, on Monday, the 3d day of February, 1919, at nine o'clock a. m. to act on the following articles:

ART. 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose all necessary Town Officers, to choose by ballot a Town Clerk, three Selectmen, three Overseers of Poor, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden, and Constables—all to serve one year; one Assessor, one Highway Commissioner, one School Committee, two Trustees of the Public Library and one Park Commissioner, all to serve three years; also one Trustee of Public Library to serve one year. The polls for the election of Town Officers to be opened at ten o'clock a. m., and close at three o'clock p. m.

ART. 3. To hear reports of Town Officers and Committees and act thereon.

ART. 4. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.

ART. 5. To see what action the Town will take on the following question: Shall licenses be granted for the sale of intoxicating liquors in the Town? The vote to be yes or no, as provided by Revised Laws, Chapter 100, Section 10.

ART. 6. To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

ART. 7. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

ART. 8. To see what compensation the Town will vote for the collection of taxes, and at what rate and from what date interest shall be charged on taxes of 1919 unpaid after November 1, 1919, or to take any other action relative thereto.

ART. 9. To see if the Town will vote to borrow, if necessary, a sum not exceeding one twenty-fifth of one per cent. of the current year's valuation, such sum of money to be used in the suppression of the Gipsy and Brown Tail moths, and not to be expended before December 1st next, and to be raised in the tax levy of the year 1920.

ART. 10. To see if the Town will vote to raise and appropriate the sum of $150.00, for the proper observance of Memorial Day, and appoint a committee to expend the money.

ART. 11. To see if the Town will authorize the Selectmen to institute suits on behalf of the Town or defend any suits that are, or may be brought against the Town.

ART. 12. To see what action the Town will take toward the acquisition of a site for a new Town Hall, or toward the erection of a new Town Hall, to see if the Town will appoint a committee to obtain plans for said hall, and to see what sums of money the Town will appropriate and raise by loan or otherwise for said site, hall or plans, and to see what action the Town will take in regard to any or all of the above matters.

ART. 13. To see what sum of money will be appropriated for a Town Memorial Forest in honor of the Town's Roll of Honor in the recent world war.

ART. 14. To see what action the Town will take, if any, in regard to Street Railroad car service in West Tewksbury.

ART. 15. To see what action the Town will take in regard to laying out, widening, and grading Astle Street.

ART. 16. To see if the Town will vote to have the Bay State Street R. R. Co. take up their tracks between Astle Street and Wamesit.

ART. 17. To see what disposal the Town will vote of the balance of money left from insurance on Town Hall.

ART. 18. To see what action the Town will take, if any, in regard to raising the salaries of the Town officers as follows:

Town Clerk, from $150 to $200; Town Treasurer, from $200 to $250; Auditor, from $200 to $250; Assessors, from $2.50 to $3.00 per day; Selectmen, chairman, from $200 to $250, the other two members from $150 to $200; School Committee, from $50.00 to $75.00 each.

ART. 19. To see if the Town will accept Chapter 423 of the Acts of 1909 and laws amendatory thereto, relating to the sale of ice cream, confectionery, soda water and fruit on Sunday.

ART. 20. To see if the Town will vote to place two gas lights on James Street, as petitioned for by James Chandler and five others.

ART. 21. To see if the Town will vote to place one more gas light on Robinson Avenue.

ART. 22. To see if the Town will appropriate the sum of $50, or some other amount, and elect a director for demonstration work in agriculture and home economics, the money to be expended by, and the director to serve in co-operation with the County Agricultural Trustees of the Middlesex County Bureau of Agriculture and Home Economics under the provisions of Chapter 273, General Acts of 1918.

ART. 23. To see what provision the Town will make toward compiling a complete record and memorial of the persons who have been in the service during the recent war, and make appropriation for same, or take any other action relative thereto.

ART. 24. To see what action the Town will take toward reimbursing the Town Treasurer for money advanced to Highway Department in 1918 in anticipation of Street Railway and Excise Tax, amounting to $2,632.66. Also, in the sum $388.32 being the amount paid as interest in loans in excess of amount received from taxes for last year.

ART. 25. To see what action the Town will take, if any, in regard to finishing Andover Street, and make an appropriation for same, by loan or otherwise.

ART. 26. To see what action the Town will take toward appointing a committee of three to investigate the advisability of a water supply, and report at a special meeting to be held as soon as convenient, or take any other action relative to the same.

ART. 27. To see what action the Town will take toward purchasing a new fire truck, or other fire apparatus, and to see what sum of money the Town will appropriate and raise by loan or otherwise for same.

ART. 28. To see what action the Town will take in regard to sale of the Town Farm; to see what instructions, if any, the Town will give to the Overseers of the Poor regarding closing or carrying on the Farm and Almshouse for the ensuing year, or take any other action relative thereto.

And you are directed to serve this Warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices, and leave one hundred copies for the use of the citizens at the Post Offices in said Town, 10 days at least, and over two Sundays, before the time of holding said meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands this thirteenth day of January, in the year of our Lord, one thousand nine hundred and nineteen.

IRVING F. FRENCH,
HARRY L. SHEDD,
Selectmen of Tewksbury.

TABLE OF ESTIMATES FOR 1919

Schools	$21,945.75
Highways ($609.03 unexpended balance)	6,500.00
Incidentals (unexpended balance)	2,800.00
Street Lighting	3,300.00
Town Farm (balance of Grinnell Fund)	1,459.08
Library (Dog Tax)	500.00
Police ($24.33 unexpended balance)	700.00
Board of Health ($79.58 unexpended balance)	200.00
Stationery and Printing ($131.92 unexpended balance)	600.00
Salaries ($514.08 unexpended balance)	2,500.00
Park Commission ($86.81 unexpended balance)	15.00
Tree Warden ($67.10 unexpended balance)	135.00
Insane and Poor (unexpended balance)	1,400.00
Fire Department ($395.12 unexpended balance)	2,000.00

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF TEWKSBURY

TOGETHER WITH THE REPORT OF THE SUPERINTENDENT OF SCHOOLS

FOR THE

FISCAL YEAR ENDING DECEMBER 31

1918

REPORT OF THE SCHOOL COMMITTEE

War conditions during the year 1918 have affected nearly every branch connected with school administration. We can be thankful, however, that the work of the public schools was not hindered in the U. S. as it was in other belligerent nations at the beginning of the war.

Early in 1918 the Tewksbury School Board, among others of Mass., received notice of the purpose of the Commissioner of Education to prevent any relaxation in carrying on the schools at highest efficiency. He says: "Education is a long-time investment. Its purpose is to protect democracy through the right training of the youth."

Tewksbury Schools, we believe, have fared well, everything being taken into consideration. Crowded conditions in the Foster School have been somewhat alleviated by the remodelling of the lower rear interior of the building, thus forming a new room capable of seating about 30 scholars.

All buildings are in good condition. Last summer the whole Foster School interior underwent improvements of an extensive nature, as may be seen from the report on special appropriation for this purpose. The North and Shawsheen school houses were given two coats of paint on the outside. A fire exit was installed at the West School. The interior of the Library schoolroom has been brightened by the application of a light brown shade of paint on the walls, with a result more restful to the eye than the former color, which was a red. A more satisfactory water supply for drinking has been arranged for this school.

The fuel situation appeared somewhat critical at times, but it seems that all danger of shortage has now passed. Early in 1918 the Christmas vacation was extended to Jan. 7, by request of Fuel Administrator J. J. Storrow, in order to conserve coal. No further moves in this direction were necessary, however, and our schools were fortunate in receiving at an early date their full supply of fuel for the present winter.

Since the fire of October 13, which destroyed the Tewksbury Congregational Church, Pickering Hall has been in great demand, not only as the most desirable place in which Sunday services could be held, but also as the only hall of suitable size for the accommodation of all entertainments and functions usually held in the old church vestry and vestry hall. The School Board has endeavored to cooperate with the church committee to the utmost in offering the use

of the hall at the lowest possible figure which will cover the expenses. It is fortunate that the extensive improvements, so much needed in the interior and especially in the hall of the Foster School, should have been completed in time to make the latter fit for such considerable service.

The School Board has taken warning from the several disastrous fires of 1918 and substantially increased the insurance carried on the school buildings of the Town.

It will be seen from our financial statement that we have run short of funds to the extent of $1,189.75. It is needless to call to mind the high prices which have prevailed during 1918 on all material and on labor itself. An additional and unlooked-for expense turned up last summer in the shape of instructions from the State Building Inspector requiring further installation of lathe and plaster ceilings in the basement of the North, Shawsheen and West schools. A portion of this work designated as immediately necessary has been completed. The Committee plans to do more along this line the coming year. In spite of war prices, salary advances and the above-mentioned work which had to be done, our appropriation would not have fallen short of our expenses if we had received the usual amount from the State on account of the Mass. School Fund. The apportionment of this fund received by Tewksbury in 1917 was $893.92. The exact amount cannot be foretold, but depends somewhat upon the size of the Town's valuation, and when the latter reaches $2,500,000 it automatically ceases. In making up the budget for 1918 the Committee figured on receiving aid from the School Fund, not realizing until too late that our Town valuation had just passed the $2,500,000 limit.

In this connection it might be well to call attention to the fact that within a year or two Tewksbury must probably forego other State aid which it enjoys today, in the form of reimbursements on tuition and transportation accounts. At present, having a valuation of over $1,000,000, but with less than 500 families, Tewksbury is entitled to reimbursement of all money expended on High School transportation, and one-half of all money expended on High School tuition. The last census showed Tewksbury as having 485 families. We may therefore expect a continuance of the State Aid on the above accounts until 1920, when it will probably be found that the number of families in Town has increased to 500 or more. To sum up in a brief statement, we have been able up to 1918 to count on aid from the State toward running our schools to the amount of approximately $3,000. We will now no longer have a portion of the Mass. School Fund, amounting to nearly $1,000, and in 1920 will probably lose approximately $1,500 we are now getting toward tuition, and $550 toward transporation of scholars at the Lowell High School.

The above is simply called to your attention to show that Tewksbury schools in this growing Town cannot for long enjoy the substantial aid they have been getting from the State.

The particular item of trolley transportation expense will be

larger this year owing to the increase in fares charged by the Bay State Street Railway Co. Those children in our elementary grades which require transportation by trolley number about the same as those which attend the Lowell High School, incurring a cost to the Town of some $550 per year. The fares now average double what they did six months ago. In addition, the Bay State Street Railway Co. has taken steps to gain financial relief by applying for the removal of its obligations by law to transport all school children at half-fare rates. A hearing at the District Court in Boston has been set twice in December but postponed to a later date. Your Committee has protested and will protest any such change in fares.

There is further food for thought when we realize that if State aid on transportation be removed in 1920, and if the Bay State Street Railway Co., in addition to raising their fares, are permitted to charge full rates for school children into the bargain, the Town bill for all trolley transportation will soon be increased by about $4,500 annually.

In closing, we wish to call attention again to the fact that in considering appropriations to be made for new buildings at the coming Town meeting, our schools should not be forgotten. Sooner or later they will have to be considered. Why not now? We must make a start some time. The Foster and Library schools are crowded to full capacity. New accommodations provided in the Foster School are giving only temporary relief. No more children should be crowded into these buildings in a locality where there is not perfect fire protection. Tewksbury has shown what it can do in subscribing to war activities. Thousands have gone into Liberty bonds, and thousands donated outright to war-work funds. No one doubts that we shall have a new church to replace the one burned last October. Tewksbury is well able to include a new schoolhouse in its building program, a building modern, attractive and of fireproof construction.

In the meantime we recommend the following sums of money be appropriated to cover school expenses for the ensuing year:—

Bills on hand unpaid	$ 1,189.75
Teachers	7,324.00
Fuel and janitors	3,000.00
Transportation	3,867.00
Supervisors	790.00
School houses	1,000.00
Books and supplies	1,000.00
Tuition	3,000.00
Medical inspection	100.00
Miscellaneous	500.00
Insurance	175.00
	$21,945.75
Expected from the State	3,225.00
	$18,720.75

HERBERT L. TRULL,
MAY L. LARRABEE,
FRANKLIN F. SPAULDING,
School Committee.

REPORT ON EXPENSE OF $1,000 SPECIAL APPROPRIATION FOR IMPROVING INTERIOR OF FOSTER SCHOOL

Extensive improvements were made at the Foster School last summer with the money on this appropriation. The walls in all the rooms have been cleaned and re-tinted; ceilings whitened and woodwork washed and varnished; windows in all the class rooms have been equipped with new curtains. All the school rooms look brighter and cleaner for the work done and more attractive for the teachers and children.

Pickering Hall was included in this work, and as a result is now in good condition for the many uses to which it is being put since the burning of the church.

In the rear of the building, on the lower floor, by moving the partition out further into the hall way, a larger room has been made which is being used as a recitation room, accommodating about 30 scholars, thus, for a while at least, the congestion which has been growing for the past few years will be relieved.

The general improvement to the interior of the building is pleasingly noticeable. However, it only serves to make the building cleaner and more attractive, while the Committee is continually forced to spend additional amounts of money toward repairs of a more serious nature which are constantly coming up.

Report of Expenses on Special Appropriation of $1,000

R. H. Anderson, retinting walls, whitening ceilings, cleaning and varnishing woodwork	$ 585.75
Foster & Robinson, carpenter work new room	254.80
W. A. Mack Co., work on ventilator	94.00
Adams & Co., window curtains	65.45

HERBERT L. TRULL,
MAY L. LARRABEE,
F. F. SPAULDING,
School Committee.

SUPERINTENDENT'S REPORT

Lowell, Mass., Jan. 3, 1919.

To the School Committee of Tewksbury.

Mrs. Larrabee and Gentlemen:—

I hereby submit my sixth annual report, which is the twenty-eighth in the series of Superintendent's reports. While the work of the schools has to some extent been interfered with by the demands of such forms of war work as children can do, the year has as a whole been a successful one.

Supervisors. We have been called upon to secure new supervisors in music and drawing. Miss Ruth H. Nourse, who had been in charge of the music for but one year had in that time secured a good response from both teachers and pupils. She resigned to accept a much better salary in Mt. Vernon, N. Y.

All connected with the public schools regretted the resignation of Miss Margaret J. Carney, who had been the efficient supervisor of drawing in the schools of the district for more than six years. As a teacher she was faithful, conscientious and successful; as a supervisor she was careful, painstaking and efficient; her personality was such that she won the lasting esteem of all with whom she came in contact. Her resignation was due to the offer of a much more desirable position in Chelsea.

We have been fortunate in securing supervisors of experience for these important vacancies. Miss Mildred Brennon, of Lowell, a graduate of the New England Conservatory of Music, who had excellent recommendations from the neighboring towns, has been in charge of the music since September. I believe that she will do successful work for us, as she has done for others.

Miss Edith Merchant, of Lowell, a graduate of the Normal Art School, with strong recommendations from the towns where she has supervised the drawing for several years, began her duties with us after the Thanksgiving recess. From what I have seen and heard of her work during the three weeks that she has been with us I judge that she will maintain the high standards established by Miss Carney.

Teachers. There has been but one change among the regular teachers of the Town. Miss Lydia Hopkins, teacher of the North School for two years, resigned at the close of the school year to accept a position in Holbrook. The principal of the State Normal School at Lowell, secured for the position Miss Eva L. Hersey, for

several years principal of the grammar school at Wilmington. Miss Hersey taught under my direction for three years at Wilmington, and I came to know her as an exceptionally efficient teacher. I believe that the North School under her management will prove a marked success.

The teachers in the other schools were with us one year ago and are doing satisfactory work.

The special teachers also resigned at the close of the school year —Mr. Edmund Alger, who had charge of the Manual Training for two years, to enter the Army, and Miss Frances Cameron, who had taught sewing for two years, to enter commercial work. The work of each of these special teachers was satisfactory, and their resignations were regretted.

Miss Lena Coburn, who has taught sewing at Tyngsboro for five years, has taken the same work here. She is doing well.

Owing to war work and high wages no one has been found as yet to conduct the manual work with the boys.

Salaries. On page 11 of last year's report I had an article on the justice of an increase in salaries. Beginning with January of last year such increases were granted to the teachers of this Town that they expressed themselves as satisfied. Since that time there have been further increases in living expenses and marked advance in the cost of travelling, which virtually lowers the net salaries of our teachers. However, the reason for the present article is to discuss the law recently passed concerning teachers' salaries with its application to this Town.

On May 10, 1918, the following law was passed:

> "On and after the first day of January, 1919, the compensation of every teacher employed in any day school in the Commonwealth, except persons in training and those employed as temporary substitutes, shall be at the rate of not less than five hundred and fifty dollars for the school year in that school." (Not to apply to towns of less than a million valuation.)

According to our present schedule a teacher reaches the maximum salary of $600.00 after three years of service. The inexperienced teacher starts with $450.00, and receives an increase of $50.00 per year till the maximum is reached. In other words, the teacher who has been successful for two years and started on her third will receive $550.00, just the salary that the inexperienced teacher will now receive. There are ten teachers in the various towns of the district whose salaries will automatically become after Jan. 1, 1919, $550.00. It would seem an injustice to leave the salaries of these

teachers, who have done faithful work for more than two years, on an equality with those just beginning their service.

Also, the fact that all your teachers who are receiving the maximum salary after more than three years of service, in some cases considerably more, must be considered, for if we leave the salary of these teachers unchanged it will hold no encouragement for a successful teacher to remain in our schools, for there would be no possibility of any increase with the exception of the bare fifty dollars in excess of the legal salary of the first year.

This law compels us to increase the salaries of our inexperienced teachers one hundred dollars after Jan. 1, but I maintain that in order to carry out the spirit of the law, as well as the letter, and in order to maintain the feeling of fair treatment so essential for a teacher to have in her nerve-trying work among the children, it will be necessary for us to grant a proportionate increase to the teachers who are receiving more than $550.00. That is, the law legally applies to ten teachers in the district, but virtually applies to all.

Foster School. During the past summer extensive repairs and alterations were made at the Foster School, the latter to alleviate the necessity of having two teachers in one room. The recitation room at the end of the lower hall, together with a portion of the hall, has been made into a schoolroom. Furniture has been placed in it, and the seventh grade, with Miss Arnold, have been assigned to it. It is 23 x 15 feet in dimensions, a small room for a class of thirty, but does very well during the present strenuous times. That is, for an emergency proposition it is a success, for a permanent schoolroom it is inadequate.

Influenza. Four weeks of the present school year, on account of the necessity of closing the schools in latter September and early October due to the prevalence of the dread influenza and by order of the Board of Health, have been lost. This loss of time and loss of interest in school work has been an injury to the schools, and will undoubtedly affect the success of the year, although the lost time will be made up by lengthening the school day through the remainder of the year.

War Work. Every school in Town joined the Junior Red Cross last February. Both the drawing department and the sewing department helped in this work by having the children do such work as they were able. The Music Supervisor also helped in raising money by a concert and entertainment. The following articles have been

made within the year: 12 sweaters, 5 afghans, 2 scarfs, 17 garments, 84 handkerchiefs, 161 "joke" books, 102 slings, 1000 gunwipers, 1 helmet, 9 pair wristers, 10 pair socks, 12 crutch pads, 6 pillows, 50 surgical cases, 37 small articles.

Nearly all the children reported that they had home gardens last summer with good results. The Shawsheen School was the only one which tried to have a school garden. Here the whole effort was spent in raising beans, and while the garden did not look as well in June on account of the non-diversity of crops, yet it looked much better than usual in August, and actually produced a financial result in October, having a bushel or more of marketable white beans.

In the Victory Campaign in November sixty-five pupils pledged sixty-five dollars for the united war work drive. 75% of this money has been paid.

In Thrift and War Stamps the following results have been obtained this year, namely, 127 children own stamps to the value of $4,489.75.

No School Signal. I wish to call attention to the fact that the No School Signal is supposed to be given only on very severe days. Much time has already been lost, more time will unavoidably be lost if our schools are to be discontinued for every not-severe snow or rain.

Training Schools. In my opinion the two State Training Schools at North and South Tewksbury are in the best condition of any time since I have been acquainted in Town. In every case there are excellent teachers doing excellent work. These schools now illustrate the old truism, "The teacher makes the school."

I especially commend the community work which has been carried on in the Shawsheen district.

Vaccination. This subject always gives more or less trouble. Many times the parents believe that the teacher, or superintendent, or perhaps the Committee, have an option concerning this matter, and can in a spirit of accommodation excuse the young child from being vaccinated. This is not so, personally I would not vaccinate a child under ten years of age, but my opinion has nothing to do about this matter. Neither is it the duty of the school authorities to attend to this, rather it rests directly on the parents. All parents of the children of the next September entering class, that is of those who will be grade one next fall, should have the children vaccinated before

they are sent to school, and not wait for the teacher to call attention to it later.

Please read again the brief law which I quote:

"Gen. Acts, Chapter 117, Section 6. A child who has not been vaccinated shall not be admitted to the public schools, except upon presentation of a certificate the same as the physician's certificate required by the provisions of Section 139 of Chapter 75 as amended by Section 2, Chapter 190 and by Section 10, Chapter 544 of the Acts of 1902."

School Fund. For many years the Town of Tewksbury has received a portion of the Massachusetts School Fund, amounting to over a thousand dollars. The law provides that no Town whose valuation exceeds two and a half million can receive any share of this fund. This Town, on account of its rapid rise in valuation, loses this fund this year for the first time, nor will it be received again unless the Town has the misfortune to shrink in valuation.

Graduation. The customary grammar school graduation was held in Pickering Hall, Thursday, June 20, 1918.

After pleasing exercises and an address by Principal Herbert D. Bixby, of the Lowell High School, the Superintendent presented diplomas to the following graduates: Blanche Banville, Vera Colby, Ruth Cameron, Alice Cartier, James Clancy, Ernest Dodge, John Furtado, Martin Flaherty, Mae Frink, Clifford Greene, Charles Groves, Everell Harnden, Albin Johnson, Irene Kelley, Harold Livingston, Albert La Bounty, Arthur Marcille, Mary MacKillop, Charles Nash, Edward O'Connell, Archie M. Pillsbury, Lillian M. Simpson, Mildred Saluskofski, William Smith, Archie Toothaker, Lester Vander Burgh, Dora White, Albert Wright.

Of these twenty-eight graduates thirteen entered High School, two are attending Vocational School, seven are working, two remained at home, the others moved from Town.

Sewing and Manual Training. Excellent work was done in sewing last year under the direction of Miss Cameron. A good exhibition was made in June though not as large as would have been the case had not much time been given to Red Cross work.

You will be able to judge of Miss Coburn's plans by her report which follows.

The manual work for the boys was carried on acceptably till June by Mr. Edmund Alger. A portion of the exhibition was given to this department with creditable result.

After Mr. Alger's resignation we were unable to find anyone to carry on this work, but hope to do so soon.

Back-to-the-School-Drive. During the past two years we have had many varieties of "drives." Now that the war is over the most important "drive" is to impress on pupils and parents alike the necessity of having children remain in school after they have reached the legal fourteen years. The per cent. of pupils who remain in the eighth grade has decreased for the past two years, while the number of graduates from the Grammar School who attend High School, and the total number of pupils in High School, is constantly growing less. 1916 there were 69 pupils in High School, 1917 there were 58 pupils, while in 1918 there were but 49. All educators, whether national, state, or local are crying against the children of America giving over their education on account of lust for high wages.

I pass this warning along for a second time, confident that the subject is one of the most important for your consideration.

Co-operation. The need of co-operation between the home and the school has been more apparent this past year than ever before. With many children doing the work of men and women, and with many mothers as well as fathers at work, there has grown in this locality, as throughout the whole child-world, a spirit of lack of restraint and lawlessness which may soon lead to crime.

Parents should realize that they have a responsibility for their children, and that no teacher and no school can take the place of home restraint and discipline.

It is important that parents, and in fact the whole community, take up the task of working with the schools in making future good citizens.

Conclusion. I wish to call to your attention the reports and tables which follow this report and form a part of it.

I wish to again express my appreciation for the loyal co-operation and the cordial support of the Committee. It is a privilege to work under such harmonious conditions.

Respectfully submitted,

CHAS. L. RANDALL,

Superintendent.

REPORT OF SUPERVISOR OF SEWING

Mr. C. L. Randall, Superintendent of Schools.

Dear Sir:—

I take pleasure in submitting for your consideration my first report as Supervisor of Sewing in the Foster School, Tewksbury.

The girls of the upper grades have made aprons of all kinds, both large and small, also underclothes.

One of the girls is to start a smock at the next lesson, and bloomers are also being made.

I expect to have several more smocks, or simple dresses, started soon.

The girls in the lower grades have finished bags to hold their sewing, also both large and small aprons.

In addition to this we have made refugee garments, namely, six boy's undershirts, six large aprons and sixty shot bags, and now are working on ten large aprons.

I wish to take this opportunity of expressing my sincere appreciation of the hearty co-operation of the teachers and superintendent.

Respectfully submitted,

LENA M. COBURN.

January 3, 1919.

REPORT OF THE SUPERVISOR OF MUSIC

Mr. Charles Randall, Supt. of Schools.

Dear Sir:—

School work has been so interrupted during the past few months that it hardly warrants a report of results, but I feel that we are making definite progress in music.

We are devoting much time in the lower grades to individual work, and every new problem that is taken up is being drilled individually. If pupils become able to sing independently in the lower grades no difficulty will be found in part singing in the upper grades.

Great stress is being laid on good tone quality and clear enunciation, and I hope to see a great improvement in this respect during the year.

In the upper grades we are giving some time to definite work in music appreciation. We are trying to teach pupils to understand music so that they can listen intelligently as well as to take an active part in it. Short talks are given about instruments of the orchestra and band, and different forms of music, such as opera and oratorio; pictures are shown, and records illustrating the lesson are played on the Victrola. The Victrola, when properly used, is of great value in this phase of the work, and the boys and girls seem much interested.

Every pupil, when they leave the Grammar School, should be able to sing correctly the familiar songs that are being so widely used in community music, and during the present term we shall give some time to this work in the seventh and eighth grades.

I wish to thank the teachers frr their co-operation in carrying out my plans, and also the Superintendent for his interest in my work.

Respectfully submitted,

MILDRED BRENNON.

LOWELL HIGH SCHOOL

Graduates, June, 1918

Four Year Course: Gladys M. Pollard, Doris M. Senior.
Three Year Course: Winifred F. Greenough.

Members, Sept., 1918

TAX COLLECTOR'S REPORT

Year	1919	1918	1917	1916	1915	1914	Totals
Warrant and Excise	$65,691.98						$65,691.98
Uncollected January 1, 1919		$23,780.42	$8269.69	$537.29	$391.20	$117.37	33,095.97
Interest Collected	26.78	398.19	677.57	25.02	32.67	4.53	1164.76
Cash Collected	41,947.52	12,955.36	7342.53	196.98	147.42	19.92	62,609.73
Abatements and Corrections	242.93	58.83	10.31	1.13	276.45	101.98	691.63
Uncollected January 1, 1920	23,528.31	11,164.42	1594.42	364.20	None	None	36,651.35

Estimate of outstanding taxes collectible $35,200. Whether the balance of the 1918 excise tax is collected depends on the result in the test case of Collector of Lakeville vs. Donham, Receiver.

Respectfully submitted,
MELVIN G. ROGERS,
Collector of Taxes.

REPORT OF OVERSEERS OF POOR

Appropriation	$1,400.00	
Reimbursement by Commonwealth	1,535.33	
		$2,935.33
Paid out for Aid to the Poor		2,934.89
Balance		.44
Unpaid bills on hand		$ 51.60

Mothers with dependent children (Chap. 763, Acts. 1913).

Town charges, two mothers, one with four children, one with three, reimbursement by State one-third.

Temporary Aid: Two mothers, each with four children, reimbursed by State in full.

At the present time, we have two Town charges, for which the Town pays in full.

IRVING F. FRENCH,
HARRY L. SHEDD,
JOHN T. GALE,
Overseers of the Poor.

REPORT OF PARK COMMISSIONERS

To the Hon. Board of Selectmen:

Gentlemen:

As Park Commissioners we submit the following report for the year ending December 31, 1919:

Total appropriation, including balance from preceding year	$101.81
Expenditures	12.50
Balance Jan. 1st, 1920	$ 89.35

At the annual Town Meeting the unexpended balance of 1918, $86.81, with an appropriation of $15.00 was voted to use for a flag, making a total amount available of $101.81.

Mr. George Stevens gave the bunting and at this time the Commissioners feel that some action should be taken by the citizens to show our appreciation.

Mrs. George A. Norris, assisted by several ladies made the flag.

There is one unpaid bill for $12.50 for care of the flag, this bill could not be paid from the appropriation available under the wording.

Considerable work should be done on the Common, on the small park near Chandler Street, which is a disgrace in its present condition and on the land near the school building at the North Village.

We would recommend an appropriation of $25.00 with the unexpended balance of $89.35, making a total of $114.31.

Respectfully submitted,
HAROLD J. PATTEN,
HARRIS M. BRIGGS,
Park Commissioners.

REPORT OF INSPECTOR OF ANIMALS

Gentlemen:

The following is the report of the Inspector of Animals for the year ending December 31, 1919:

Number of stables inspected	103
Number of cattle inspected	810
Number of swine inspected	620
Number of sheep inspected	11
Number of cattle condemned and killed	4

Respectfully submitted,

HUGH CAMERON.

REPORT OF INSPECTOR OF MEATS AND PROVISIONS

Gentlemen:

The following is the report of the Inspector of Meats and Provisions for the year ending December 31, 1919:

Number of sides of beef inspected	1060
Number of veals inspected	694
Number of hogs inspected	482
Number of lambs inspected	3
Number of goats inspected	2
Number of veals condemned	4
Number of hogs condemned	2
Number of hogs killed and inspected on farms	84

Respectfully submitted,

HUGH CAMERON.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Tewksbury, Mass., December 10, 1919.

To the Board of Selectmen:

Gentlemen:

I herewith submit my annual report as Sealer of Weights and Measures for the Town of Tewksbury.

The amount of work performed from December 1, 1918, to November 30, 1919:

Platform scales sealed over 5,000 lbs.	4
Platform scales condemned over 5,000 lbs	1
Platform scales sealed under 5,000 lbs	14
Platform scales adjusted over 5,000 lbs	2
Platform scales not sealed under 5,000 lbs	1
Platform scales condemned under 5,000 lbs	1
Computing scales sealed	11
All other scales sealed	17
All other scales adjusted	1
Weights sealed	93
Weights adjusted	14
Liquid measures sealed	23
Oil pumps sealed	13
Oil pumps adjusted	5
Oil pumps condemned	1
Yard measures sealed	2

The fees, amounting to $24.71 have been paid to the Treasurer.

There are no platform scales over 5,000 lbs. for public use in town. By recommendation of the State Commissioner I would suggest the Town instal a set of scales over 5,000 lbs.

Respectfully submitted,

W. H. ALEXANDER.

REPORT OF HIGHWAY COMMISSIONERS

The Board of Selectmen, Tewksbury, Mass.

Gentlemen:

We submit herewith annual report for year ending December, 31, 1919.

Gravel and Cinders Hauled and Spread

Livingston Street	51 loads
Woburn Street	267 "
East Street	220 "
North Street	52 "
Pleasant Street	80 "
Chapman Street	95 "
Billerica Street	108 "
Whipple Street	84 "
South Street	90 "
Astle Street	72 "
Chandler Street	68 "
Pike Street	52 "
Small lots	420 "

In addition the following work was done on the Town Roads:

Scraping roads	30 days
Cleaning catch basins and gutters	5 "
Fixing culverts and bridges	3 "
Breaking roads and sanding walks	3 "

Five hundred feet of railing used on South Main and Bridge Streets.

During the past year the Street Railway paid up the back taxes for 1917 and 1918, also taxes for current year, amounting in all to $5,320.36.

From this the Town Treasurer deducted $2,632.66 to pay back the amount he advanced the Highway Department in 1917, leaving $2,687.70 of the Street Railway tax available for next year and we shall also have balance approximately $1,000 from this year's appropriation.

We recommend therefore that $4,500.00 be appropriated for the coming year together with unexpended balance of this year's appropriation.

Respectfully submitted,

GEORGE STEVENS,
C. W. PARSONS,
JOHN T. GALE,
Highway Commissioners.

REPORT OF FIRE CHIEF

To the Honorable Board of Selectmen:

Gentlemen:

As Chief of Fire Department, I herewith submit the following:

Total number of fires	51
House fires	6
Forest fires	30
False alarms	15
Value of buildings and contents	$8,200.25
Insurance on same	2,025.00

The Truck is in good running order. I again call your attention to the necessity of purchasing some pumping apparatus and would recommend something similar to the Billerica machine. If we are not going to have Town water this machine would give us much better protection than we have had in the past.

Respectfully,
S. W. McCAUSLAND,
Chief.

REPORT OF FOREST WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Forest Fire Warden I submit the following:

Total number of fires attended, 39; total acreage, 106½; false alarms 11.

In submitting this report I again take this opportunity of thanking your Board and citizens for valuable aid rendered this department.

Yours respectfully,
HARRIS M. BRIGGS,
Forest Warden.
CLARENCE E. FOSTER,
WALTER W. ROBINSON,
CYRUS W. PARSONS,
HOWARD W. FOSTER,
WM. E. BRIGGS,
Deputies.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Tree Warden I submit the following:

Have confined our work to cutting brush on curves which I considered dangerous. Have cut them so a driver of an auto or team will have an unobstructed view of 200 feet.

Brush was cut on the following streets, from wall to wall: Whipple Street, ½ mile; Pleasant Street, 1 mile; Hill Street, ½ mile; Maple Street, 1 mile; North Street, ½ mile; Chandler Street, ½ mile; Dock Street, ¼ mile; French Street, ½ mile; Trull Street, ½ mile. Eleven dangerous trees were removed and 5 trees that had split with frost were bolted; 1500 elm trees were sprayed during the larvae season to supppress the Elm Leaf Beetle.

Yours Respectfully,

HARRIS M. BRIGGS.

REPORT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

As Local Superintendent for the suppression of the Gypsy and Brown Tail Moths, I submit the following:

Have found a few Brown Tail Moth nests during the year. There is an increase of 25% of Gypsy Moths.

Practically the same methods were employed as in former years under State Supervision.

Yours Respectfully,

HARRIS M. BRIGGS.

REPORT OF THE BOARD OF APPRAISERS

Report of the Board of Appraisers of the Town of Tewksbury ending Dec. 31st, 1919:

Highways

Jan. 1st, 1920	$2,967.35

COMMITTEE ON OBSERANCE OF MEMORIAL DAY

The committee having charge of the Memorial Day exercises have attended to their assigned duties and reports as follows:

All requirements of the services as prescribed by the G. A. R. officially were fully observed and carried out. Thus the Town honors itself by honoring its worthy dead.

Respectfully submitted,

ALBERT C. BLAISDELL,
GEORGE E. MARSHALL,
WILLIAM T. LEWIS,
EDWARD M. BAILEY,
Committee.

TEWKSBURY BOARD OF HEALTH REPORT

Town of Tewksbury:

As Health officer I hereby submit the following report ending Jan. 1, 1920:

List of Contagious Diseases

Scarlet Fever	16	0
Measles	4	0
Influenza	10	0
Whooping Cough	3	0
Chicken Pox	12	0
Mumps	8	0
Diphtheria	2	0
Infantile Paralysis	1	0
Typhoid Fever	2	0
Pneumonia	4	0
Tuberculosis	4	1
Total	66	1

The Health situation throughout the country has been a trying one the past year, and our town has been no exception, influenza the past few months and scarlet fever the last, with quite a fair proportion of other cases between. The scarlet fever at present is very trying to handle from the health standpoint, because of the lightness of attacks, the patients in several cases not knowing that they were having the disease, and for that reason, not staying in quarantine or reporting their case to the Board. I want the co-operation of everybody just now to prevent the further spread of this disease. Report any case that you hear of or are suspicious of, whether in your own family or others, to the agent or any member of the Board and we will co-operate with that family for their own protection as well as that of the community.

The financial situation of the Health Department must be considered from a bit different angle this year than usual where the appropriation the past several years has been $200, this will not be sufficient in the future because of the tuberculosis situation. There is a statute which, we will all admit, is with proper intention, which states that if a case of tuberculosis wishes to enter a hospital for the treatment of this disease and a vacant bed can be found, we must from our health appropriation and not from the charitable department, provide maintenance as long as they need it, if they are unable to provide it themselves. The stated rate is $10.50 a week at

present time and we have one patient, so provided for, as this is a chronic disease, a whole year would not be beyond consideration at $546.00 per annum. The report will show 4 cases this year with only one cared for under this statute. I have advised the Board to provide for this possible situation by an increase in appropriation Their judgment will be my recommendation as our appropriation for 1920.

HERBERT M. LARRABEE,
Agent.

TABLE OF STATISTICS

Street Lighting (Unexpended Balance, $381.89)	$3,500.00
Incidentals	3,500.00

PUBLIC LIBRARY

The Trustees of the Public Library submit the following report for the year ending December 31, 1919:

The reports of the Auditor and Librarian found on another page give in detail the expenditures and also the number, character and circulation of books during the year. Besides supplying the Centre, the Library furnishes weekly a box of books for those sections of the Town which desire them. In this way as large a proportion of the reading public as possible is reached.

The Community Club of the Shawsheen School has been an applicant for a District Box, and their request has been approved. Arrangements are being made to issue books to this Club on the same plan as other District Boxes are now sent.

The Trustees desire to draw the attention of parents and patrons to the marked improvement in the order of discipline shown by the younger patrons of the Library.

The growth of the Library is now very rapid, about 10,000 volumes being available. Through purchases and donations about 400 are added yearly.

Each succeeding year brings added duties and responsibilities to the Librarian and her assistants. The Trustees wish to take this opportunity to express their appreciation for their courteous and faithful service.

We request the Town to grant us the appropriation of five hundred dollars, the amount given last year.

Respectfully yours,
ALBERT C. BLAISDELL,
EDGAR SMITH,
GEORGE E. MARSHALL,
KATE FOLSOM,
WM. H. LEE,
ARTHUR A. FOSTER.
Trustees.

ESTIMATES FOR 1920

Regular

Salaries of Librarian and Assistants	$300.00
Transportation of books	100.00
Repairing and Binding books and incidentals	100.00
	$500.00

Special Removal Expense

The Trustees request a special appropriation of $250 to be used in transferring the Public Library from its present location to the new quarters in New Town Hall, and installing it in proper order.

LIBRARIAN'S REPORT

To the Board of Trustees of the Tewksbury Public Library:

The following report is respectfully submitted:

The circulation of books both on Wednesdays and Saturdays shows a marked increase. On Wednesdays the gain is 733 volumes and on Saturdays the gain is 944 volumes as compared with that of last year.

The following magazines are now subscribed for by the library: Bookman, Century, Cosmopolitan, Country Life, Current Opinion, Harper's Illustrated World, Ladies' Home Journal, Munsey's, Literary Digest, National Geographic, Pictorial Review, St. Nicholas, Woman's Home Companion and World's Work.

The circulation of the magazines is about the same.

A few books have been donated for which we are very grateful.

As all the books had not been called in for some time it was deemed advisable to call them in during the last two weeks of August when as usual the library is closed. During that time the books were inspected, repaired and checked up.

WARRANT FOR TOWN MEETING

MIDDLESEX SS:

To either of the Constables of the Town of Tewksbury in said County:

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at Pickering Hall in said Tewksbury, on Monday, the 2d day of February, 1920, at nine o'clock a. m. to act on the following articles:

ART. 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose all necessary Town Officers, to choose by ballot a Town Clerk, three Selectmen, three Overseers of Poor, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden, and Constables —all to serve one year;

one Highway Commissioner, one School Committee, two Trustees of the Public Library and one Park Commissioner, all to serve three years; one Park Commissioner, to serve two years; one Assessor to serve three years and one Assessor to serve one year to fill a vacancy. The polls for the election of Town Officers to be opened at ten o'clock a. m., and close at three o'clock p. m.

ART. 3. To hear reports of Town Officers and Committees and act thereon.

ART. 4. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses

for the current year, and make appropriations for the same.

ART. 5. To see what action the Town will take on the following question: Shall licenses be granted for the sale of intoxicating liquors in the Town? The vote to be yes, or no, as provided by Revised Laws, Chapter 100, Section 10.

ART. 6. To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

ART. 7. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

ART. 8. To see what compensation the Town will vote for the collection of taxes, and at what rate and from what date interest shall be charged on taxes of 1920 unpaid after November 1, 1920, or to take any other action relative thereto.

ART. 9. To see if the Town will vote to borrow, if necessary, a sum not exceeding one twenty-fifth of one per cent. of the current year's valuation, such sum of money to be used in the suppression of the Gipsy and Brown Tail Moths, and not to be expended before December 1st next, and to be raised in the tax levy of the year 1921.

ART. 10. To see if the Town will vote to raise and appropriate the sum of $150.00, for the proper observance of Memorial Day, and appoint a committee to expend the money.

ART. 11. To see if the Town will authorize the Select-

men to institute suits on behalf of the Town or defend any suits that are, or may be brought against the Town.

ART. 12. To see what action the Town will take toward purchasing a new fire truck, or other fire apparatus, and to see what sum of money the Town will appropriate and raise by loan or otherwise for same.

ART. 13. To see what action the Town will take towards indexing the Town Records, and to see what sums of money the Town will appropriate for same.

ART. 14. To see if the Town will vote to instal three electric lights on Astle Street, between Lowell line and Eliot French's residence, and appropriate money for same.

ART. 15. To see if the Town will vote to instal three electric lights on Astle Street, between Main Street and Mr. Blake's residence, and appropriate money for same.

ART. 16. To see if the Town will vote to place one gas light on Rogers Street, same to be placed at the curve, about 300 feet from Main Street, and appropriate money for same.

ART. 17. To see if the Town will vote to place one gas light on Main Street, near the residence of Mr. Sunbury, and appropriate money for same, or take any other action relative thereto.

ART. 18. To see if the Town will vote to instal one gas light on Main Street, between the trestle and Mr. Leith's house, and appropriate money for same.

ART. 19. To see if the Town will vote to place three

gas lights on Main Street, from the present terminal of the main, near Mr. Landers' residence to Mr Marshall's house.

ART. 20. To see if the Town will vote to place three gas lights on North Street, from the present terminal of the gas main near Mr. Patten's residence to Almont Station.

ART. 21. To see if the Town will vote to place two gas lights on James Street, from the terminal of gas main to Mrs. Chandler's house.

ART. 22. To see if the Town will vote to authorize the Selectmen to instal electric street lights in South Tewksbury on Salem Road, South Street, Main Street, and Lake Street, or any part thereof, and make appropriation for said work.

ART. 23. To see if the Town will vote to instal one gas light on North Street, midway between East and Main Streets.

ART. 24. To see if the Town will vote and appropriate a certain sum of money sufficient for the purchase of a set of Town Scales to be placed on the Town Lot in rear of the Town Hall, or any other location, or take any other action relative thereto.

ART. 25. To see what sum of money the Town will vote to raise for the application of tar oil or other binder on the roads.

ART. 26. To see if the Town will vote to repair the culvert under Rogers Street, about 700 feet from Main Street, near the McTeague residence.

ART. 27. To see if the Town will vote to raise $5,576.00

by loan or otherwise to remodel the Library School. or take any other action relative thereto.

ART. 28. To see what provision the Town will make toward compiling a complete record and memorial of the persons who have been in the service during the recent war, and make appropriation for same, or take any other action relative thereto.

ART. 29. To see if the Town will vote to raise and appropriate a sum not to exceed $150, and elect a director for demonstration work in agriculture and home economics. The money to be expended by and the director to serve in co-operation with the County Trustees for aid to agriculture of Middlesex County Bureau of Agriculture and home economics under the provisions of Chapter 273, General Acts of 1918.

And you are directed to serve this warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices, and leave one hundred copies for the use of the citizens at the Post Offices in said Town, 10 days at least, and over two Sundays, before the time of holding said meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands this fifteenth day of January, in the year of our Lord, one thousand nine hundred and twenty.

IRVING F. FRENCH,
HARRY L. SHEDD,
JOHN T. GALE,
Selectmen of Tewksbury.

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF TEWKSBURY

TOGETHER WITH THE REPORT OF THE SUPERINTENDENT OF SCHOOLS

FOR THE

FISCAL YEAR ENDING DECEMBER 31

1919

REPORT OF SCHOOL COMMITTEE

If conditions during the war occasioned disturbances felt in all branches of School work, the year following the signing of the Armistice has been none the less full of difficulties.

Undoubtedly the most important of these has been the question of securing teachers. This matter is dealt with more minutely in the report of the Supt. of Schools. Suffice it to say here, that the shortage of competent teachers to fill vacancies has been felt severely. The majority of our teaching force has remained intact, and given high grade service in our schools. Salaries have been raised, but it will be necessary, and it is the plan of your Committee, to adopt at once in Jan. 1920, a higher schedule of salaries, which will place our schools on a plane at least approaching what other schools are doing today, and which will protect us from deliberate attempts on the part of other Towns to buy off our best teachers.

In this effort to meet the salary requirements of the present day, we are aided by the New Mass. School Fund which reimburses the Town from $100 to $200 per teacher according to the salary paid by the Town. The first amount received by our dept. last Fall was $540.00. With the salary schedule proposed to go into effect Feb. 2nd, 1920, we should receive from the State $1750.00 next Fall.

Satisfactory arrangements have been made with those who manage the barge routes, for the remainder of the School year. It has been necessary however to consider our janitors in the general salary increase, particularly in view of the good service rendered.

With all this in mind we can feel encouraged at least to consider that the School Dept. will not commence the year 1920 with an account of over $1100 unpaid bills to clean up, as was the case in 1919.

Your Committee have felt that with the cost of building as high as it is today, it would be wise to increase the insurance on our Schools still more. In our estimates for

1920, $400 is asked for to cover renewals coming due, $240 more is included for added insurance.

At the North School many improvements have been made including a complete renovation of the interior. The results are satisfying and pleasing to the eye.

The West School had a new coat of paint last summer on the exterior and is in good condition within and without.

This year, the Committee plans to complete the work of putting up a metal lathe and plaster ceiling in the Shawsheen School. Last summer a portion of this work prescribed by the Building Inspector was put up and a similar job completed at the North School, according to building regulations for school houses.

It has been the belief of the Committee that the Shawsheen and North Schools, termed training schools, are keeping up a high standard in scholarship and discipline, and that the aid of the Lowell Normal School officials has been very beneficial.

Up to the spring of 1919 however this work was being carried on under only a verbal agreement with our Dept. Deciding that it would be more businesslike, and that a more satisfactory understanding of the requirements of the situation could be arranged on paper, a written agreement was drawn up and signed by your Committee and the Comm. of Education, on April 5, 1919.

This agreement is similar to that entered upon by other cities and towns, and assures us high teaching standards, the benefit of additional salary offered by the Normal School in order to secure and hold a satisfactory teaching force, also certain sums of money spent by the Normal School for the maintenance of superior practice facilities. Other clauses arrange for "mutual understanding in regard to the conduct of these schools." If for any possible reason this arrangement becomes unsatisfactory to either party, the agreement may be abrogated by mutual consent, or by either party alone after one year's notice in writing shall have been given to the other party thereto.

An effort is being made to start a Branch Library at

the Shawsheen School for the benefit of those in the South-east section of the Town.

At the Foster School, Pickering Hall has been in much demand during the past year. A considerable amount has been realized on rent of the Hall, but it is doubtful as to just how much of this amount is offset by expense of janitor, police, lighting and heating, and general wear and tear. Then again the hall being on the third floor not only offers difficulties to elderly people desiring to attend certain meetings but also results in the tracking of mud and dirt over a large area of the school. It is the interest of the School Board that this Hall be used whenever necessary, but we look forward to the day when the new Town Hall and Church will take care of functions which are properly their own.

A new piano has been bought and placed in Pickering Hall. It has good tone and is meeting the requirements of the Hall, much better than the old one.

Three items which are costing us more than ever before are, transportation, fuel, and all labor connected with the upkeep and repair of the Schools.

A special appropriation is asked for this year to cover the expense of remodelling the Library School. It is expected that the Public Library will be moved into its new room at the Town Hall in the Spring. This will leave the School Dept. much needed space, which must be fitted up as a modern school-room, and which will delay for a few years the necessity of erecting a new School building. It is the intention of your committee also to provide this school with much needed sanitary requirements, and a suitable arrangement for drinking water.

It has been a source of great satisfaction to the School Committee to feel that we have the backing of the Townspeople so strongly in our effort to keep the Schools in good condition, well equipped as they should be for all work to be done in them, and attractive and safe as possible for teachers and children, as well as a credit to the Town as public buildings.

We recommend the following sums be raised to cover expenses as enumerated below, for the year 1920:

Unpaid bills	$ 736.73
Tuition	2,500.00
Medical Inspection	100.00
Insurance	640.00
Transportation	4,048.00
Supervision	900.00
Teachers	9,520.00
Fuel and Janitors	3,800.00
School Houses	2,000.00
Books and Supplies	1,000.00
Miscellaneous	500.00
	$25,744.73
Expected from State	4,295.00
	$21,449.73

HERBERT L. TRULL, Chairman
MAY L. LARRABEE
FRANKLIN F. SPAULDING
School Committee.

SUPERINTENDENT'S REPORT

Lowell, Mass., Jan. 7, 1920.

To the School Committee of Tewksbury:

Mrs. Larrabee and Gentlemen:—

I herewith submit my seventh annual report which is the twenty-ninth in the series of Superintendents' reports. Owing to the increase in all supplies and materials, and to the marked shortage of teachers the past year has been a strenuous one in which to maintain the standard of the schools.

Supervision. Miss Edith Merchant who is serving her second year as drawing supervisor in the district is doing excellent work.

Miss Mildred Brennon who taught music in the district last year resigned last June to be married.

Miss Georgia Within, a graduate of the New England Conservatory of Music with three years' experience, was selected for the position. She has made an excellent beginning in the music of the schools, and has the support of teachers and pupils.

Teachers. Miss Hazel Weinbeck resigned in June to be married.

Miss Annie M. Wylie for many years teacher of the West school resigned in Oct. to accept a better position in another town. Miss Wylie deservedly had the good will and affection of both pupils and parents.

Miss Ella E. Fleming, for many years principal of the Foster School, on account of home duties resigned her position Nov. 10, 1919. Losing Miss Fleming from the teaching force of the town was felt as a distinct personal loss by the pupils of the eighth grade, their parents, and also by the many young people who have graduated from the school. The loss is, however, more far reaching than this, as it is an actual loss to the town at large. I know of no one separate agency which has tended more fully toward the making of good citizenship in the town than the

eighth grade of the Foster School as conducted by Miss Fleming.

Mr. Reginald Webster, a man with a fine record as a student, a teacher and a soldier completed the fall term after Miss Fleming's resignation.

Beginning with the winter term, Miss Gladys Arnold assumes the principalship of the Foster School, and Miss Elizabeth Dowler, takes the seventh grade. So far as can be judged in this short time these changes are proving successful. It seems that Miss Arnold who has taught in the Foster school for more than seven years will make a worthy successor to Miss Fleming. Miss Abbie Whitney, a recent graduate from Lowell Normal was placed in charge of the second primary room in September.

Mrs. Lilla McPherson, a graduate of Framingham Normal, has taken charge of the Library School.

Miss Helena McGowan, a graduate of Lowell Normal, is at the West School. We have been fortunate in retaining so many of our teachers this year. Especially is this true when considering the fact that five of the town teachers have been offered increased salaries since the Christmas vacation.

The Teacher Situation. The shortage in the available supply of teachers is alarming. It is officially reported that 3,800 teachers are lacking in the United States this school year. The neighboring state of New Hampshire has already closed fifty schools and contemplates closing eighty more.

While Massachusetts has probably closed no schools this year it has certainly placed teachers in the schools who have not sufficiently prepared themselves for the important position held by teachers.

In the case of your own town and the other towns of my district thus far the shortage has been felt only in that teachers of less experience than formerly have been assigned to important rooms. However, the situation has recently become more intense and in filling the positions left vacant at the Christmas vacation I was obliged to use all the teacher material I knew of, and for other vacancies

and for substitutes I have been obliged to call upon the Lowell Normal School to furnish undergraduates.

Massachusetts School Fund Law. The fact that Massachusetts realizes the gravity of the teacher situation and the inadequacy of the teacher's salary, is proved by the passage of the long contended "School Fund" bill. This law provides for reimbursement as follows:

(1). "Two hundred dollars for every such person who has received as salary not less than eight hundred and fifty dollars and who is a graduate of an approved normal school or college, and has had at least two years teaching experience, or who possesses preparation and teaching experience accepted in lieu thereof."

(2). "One hundred and fifty dollars for every such person, not included in the foregoing classification, who has received as salary not less than seven hundred and fifty dollars, and who has satisfactorily completed one year of professional training in an approved normal school or teachers' training school, and has had at least three years of teaching experience: or is a graduate of an approved normal school or college, and has had at least one year's teaching experience: or who possesses preparation and teaching experience expected in lieu of either of the foregoing requirements in this paragraph."

(3). "One hundred dollars for every such person, not included in either paragraphs (1) or (2) who has received as salary not less than six hundred and fifty dollars."

This law was approved July 24, 1919 and took effect at once, consequently in November 1919 the sum of $540 was turned into the town treasury on account of salaries paid during the school year ending June, 1919.

In order to take as great advantage of this law as possible for the present school year the salaries of the teachers must be so adjusted that the teacher may receive an increase and the town may also draw back a larger reimbursement, for example teacher receiving $800 should be raised to $850 or more.

The estimated amount to be received by Tewksbury

in accordance with the salaries asked for in the annual budget will total $1,750.

Salaries. The above described law was passed with the definite purpose of securing increases in the teaching salaries throughout the state, thereby giving an impetus to the movement already begun of attracting and retaining competent and trained teachers in the schools. For years teachers have been notoriously underpaid.

Campaigns have been waged for increase in salaries either on the ground of fairness or charity, and when increases have been gained they have in general been inadequate, as for example the case in which teachers received a raise of one dollar per week, but board was increased at the same time a dollar and a half per week.

The above state of affairs has changed rapidly since the outbreak of the late war. Wages and salaries have been so large and so easily obtained in office, shop, factory, and even housework, that girls upon the completion of their high school course, or even before, have scorned taking a course in one of the State Normal Schools, but have gone directly to work at a larger salary than they would be able to receive after graduation from a normal school and after several years of experience. I offer as proof of the above statement the fact that there are but sixty-odd students at Lowell Normal School where there should be one hundred and seventy-five.

In view of the shortage of teachers, the new law mentioned above, and the fact that living expenses have increased 88 per cent within two years, I urge you to give such substantial increases to your teachers and supervisors that the former good standing of your schools may be maintained, and that teachers of worth who are in your schools may be retained and that new teachers of merit may be attracted.

I recommend that the minimum salary be increased to $650, and the maximum to $1000, with corresponding increases to the supervisors.

This will call for an appropriation of $8400 for teach-

ers, but you must remember that this salary schedule will return as reimbursement under the new law $1750, making the net appropriation practically what it was last year.

As all the towns in the vicinity of Lowell Normal School have either passed a similar salary schedule, or will ask for an appropriation sufficient to do so at the coming town meeting, I can see no recourse left except to fall into line.

Tewksbury need not attempt to compete with cities in the salary question, but it must maintain an approximate equality in this respect with the other towns of the locality, or it must suffer the serious penalty of seeing its schools deteriorate.

Library Building. Before the outbreak of the European war the town of Tewksbury passed a vote to build a new school building, and appointed a building committee with instruction to investigate and report at the next annual meeting. The war broke out and prices soared. The report of the "building committee" was that it was not feasible for the town to build at that time. As a temporary remedy the "committee room" at the Foster school was enlarged into a small class room capable of seating thirty pupils.

Later the disastrous fire which destroyed the public buildings of the town made it necessary for the town to use its resources in building a new town hall.

As this hall will furnish room for the public library it seems a fitting time to make use of the entire Library building for school purposes. I recommend that the building be renovated, remodeled, and fitted up as a primary two-room school, equipped with modern lighting, heating, and ventilating, with running water, toilets, and basement play room; in short, made into a modern, sanitary school, not as a temporary expedient, but with the idea of permanency.

With the two rooms of the Library school used for primary grades, and the four large rooms and one class room at the Foster employed, the school building situation will be cared for for many years.

The immediate need of the additional room may be judged from the fact that for several years it has been necessary to "split" some of the grades, that is, put part of a grade in one room, the rest in another.

Graduation. Thursday evening, June 19, 1919 occurred the most unique graduation exercises I have ever witnessed. The principal of the school decided that she wished her class to present something in the way of a local historical drama or pageant, but found that no material was available. The teachers of the building arose to the emergency and themselves wrote an original historical drama of Tewksbury based on what facts were found to be authentic and covering from Indian times to the European war, under the title,

Scenes from the History of Tewksbury

I. An Indian Uprising.
II. A Women's Meeting 1734.
III. Town Meeting 1734.
IV. April 20, 1775.
V. Civil War Period.
VI. A Red Cross Meeting, 1918.

After appropriate recitations and songs Chairman H. L. Trull presented diplomas to the following pupils:

Alma I. Anderson
Ralph A. Anderson
Charles A. Battles
William H. Braley
Barbara Cameron
Mary E. Clancy
Eunice Dodge
Myrtle V. Flint
George H. Garside
Clifford H. Haines
Hazel Marie Haines
Eugene Hunt
Frances J. Johnson
Jesse L. Labonté
Hubert J. McCoy
Anna MacKillop
Stanley C. Newhall
Sadie A. Penny
Victoria A. Pincos
Jackson A. Shedd
Mildred G. Smith
A. Pearl Starbird
Lillian M. Sutherland
Kenji M. Tashiro
Bessie E. Tenney
Eunice Toothaker
A. Ernest Treadwell
Elsie Wright
Helen D. Wright

Of these twenty-nine graduates nineteen entered high school, two entered vocational school, the rest remained at home, or went directly to work.

Manual Training. Miss Lena Coburn who did excellent work in sewing last year is continuing this year with equal satisfactory results. The hand work with the boys which was given up last year on account of the great difficulty of finding a teacher has been resumed this year. Mr. Myrton L. Harris of Leominster, a senior at Fitchburg Normal School and an ex-service man has charge of the work. He has made a satisfactory beginning.

High School. In spite of the fact that the war is over there is no increase in high school attendance, in fact there are only forty-five enrolled in Lowell High School from Tewksbury as compared with fifty-one a year ago. The following pupils entered or continued at high school this year: Alma Anderson, Ralph Anderson, Charles A. Battles, Barbara Cameron, Ruth W. Cameron, Mary E. Clancy, Martha L. Coolidge, Orrin L. Darby, Samuel Dickson, Myrtle Flint, George H. Garside, Marion E. Greene, Clifford H. Haines, Hazel Haines, Josephine Hernden, Lester B. Holt, Miles Johnson, Irene J. Kelley, Hubert J. McCoy, Raymond McCoy, William A. McGoogin, Belle MacKillop, Charles T. Nash, Olga Osterman, Helen Patten, Madeline Parsons, Sadie A. Penney, Archie M. Pillsbury, Samuel Saluskopski, Esmond Senior, Lillian Simpson, Mildred Smith, William A. Smith, Ada Starbird, Thomas Sullivan, Kenneth Sunburg, Bessie Tenney, Archibald Toothaker, Eunice Toothaker, Ernest A. Treadwell, Alice E. Trull, Anna L. Walsh, Dora E. White, Elsie J. Wright.

Conclusion. I wish to call attention to the reports and tables which follow this report, and again I wish to express my appreciation of the cordial support of the School Board.

Respectfully submitted,

CHARLES L. RANDALL,

Superintendent.

REPORT OF SUPERVISOR OF DRAWING

Mr. Chas. Randall, Superintendent of Schools, Tewksbury, Mass.
Dear Sir:

At your request, I hereby submit my first annual report as Supervisor of Drawing in the Town of Tewksbury.

Practically every supervisor's outline is briefly—Fall, color and lettering; Winter, object drawing and landscape; Spring, design; Summer, nature's work. These, of course, are interrupted by special work at Thanksgiving, Christmas, Easter, etc. The difference comes in the emphasis. While one instructor spends many weeks on color scales, the next is spending an equal time on landscapes. To me, a very important part of the work seems to be the construction work, which carries with it a knoweldge of the ruler and of lettering. It calls for accuracy as does nothing else.

All work, I endeavor, whenever possible, to correlate with that of the teacher. As an example, the free hand cutting of leaves and the making of covers for books of "leaves" in connection with Mr. Weed's nature work in your Normal Practice Schools. We have also, in the upper grades, done considerable work in cardboard construction, such as loose leaf books for geography, etc.

May I, at this time, express my appreciation of the unfailing kindness of the Superintendent and teachers since I undertook the work a year ago.

Respectfully submitted,
EDITH C. MERCHANT,
Supervisor of Drawing.

REPORT OF SUPERVISOR OF SEWING

Mr. C. L. Randall, Superintendent of Schools:
Dear Sir:

I take pleasure in submitting for your consideration my second annual report as Supervisor of Sewing in the Foster School, Tewksbury.

My outline of work is planned to be as practical as possible. The high cost of material makes it rather difficult.

The girls of the upper grades have made aprons of all kinds, bloomers, underclothes, smocks, middy blouses, and several dresses.

The girls in the lower grades have finished bags, small and large aprons and underclothes.

I wish to take this opportunity for expressing my sincere appreciation of the hearty co-operation of the teachers and Superintendent.

Respectfully submitted,
LENA M. COBURN.

January 8, 1920.
Mr. Charles L. Randall, Superintendent of Schools.

REPORT OF THE SUPERVISOR OF MUSIC

Mr. Charles L. Randall, Superintendent of Schools.
Dear Sir:

I hereby submit my report as Music Supervisor of the Schools of Tewksbury.

We endeavor to teach the children in the Primary grades to love music and to love to sing through rote songs, singing games and folk dances. Special attention is given to the individual voice so that the greatest difficulties may be overcome before the child reaches the more advanced grades.

In the Intermediate grades we require more formal drill on the technical problems of music as the pupils at this age are more able for independent technical mastery of their work. A part of each music lesson is used for individual sight reading.

We do part singing in the Grammar grades and become familiar with the patriotic, old standard songs and Christmas carols. The study of the composers and their compositions is taken up and we get better tone quality and song interpretation.

Throughout the rooms we do work in music appreciation with carefully chosen records which can be correlated with other subjects taught in the schools. Thus, through these listening lessons the pupils are taught to know and appreciate good music. The Victrola is put to good use in this phase of music and in folk dancing. The hall at Tewksbury Center School gives fine opportunity for this work.

In conclusion I wish to express my appreciation of the hearty cooperation of the teachers and the support tendered me by the Superintendent.

Respectfully submitted,
GEORGIA F. WATHEN.

SCHOOL CALENDAR

Winter Term, 12 weeks: Dec. 29, 1919, to Mar. 19, 1920.
Spring Term, 12 weeks: Mar. 29, 1920, to June 18, 1920.

REPORT OF INSPECTOR OF ANIMALS

Gentlemen:

The following is the report of the Inspector of Animals for the year ending December 31, 1920:

Number of cattle inspected	820
Number of hogs inspected	490
Number of stables inspected	118
Number of cattle condemned and killed	1

Respectfully submitted,

HUGH CAMERON.

REPORT OF INSPECTOR OF MEATS AND PROVISIONS

Gentlemen:

The following is the report of the Inspector of Meats and Provisions for the year ending December 31, 1920:

Number of sides of beef inspected	732
Number of veals inspected	565
Number of hogs inspected	548
Number of sides of beef condemned	4
Number of veals condemned	4
Number of hogs condemned	2

Respectfully submitted,

HUGH CAMERON.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

Gentlemen:

As Tree Warden I submit the following:

Brush was cut on most of the curves and numerous dangerous trees were removed or pruned. The trees on the Town Hall grounds were pruned and one bolted. All the elm trees were sprayed in the summer to suppress the Elm Leaf Beetle. Owing to the discontinuance of cutting brush by the Moth Department and it being a duty of the Tree Warden, I would recommend a larger appropriation for this Department.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:
Gentlemen:

As local Superintendent for the suppression of the Gypsy and Brown Tail Moths, I submit the following:

Have found a few Brown Tail Moth webs and the Gypsy Moth situation remains about the same with no general increase. Brush cutting under this department has been discontinued by the State Forester.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF FOREST WARDEN

To the Honorable Board of Selectmen:
Gentlemen:

As Forest Warden I submit the following:

Total number of fires attended, 31. Approximate acreage, 142 False alarms.

I thank your board, deputies and citizens for the valuable aid rendered this department the past year.

Yours respectfully,

HARRIS M. BRIGGS.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Tewksbury, Mass., December 14, 1920.

To the Board of Selectmen:

Gentlemen:

I submit to you my annual report as Sealer of Weights and Measures from Dec. 1, 1919, to Nov. 20, 1920. At is was necessary to condemn for repairs several gas pumps and scales I had to go over the ground the second time, and it made a lot of extra work and time. This year no fees have been charged for work done at the office according to law. Amount of $22.74; paid Treasurer $19.38; balance due, $3.36. The following work has been performed:

Platform scales sealed under 5,000 lbs	1
Platform scales sealed under 5,000 lbs	13
Platform scales not under 5,000 lbs	1
Platform scales adjusted under 5,000 lbs	4
Platform scales condemned under 5,000 lbs	3
Computing scales sealed	12
Computing scales adjusted	1
Computing scales condemned	2
Number of other scales sealed	17
Number of other scales adjusted	2
Number of other scales condemned	5
Number of weights sealed	67
Number of weights adjusted	20
Number of weights condemned	1
Liquid measures sealed	25
Gasoline pumps sealed	7
Gasoline pumps condemned	2
Kerosene	1
Gasoline adjusted	2
Milk jars tested	47
Milk jars condemned	1
Yard measures	3

(There is $3.36 due from the Avery Chemical Co. at this date.)

REPORT OF HIGHWAY COMMISSIONERS

The Board of Selectmen, Tewksbury, Mass.
Gentlemen:

We beg to submit our annual report for the year ending December 31, 1920. The following work has been done by the Town Teams:

Gravel Hauled and Spread

Robinson Street	55	Loads
North Street	74	"
Helvetia Street	40	"
Small Lots	608	"

Cinders Hauled

Small Lots	480	"

Thirty-six days were spent scraping roads. New rails were put up on Kendall Street, Fisk Street, Main Street and Whipple Street.

Culverts were repaired on Chandler Street, Lee Street, Pike Street andSouth Street. New culverts were put in on Rogers Street and Astle Street.

The bridge across the Shawsheen River was re-planked, also bridges on South Street and Bridge Street were repaired.

The roof of the town barn was re-covered, also the roof of the wagon shed.

Owing to the severe winter we were obliged to expend over $1,200.00 in breaking roads, which was more than the total amount spent for this purpose in the previous eight years.

We recommend that $8,500.00 be appropriated, in addition to the unexpended balance of this year's appropriation, to meet the expenses of the Highway Department for the coming year.

Respectfully submitted,

GEORGE STEVENS,

JOHN T. GALE,

Highway Commissioners.

REPORT OF FIRE ENGINEERS

Tewksbury, Mass., Jan. 7, 1921.

To the Board of Selectmen:

Gentlemen:

In making a report for the Fire Department for 1920, with the resignation of Chief Stanley W. McCausland, Claude Travis was appointed, taking charge Feb. 1st. On May 12th George James, Vance Hawkes, James Whitworth and Irving Bailey were appointed engineers. Chief Travis resigned Sept. 11, leaving no record of fires on the books. Owing to the inability of securing a chief, there is no one filling that position at the present time. We would recommend that the Town discontinue the present truck as it is continually out of commission, and purchase a new one equipped with pump.

Respectfully submitted,

ROBERT J. MARTIN,

Secretary of Board of Fire Engineers.

HUGH CAMERON,
GEORGE W. CHANDLER,
GEORGE JAMES,
VANCE HAWKES,
JAMES WHITWORTH,
IRVING BAILEY,

Engineers.

REPORT OF BOARD OF APPRAISERS

Tewksbury, Jan. 1st, 1921.

Your Board met and made an appraisal of the personal property of the Highways and Moth Departments. We respectfully submit our report as follows:

Highways

Jan. 1st, 1921	$3,306.35
Jan. 1st, 1920	2,967.35
Net Gain	$ 339.00

Moth

Jan. 1st, 1921	$1,520.90
Jan. 1st, 1920	1,416.35
Net Gain	$ 104.55

GEORGE E. MARSHALL,
JACOB L. BURTT,
ALBION L. FELKER,
Board of Appraisers.

REPORT OF TOWN HALL BUILDING COMMITTEE.

Your Building Committee makes its final report to the Town on the completion of its work:

Amount appropriated April 2nd, 1919....$	46,000.000	
Amount appropriated additional (see Town Report, 1919)	19,163.72	
Amount appropriated additional July 23, 1919	5,000.00	
Amount appropriated additional April 5, 1920	2,500.00	
Amount appropriated additional Nov., 1920	384.51	
Amount from balance unexpended.....	169.51	
Amounts collected from R. R. for lost and damaged goods	17.83	
Excess paid for sundries.....	6.85	
		$ 73,241.96

Expenditures

To J. Nicholson & Son, on Contract and Sub-contracts .....$	59,982.51	
To Kilham & Hopkins, Commission on Bldg. Construction and Purchases....	4,258.81	
Additional Charges for Engineer and Travel	177.54	
Furnishing	3,336.50	
Crockery	937.42	
Piano, Range and Sundry Expenses.....	813.70	
Dedication Expenses	241.63	
	$ 69,748.11	
Electric Light Plant, $3,000.00		
Electric Light Barn, Repairs & Labor, 493.85		
	$ 3,493.85	
		$ 73,241.96

Of the number of meetings held, or the work done in co-operation with an efficient Architect and responsible Building Contractor, or the hardship of the Industrial conditions of the Winter of 1919, making building construction almost impossible, no further mention is needed except the reminder that under such difficulties the work was carried on to completion with results that to your Committee were most gratifying and satisfactory.

The walls of the building retained dampness and made it difficult to get dry conditions until the building could be heated in the Fall, so that the vaults suffered from damp and the walls have affected the paint.

The Heating Plant should be in all ways most effective when it is fully understood. The economy of its service is assured and the efficiency of the Plant already evident.

The Electric Lighting Plant has so far proved its worth and efficiency, by almost constant service, and under conditions that have tested the Plant, but it has stood the test, and our Lighting Plant cannot be excelled either for economy in first cost, or in its upkeep. We are using high candle power that can be reduced at any time, but the brilliancy of the Lighting Plant is beyond any service we should expect from ordinary Electric service and our moderate expense is for the best and not for the minimum of efficiency.

In addition to the above it seems proper to place on record mention of the gift of Mr. Geo. Stevens, an honorable citizen of our town, who suggested to the Committee the desirableness of having a bell added to the clock outfit and which the Committee had not favored on account of extra expense. Mr. Stevens offered to defray the cost of a bell which he left to the Committee to select according to their best judgment. It was found that nearly an equal sum would be added to the cost on account of change of mechanism to a striking clock. This amount Mr. Stevens also paid. And thus we owe to this instance of public spirit in one of our townsmen for this most desired and added attraction to our new Town Hall.

A word in closing concerning this Committee. In all these meetings held from the first to the last, there has been no controversy of any kind, no differencies, only unity of purpose and united effort to carry on to accomplishment. We are proud of the results and of our limited part in them, but it has been a privilege recognized by your Committee that our Townspeople have been united in their assistance and support at all times, and have accepted our reports without question, and for that reason, above all others, we have striven to deserve their confidence and support in all that has been done.

Respectfully submitted,

BENJ. SPAULDING,
HARRY L. SHEDD,
IRVING F. FRENCH,
J. K. CHANDLER,
F. W. FARMER,
STANLEY McCAUSLAND,
H. A. PAGE,
Town Hall Building Committee.

REPORT OF COMMITTEE ON OBSERVANCE OF MEMORIAL DAY

The Committee having charge of the Memorial Day exercises have attended to their assigned duties and report as follows:

All requirements of the services as prescribed by the G. A. R. officially were fully observed and carried out.

The Committee respectfully recommend an increase in the annual appropriation and therefore recommend the sum of two hundred dollars.

A complete list of veterans' graves and place of burial is hereto annexed.

REPORT OF COMMITTEE ON WELCOMING HOME THE TEWKSBURY WORLD WAR VETERANS

At the annual Town meeting held in 1919 the Town appropriated five hundred dollars to be used for a Memorial for Tewksbury World War Veterans and a committee of three, namely Howard W. Foster, Charles H. Battles and Eugene N. Patterson, appointed to carry out the wishes of the Town. The Committee elected Mr. Foster chairman.

After considering a number of propositions your committee decided on a marble slab, and a contract was made with Mr. Frank Hadley of Lowell, to place a Memorial Tablet in the vestibule of the New Town Hall, which work has been completed.

At the Annual Town Meeting held in 1920 an additional sum of $1000.00 was appropriated and plans were made and carried through on Memorial Day, 1920, as follows: Public exercises in the New Town Hall in the afternoon under the direction of the committee. Presentation of Tablet to the Town by Howard W. Foster, chairman, and acceptance for the Town by the Chairman of Board of Selectmen, Irving F. French. The presentation of the Town testimonial, consisting of a gold filled watch fob with their names and date on one side, and the Town Seal on the other, to each World War Veteran by Lieut. Col. Perkins in behalf of the Town.

A banquet was given to the World War Veterans after the public exercises.

The committee placed the Grand Military Ball held in the evening in the hands of the World War Veterans who had full charge and directions of all details relating thereto. During the entire work the assistance and advice of the World War Veterans was given to the committee and to them and all who assisted in any manner we return our thanks. For complete detail of expenditures by your committee see Auditor's Report.

The records of the World War Veterans so far as completed, is hereto annexed. The committee has made strenuous efforts to make it complete. The Veterans are widely scattered and the delay is unaviodable.

Respectfully submitted,

HOWARD W. FOSTER,
CHARLES H. BATTLES,
EUGENE N. PATTERSON,
Committee.

WORLD WAR VETERANS

War Record

Adelbert Ames, Captain.
Mustered in September 28, 1917.
Discharged January 4, 1919.
Air service, science, research and division for demobilization, served in the United States.

PUBLIC LIBRARY

The Trustees of the Public Library submit the following report for the year ending December 31, 1920:

The report of the Auditor will give in detail the expenditure in and for the Public Library.

The report of the Librarian will give a very clear account of the Library, its condition, the number of books in use, and the number of books stored; also the circulation of books during the year.

Besides supplying the Centre, the Library furnishes a box of books for those sections of town which desire it.

The Community Club of Shawsheen School has been added for a district box and the interest manifested there is very satisfactory to the Library officials.

The Trustees commend the efforts of the Town Hall Building Committee in providing quarters in Town Hall for Library purposes.

The improvement in the order of discipline noted in the last Annual Report has continued during the past year, especially so since the removal to the new Town Hall.

The Trustees commend the Librarian and her assistants for their earnest and courteous efforts during the past year. To the sub-librarians in all the districts the thanks of the Trustees is hereby tendered for their earnest efforts for their districts.

We request the Town to grant us for the Public Library an appropriation of $750, and the money arising from taxation of dogs.

Respectfully yours,

ALBERT C. BLAISDELL,
EDGAR SMITH,
GEORGE E. MARSHALL,
ARTHUR A. FOSTER,
KATE FOLSOM,
EDITH A. NORRIS,
Trustees.

Estimates for 1921

Salaries of Librarians and Assistants	$300.00
Transportation of books	100.00
Repairing and Binding Books and incidentals	100.00
For new Books and Dog Tax Money	250.00
	$750.00

The cost of all books, magazines and supplies is 50 to 100 per cent. more than formerly paid.

LIBRARIAN'S REPORT

To the Board of Trustees of the Tewksbury Public Library:

The following report is respectfully submitted:

The circulation of books for the entire year shows a slight decrease from last year, the reason being due to the fact that the library was closed during the summer months.

Notwithstanding this the circulation of books on Wednesdays is larger than last year.

The box formerly sent to the Oaklands district has been discontinued and one is now being sent to the Shawsheen School.

There is a marked increase in the circulation at the North West district.

The following magazines are now subscribed for by the library: Bookman, Century, Cosmopolitan, Country Life, Current Opinion, Delineator, Harper's Illustrated World, Ladies' Home Journal, Munsey's, Literary Digest, National Geographic, Pictorial Review, Review of Reviews, Scribner's, St. Nicholas, Woman's Home Companion and World's Work.

The circulation of magazines has been about the same during the time the library has been open.

The latter part of June all books were called in, in order that all books might be inspected and removed to our new quarters at the Town Hall.

The following report has been made up to September 1, 1920:

Fiction on shelves	5,135
Non-fiction on shelves	4,266
Fiction discarded, stored in barn at Town Hall	152
Non-fiction discarded, stored in barn at Town Hall	16
Donations discarded, stored at Town Hall	250
Old Books sold, waste paper	100
To be rebound	38
Stored in basement closet at Town Hall	547
	10,504

This does not include books added between September 1, 1920, and January 1, 1921.

It was found advisable when the library re-opened, September 1st, to make all books added during the year 1920 7-day books. This was done in order to give a greater circulation of the newer books.

WARRANT FOR ANNUAL TOWN MEETING

MIDDLESEX SS:

To either of the Constables of the Town of Tewksbury in said County:

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Tewksbury, qualified to vote in Town affairs, to meet and assemble at Town Hall in said Tewksbury, on Monday, the seventh day of February, 1921, at nine o'clock a. m. to act on the following articles:

ART. 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose all necessary Town Officers, to choose by ballot a Town Clerk, three Selectmen, three Overseers of Poor, three members of the Board of Health, a Town Treasurer, an Auditor, a Collector of Taxes, a Tree Warden and Constables, all to serve one year. Highway Commissioners, one to serve for three years and one for two years to fill a vacancy; one School Committee, two Trustees of the Public Library and two Park Commissioners, one to serve three years; one Park Commissioner to serve two years; one Assessor to serve three years. The polls for the election of Town Officers to be opened at 9 o'clock a. m., and close at 4 o'clock p. m., and to vote on the following question: "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?" Yes; No.

ART. 3. To hear reports of Town Officers and Committees and act thereon.

ART. 4. To see what sums of money the Town will vote to raise by taxation to defray necessary expenses for the current year, and make appropriations for the same.

ART. 5. To see if the Town will vote the money arising from licensing dogs, for the ensuing year, to aid in support of the Public Library.

ART. 6. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

The vote to be as follows:

Voted:—That the town Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1921, and to issue a note or notes therefor, payable within one year, and debt or debts incurred under this vote to be paid from the revenue of said financial year.

ART. 7. To see what compensation the Town will vote for the collection of taxes, and at what rate and from what date interest shall be charged on taxes of 1921 unpaid after November 1, 1921, or to take any other action relative thereto.

ART. 8. To see if the Town will vote to borrow, if necessary, a sum not exceeding one twenty-fifth of one per cent. of the current year's valuation, such sum of money to be used in the suppression of the Gipsy and Brown Tail Moths, and not to be expended before December 1st next, and to be raised in the tax levy of the year 1922.

ART. 9. To see if the Town will vote to raise and appropriate the sum of $175.00 for the proper observance of Memorial Day, and appoint a committee to expend the money.

ART. 10. To see if the Town will authorize the Selectmen to institute suits on behalf of the Town or defend any suits that are, or may be brought against the Town.

ART. 11. To see if the Town will vote to instal electric lights on Main Street, from Lowell line to Foster's Corner, and make an appropriation for same, or take any other action relative thereto.

ART. 12. To see of the Town will vote to instal electric lights on Lake Street, South Street, and State Street and Salem Road, and make appropriations for same, or take any other action relative thereto.

ART. 13. To see if the Town will vote to instal electric lights on North Street from Andover Street to Almont Station, and make appropriation for same, or take any other action relative thereto.

ART. 14. To see if the Town will vote to instal electric lights on Pike Street, from Main Street to the residence of S. P. Pike, and make appropriations for same, or take any other action relative thereto.

ART. 15. To see if the Town will vote to instal electric lights on Rogers Street, from Whipple Street to the residence of Mr. Gulliland, and make appropriations for same, or take any other action relative thereto.

ART. 16. To see if the Town will vote to instal electric lights on Whipple Street on existing poles, and make appropriations for same, or take any other action relative thereto.

ART. 17. To see if the Town will vote to place three gas or electric lights on Rogers Street, one at the

McTeague residence, one at the Flaherty residence, and one at the Walsh residence, and make appropriation for same, or take any other action relative thereto.

ART. 18. To see if the Town will vote to extend the gas main on Main Street from present terminal at Marshall residence to Harnden's Corner, instal street lights and make appropriations for same, or take any other action relative thereto.

ART. 19. To see if the Town will vote to instal five gas lights from the present terminal on Chandler Street to Mr. Small's residence on Pine Street, and make appropriations for same, or take any other action relative thereto.

ART. 20. To see if the Town will vote to extend the gas main on Pleasant Street from the present terminal to a point opposite the residence of Walter Smith, appropriate the necessary money or take any action thereon.

ART. 21. To see if the Town will vote to instal six gas lights on Marshall Street and make appropriations for same, or take any other action relative thereto.

ART. 22. To see if the Town will vote to instal gas lights on Old Main Street from Lynch's Corner to Callahan's Corner, and make appropriations for same, or take any other action relative thereto.

ART. 23. To see if the Town will vote to instal one gas light on Summer Street near the residence of George Garland, and make appropriations for same, or take any other action relative thereto.

ART. 24. To see if the Town will vote to appropriate the sum of $720.00 for the expenses of a School Nurse, or take any action relative thereto.

ART. 25. To see what action the Town will take in regard to the purchase and maintenance of new fire apparatus and make appropriations for same.

ART. 26. To see what sum of money the Town will vote to raise and appropriate to instal cisterns in different sections of the Town.

ART. 27. To see if the Town will vote to sell the present Fire Truck.

ART. 28. To see if the Town will vote to accept Sec. 27, Chap. 591, Acts of 1920 relative to Town Fire Departments.

ART. 29. To see if the Town will vote to authorize the additions and corrections in the names on the Memorial Tablet of persons who entered the World War from Tewksbury and make necessary appropriations for same, or take any other action relative thereto.

ART. 30. To see if the Town will vote to amend the By-Laws to establish a Finance Committee, or take any other action relative thereto.

ART. 31. To see if the Town will vote to appoint a committee to go before the Officials of the Boston & Maine R. R. to see that the present train schedule is maintained and to confer with the Street Railway Company in an effort to secure better car service, or to take any other action relative thereto.

ART. 32. To see what action the Town will take to help maintain car service on Sprague Ave. from the Bunting Club to the residence of Eliot French.

ART. 33. To see if the Town will vote to pay for the Bond for the Collector of Taxes and set the amount thereof.

ART. 34. To see if the Town will vote to reimburse the Town Treasurer in the sum of $666.76, this amount having been paid in excess of amount received from State and County on account of Andover Street construction, and make appropriation from same.

ART. 35. To see if the Town will vote to gravel Pike Street and repair culverts on Pike Street, and make appropriations for same.

ART. 36. To see if the Town will vote to repair Old Main Street from Lynch's Corner to Callahan's Corner, or take any other action relative thereto.

ART. 37. To see if the Town will vote to raise and appriate the sum of $2150.00 or some other amount, and elect a director for demonstration work in agriculture and home economics, the money to be expended by, and the director to serve in co-operation with the County Trustees for Aid to Agriculture of the Middlesex County Bureau of Agriculture and Home Economics, under the provisions of Chapter 273, General Acts of 1918; it being understood that $50 of this amount shall be used to provide local paid supervision of boys' and girls' club work.

ART. 38. To see if the Town will vote to accept Chap. 240, Acts of 1920 in regard to regulations and control of certain sports and games on the Lord's Day

ART. 39. To see if theTown will vote to appropriate $1000 and the unexpended balance to instal the Town Scales, or take any action relative thereto.

ART. 40. To see if the Town will vote to accept Section 18 of Chapter 591, Acts of 1920. (An act relative to appointment of electrical inspectors in towns).

ART. 41. To see if the Town will vote to accept Section 9 of Chapter 591, Acts of 1920. (An act relative to By-Laws for regulation of carriages and vehicles).

ART. 42. To see if the Town will vote to sell the Temporary Town Hall and lot to the Tewksbury Congregational Church, or take any action relative to the sale of said property.

ART. 43. To see if the Town will vote to raise and appropriate the sum of $1500 to gravel North Street, beginning at Andover Street.

ART. 44. To see if the Town will vote to lease the Town Hall for motion pictures, and take any action relative to extra cost of same.

And you are directed to serve this warrant by posting up attested copies thereof, one at each of the Public Meeting Houses, one at the Town Hall, one at each of the Post Offices, and leave one hundred copies for the use of the citizens at the Post Offices in said Town, 10 days at least, and over two Sundays, before the time of holding said meeting.

Hereof fail not and make due returns of this Warrant, with your doings thereon, to the Town Clerk at the time and place of meeting as aforesaid:

Given under our hands this seventeenth day of January, in the year of our Lord, one thousand nine hundred and twenty-one.

IRVING F. FRENCH,
WILLIAM H. KELLEY,
JEREMIAH K. CHANDLER,
Selectmen of Tewksbury.

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF TEWKSBURY

TOGETHER WITH THE REPORT OF THE SUPERINTENDENT OF SCHOOLS

FOR THE

FISCAL YEAR ENDING DECEMBER 31

1920

REPORT OF SCHOOL COMMITTEE

The year 1920 has been one of considerable progress in the School Department. It has been the purpose of the School Board to give all our Schools certain attention each year so that they will be kept well stocked with necessary supplies, be safe and sanitary for children and teachers and kept in good repair inside and out.

Undoubtedly the peak of high prices was reached last Summer, and as the energy of the School Board was directed at the remodelling of the Library School, a good deal of caution was used in spending money on the other Schools until the Committee could be certain as to the expense to be incurred on the Library School.

It was found that while the sum named in the special appropriation would still cover the major part of the work to be done on this building, yet some advance had gone into effect in building materials; the cost of furnishing had reached a much higher figure than estimated and in addition to this, it was decided that in order to give a finished appearance to the work, the building should be painted.

Therefore, with the knowledge and assent of the building inspection authorities, certain work in the Schools, such as the completion of metal lath and plastering and retubing of the Foster School boiler, was postponed and the money used to insure the satisfactory completion of the work at the Library School.

This School was in a deplorable condition and had been condemned not only by your Committee and other Townspeople but also by the Inspectors.

Today it stands completely renovated and with alterations of a nature to fit it for the uses of an up-to-date school building, so that it would hardly be recognized as having any connection with the old Library School. It will no doubt be of interest for some of our older citizens when looking at the present building, to call to mind the original little one-story school house which stood on this site.

The improvements include a larger basement with new furnace and more convenient arrangements for removing ashes; new driven well, 500 gallon pressure tank and gas engine mounted properly on a

new cement floor; water is supplied to drinking fountain in the entries of both school rooms above, as well as to the new toilets for which ample drainage has been provided.

Both school rooms are ventilated according to the requirements of the law, new exits have been provided, and better light is furnished by means of special sets of windows on the East side of the building. Supply rooms, coat rooms and a teacher's room complete the accommodations. The room on the lower floor was furnished with new desks and seats and curtains of the latest type were adjusted to the windows.

The front entry was brightened by means of the installation of a transom over a new set of doors. The porch was laid in concrete, as were also the steps.

The flagpole was taken down; shortened for safety and painted, while a large number of minor repairs and additions, together with a thorough job of painting both inside and out, completed the work.

It was the intention of the Committee to spend some money in laying out the grounds about this and other Schools but funds were not available. Conditions over which we have no control forced expenditures for the year in excess of the appropriation for Schools, in spite of efforts to keep within bounds.

For the information of the voters, the following is pointed out with regard to increases in expenses which could not be anticipated.

It has been necessary to grant some increases in salaries; two more teachers have been added to the pay roll; trolley transportation for scholars has advanced 25% ;High School Tuition was advanced in the Fall of 1920 nearly 100%; fuel cost more than estimated, although orders were placed early in the year, and it was impossible to foretell the limits of the cost of supplies, although it is to be hoped that the peak of high prices has now been passed.

The School Committee does not offer apology for a situation as indicated above, but trusts that the Townspeople will believe that our Schools have obtained the greatest possible benefit from expenditures incurred.

The teacher situation is enlarged upon under the report of the Superintendent. It is the opinion of the Committee that under his guidance the best is being done today for Tewksbury Schools, that can be expected under the present situation which is still fraught with so much difficulty throughout the State and Country.

Following the course of necessity and whether by advice or under compulsion of State Laws your Committee will continue to ask for funds sufficient to keep the standard of teaching in our Schools as high as possible.

As regards accommodations, the yearly increase in the number of scholars at present is small, and the additional space at the Library School has brought temporary relief at least. It should be remembered, however, that the number of scholars now attending our Schools is sufficient to fill nearly all rooms to capacity and that it is not satisfactory to use the small class room in the Foster Building as much more than a recitation room if the health of the children is to be regarded.

Your Committee calls attention to the faithful and high quality of work of all those directly connected with our Schools and invites the Townspeople to visit the Schools oftener, that they may be acquainted with the conditions surrounding their children, and if necessary offer suggestions to the Committee.

The lack of education in its simpler forms has been shown to be great in this Country, while it is increasingly evident as we daily review the affairs of this and other nations, that education is the true means of bringing our young people to appreciate the blessings of, and uphold ours, the best form of government in the world today.

We recommend the following sums be raised to cover expenses as enumerated below, for the year 1921:

Unpaid bills			$ 1,921.91
Teachers			12,485.00
Supervisors			1,223.00
Supervision (Supt. of Schools)			990.00
Fuel			1,720.00
Janitors			2,562.00
Transportation			5,050.00
H. S. Tuition			4,500.00
School Houses			3,500.00
Books and Supplies			1,500 00
Insurance			450.00
Medical Inspection			100.00
Miscellaneous			500.00
			$36,501.91
Balance to credit unexpended		$ 400.73	
Expected from State:			
On Acct. of School Fund	$2,470.00		
On Acct. of Supervision	553.32		
On Acct of H. S. Tuition	2,250.00		
On Acct. of H. S. Transp.	1,149.00	6,422.32	
	$6,823.05		
			$ 6,823.05
Recommended for Town to raise			$29,578.86

SUPERINTENDENT'S REPORT

Lowell, Mass., Jan. 10, 1921.

To the School Committee of Tewksbury,

Mrs. Larrabee and Gentlemen:—

I hereby submit my eighth annual report which is the thirtieth in the series of Superintendents' Reports. The past year owing to inflated prices in all school supplies and to the marked shortage in teachers has been a critical one to the local schools as well as in State and Nation.

Teachers. Miss Wathen, who taught music very successfully in the district last year, resigned in September to accept a better salary in West Springfield. Miss Isabel Gregory was selected to succeed Miss Wathen and so far as can be judged in a short period of service is taking up the work satisfactorily.

Miss Gladys Arnold, who was promoted last year to the principalship, Miss Elizabeth Dowler and Miss Abbie Whitney, all of the Foster School, resigned at the completion of the school year to accept better salaries elsewhere. Miss Lilla McPherson, who completed the year in Grade Six, was serving as a substitute. It became necessary to secure five new teachers for the Center Schools at the beginning of the school year.

Miss Marion McLellan, a teacher with a successful experience, was secured for the principalship of the Foster building. Miss Hazel Hodgman, also with several years' experience, was placed in Grade Seven, Miss Beatrice Symonds, a graduate of Lowell Normal with two years' experience, was placed in Grade Six, and Miss Bessie Sullivan, a graduate of Lowell Normal with one year experience, was secured for Grades Three and Four. Miss Elizabeth Flynn, who has taught successfully in this building for seven years, was the only teacher not new to the situation in September.

Four of the teachers mentioned above were lost to the Town directly on account of larger salaries paid in other places. The work is progressing well at the Foster building when one considers the new teaching force. It is a serious detriment to the schools when several

successful teachers leave at the same time. At the Center Primary Miss Nettie L. Eagles, who had taught with success for several years at the Foster School, has charge of the building and of Grade One. Miss Lillian Southerland is caring for Grade Two acceptably.

In the other schools of the Town, Shawsheen, North and West, fortunately no changes occurred this year. Work is going on very satisfactorily in all these schools. At the North Miss Lillian Allard, a graduate of last year's class at Lowell Normal, has been secured as assistant.

The Crisis. The war and conditions growing out of the war have made great inroads upon the teaching force of America. The Secretary of the Interior has reported that 143,000 out of approximately 650,000 teachers in the United States resigned last year on account of inadequate salaries; and the United States Commissioner of Education recently announced that 20,000 schools involving 500,000 pupils are closed for lack of teachers, and 40,000 schools are supplied with teachers below the minimum standard of proficiency. No immediate relief for the situation is seen by the Commissioner, Dr. Claxton, who states that while 150,000 new teachers will be needed during the coming year there will be at the outside only 35.000 prepared teachers to fill the vacancy, a deficit of at least 80,000.

The figures to illustrate to what extent Massachusetts is affected by this nation-wide shortage are taken from the report of the Special Commission on Teachers' Salaries Appointed by the Governor, August 18, 1920. The teacher shortage as manifested throughout the country has appeared to show these results: First, the closing of schools; second, the employment of teachers with less than the usual qualifications; third, a decrease in the enrollment of the teacher training institutions, that is the Normal Schools. The Commission has reported that in Massachusetts but forty schools were closed in 1919, and that the qualifications of the teaching force had shown but little deterioration, but that the State had shown to a marked degree a decrease in enrolment in the Normal Schools. Out of 2,070 teachers employed for the first time in the schools of Massachusetts in 1919, only 27% come from the State Normal Schools. The Commission adds: "It is clear that from the standpoint of the teacher supply, the State is not producing a sufficient number of teachers to fill the vacancies annually arising." While figures are not available for this year I am sure that the decrease is even more strongly apparent.

The enrollment in the ten Normal Schools of the State have decreased from 2833 in 1916 to 2022 in 1919. Within a month I heard

this question asked the Director of Education: "Is it not true that the enrollment in the ten Normal Schools of the State is greater than it was last year?" Mr. Wright answered, "Yes, there is a gain, but only a small one." This fact is of vital interest in showing when a relief from the teacher shortage may be expected. People who are not posted judging from other occupations often say, "Oh you will find plenty of teachers next September." Every student of the situation knows the fallacy of this statement. It takes from two to four years to train a teacher, and even then she is inexperienced. I am convinced that there can be but little relief from the present situation for several years.

The local situation for Dracut, Tewksbury and the other Towns of this Union is this: During the school years of 1918, 1919 and 1920, the shortage affected us in the immediate vicinity of the Lowell Normal School only in this way, that we were obliged to take more and more inexperienced graduates to fill our vacancies. However, during the summer of 1920 it became exceeding difficult to fill any except the most desirable positions even with inexperienced teachers. One day in June I offered several positions in my Town to six girls of the senior class; everyone was refused. I later offered one school which a few years ago was eagerly sought by "beginners" to five different girls before a teacher accepted. When it was necessary to secure a principal for one of the four-room buildings in October it seemed for a time an impossible task to fill the place acceptably, and that, too, after the resources of nine teachers' agencies had been exhausted.

The above rather long article is but a hint of the situation, but I am sure that any one who reads it thoughtfully will be convinced that the present is a critical time in Local as well as National and State Education.

Salaries. The cost of living increased about 100% from 1910 to 1920, whereas the average salary of elementary teachers increased 85%. The average salary of elementary teachers in Massachusetts in 1920 is $1,237.83. It is evident that the increase in salaries though very decided has not been equivalent to the increase in cost of living. However, I am no longer considering the cost of living when I am considering the question of salaries. I know that the cost of living will be less next year than this; I know that nearly every occupation will be flooded with those out of work; I also know that your salaries must agree nearly with those paid by your neighbors in order to keep your schools up to the same standard that has been maintained for many years.

A few years ago teachers were justly considered among the lead-

ing citizens of a community. Young men and women of the highest character went into the teaching profession in ever-increasing numbers. They often lived "at home" and found a great part of their reward, not in the salaries which were small, but in appreciation, influence and opportunity. Today, while the great proportion of teachers are self-denying and devoted to their profession, yet the tendency fostered by the State is to put the teacher upon a business basis. Therefore in considering the salary appropriation for your budget of 1921 you will have to consider the law of "supply and demand;" that, in my judgment you will have to consider strictly as a business proposition whether you will pay such salaries that you can compete (I am sorry to use this word) with other Towns of this vicinity who draw their teachers from the same source as yourselves, or whether you will deliberately allow Tewksbury to be discriminated against.

I have gained the following information about the salaries paid by twelve of your neighbors which I believe to be trustworthy and up-to-date, Jan. 1, 1921:

	Minimum	Maximum	4-room Principal	8-room Principal
Acton	$ 800.00	$1,250.00	$1,250.00	
Andover	1,000.00	1,350.00		$1,600.00
Billerica	850.00	1,200.00	1,400.00	
Burlington	1,000.00	1,200.00	1,300.00	
Carlisle	800.00	1,250.00	1,250.00	
Chelmsford	800.00	1,200.00	1,300.00	1,400.00
Groton	850.00	1,000.00	1,100.00	
Dunstable	825.00	925.00		
Littleton	800.00	1,250.00	1,250 00	
Pepperell	800.00	1,000.00	1,000.00	
Westford	800.00	1,250.00	1,250.00	
Wilmington	950.00	1,200.00	1,200.00	

The Remedy. Several laws have already been passed to alleviate the present shortage by paying higher salaries. Among the bills proposed by the State Board of Education for the present legislature is one to increase the minimum salaries to $800.00 throughout the State with a greater reimbursement to the Towns and Cities. Another is to increase the length of the Normal School course to four years, granting degrees upon the completion of the course, thus making the education obtained at Normal School of the same worth and dignity of that of the College, hoping thereby to attract to the State Normal Schools more young women of high scholarship and character.

While laws will accomplish much I agree with Lee Russell who writes, "The true remedy lies much deeper than any thing which has

yet been proposed. It lies in such genuine appreciation of the importance of the work to the State as will lead to its being placed on a higher plane of honor and dignity than it has ever held. It will require the long, slow but unceasing growth of public opinion led by the conviction that upon the character and tone of the teaching force of the Public Schools the future of our country will surely depend."

In the meantime I recommend that the Town of Tewksbury increase its salaries to an approximate equality with those of its neighbors. I make this recommendation for the sake of your children who must attend your schools.

Primary. The remodeling of the old "Library" building into the present Primary School was successfully carried out during the past summer. School opened there in September with a good enrolment in each grade. The building, with exception of blackboards in one room, is pleasant, sanitary, up-to-date. Heating, ventilation, light, seating, water supply and toilets are as satisfactory as in any school in my district.

North. During the spring of 1920 building on Trull road was begun. In September of the present school year there were eleven children of school age living on this road. It was thought best at first to transport these children to the Center, but on account of increase in transportation this method was found to be more costly than to engage a second teacher for the North. Also the matter of keeping Trull road broken out to Wamesit during the snows of a severe winter entered into the problem. The children were sent back to the North School and an assistant was secured for Miss Hersey. This also enabled us to save a considerable item of expense by retaining the Eighth Grade at this school instead of sending this grade to the Foster School. In my opinion this feature of retaining the Eighth Grade, is only temporary, for if the enrolment increases as it has in the past year there will not be room for Grade Eight at the North. In fact it may become necessary to find more room at this building within a few years.

Shawsheen. For several years both Grade Seven and Grade Eight has been sent to the Foster School from this district. Cost of transportation had increased to such an extent that it seemed necessary to retain Grade Seven at the Shawsheen School in order to save expense. This was done, and another student-teacher was assigned from the Normal School in order to take care of the extra Grade, Grade Four reciting in the hall to a student-teacher but being directly under the charge of Miss Wiggin.

Nurse. While the law of Massachusetts requires all Towns to appoint School Physicians it says but little about their duties and

nothing about their salaries. The result has been that while all School Physicians of my acquaintance have more than earned their small salaries, they have been unable to do the "follow up" work that is so valuable. At the February Town Meeting Dracut appropriated a sum of money to secure a full time nurse to work in the schools during the school year, under the direction of the School Department, that is, under the supervision of the Physician and the Superintendent. The results of the work of this Nurse have been so beneficial to the children of the Towns that I am anxious that the other Towns of the district should secure like advantages. I have reason to believe that the Towns of Tyngsboro and North Reading will be glad to join with Tewksbury in securing a full time nurse for the coming year. The Town of Dracut paid its Nurse $1000 for this past year and have promised her $1200 for the coming school year. In order that you may judge of the value of such a nurse I will quote from my report recently prepared for Dracut: "Miss ——— has worked at all seasons and times conscientiously and wisely; she has been untiring in her efforts to improve the health of the pupils; she has justly won the good-will of teachers and pupils, and the admiration of the school officials. Her year's work has proved a blessing to the schools of your Town." During the ten months of service this Nurse has made 1124 home visits, including in these visits 1394 children. She has visited 90 measles cases and 53 under school age. She has taken cultures for 6 diphtheria cases, has discovered 2 appendicitis cases, has put on 76 simple dressings, has taken 53 to hospitals or clinics, has vaccinated 44 at school, has taken 19 to physician's office for vaccination. She has had the following list of "corrections": Tonsils and adenoids removed, 74; Uvula, 2; Dental treatment, 80; glasses changed, 12; Pediculosis corrected, 81; individual instructions to mothers, 88; calls for Tuberculosis work, 62.

Is this not a record work that you would like done in your own Town?

Graduation. On Thursday evening, June 17, 1920, appropriate graduation exercises were held at Pickering Hall. Superintendent C. L. Randall presented diplomas to the following named pupils: Margaret Amiot, Morton Battles, Leslie Chambers, Alexander Cameron, John Connors, Francis Corr, Ruth Driver, Stephen Eliades, Gerald Eno, Douglas Flaherty, Wilbur Foss, Tony Furtado, Bernard Greene, Adelaide Holt, Alfred Johnson, Helen Kittredge, Dorothy Lavelle, Ethel Livingston, Arthur Maclaren, William McHugh, Allen MacDonald, Corinne Marion, Viola Pinkos, Eva O'Connell, Marion Rust, Arthur Scarlett, Frances Swain, Willard Scutt, Anna Sullivan, Rae

Sutherland, Alice Simpson, Melvin Tenney, Ethel Treadwell, Richard Wright, Figenva Zariphes.

Of these thirty-five graduates 20 entered Lowell High School, 3 entered Vocational School, 4 went directly to work, and the rest remained at home.

High School. The tuition at Lowell High School has justly been raised from $60.00 to $100.00 per year. The increase will make a considerable item in the school budget. However, no citizen of Tewksbury will wish to have the number of pupils in attendance at High School decrease in order that the tuition bills may be less. I consider it a matter of deep regret that the High School attendance has constantly diminished since the outbreak of the war. While in many Towns the tide has turned and more pupils are in High School than a year ago, in Tewksbury the attendance is still constantly decreasing. Two years ago there were fifty-one pupils enrolled from this Town at the Lowell High School, last year there were forty-five, and at present there are but 40.

The following pupils entered or continued at High School this last September: Margaret Amiot, Alma Anderson, Ralph Anderson, Charles Battles, Ruth Cameron, Mary Clancy, Martha Coolidge, Stephen Eliades, George Eno, Douglas Flaherty, Bernard Greene, Clifford Haines, Adelaide Holt, Benjamin Holt, Nils Johnston, Frances Johnson, Ethel Livingston, Arthur Maclaren, Corinne Marion, Hubert McCoy, Allen MacDonald, William McHugh, Anna McKillop, Charles Nash, Albert Newhouse, Eva O'Connell, Sadie Penney Archie Pillsbury, William Scarlett, Morton Battles, Harold Smith, Anna Sullivan, Kenneth Sunbury, Frances Swain, Bessie Tenney, Eunice Toothaker, Ethel Treadwell, Alice Trull, Helen Wright, Richard Wright.

Conclusion. In conclusion I wish to call to your attention the reports and tables which follow this report and form a part of it. Again I wish to express my appreciation of the loyal co-operation of Supervisore and Teachers, and the cordial support of the School Board.

Respectfully submitted,

CHARLES L. RANDALL,
Superintendent.

REPORT OF SUPERVISOR OF SEWING

Mr. Charles L. Randall, Superintendent of Schools.

Dear Sir:

I hereby submit my third annual report as Supervisor of Sewing in the Foster School, Tewksbury.

My outline of work is planned to be as practical as possible. The girls of the lower grades have made iron holders, work bags, and large aprons and are now working on under clothes.

The girls of the upper grades have made aprons of all kinds, under clothes, middy blouses, bloomers, dress skirts, several dresses and rompers for younger children in the family.

Special work was done for Christmas, such as aprons, iron holders, handkerchiefs and dust caps.

In conclusion I wish to express my appreciation of the hearty co-operation of the teachers and the support tendered me by the superintendent.

Respectfully submitted,

LENA M. COBURN.

REPORT OF SUPERVISOR OF DRAWING

Mr. Charles L. Randall, Superintendent of Schools, Tewksbury, Massachusetts.

Dear Sir:

At your request, I herewith submit my second annual report as Supervisor of Drawing in the schools of Tewksbury.

War time is not the time of innovations unless it be in learning to do without the things we have always had. Many supplies are not procurable and others only at prohibitive prices. And unfortunately, as prices have increased, the quality has decreased. Paper is very thin and porous and paints are uniformly poor. This means that really high grade work is impossible with the most pains-taking child. All paste is now "war paste"—made with dark flour. Its sticking qualities are poor and the dark color soils the paper and causes mussy work. But in spite of these handicaps, the work has, it seems to me, gone very well.

First Grade children learn the colors, how to use crayons in different tones, to use scissors—cutting to line and also free hand cutting, measuring inches, and have some nature work.

Second and Third Grade children do more difficult work along all these lines and learn the half inch.

In the Fourth Grade, the quarter inch is freely used in measuring. Water color is introduced as a medium for nature work after practice obtained in making colors (we make all colors from the three primaries) and in color scales.

In Fifth or Sixth, according to the way Grades are combined simple work is the foreshortened circle (in other words, the drawing of objects like tumblers, vases, etc.) is introduced with more difficult work in the same line the following year. Upper Grade object drawing is still more difficult, dealing with the perspective of parallel lines—boxes, books, etc.

In all grades, the special work for the holidays combines measuring, coloring and construction, the low grade construction work being with paper and the upper utilizing cardboard covered with paper and vellum—i. e., simple bookbinding.

At the June exhibition, as great a variety of work as possible is shown but conditions are not favorable for display of perhaps the most interesting things, the finely constructive work.

To the superintendent and teachers I wish to express my appreciation for their kindness and co-operation at all times.

Respectfully submitted,

EDITH C. MERCHANT.

REPORT OF SUPERVISOR OF MUSIC

To the Superintendent and School Committee of Tewksbury.

Music has grown through the ages and today is one of the most exacting of the arts and sciences. The study of this art in the Public Schools assumes three phases: chorus singing, appreciation and theory. Each phase demands separate consideration, but the success of one depends upon the cohesion of the three.

My aim in the musical education of the children is (1) To secure accuracy of thought and action; (2) To appreciate good music; (3) To develop the power of good musical expression.

The following is my weekly schedule:

Tuesday, p. m., North Tewksbury, once in two weeks.

Wednesday, a. m., Foster School; p. m., Library, alternating, Shawsheen.

Friday, p. m., West Tewksbury, once in two weeks.

I would be pleased to have you visit my classes at any time.

Respectfully submitted,

ISABEL M. GREGORY,
Supervisor of Music.

SCHOOL CALENDAR

Winter Term, 12 weeks: Jan. 3, 1921 to March 25, 1921.
Spring Term, 12 weeks: April 4, 1921, to June 24, 1921.
Fall Term, 16 weeks: Sept. 6, 1921, to Dec. 23, 1921.
Winter Term, 12 weeks: Jan. 2, 1922, to March 24, 1922.

NO SCHOOL SIGNAL

Given at 7.45 a. m. Whistle at State Hospital.
